Strandquist . .

By Mrs. Ed. Stennes, Strandquist

Mrs. Mary Vattendahl, Marshall Co. Health Nurse, brought two audiometers to the school last Tuesday morning and was assisted by Mrs. Inger Gustafson, Mrs. Art Anderson, Mrs. Henford Bernardson and Mrs. Ed Stennes to test the hearing of the school children. A few of the children will have to have a recheck by the nurse at a later date as in some cases hearing could be affected by a slight cold.

Mr. and Mrs. Gilman Stennes and Mrs. Harold Hope and daughter Carol went to Warren last Tuesday and moved Grandma Stennes from the hospital to the Good Samaritan Home.

Mr. Albert Lofstrom, who has been hospitalized at Fergus Falls has gone to Seattle, Wash. to make his home with his daughters for an indefinite period.

Tuesday evening a group of Karlstad ladies played a return engagement of basketball. The game was interesting to watch as we have good fast players on both teams. The home team had the lead but what's the difference of who wins as long as everyone enjoys it? The proceeds netted $35 for the basketball boys to help defray their expenses to the state tournament. The boys weren't able to get enough home games this year so their purse wasn't very fat. We hope next year it will be better. A lunch was served to the players of both teams at Ed Carlson's after the game.

Quite a few of our residents went to Grand Forks Friday and Saturday evenings for the tournament but it must have been pretty disappointing to see Kennedy lose so badly.

Mrs. Robert Koland and Mrs. Andrew Boen visited at the home of Mrs. Ed Stennes Monday evening.

The freshmen class had a toboggan party Thursday evening at the hill by Earl Waterworth's but I believe they enjoy the social hours at the home even more so. We appreciate the cooperation of this young couple very much.

The American Legion Auxiliary held its March meeting at the Charles Kranz home Monday evening, March 14. The winners of the high school essay contest were announced. They were 1st, Clarice Kline, Dale Carlson, Bernice Sjoquist. The auxiliary is again sponsoring the "Poppy Poster" contest at the school. It was decided to discontinue the drawing of the "jack-pot" at the meetings. Meeting adjourned after which refreshments were served.

The Sophomore class enjoyed a toboggan party on Waterworth's hill Saturday evening. After coasting they enjoyed a program and lunch at Mr. Waterworth's home.

Mrs. Wm. Wikstrom visited with Mrs. Otto Paulson Sunday evening before they went to the show with Mrs. Alton Henrickson and Barry and Nina.

Mr. and Mrs. Roy Stennes and daughters visited with Grandma Stennes at the Good Samaritan home in Warren Sunday afternoon, also with the M. Sorenson family.

Mr. E. R. Anderson has been appointed as council man to fill the vacancy of Lang Gund. Mr. Otto Paulson is acting in place of Holger Hougard, who didn't care to qualify after the election.

Mrs. Henry Schey visited at the home of Mrs. Dolpha Johnson Sunday evening.

Mr. and Mrs. E. R. Anderson enjoyed a chicken dinner at the home of Mr. and Mrs Harold Anderson of Lake Bronson on Sunday. Mrs. L. R. Tompkins joined the party for coffee and birthday cake in the afternoon. The cake was baked by Mrs Harold Anderson in honor of Mrs. E. R. Anderson's birthday.

Mr. and Mrs E. R. Anderson were Monday forenoon callers at the Art Anderson and Robert Storeby homes.

The Strandquist Livestock Shipping Ass'n. are having their yearly meeting next Tuesday, March 29 so all livestock raisers should be there. There will be two good cattle men from the South St. Paul market to give the public some good points on how to market their livestock. Lunch will be served and door prizes will be given away. The Strandquist Shipping Ass'n. has always had good attendance each year and are looking for a nice audience this year.

Mr. and Mrs. Ed Carlson left Thursday afternoon and visited at Dale and Herbert Lindgrens at Miltona and spent the night at the Frank Lindgren's. Friday they attended the funeral of John Peterson and spent the night there and visited with the Peterson relatives. Saturday they stopped at Detroit Lakes and had coffee with Mrs. Orlin Thompson, and also called on Mr. and Mrs. Gust Hallberg and Mrs Lloyd Iverson at Thief River Falls on the way home. Mrs. Willard Stromberg was the cook at the cafe, with the help of August and Gerald and Beverly.

Mr. and Mrs. Clarence Carlson and Sandra were dinner guests of the Ed Carlson's Sunday.

Mr. August Lindgren and Mrs. Ed Carlson visited at Annie and Richard Lindgren's Wednesday evening.

Mr. and Mrs. Oscad Lindgren and Eileen Olson of Grafton, N. Dak. spent Sunday afternoon at Carlsons' Cafe.

Mr and Mrs. Cameron Thibodo and children of Stephen spent Sunday afternoon at Ed Stennes.

Little Oak News

Mr. and Mrs. Harry Hanson and Howard, Mrs. H. T. Hanson, Mr. and Mrs. Jergen Oftelie and Phyllis Mostrom were Sunday dinner guests at the Arnold Brovold home in Gully.

Mrs. Lewie Englund of Karlstad spent the weekend with her parents, Mr. and Mrs. Arthur Arveson.

Mr. and Mrs. Arlen Arveson, Alden and Arnell visited at the Eddie Arveson home on Sunday.

Mrs. Edgar Rude and son of McIntosh is spending a few days at the Orville Christianson home.

Mr. and Mrs. Ernest Mostrom and Phyllis were Friday afternoon visitors at the Jergen Oftelie home.

Visitors at the Ernest Mostrom home on Sunday were Mrs. Orben Good and girls, Mrs. Arnold Haugen and Linda, Mrs. Willie Good, Mr. and Mrs. Jergen Oftelie.

The Hickory 4-H Club practiced there play at the Glen Tasa home on Sunday evening.

Sharon Haugen came home from the hospitol Tuesday evening.

Shirley Kjelgren and Irma Flatgaard are now practice teaching in Little Oak School.

Callers at the Lewie Bjerklie home on Sunday were Mr. and Mrs. Jergen Bjerklie and Mr. and Mrs. Jergen Oftelie.

Mary Lou Arveson spent the weekend at her home.

YOU AND YOUR FUTURE
No. 4 of a Series
A NOOSE on your NECK?
How does it feel, do you suppose, to hear a judge say—not to someone else, but to you: "I sentence you to be hanged by the neck until dead!"
Probably you do not know, or you likely wouldn't be here to read this today. But you can imagine, and shudder!
It's a bit depressing even to think about, isn't it? Why would society choose to eliminate an individual, anyway? For the simple reason that it has found him so out of joint with the rules of safe conduct that it feels more secure with him out of the way. Only thus could harmony prevail.
Out of Joint
Could it happen to you, do you suppose? That depends primarily, of course, upon yourself. You can choose to obey the laws of a free land, and remain free (odd thought, isn't it—having freedom by obeying laws?); or you can choose to violate the laws, flaunt the order of society—and incur the penalty.
Do you know that the Bible describes a perfect world order, very soon to be established? It will be a world in which no imperfection can possibly be tolerated. One can hardly imagine some of the people he sees or reads about these days being allowed to enter a perfect world!
Then, before that perfect and eternal order is established, there has to be a sifting process to determine just who, among the multitudes of the centuries, are worthy to enter it. By the same token, it must be decided just who are unworthy.
This is the judgment! We've heard about it all our lives; but the question now is: Can we, through faith in Jesus, measure up to its great standard: The Law of God?
The great sifting process is now going on. The Bible declares that in these days preceding the return of Christ and the establishing of His new world: "The hour of his judgment is come." Revelation 14:7. The process will be completed before the End of the World, and your eternal fate decided: an eternity of contentment in the new world, or eternal extinction. No alternative.
Now Is the Time
What a thrilling thought it is that in the awesome hour in which our life is inspected by the heavenly tribunal, we can, if we will, rely wholly upon One who is our "advocate with the Father, Jesus Christ the righteous." I John 2:1.
Before Christ returns to this earth, a fateful announcement will be made: "He that is unjust, let him be unjust still: . . . he that is righteous, let him be righteous still: . . . behold, I come quickly; and my reward is with me." Rev. 22:11, 12.
How do you stand? Your future can be bright with this assurance: "The world passeth away . . . but he that doeth the will of God abideth for ever." I John 2:17. (Next: Heaven Is for You!)

MALTING BARLEY
says: OBERG BROTHERS
of Angus, 1954 Reserve Champions
Twenty-four thousand dollars is the estimated amount the Oberg brothers will receive for their 1954 crop of malting barley from 480 acres. Elton Oberg says: "We attribute our success to good farm practices—rotation of crops—fertilization—clean seed—summer fallowing and careful harvesting."
Learn while you earn. Last year Minnesota grown malting barley was sold at the Minneapolis Terminal for about $27,489,000. The average price for No. 2 malting barley was 40 cents a bushel higher than the average for feed quality barley at Minneapolis for the 1943-1952 period.
Premium prices paid for malting barley put millions of extra dollars into the pockets of Minnesota farmers.

4-H CLUB NEWS

Smiley 4-H Club

The annual 4-H one act play *and music contest* was discussed at the March meeting of the Smiley 4-H club, held March 8, at the Smiley hall.

The play selected for the club was "Along Came Harriet" with a cast including Marilyn McCrum, Patty Torkelson, Gloria Johnson, Betty Rude, Walma Torkelson and Joyce Helgeland.

The deadline for changing projects was set for June 1. The possibilities of a county 4-H Sunday were discussed.

Betty Rude presented the program which included three project reports by Johnnie Konickson, Sharon Knutson and Marilyn McCrum. Fay Torkelson played a piano solo. Marlys Mostrom gave a demonstration on washing woolen stockings. A team demonstration on dairy foods was given by Nelda and Sharon Nelson. The girls also gave the same demonstration at the Crookston Winter Shows.

Lunch was served by the Jim McCrum and Edwin Helgeland families.

Mavie 4-H Club

The Mavie 4-H club monthly meeting was well attended in spite of the stormy weather. The meeting was held at the Joe Skibicki farm on Friday evening, March 11.

There were very interesting demonstrations given by Cathy Oski on "Making a Dustcloth" and Shirley Skibicki on "Setting a Table." These were their very first demonstrations. For the older members, well planned demonstrations were given by Ronnie Hamre on "Proper Storing of Carrots" and Jerry Hamre on "Selecting and Preparing a Grain Exhibit."

New business discussed which our club is in favor of having was 4-H Sunday in Thief River Falls if the rest of the local clubs will be planning it in that way.

The play books were passed out to the characters and the first practice will be held at the George Breznay home on Friday evening, March 18. A group of members will be singing for the music contest.

Miss Olsen, Home Extension Agent, discussed "Short Cuts in Home Assistance". She also showed a movie entitled "Safety Around the Home."

The program was planned by Dale and Billy Svendsgaard and consisted of the following: jokes by Bonnie Hamre, riddles by Shirley Oski and Marie Breznay, a duet by Karen and Kathy Svendsgaard, and jokes by Margaret Wayne.

Recreation was planned by the Svendsgaard family. It consisted of relays, contests and games.

A delicious lunch was served by Mrs. Skibicki and daughter, Shirley.

No. Central Seeks to Serve Added Routes

North Central Airlines last week asked for Civil Aeronautics Board in Washington, D. C., for changes in its routes through Minnesota, Wyoming, Nebraska, Iowa and the Dakotas.

North Central also asked that the following airline services be suspended:

Northwest at Grand Forks, Jamestown and Bismarck, N. D.; Braniff at Fargo, Minot and Bismarck, N. D., Aberdeen, Huron, Mitchell, Brookings, S. D., and Worthington, Minn.; and Western at Mankato, Minn., Pierre, Spearfish and Hot Springs, S. D., and Alliance and Scottsbluff, Neb.

North central proposed these routes for itself:

1. Between Minneapolis-St. Paul and Minot by way of Alexandria and Fergus Falls, Minn., and Fargo and Jamestown.

2. Between Denver and Minneapolis-St. Paul by way of Cheyenne, Wyo., Scottsbluff and Alliance, Hot Springs, Rapid City, Spearfish and Pierre, S. D., and Huron, S. D., and from Huron on one route to Minneapolis-St. Paul by way of Watertown, S. D., and another by way of Mitchell, and Sioux Falls, S. D., and Worthington and Mankato, Minn.

3. Between Sioux City, Iowa and Sioux Falls and along one route to Brookings, Watertown, Fargo and Grand Forks, and on another route to Mitchell, Huron, Aberdeen, Bismarck and Minot.

4. Between Minneapolis-St. Paul and Williston, N. D., by way of Brainerd, Thief River Falls and Bemidji, Minn., Grand Forks, Devils Lake and Minot.

New State Group To Undertake to Cure Alcoholism

Minnesota Commission on Alcoholism Recently Has Been Incorporated

Articles Incorporation have been granted for the Minnesota Commission on Alcoholism, a non-profit group of businessman, industrialists, jurists and the clergy who are interested in active rehabilitation of confirmed alcoholics.

Although, the Commission will eventually be statewide, the initial meeting of its directors will be in Minneapolis, March 21, in the office of Mayor Eric G. Hoyer. It is planned then to select officers and to arrange preliminary financing of the Commission.

Among leaders who will head the Commission are Supreme Court Justice Leroy E. Matson, Barry Bullis, President of Board of General Mills, Cedric Adams and Minneapolis Mayor Hoyer.

"No organization such as this exists anywhere else," said the Rev. Paul S. Rahneff, Hennepin county district court and jail chaplain. Its founder, M. C. A.'s aims are fourfold: 1) conduct research into causes and effects of alcoholism, 2) active prevention of its damaging effects in business, industry and the home, 3) education and 4) rehabilitation.

Within a short time the commission on alcoholism will appoint ministers, physicians and social workers in the more populous communities of the state to augment its program, readjustment of the problem drinker.

Rev. Rahneff, the man who conceived the idea for Minnesota commission on alcoholism, has been intimately associated with the problem of alcoholism for 14 years. His contact has been real and practical with the persons whose lives have been ruined and blighted by excesses, and who wind up in the courts and jails. He has counseled them in the police courts, the alcoholic wards of hospitals, and in the skidrow missions where they congregate. He knows their problems.

In 1937, Rev. Rahneff was graduated from the Yale School of Alcohol Study, foremost center for the study of alcoholism in the world.

"Again, we are not speaking of temperance," said Rev. Rahneff. "We are dedicated to the alcoholic, to his restoration as a healthy member of society!"

June Dairy Month Leaders Selected

Dairy Industry Group Names Committee Heads

A prominent breeder of purebred dairy cattle and the editor of a midwest farm publication were named co-chairmen of Minnesota's annual observance of June Dairy Month, W.S. Moscrip, president of the Minnesota Dairy Industry Committee, announced today.

Mrs. J. Elsie Sweeney, Minneapolis, and Barry Akers, St. Paul, will head the state's salute to the dairy farmer this year.

Mrs. Sweeny is a member of the board of directors of the Minnesota State Ayrshire Association and of the state livestock breeders organization. She has been raising purebred Ayrshires for ten years and currently owns a herd of 60 animals.

Akers, a veteran farm journalist, is editor of The Farmer magazine. He has reported farm activities in the midwest for 40 years and recently toured Europe as a member of a special presidential commission to study the possibilities of increasing foreign markets for American dairy products.

Highlights of this year's dairy month celebration include a statewide dairy princess contest, dairy day celebrations in many communities throughout the state, including Thief River Falls and a kickoff luncheon in St. Paul where the governor will make his official proclamation of the observance.

Farm Bureaus to Meet at Karlstad

Annual District Session Scheduled for Thursday

Kittson County Farm Bureau will be host to Marshall, Roseau and Pennington counties at the annual district Farm Bureau spring conference to be held on Thursday, March 24th in the American Legion Hall at Karlstad, according to Martin Borass, president of the Kittson County Farm Bureau. This is one of 16 similar meetings being held throut the state.

County and township Farm Bureau officers and members will spend the day discussing Farm Bureau programs and policies, and particular attention will be paid to bills and proposals now before the state legislature. Members of county Farm Bureau legislative committees will take an active part in this discussion which will be started off by James L. Morton, president of the Minnesota Farm Bureau Federation.

National legislative matters will be discussed by Kenneth Ingwalson, director of leadership services of the American Farm Bureau's Washington staff, and home and community interests and the 1955 Farm Bureau women's program will be discussed by Mrs. Lewis Minion, director of women's activities of the Minnesota Farm Bureau Federation, in a separate meeting of the Farm Bureau women during a part of the morning session.

Col. E. B. Miller Is Ousted as State Civil Defense Head

Col. Hubert A. Schon, Minneapolis Labor Man, Is Named as Successor

Col. Ernest B. Miller of Brainerd Friday was removed by Gov. Freeman as state director of civil defense and replaced by Col. Hubert A. Schon of Minneapolis.

The appointment is effective April 1. Gov. Freeman said he checked the term of office of civil defense director with the attorney general's office and was advised that a director serves at the pleasure of the governor.

Schon was born in Clements, Minn., in Redwood County, Feb. 6, 1907, attended grade school at Solway and Bemidji, Minn., was graduated from Hopkins High School in 1924 and from the University of Minnesota in 1930. He is now executive director of the United Labor Committee for Human Rights.

Asked by The Associated Press why he removed Col. Miller, Gov. Freeman said:

"It is part of my program to bring competent staff people and advisors into my own administrative family.

"I have been concerned about civil defense because, with developments in the Far East and constant threat of international involvement, I wanted the best possible person in charge of this operation."

Miller in a statement released by his office Friday, said:

"At this time I want to be on record that the effort of the past five years has established the basis for a sound civil defense program in Minnesota. This accomplishment is largely due to the spirit of cooperation my office has received from the many volunteers and local civil defense officials throughout the state."

Men who do things without being told seems to draw the biggest checks.

Too many people think life's greatest accomplishment is to live without doing any work.

IS IT LATER THAN YOU THINK?

Right now your heart is ticking off the seconds of a lifetime!

Without your willing it to do so, it is pumping life through your veins at an approximate rate of 72 beats a minute. In one year it will have pulsed close to 38 million times—*if all goes well.*

But suppose your heart suddenly stops tomorrow—or next week—or, at the latest, next month. What then?

Someone, somehow, will help your family pick up the pieces and resume a life of sorts. But only you can guide the destination of your soul.

Let your pastor and your church show you the Way. Look to the future!

It may be later than you think.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

OKLEE . . .

A group of women gathered at the Eugene Asselin home Sunday afternoon in honor of Mrs. Eugene Asselin and her infant son Roger Allen. Card playing was the entertainment of the afternoon. The prizes were won by Mrs. Walter Lambert and Mrs. Elzenia Asselin. A delicious lunch was served and Mrs. Asselin was the recipient of many gifts.

Andy Nistler and Agnes motored to Federal Dam on Thursday and returned on Saturday. They attended the funeral of Mrs. Nistlers brother Peter Neurer, 40 of Federal Dam who passed away on Tuesday night in a Minneapolis Hospital. Mr. and Mrs. Raymond Lessard and Leo Nistler of Tintah also attended the funeral.

Mr. Henry Christianson George and Bernice were Sunday dinner guests at Mrs. Hazel Rystad home.

Bill Singer left Saturday for Chicago, Ill where he will be employed. David Ramberg has taken over the Army Surplus Store.

RANDEN . .

By Mrs. H. Ostlund, Grygla

Mr. and Mrs. Clarence Davy and family, Lester Ostlund, Mr. and Mrs. Ezra Davy and family and Jerry Aasvedt helped E. H. Davy celebrate his 72nd birthday Thursday evening.

Mrs. Emil Ostlund was baby sitter with the Gordon Foss youngsters Saturday afternoon while their parents motored to Thief River Falls to do some shopping. Bobby Davy spent Wednesday night with Rodger and Ronald Skime in their parental home near Skime.

Harry Hunking of Strathcona spent several days of last week visiting Mr. and Mrs. Bill Finley. Mr. Hunking is Mrs. Bill Finley's brother.

Mr. and Mrs. Bill Finley and Mrs. Ida Finley were guests in the Ole Tvedt home near Goodridge Sunday.

Calvin King who has spent the past week at the Charles Warner home near St. Hilaire spent Saturday at Ezra Davy's.

Mr. and Mrs. Alton Anderson and family of Grygla were guests in the Gilmer Anderson home Sunday.

Quite a number of the children from our community attended the hockey games the past week between the schools in Roseau county. The Skime children were really a happy group when they won two games. Congratulations kids!

Mr. and Mrs. Lester Ostlund were callers in the Emil Ostlund home Sunday.

Erhart Leggler took his caterpillar tractor up and plowed a road into the camp where Lester Ostlund is cutting cedar posts and poles east of Skime Tuesday.

Ronald and Marvin Foss were happy boys Saturday when their Mom and Dad brought home a bike for them. The boys had trapped weasels enough this Winter to pay for it.

Earl Clevland brought his caterpillar tractor home from the Gladen Timber Camp, where he has been skidding timbers the past several months.

Mr. and Mrs. Erhart Leggler and children were callers in the Emmett Finley home Wednesday evening.

THE MINNESOTA STORY

Prepared by the

Minnesota Historical Society

PROHIBITION IN 1852

The temperance issue in Minnesota is as old as the state and the territory. Despite the fact that the distribution and consumption of strong drink was a conspicuous activity in pioneer days, Minnesota had temperance societies in both St. Paul and St. Anthony in 1850.

These were the days of the Maine liquor law, copied in several states, and Mainites in eral states, and Mainites in cases of a temperance law. The result of agitation was that the legislature of 1852 passed a law prohibiting the sale and manufacture of intoxicating liquors and prescribed penalties for violation. The law was submitted to the people for approval and on April 5, 1852, was approved by a popular vote of 853 to 662. The law became effective on May 3.

Almost immediately the law was violated. The Ramsey county authorities seized about four thousand dollars worth of strong drink belonging to one Getchel, "lately come from Chicago." Booze was found on the steamboit Nominee. Getchel was tried, fined and appealed his case.

Over at St. Anthony one Alexis Cloutier was arrested, tried and convicted. He also appealed.

The various cases were consolidated and heard by Judge Mayner in Ramsey county district court. He declared the law unconstitutional on the ground that the law making power rested in the legislature and the governor and that the requirement for a popular referendum invalidated the act.

STRONG BACKS

It is needless to say that nearly every pioneer in early Minnesota possessed a strong back. That was necessary for his existence often depended upon the goods which could be carried only because legs were sturdy, back and shoulders strong and the spirit willing.

The earliest men into the country carried very heavy loads. The Frenchmen in the fur trade learned to tote on trail or portage from the days of their youth. Those who came later had to learn a hard task in a hard way.

These early men with strong backs developed a harness of strong leather. This was called the "portage collar." There was a broad piece of leather which was applied to the forehead. From it dangled thongs of leather which would hold the load.

Two of the great essentials were flour and pork. The flour would be put into a strong bag which would contain about eighty pounds. The pork would be packed into kegs weighing about the same. The thongs would be placed about the keg which would be suspended to come at the small of the back. The bag of flour might be placed on top of the keg with its greatest weight across the shoulders and on the back of the neck. The body would be bent forward as men walked and the load would get additional support from the straining collar across the forehead.

This was the method of the professional packer. Later came the pack sack involving some of the same general principles but more convenient for a variety of articles.

PETER POND

Among the early British adventurers in search of furs in the Minnesota country was Peter Pond. This Connecticut Yankee had seen service with the British in the Seven Years War at the age of sixteen. As he came west he stopped at Mackinac to gather trading goods, including ruffled shirts, kettles, scissors, trousers, knives and silk handkerchiefs.

Arriving in Prairie du Chien in the fall of 1773, he found it an active trading center where the French played billiards and the Indians lacrosse for amusement. Pond dispatched his men to spend the winter on different streams flowing into the Mississippi collecting furs that could be pooled the following spring. Proceeding up Minnesota river he built a cabin and wintered in the land of the Sioux.

In the second season on the Minnesota a gust of wind swept his canoe off the frozen ground and smashed it to pieces. He left an Indian boy with only a little meal to eat to watch the furs while he went downstream to get another canoe. Fifteen days later he returned to find the boy almost frozen. Ice on the river forced him to leave the furs. To safeguard them he hung them on high scaffolds. The following spring, that of 1775, he returned for the furs which brought him almost twenty thousand dollars.

Pond left behind a diary distinguished for its valuable information and bad spelling. In 1775 he journeyed to Grand Portage and was among the early white men to use the canoe route running westward to Rainy lake. A founder of the Northwest Company, he was well known as a map maker. One of his maps is believed to have been used by Benjamin Franklin when he negotiated the boundary question with the British after the American revolution.

Interest Shown in Malting Barley Growing Contest

$5,600 in Prizes Offered; Entry Blanks Available from Local County Agent

Reports from county agents indicate interest in the 9th annual malting barley growing contest, with entries coming in daily, from all the 36 counties eligible for competition.

$3,600 will be given in cash prizes to the growers of the finest Malting Barley. This means that 241 winners in 36 counties will receive cash prizes. These prizes range from $300 to $10.

The purpose of the contest is to improve the quality and acreage of malting barley in the state. Each contestant plants 10 or more acres of malting barley using Kindred L or Montcalm.

The three top winners also get free all-expense trips to the Twin Cities to attend the annual 2-day meeting of the Minnesota Crop Improvement association. The final awards are made at the State Fairgrounds during Fair Week. Last year's grand champion was Alfred E. Malmberg of Crookston.

The co-sponsors of this contest are the Minnesota Brewers Ass'n., University of Minnesota Institute of Agriculture, the Minnesota Crop Improvement association, the Northwest Crop Improvement association, and the Minnesota department of agriculture, dairy and food.

Anyone wishing to enter the contest should see his county agent, who will supply him with entry blanks and explain the simple rules of the contest. Entries for this year's contest will close May 15th.

Commencement Rites Set Friday at N. W. School

Dr. Joseph L. Knutson, president of Concordia college, Moorhead, will give the address at the 47th annual commencement at the Northwest School of Agriculture, Crookston, on Friday, March 25. The exercises will be held at 2:00 p. m. with 105 students from the Red River Valley counties receiving diplomas.

Other activities during Commencement week at the Northwest School include Aggie Day, March 23, at which time the senior class yearbook will be formally presented to the faculty and the students of the school. The annual senior music recital, given by students receiving private instruction in voice and piano, will be held on Thursday evening, March 24, 8:00 o'clock p. m.

Baccalaureate services for the class were held on Sunday, March 20, with the Reverend H. E. Sieving of Crookston giving the sermon. The annual reception to the senior class, given by Superintendent and Mrs. T. M. McCall, was held on March 20.

Valley Producers of Milk Met with Gov. O. L. Freeman

A group of directors of milk producers associations from the Red River Valley met with Gov. Orville Freeman in St. Paul Thursday afternoon on a proposed federal milk marketing order.

Headed by J. C. Holte, Grand Forks, executive secretary of the committee, the group included Martin Kruse, Kindred, N. D., Harold Janneck, Barnesville, Minn., Maynerd Mehrkens and John Wold, Thief River Falls, and Ted Thureen and Erwin Vanek of East Grand Forks.

The associations met last month in Grand Forks and named the committee to investigate possibilities of establishing a marketing order in this area. The order would standardize prices of whole and prepared milk paid to dairy farmers.

Free Style [illegible]vue, Show to Usher in Friday N[illegible]t Store Openings

Nine Local Stores to Share in Auditorium Event Friday at 9:15

The new spring styles in apparel for men, women and children will be shown by 40 models representing nine local stores at a free style revue and vaudeville show in the Municipal Auditorium Friday evening, April 1, starting at 9:15 after the stores close. Children under 12 will not be admitted unless accompanied by a parent, it was announced.

The event will celebrate the first Friday evening of the current season when Thief River Falls stores will remain open until 9 o'clock.

Andy Williamson, general arrangements chairman, stated that Miss Katherine Barren will serve as commentator for the revue, in which the models will parade across the stage and onto a runway leading out into the audience to permit a close-up inspection. Musical accompaniment will be supplied by Bob Sjulestad.

Mrs. Jeanette Wright and Mrs. Mae Larson have designed the background setting for the revue.

Williamson announced that ladies' garments will be presented by Elaine's, Montgomery Ward, S&L, Penney's, Fashion Shop and Lein's, while children's clothing will be shown by the Junior Shop. Men's apparel will be shown by Hamilton's, Bjorkman's, Penneys, Wards, S&L, Lieberman's and Ole's Northern Supply.

Interspersed between various sections of the style revue will be vaudeville numbers to be presented by talent from the Twin Cities. Included are Earl Dunn, who will serve as emcee and will give imitations with novel sound effects; Dick Weston, comedy ventriloquist; and Betty McCall, accordionist.

Trinity Choir to Present Lenten Oratorio Sunday

Adult Choir with Four Soloists Will Render "The Redeemer" at 8

An oratorio for Lent, "The Redeemer," will be given on Palm Sunday, April 3, 8 p. m. at Trinity Lutheran church by the Trinity adult choir and four soloists.

"The Redeemer" by Martin Shaw, a contemporary English composer, tells the Passion Story of our Lord by soloists and chorus. It includes three parts: "The conflict of good and evil, The agony and the betrayal, and the crucifixion." This oratorio has been widely acclaimed as a great work and it will be the first time it has been performed in this part of the state.

The Trinity adult choir is composed of 45 voices and is under the direction of Albert Ely, interne at Trinity church. Mr. Ely is well qualified in this capacity, having been director of Luther Seminary choir and minister of music at First Lutheran church in St. Paul before coming to this city.

Soloists for the oratorio include Mrs. Donald L. Olson, soprano, and Miss Marilyn Johnson, contralto, of this city. The tenor soloist will be James Preston, director of music at Central junior high school in Grand Forks, who has an outstanding tenor voice. Zane Gray of Grand Forks, will be the baritone soloist and has an excellent voice. He is a student at the University of North Dakota and has had voice training in New York. Organist will be Mrs. A. C. Purdy.

The public is invited to attend. No admission will be charged, but a free will offering will be taken.

Speaks in Oklee

Means of avoiding accidents involving children was the topic discussed by Dr. Thomas Murn of this city in an address given Monday evening at a meeting of the Oklee PTA group in the Oklee high school auditorium.

Local Dairymen Visit Producers of Grade A Milk at Litchfield

Wins Elks Award

MARILYN A. WAALE
Lincoln high school senior, who won first place for girls in a youth leadership contest sponsored by Minnesota Elks lodges, including the one in Thief River Falls.

By W. E. Dahlquist

Twelve dairymen of the Thief River Falls area, present or prospective grade A milk producers, were guests Wednesday and Thursday of the three local bottling plants, in a visit to Litchfield, an outstanding central Minnesota dairy community. Purpose of the tour was to inspect operations on farms already established in grade A production and where greater progress has been made in the adoption of quality standards and approved methods.

Arrangements for the three-car caravan had been made by Bill LaFave. He had selected the third day of Spring as a good time for such an outing, when winter had departed and it was still too early to interfere seriously with field work. The timing was good. If the farmers were neglecting their planting they didn't complain about it. And a strong tail wind provided the necessary extra power to push through the snow. In spite of the weather the party arrived in Litchfield on schedule at noon.

At Litchfield Chester Ness, Land O'Lakes quality field man, took over. He had arranged a schedule of inspections that included all types of operations, small, medium, large, old style and modern. Seven farms were visited Wednesday afternoon and four more Thursday morning.

A dinner meeting Wednesday night provided an opportunity for members of the visiting delegation to discuss their problems with the Litchfield dairymen whose farms they visited. The program consisted entirely of an informal discussion. It was an interesting session with a free exchange of ideas on the problems of quality milk production and the relative merits of various methods of operation.

Chief interest among the visitors seemed to center in the milk houses, their size and construction, the types of equip-

Red Lake Electric Co-op Meets Next Wednesday in RLF

Three Directors to Be Elected at Session in Community Hall, 1 p. m.

The 17th annual meeting of the Red Lake Electric Cooperative will be held in the Red Lake Falls community hall next Wednesday afternoon, April 6, starting at 1 o'clock, it was announced by Joseph F. Skala of Red Lake Falls, secretary.

In the business session, three directors will be named for terms of three years. Nominees, in the various districts include Manvel Moe, District No. 2; J. L. Radniecke, District No. 7; and Raymond Parnow, District No. 8. Additional nominations may be made from the floor at the meeting. Only those present will be permitted to vote, it was explained. Annual reports also will be submitted by officers.

Entertainment features following the business session will include an address by David Steinley, manager of the REA News; showing of home movies; and serving of lunch.

Pre-school Health Roundup April 16

All Pre-schoolers Must Attend, Says Chairman

The committee in charge of arrangements for the annual pre-school roundup completed work on the invitations which will be distributed this week to all children who will be entering kindergarten next fall.

The child must attend the clinic whether or not he has received an invitation, according to Mrs. Andy Williamson who will supervise the clinic.

If no invitation is received, and the parent has a child in that age bracket, he should phone 815 or 690 for an appointment to the roundup which will be held Saturday, April 16, at the Lincoln high school gymnasium and the pre-school clinic which will take place Saturday, April 23 at the Northrop school.

No Evening Hours

Announcement is made in this issue that Thief River Falls barber shops will close at 5:30 o'clock every day of the week. There will be no evening hours.

Concordia Choir of St. Paul to Sing in City Saturday

Free-will Offering to Be Received at Concert in High School Auditorium

The 70-voice Concordia College choir of St. Paul will present a sacred concert at Lincoln high school Saturday, April 2, at 8 p. m. on a non-ticket basis, according to Rev. W. P. Clausen, pastor of St. John's Lutheran church. The Walther League, sponsoring group, arranged to have the concert open to all music lovers, with only a free-will offering to be taken to help the choir meet its tour expenses.

The St. Paul choir, which is making a four state tour during the Easter vacation, is under the direction of Prof. Harold W. Otte. Students from Thief River Falls attending Concordia are: Janice Horter and Iris St. Martin. Miss St. Martin, former Walther League president, is also a member of the choir.

Selections which the choir will present include "Benedictus" by E. Paladihle; "Vere Languores" by Lotti; and "Alleluiah! Christ is Risen" by Andrei Kopolyroff.

Night lodgings for choir members will be provided in the homes of St. John's members.

Co. Fair Board Given Power to Transfer Title

Stockholders Vote to Permit Board to Convey Fair Property to County

Shareholders of the Pennington County Agricultural Society at a special meeting Tuesday evening voted 33 to 3 to authorize the board of directors to transfer the fair grounds property to Pennington county, subject to the condition that voters in the special election Tuesday, April 19, approve a county bond issue of $90,000 to finance needed improvements on the fair grounds.

Transfer of title to the 39-acre tract also will be subject to a ten-year lease held by the city of Thief River Falls on that portion of the grounds used for a baseball diamond.

Frank Hardisty, president of the fair board, presided at the meeting. He first called on Secretary J. M. Roche, who stated that members of the 53-year-old society are now widely scattered, and that many notices of the meeting that had been mailed out had been returned due to the present addresses being unknown.

Roche also stated that over the years the society had received more than $100,000 in contributions from the city, county and state, and that, in the event the society were to be liquidated, this money would have to be returned before any returns could be made to shareholders.

Stuart McLeod, member of the fair board for ten years, said that the fair has been criticized frequently for its inadequate buildings, and he explained that the fair never has earned profits big enough to finance the needed improvements, the most needed ones being a large new agricultural exhibit building and a new grandstand.

McLeod also cited the great educational value to the youth of this county of the 4-H club activities which play such a prominent role at the fair here.

Paul Engelstad, long-time member of the board of directors of the Winter Shows in Crookston, endorsed the transfer of the fair grounds property to the county as the best solution of the present situation.

Lay Cornerstone of Evangelical Church on Sunday

The laying of the cornerstone of the new building of the Evangelical Free church will take place at the regular worship service of the congregation next Sunday morning, April 3rd, at 11:00 a. m.

Pastor Joseph Swan, assisted by the Rev. Ole Sande, will conduct the service. The theme of the pastor's message will be "The Hour is Come."

Although the building has been used by the congregation for some time, and is nearing completion with dedication services soon to be held, the official cornerstone laying ceremony has been postponed until now. All are invited to attend the service.

Creamery Men Discuss Plans for Dairy Day

Rules for 1955 Dairy Princess Contest Are Adopted Here Thursday

Plans for the sixth annual Northwest Dairy Day to be held in Thief River Falls Tuesday, June 14, were further developed at a dinner meeting last Thursday evening in the Legion club rooms.

Stuart McLeod, president of the Northwest Dairy Improvement association, sponsoring organization, conducted the meeting which was attended by 40 persons, including 28 creamery operators from ten counties.

All present agreed that the outlook is most promising for another highly successful calf show and dairy princess contest this year.

Principal action taken at the meeting was to accept a set of rules for the regional dairy princess contest that are identical with those governing the state-wide contest to select Princess Kay of the Milky Way.

Most important change in this year's rules is that the aspirants must be between the ages of 17 and 21 inclusive, and must have finished high school by the end of the 1955 school term.

The age requirement was changed because the winner of the state-wide contest will be employed for a year on a full-time basis by the Minnesota dairy industry committee, and will be required to attend a variety of functions during the coming year.

Other requirements are that the candidate shall have been a Minnesota resident for at least five consecutive years, and that preferably she shall have a farm background, or have taken part in 4-H work or similar rural activities.

The aspirants must be single, have never been married and must not be a professional model. Judges will base their decisions on the girls' appearance, personality, natural beauty, poise, health and photogenic properties.

Local contests will be held as in the past in each of the counties in the area to select candidates to compete in the regional event in Thief River Falls.

Tickets Now Being Sold for April 20 Athletic Banquet

Tickets for the banquet honoring Lincoln high school athletes to be held in St. Bernard's dining hall Wednesday evening, April 20, are now available at the three local drug stores and Bjorkman's, it was announced today. Featured speaker will be George Mikan, general manager of the Minneapolis Lakers basketball team and former outstanding star on the quint. The banquet is being sponsored by the Chamber of Commerce, Jaycees, Lions and Rotary clubs.

Rural School Board Members Favor District Reorganization

Polio Vaccine May Be Administered to 1st and 2d Graders Here

Detailed plans now are being worked out for the possible administration of polio vaccine to Pennington county children who will be eligible to receive it if it is licensed, according to Dr. Daniel Greene, city health officer. As was announced recently by state health officials, all first and second grade pupils in public, private and parochial schools in the state are included in the planned program, he explained. It also will be available to others through physicians at the same time.

Cooperating in local arrangements are Mrs. Margaret Race, school nurse, and Roy J. Oen, chairman of the Pennington county polio chapter.

But parents were warned by Dr. Greene not to jump to the conclusion that the current planning indicated the vaccine already had been proved effective.

"The vaccine which will be furnished by the National Foundation for Infantile Paralysis is the same vaccine that was given to 440,000 children last spring," he said. "We do not know yet whether it really prevents paralytic polio. Until April, when we will learn the results of the evaluation study now being conducted at the University of Michigan, we cannot know if the vaccine is effective.

"But we cannot wait until then for planning for the protection of as many of our children as possible. Vaccinating large numbers of children is a big and important job, entailing many procedural tasks that can't be performed over night.

"If the license is granted in April, we must be ready to start vaccinating at once, so that, if possible, we can finish before our schools close and the polio season starts. We want to give the vaccine early so that many children can be protected before polio appears in their communities.

"This program would not be another test but the first use of a newly established preventive measure.

Under the direction of the state health department, Dr. Greene has been conferring with school authorities and physicians who have pledged their full cooperation.

The polio vaccine will be furnished from a supply being purchased by the National Foundation with March of Dimes funds. It will be made available by the foundation without charge for the product to state health officers for use in the above groups, if licensed.

Who last Thursday evening was elected exalted ruler of the local Elks lodge, succeeding Alvin Christofferson. The lodge's chief undertaking this year will be to serve as host to the annual convention of the Minnesota State Elks association early in June.

Barley Experts to Speak at O & M Co. Session Thursday

Grading and Marketing of Crop to be Discussed in Legion Club in Evening

Ray O'Halloran, Jr. and Jim Dunn of Minneapolis will conduct a discussion on barley at a "Farm Get-together" sponsored by the Osborne McMillan Elevator Company at the Legion club room in Thief River Falls on Thursday evening, March 31.

Free coffee also will be served at the Osborne McMillan offices Thursday afternoon from 1 to 5. Ken Nold and Wm. Rasmussen will be present to assist farmers with the fertilizer and animal nutrition problems.

Ray O'Halloran is manager of the Minneapolis office of the Froedtert Grain and Malting company of Milwaukee, reputed to be the world's largest malsters. Mr. Dunn is in charge of the overall barley operations for Osborne McMillan. Each bring about twenty five years of experience to their efforts of clarifying some of the wide spread misinformation and misunderstanding regarding the grading and marketing of this unusually "sensitive" crop.

The program will include a color film on barley, together with a discussion of "What's New in Feeding" by Ken Nold, the nutritionist for Osborne McMillan.

The meeting will be topped off by coffee and a smorgasbord lunch. It is open to anyone interested in farm problems, Carl Gjernes and John Evenson announced.

Lincoln One-act Play to Compete in State Contest

Continuing on its winning way, the Lincoln high school one-act play, "Riders to the Sea," after winning the district contest at Warren recently, went on Monday evening to win top honors at the Region 8 contest at Fertile. By virtue of its victory over Roseau, Mahnomen and Park Rapids, the local cast will compete Saturday in the statewide contest at the University of Minnesota in Minneapolis. Marshall Boyd is coach of the play.

Indicate Support at Well-attended Meeting in City Friday Evening

General support of a proposed reorganization of school districts in the Thief River Falls and St. Hilaire areas, as outlined in a recent survey, was revealed Friday evening at a meeting of rural school board members in the Lincoln high school auditorium.

Present at the session, over which Elmer Bratsch, president of the Thief River Falls board of education, presided, were approximately 125 school board members representing about 40 rural districts.

Details of the recently completed survey report were discussed by Walter Harvey of the bureau of field studies and surveys of the University of Minnesota, who, together with Dr. Otto Domian of the bureau, had compiled the report.

At the conclusion of a question-and-answer period following Mr. Harvey's talk, arrangements were made to have T. J. Berning of the state department of education advise the county superintendents as to the necessary legal steps to follow in proceeding with a reorganization election.

It also was agreed to have the county superintendents send out letters to the affected school districts asking them to give notice by April 15 whether or not they wish to proceed with an election on the question of re-organization. In the meantime, it was indicated, steps will be taken to reactivate the county school survey committees appointed some years ago.

Mr. Harvey stated that rural schools with only a few pupils enrolled are paying too much for what they are getting, adding that it is difficult for one teacher to handle eight grades. At the same time he pointed out that no effort will be made to force any school to join the larger district.

Harvey stated that the Thief River Falls school district must take care of its own pupils first, and is not under obligation to build facilities to accomodate pupils from other districts. All residents of the enlarged district, he said, would have a voice in any future building plans. In a large majority of the districts, he added, a saving to the taxpayers would result from carrying out the reorganization plan.

St. Bernard's to Hear Talks by St. John's Professor

Father Emeric Lawrence of Collegeville to Speak Here Sunday Afternoon

Father Emeric Lawrence, O. S. B., professor of religion at St. John's University, Collegeville, Minn., will close the winter Bible Discussion club at St. Bernard's parish here, on Palm Sunday, April 3.

Scheduled to give the talks in the late afternoon of that day, the topic of the noted Benedictine author and lecturer will be similar to the theme on which he is currently writing for "Worship" magazine: "Meditating the Gospels."

A graduate of St. John's university, Father Lawrence has done advanced studies at Harvard and at Laval University in Quebec. Besides being a frequent contributor to leading Catholic periodicals, he is the author of a popular meditation book, "The Week With Christ".

The Palm Sunday program featuring Father Lawrence will begin at 4 p. m. Immediately after his half-hour talks at 4 and 5, the winter discussion club session will be formally closed by benediction of the Blessed Sacrament. Active members of the parish's twenty-five discussion clubs and other associate members then will gather in the church-school basement for an informal supper.

The Most Reverend Francis J. Schenk, Bishop of Crookston, and the Reverend Joseph F. Mulvey, diocesan director of the Confraternity of Christian Doctrine, are expected to be in attendance at the day's events.

Norma Sollom Becomes Bride Of Harvey Anderson

Norma A. Sollom, daughter of Mr. and Mrs. Kittel T. Sollom of Newfolden, and Harvey D. Anderson, son of Mr. and Mrs. Albin Anderson, Lowry, Minnesota, exchanged nuptial vows at the Evangelical Free Church in this city, Saturday, March 19. Rev. Ernest J. Vick, pastor of the Newfolden Evangelical Free church performed the double ring ceremony at 3 p. m. Rev. Joseph Swan, pastor of the Thief River Falls Free church, led in prayer at the ceremony. The altar was graced with palms and candelabra and a bouquet of pink gladiolus and white carnations was set on the piano to provide the setting for the wedding.

Mrs. Robert Swanson, Red Lake Falls, played a 15 minute prelude of appropriate wedding songs and also played the traditional nuptial music and accompanied Arlyn Sollom, Thief River Falls, brother of the bride, as he sang, "Christian Wedding" and "Wedding Prayer."

Miss Sollom, who entered the church on the arm of her father, was lovely in an ivory satin gown with a full train. Her fingertip veil of illusion net was held in place by a beaded tiara. The bride's bouquet was of pink roses and white carnations in a crescent cascade shape.

Miss Annabelle Tippett, Collinsville, Illinois, a former missionary co-worker of the bride, was maid of honor. She was attired in an orchid gown and carried a colonial bouquet of yellow roses with yellow and white feathered carnations.

The bridesmaid were Clarice Anderson, Lowry, Minnesota, sister of the groom, who wore a yellow gown and Elvida Sollom, Newfolden, sister of the bride who wore green. The bridesmaids carried colonial bouquets of pink roses with yellow and white feathered carnations.

Mary Jean Johnson, Newfolden, flower girl was attired as a miniature bride and carried a bouquet similar to that of the bride. The ring bearer, Cameron Stokka, Cooperstown, North Dakota carried the rings on a lace trimmed satin pillow and wore dark trousers with a white jacket.

Attending the groom was his brother Archie Anderson as best man and Wilbert Anderson, both of Lowry, also a brother of the groom, and Adrian Sollom, Newfolden, brother of the bride.

Mrs. Sollom chose a navy blue dress with pink and black accessories and the mother of the groom chose an orchid dress with black accessories. They wore identical corsages of red roses and white carnations. Genevieve Erickson, Faribault, Minnesota, and Marjorie Tornell, Minneapolis, friends of the bride acted as usherettes.

A reception was given in the church parlors following the ceremony, for approximately 150 guests. Mrs. Gordon Stokka, Cooperstown, North Dakota, and Mrs. Harry Sahlberg, Stephen, poured and Mrs. Elmer Johnson, Newfolden, cut the wedding cake which had been made by Mrs. P. P. Reiersen of Thief River Falls. The waitresses were Janice Fluke, Clara Hanson, Ivadell Christensen, Florence McFadden, Sondra and Gloria Langlie. Mrs. Wallace Nelson and Mrs. Romaine Nelson, Thief River Falls, had charge of the gift table. Miss Amy Hjelle, Viking, registered the guests.

At a brief program during the reception Wallace Christensen was master of ceremonies. A solo was sung by Miss Annabelle Tippett "As The Years Go By", and a trio by Arlyn, Elwood and Adrian Sollom, "Just A Closer Walk With Thee." Several toasts were given by friends of the couple.

For their wedding trip to points in North Dakota, Mrs. Anderson chose a gray dress with red and black accessories. She wore her corsage which was detached from her bridal bouquet.

The bride is a graduate of the Newfolden high school and the Prairie Bible Institute, Alberta, Canada, and has spent one term from 1950-1954 as a missionary under The Evangelical Alliance Mission in Venezuela, South America. Her husband is a graduate of Glenwood high school and Trinity Seminary and Bible College, Chicago, Illinois, and has spent the past two years as an industrial missionary under The Evangelical Free Church Foreign Mission Board in Venezuela, South America. Upon their return from the wedding trip the missionary couple will be engaged in deputation meetings in preparation for their return about June 1 to Venezuela to serve under the Evangelical Free Church mission board.

The out of town guests were: Mr. and Mrs. John Fredman, Mr. and Mrs. Arthur Anderson, and Mrs. Albert Peterson of Eagle Bend, Minnesota; Mrs. Harry Peterson, David and Devonna of Bertha, Minnesota; Axel Anderson and Mr. and Mrs. Albin Anderson, Clarice, Wilbert, and Archie of Lowry, Minnesota; Bud Nyquist of Hoffman, Minnesota; Mr. and Mrs. James Nyquist of Elbow Lake, Minnesota; Mr. and Mrs. Carrold Sundstrom, Wolverton, Minnesota; Mr. and Mrs. James Anderson, Christine, North Dakota; Roy Anderson and Rev. and Mrs. Arthur Ramsland of Fargo, North Dakota; Mr. and Mrs. Gordon Stokka and Cameron, Cooperstown, North Dakota; Marjorie Tornell, Minneapolis, Minnesota; Genevieve Erickson, Faribault, Minnesota; Mrs. Minnie Vick, Spring Grove, Minnesota; Annabelle Tippett, Collinsville, Illinois.

Donna Langveld visited at her home in Fertile over the week end.

Merle Anderson Claims Alyce Prady As Bride

Nuptial vows were exchanged between Alyce Prady, daughter of Mr. and Mrs. George Prady of Lancaster, and Merle V. Anderson, son of Mr. and Mrs. Bernard Anderson of Lake Bronson, Wednesday afternoon, March 23 at 4 p. m. The double ring ceremony was performed by Rev. Otto Dale at Trinity Lutheran church.

Miss Prady chose a baby blue suit with black accessories for her wedding. Red roses and white carnations formed her bouquet.

Mrs. F. A. Halquist of this city, sister of the groom, was matron of honor. She was attired in a navy blue dress with black and pink accessories. Her corsage was of pink roses and pink carnations.

Attending the groom was Raymond J. Prady of Lancaster, brother of the bride, as best man.

A buffet style wedding supper was served at the Halquist residence for the bridal party following the ceremony.

Mrs. Anderson is a graduate of Crookston Central, class of 1953. Her husband graduated from Lake Bronson high school, class of 1950, and at the present is operating his own farm near Lake Bronson where the couple will reside.

CORRECTION

Unintentionally omitted in the Erickson-Taggart wedding write up in last week Times was the mention of Allen John Holmberg, nephew of the groom serving as ring bearer. He wore a white linen suit. His white socks and black tie were a gift of the groom.

Nurse Scholarships Are Again Available to Young Women Here

Confirmation has been received by C. W. Pope director of the area vocational-technical school at Thief River Falls, from J. G. Neal of St. Paul, chairman of the state nurse scholarship committee, that the 1955 Minnesota legislature passed the scholarship bill which makes financial help again available to those young women who wish to train in nursing but who may have been held back because of financial reasons.

Two types of scholarships are available, one for the nurse entering a three or four-year professional training program, and the other for the practical nurse who takes a course generally averaging a year or more in length.

Any young woman who qualifies on the basis of need and ability may apply for this help to persue a course in either practical or professional nursing, said Pope.

Aids in training up to $600 are possible for professional training and up to $300 for practical nurse training, the amount awarded being determined by the state board of education on the basis of information contained in the application. Graduates must agree, in return for a nursing scholarship, to practice in Minnesota for a one-year period following graduation.

No worthy young woman need hesitate, Pope said, to choose a nursing career if she needs financial help to obtain it, if she is otherwise qualified, as these scholarships are available now, Minnesota having recognized by this act, the imperative need of more trained people in nursing.

Since applications are now being received for the fall term of practical nurse training in the local area vocational-technical school, he added, senior girls about to graduate should consider this important field, and enter their applications now. Out of school people may also apply.

Further information on scholarships and practical nursing may be obtained by calling telephone 1033 or writing to the area vocational-technical school at Thief River Falls.

Pat Clinton Wins Girl Scout Honor

One of Two State Girls to Attend U. S. Encampment

Mrs. Gunder Legvold, president of the Northwestern Minnesota Girl Scout council, announced today the selection of Pat Clinton, daughter of Mr. and Mrs. Frank Clinton of Thief River Falls, as one of the two representatives from Minnesota to attend the All-States Girl Scout Encampment, which will be held this summer at Buffalo Bill Youth Camp, 44 miles from Cody, Wyoming, at an altitude of 6,800 feet. This is the first time that a girl from Thief River Falls has been selected for the honor.

Two girls from each state in the Union have been selected by the national admissions committee. The selection is based on skill in the out-of-doors program and outstanding leadership and knowledge of the Girl Scout program.

Pat Clinton has been in Scouting for ten years, is the holder of the Curved Bar award and the senior service emblem, signifying 100 hours of community service. She is the assistant leader of the Freshman Troop 19, and president of the Senior Girl Scout planning board. She is also a senior life-saver, and is active in The Community Church.

Her school activities consist of associate editor-elect of the 1956 Prowler year book, member of the student council, music and athletic groups, and is on the honor roll.

Lutheran Free Church Leaguers to Meet in Fargo

Girl Scout Court of Awards Drew Record Audience on Friday

A capacity crowd was on hand to witness the Girl Scout court of awards which was held at the municipal Auditorium Friday evening, March 25th. The members of the Senior Girl Scout planning board and their adviser, Miss Katherine Barzen, did an excellent job of planning and carrying out the program.

Miss Pat Clinton, president of the planning board, introduced the various speakers. The program opened with the traditional flag ceremony, pledge of allegiance and the Girl Scout promise and laws, followed by a brief address of welcome by Mayor Agnes Israelson.

Mrs. Gunder Legvold, N. W. Minn. area president, spoke on the importance of leaders and their work, and presented first-year leaders with midget scout pins, and the others with pens.

Mrs. L. G. Hetland, association president, presented adult five-year pins to Mrs. Frank Clinton, Mrs. C. E. Snyder, Miss Doris Peterson and Mrs. L. G. Hetland. She also made honorable mention of Mrs. Florian Kritz, who had previously received her twenty-five year pin, and Miss Ethel Bennett, who had received her thirty-year pin.

Mrs. L. A. Ihle, association program chairman, presented the second class awards.

Following the presentation of merit badges to the girls by their troop leaders, a sextette composed of Tucky Litstrom, Marilyn Waale, Norita Blazek, Arlys Hanson, Laurie Haugen and Ceil Gall, accompanied by Jeanne Dahlen, sang two musical numbers.

Miss Doris Peterson, Junior Girl Scout Planning Board Adviser, awarded the five-year and ten-year pins.

First Class pins were earned by the following scouts: Gloria Bushaw, Diane Casey, Jo Ann Glass, Marcia Houfek, Carol Goulet, Margaret Stokke, Rosemary Stokke, Janice Anderson, Georgene Austin, Geraldine Austin, Mary Baumann, Karen Ekstrand, Carole Ewing, Vivian Spray, Carol St. Martin, Barbara Battleson, Betty Nick, Rose Marie Thorkelson, Jo Ann Magner, Donna Mae Cloutier, and Josephine Votava. The pins were presented to them by Miss Katherine Barzen.

Mr. Ted Mills spoke briefly about the significance of the senior service emblems he presented to Jaclyn Carlson, Donna Mae Cloutier, Jeanne Dahlen, Mary Jo Froehle, Beverly Haugen, Betty Lou Magner, Susan Mills, Angeline Owen, Sally Snyder, Pat Clinton, Carol Bjorkman, Norita Blazek, Tucky Litstrom, Nancy Snyder and Marilyn Waale. These emblems represent one hundred or more hours of service to their community by these girls. Program aid bars, indicating an additional thirty hours of community service were awarded to Carol Bjorkman, Tucky Litstrom and Marilyn Waale.

The impressive Curved Bar ceremony, conferring the highest award in girl scouting, was conducted by Morris Owen. He stressed the important part parents, and particularly fathers, can play in their girls' scouting work. As he called the girls forward to receive their curved Bar pins, he asked them to bring their mothers with them. After the awards had been made, each girl presented her mother with a rose corsage. The girls honored in this ceremony were Jaclyn Carlson, Jeanne Dahlen, Mary Jo Froehle, Joy Goulet, Sally Snyder, Angie Owen, Nancy Glass, Sandra Nabben, Faye Sweet, Norita Blazek, Caryl Bugge and Tucky Litstrom.

To close the program, all the girl scouts present sang "Golden Sun," followed by retiring of the Colors by Troop No. 67, and taps was played by Carol Carlson.

ment being used. Several of the farms had just completed bulk cooking installations and this method of milk handling came in for a lot of discussion. The cost of this type of cooling equipment, installed, ranged from $2,200 to $2,600.

The farm of a Mr. and Mrs. Oscar Carlson, and son, probably proved to be the most interesting to the visitors. The Carlsons were long-time farmers in the community but their dairy plant was entirely new, both buildings and equipment.

They had adopted the loose housing method with a 40'x60' loafing barn of frame construction. Separated from this was a 24'x32' concrete block building, half of which was used for the three-section milking parlor; one-fourth for the milk house, and the remainder for office and wash room.

The only equipment not yet installed was a pipeline connection from the milking parlor to the milk room. The Carlsons had built the barn themselves so the cost estimate did not include this item of labor. Excluding these two items the total cost of the plant, buildings, equipment and all, was approximately $9,000.

The visit to the Carlson farm was timed to coincide with the milk pick-up by the tank truck method and this operation was especially interesting. With the bulk cooling tank the pick-up is necessary only on an every-other-day basis and so there was a two-day accumulation of milk to be transferred from the tank to the truck. The driver measured the contents of the tank and issued a receipt for the number of pounds it contained. He took a sample for testing purposes. In less than ten minutes the tank was emptied and the truck was on its way.

Washing the empty, seamless, stainless steel tank was a simple operation. It was easier than washing one cream can, Carlson volunteered. Bulk handling was less wasteful, more sanitary and more efficient, said Ness.

The Carlsons were happy with their operation. They are farming 120 acres and now are milking only fifteen cows. Their equipment is planned for about a forty cow herd which would enable them to maintain a milking herd of from 20 to 30 cows for uniform production thruout the year. That is their objective. And, equipped as they are, it isn't going to take much time each day to harvest their milk crop.

Another interesting farm was a "gentleman farmer" operation with 50 milking cows in stanchions. The operation itself was conventional in every way, with milk cans and the old-fashioned milk house. In this case it was the herd that was unusual, with better than a 400 pound fat average.

And new to most of the members of our visiting group was a barn cleaner, an endless chain device that cleaned the troughs in back of the stalls in about twelve minutes, conveying the litter out and directly into the spreader. It had the effect, too of keeping the cows well up in their stalls and as a result the stalls were unusually clean. Bert Vigen guessed it would cost about $2,000 to put this equipment into a 30 cow barn.

Comparing the operations in the Litchfield community with our own we would have to admit they are a little farther along with the quality program. We have farms in this area however that compare favorably with their best and we are well on the way to equal them on the community basis. Their farms are comparatively small by the standards of this section of the state and so their operating problems are somewhat different. Right now they are faced with a serious hay shortage and we have a surplus of this crop. Their land values are considerably higher than ours.

Home of John Brandt

Litchfield is the home of John Brandt and his influence is in evidence. In that area there are four old herd testing associations and a fifth is being organized.

They have an interesting marketing arrangement too that probably reflects some of John Brandt's ideas. Twenty-seven creameries in a five-county area are organized into what is called the First District Association. They are organized as an operating corporation, a little Land O'Lakes that last year had a sales volume of $5,800,000.

Last year they handled 225 million pounds of liquid milk, mainly the skim that was picked up at the creameries and dried in their twin drying plant at Litchfield. This represented the production of 18 million pounds of milk powder, the equivalent of 403 carloads. About seven million pounds of whole milk was processed for bottling purposes.

For the members of the party who made the journey to Litchfield it was a pleasant and informative outing. The twelve dairymen were Don Bruggeman, Carl Finstad, Clayton Mathson, Lewis Williams, Lowell Lindemoen, Thad Szymanski, David Svendsgaard, Irvin Muzzy, Maynard Mehrkens, Helmer Finstad, Bert Vigen and Norman Stenberg. The processors were represented by Bill LaFave and Wallace Jordet and by Stanley Nelson, in charge of the adult education program of the vocational school.

Plays Accordion at Style Revue

Betty McCall, accomplished accordion player, will be one of three highly rated entertainers from the Twin Cities who will present a free show at the Auditorium Friday evening, April 1, in connection with the style revue to be staged at 9:15 p. m. following the closing of local stores. Others on the program will include Earl Dunn, billed as the man of 1,000 voices, and Dick Weston, comedy ventriloquist.

by the federal government. A 50c charge per pupil will cover all administrative costs.

"Vaccine would be given this spring only to those eligible children whose parents sign forms requesting it," Dr. Greene states. "It is a completely voluntary program. The forms will be distributed through the schools. We should like to know as soon as possible how many eligible children we must provide for, if the vaccination program is carried out. If the vaccine is not licensed, there will be no program."

Lincoln School Senior Is Top Winner for Girls in Leadership Contest

Marilyn A. Waale, Lincoln high school senior and daughter of Mr. and Mrs. Tom Waale of this city, has been awarded first place in the girls' division of a statewide youth leadership contest sponsored by Minnesota Elks lodges, it was announced this week by R. J. Dryden, chairman of the youth activities committee of the Thief River Falls lodge.

Along with the honor goes a prize of a $50 U. S. savings bond. The winner was chosen on the basis of leadership, citizenship appreciation, perseverance and resourcefulness and sense of honor.

Paul W. Chapman of St. Paul, winner in the boys' division, was selected to represent Minnesota in the national Elks contest.

Miss Waale had previously placed first in the girls division of the contest conducted by the local lodge, with George Gifford, son of Mr. and Mrs. O. D. Gifford placing first in the boys' division.

Three Greenbush Men Enlist Here

Carl Heline, Vernon Kjos and Vernon Wilebski, all of Greenbush, enlisted in the Army March 23 with the 10th Division unit rotation plan. Stuart McLeod Is Speaker at Lions

Urges Members to Vote in April Bond Election

Members of the Lions club at their meeting last Wednesday noon in the Rex Cafe heard a discussion by Stuart McLeod, member of the county fair board, of the county-wide election April 19 at which voters will be asked to express their wishes concerning the issuance of $60,000 in county bonds to finance needed improvements on the fair grounds.

McLeod explained that the fair board proposes to deed its 40-acre property, which is free from debt, to the county. He urged that everyone concerned register his wishes in the coming election.

Dr. O. D. Beich, committee chairman, reported on tentative plans for a ladies night party to be staged by the club at the close of the Lenten season.

Hanson-Jaranson Co. to Hold Chick Day Next Monday

All farm families of the Thief River Falls area are invited to attend Baby Chick Day at the Hanson Jaranson Co. on Monday, April 4, according to Art Hanson and Joe Jaranson, proprietors.

Free coffee and lunch will be served to all farm patrons from 9 a. m. to 4:30 p. m. and there will be a gift for every farm woman who calls at the elevator during the day.

As a special offer for Baby Chick Day only, the company will give an 18-inch cardboard chick feeder free with each 100 pounds of Chick Starter bought or ordered.

Sponsoring Baby Chick Day jointly with Hanson Jaranson Co. will be the Hubbard Milling Co., manufacturers of feeds and concentrates.

Lampert Lumber Co. to Note Paint Week April 4 to 9

The week starting Monday, April 4, has been designated as a special paint week by the Lampert Lumber Co., celebrating the completion of an improvement project in which the office has been enlarged and new fixtures installed.

Jerry Wirt, manager, announced that a valuable prize will be given away each day, Monday thru Friday, with a grand prize to be awarded Saturday, April 9.

As an added attraction, he added, a paint colorist from the Patterson Sargent Co. will be present Thursday, April 7, to answer questions relating to painting problems. Coffee and doughnuts will be served during the day.

Gambles Give $15 to Red Lake 4-H

A check for $15 has been given to the Red Lake county agricultural agent by Stanley E. Pladsen, manager of the Gamble store, which represents the 1955 award for 4-H clubs of that county provided by his company.

The money will be employed for buying subscriptions for the 4-H magazine to be given to each 4-H leader in that county.

This is the ninth year that a similar award has been made. The amount is based on 4-H enrollment in the county.

The award program is handled by the Northwest Chain Store Council.

CHATTING with your HOME AGENT

Marge Olsen

Mrs. George Breznay of the Mavie community has suggested that I give you recipes for a make at home mix. She mentioned that many farm women would like to use more mixes but often these recipes are not available. By home-made mixes we mean a mix that you make up in quantity in advance and then use when you need them for muffins, baking powder biscuits and even cup cakes. This week I am going to give you the basic recipe for master mix and a few suggestions for using this mix in cup cakes and date breads, next week recipes for muffins, baking powder biscuits, pancakes and waffles using the basic master mix recipe will be given.

This is the recipe for the basic master mix:

9 cups sifted all purpose flour, 5 tablespoons baking powder, 2¼ teaspoons cream of tartar, 2 teaspoons salt, 2 cups shortening (the kind that needs no refrigeration.)

Method:

Sift dry ingredients together three times—cut in the shortening until like corn meal. Pack lightly into covered container. This mix will keep at least 6 weeks. Now here are suggestions for using this master mix, for cup cakes and date bread. Here is a recipe for

Plain Cup Cakes

2⅓ cups Master Mix, ¾ cup minus 2 teaspoons sugar, 2 eggs, 1 cup & 2 tablespoons cream, 1½ teaspoons vanilla.

Add sugar to mix and combine well. Beat eggs and add cream and vanilla. Add to Mix. Beat until well combined. Stir in 2/3 of the liquid with the Mix and stir well for one minute. Add remainder of the liquid and stir for another minute. Bake in tins greased and covered with waxed paper only on the bottom. Bake 20-25 minutes at 375 degrees in a preheated oven. (If using milk, use ⅓ cup more of milk.)

Chocolate Cup Cakes

1½ cups Master Mix, ¼ cup cocoa, ⅔ cup sugar, 2/3 cup cream, 1 egg, ½ teaspoon vanilla.

Add sugar and cocoa to Mix and combine well. Beat egg, and add cream and vanilla, add to the sugar and cocoa, mix combine well, stir in 2/3 of the liquid and stir well for one minute. Add remainder of the liquid and stir well for another minute. Bake in tins greased only on bottom. Bake in pre-heated oven at 375 degrees for 20-25 minutes.

Date Bread

3 cups Master Mix, 1 cup sugar, 1 cup dates, 1¼ cups milk, 1 egg, slightly beaten.

Add fruit and sugar to Master Mix and blend thoroughly. Add milk and beaten egg and beat *until well blended. Bake in loaf* pan (9x5x2½) greased on bottom for one hour at 350 degrees. Note: Flavor and texture are improved after 12 hours. Nuts, apricots or prunes may be substituted for dates.

Clip out these recipes and put them in your recipe file so you can refer to them when you want to make Master Mix. Next week we'll give you recipes for other uses for the Master Mix.

PUBLIC OPINION

Editor, Times:

A power problem faces us again. The question to be resolved in these changing times *is—what is the best thing to do.* The writer has no intention of criticising anyone—he is only looking for facts.

It has been said that neither the Bureau of Reclamation nor the R. E. A. is in a position to provide firm power. Has anyone in authority made a sincere effort to make a deal—getting down to brass tacks—with specific amounts of power and costs and not just conversation?

To the writer firm power IS available and just as firm as our own power plant where an Act of God can destroy it. Not too many years ago, you will recall, the roof of our plant caught fire. We were extremely fortunate at the time that the entire plant was not destroyed. Had this happened at that time or today, just where would we get power? Without some stand-by arrangement we would be just plain out of luck. Remember, this can happen anytime, not necessarily by fire, but by lightning, floods, and other causes, just as a storm could destroy a section of high line."

Today, power is available to *Thief River Falls from several* directions and as far as is humanly possible, power is dependable and we know it can be secured at a much lower cost than it is costing us to generate it.

We have steam plants ready to be built in the coal and gas fields that will generate power right at the source of energy very cheaply. We have atomic energy plants coming up—remember times are changing. *Let's get on the ball and stop* spending money on an uninformed and expediency basis.

Homemakers Set Achievement Day

Mrs. Pearl Cummings of 'U' of M. to Speak May 6

Mrs. Pearl Cummings of the University of Minnesota will be guest speaker at the annual Homemakers Achievement Day. Friday, May 6, is the date set for this event, Home Agent Marge Olsen announced today.

Mrs. Cummings is parent education specialist in the University of Minnesota's Institute of Child Welfare. For several years, she has been the theme speaker at the Family Life Conferences held for homemakers throughout the state. Her talk at Achievement Day will deal with family life.

Plans for Achievement Day will be completed at the April meeting of the extension home council on April 5. The council will meet in the Chamber of Commerce rooms at 1:30. Lunch hostesses will be Mrs. Joe Johnson of Kratka and Mrs. Edwin Helgeland of Smiley.

Junior Class Play Ably Presented Monday, Tuesday

"Heading for Eden," a farce comedy by Sidney Durall, was given an effective presentation Monday and Tuesday evenings by a large cast of Lincoln high school juniors under the direction of Marshall Boyd, assisted by Sharon Bugge, student director.

The play described the experiences of six girls who made their home in a rooming house in South Chicago, and many amusing situations were developed.

Fair-sized audiences heartily applauded the performance of the young actors.

Miss Lappegaard Weds George Lee Saturday Evening

At a single ring ceremony performed Saturday evening, March 26, Miss LaVonne Lappegaard, daughter of Mr. and Mrs. Otto Lappegaard of this city, became the bride of George Douglas Lee, son of Mr. and Mrs. Harlan Lee Sr. of Grygla. The vows were spoken after Rev. Joseph Swan at his home here.

Miss Lappegaard was attired in a light blue suit with matching accessories. Her corsage was of red roses and white carnations.

Mrs. LeRoy Anderson of this city, friend of the bride, was matron of honor. She chose a suit of grey with black accessories. Red tea roses and white carnations formed her bouquet.

Attending the groom was LeRoy Anderson.

A wedding supper was given at the home of the bride's parents immediately following the ceremony for the bridal party and immediate family.

The couple will make their home in Minneapolis where the groom is employed with Honeywell Corporation. He has also served in the U. S. Army. Mrs. Lee attended Lincoln high school and has been employed in the Twin Cities.

Wayne Loeffler Observes Ninth Birthday Tuesday

Mrs. Elgin Loeffler entertained her son Wayne and eight of his friends Tuesday on the occasion of Wayne's ninth birthday. Pictures were taken and games were played with the prizes being awarded to Bobby and Wayne Loeffler and Ronnie Kvikstad. The remainder of the time was spent watching television. After Wayne opened his gifts a birthday supper including a decorated cake was served by his mother.

In the evening a buffet supper was served by Mrs. Loeffler to the following guests: Wayne's grandparents, Mr. and Mrs. Joe Loeffler and Mr. and Mrs. Francis Loeffler and Mony and Barbara Thompson.

Two Men Acquire Trailer Court Site

L. Snetting and D. Helle Plan Early Development

Leslie Snetting and Daniel Helle of this city stated today that they have acquired a tract of land on Highway 32 just south of the city for a trailer court on which construction will begin as soon as weather permits.

They said that the tract would provide for from 50 to 60 trailers. Their plans call for the site to be developed along the lines of a residential area, providing at least double the area for each trailer that is prescribed by law. This would also include a utility building with automatic washers and dryers, showers and washrooms.

It is their desire, they said, to furnish a home life atmosphere to the court by encouraging lawn area and gardening so that the court will be regarded as a little community rather than as just a spot to park a trailer.

Drivers Fined in Municipal Court

Two Motorists Plead Guilty of Drunk Driving

Eight men were penalized in municipal court during the past week for violations of traffic laws.

Oscar S. Odegaard Jr., who had previously pleaded innocent to a charge of driving while under the influence of liquor when involved in a highway accident, changed his plea to guilty last Wednesday, and paid a fine of $100 and $3 costs.

Brought in on a similar charge, Willard L. Johnson, Rt. 3, city, pleaded guilty, and the case was referred to Sheriff Arthur Rambeck for pre-sentence investigation.

Harold E. Olson of Grand Forks, charged with careless driving, failed to appear in court and forfeited $25 bond. Elroy Lein, city, paid a $25 fine for having no driver's license, and Elder N. Ornquist of Middle River paid a $5 fine for having no driver's license in possession.

Sidney C. Brouse, city, paid a $5 fine and $4 costs on a careless driving charge. Galen C. Olson of Goodridge was brought in by the highway patrol on charges of exceeding a safe rate of speed and being involved in an accident. He paid a fine of $10 and $4 costs.

Duane Hanson, Rt. 4, city, was fined $10 and $4 costs for speeding at night at 65 mph, and also was fined $5 and $4 costs for improper use of "in-transit" plates.

Minneapolis Washburn Winner of State Basketball Tourney

Coach Ray Ross' well-balanced Minneapolis Washburn team won the state high school basketball championship on Saturday night when, by a 67 to 58 score, they defeated the Austin Packers.

Washburn, the champions of Region Five, moved through the state tournament pairings by defeating Morris, 71 to 50, in a first round game on Thursday afternoon and then eliminating New Prague, 63 to 48, in a semi-finals tilt on Friday night.

The Austin Packers, the champions of Region One and established as the pre-tourney favorite, was forced to struggle though the lower bracket before meeting Washburn in the finals. Austin defeated Fairmont, 70 to 60, in a first round game on Thursday night, but that win was not posted until the Packers had been forced into an overtime period; and on Friday night, Austin had to overcome a four-point lead held by Bemidji in the final minutes of the game to defeat the Jacks 57 to 56.

In the championship finals on Saturday night, the Washburn victory was due to expert marksmanship from the free throw line, for the winners scored 23 of their 67 points via the gift-shot route. Austin outscored Washburn from the floor, 24 field goals to 22, but erratic shooting from the free throw line (the Packers scored but ten points on free throws while missing nineteen tries) proved costly.

Washburn, trailing by a 19 to 17 score at the end of the first period, came up with another 17-point effort in the second period, with guard Pat Sweeney hitting from the outside to spark the attack, while holding Austin to 8 points. That second period outburst gave Washburn "control" of the game, and they were able to maintain pressure on the Packers throughout the remainder of the contest.

In a preliminary game, to determine third place in the tourney standings, the Bemidji Lumberjacks, in spite of a 40-point performance by New Prague's center, Ron Johnson, defeated New Prague, 70 to 64. Bemidji held a 20 to 7 lead at the end of the first period, and a 36 to 20 margin at the intermission; and at one time early in the third period the Jacks boosted their lead to 21 points. With Johnson scoring in a phenomenal fashion, New Prague whittled away at the Bemidji lead, and with a minute to play Bemidji's margin was pared to 69 to 64.

Bemidji Places 2 Men on All-state Tournament Team

Lumberjacks Winners of Third Place Honors in Minneapolis Tournament

The newly-crowned state champion Minneapolis Washburn team placed three players on the all-state tournament squad named at the conclusion of the tourney played in Minneapolis on Thursday, Friday, and Saturday.

Gordie Sundin and Stuart Hanson, both of whom were vital cogs in the well-balanced Washburn club, were named at forward positions; and speedy, play-making Pat Sweeney, who scored 19 points against Austin in the championship finals, was selected for a guard post.

The Bemidji Lumberjacks, who turned in a first-rate tournament performance by winning third place after being eliminated in the semi-finals by Austin, losing by one point, placed two players on the all-state squad. Jack Whiting, a repeater from last season, was selected as a forward, and Darrell Erickson, a hard-driving guard, was named to a guard position.

Jerry Olson of Austin was the only other repeater from last year's all-state team, with Olson being chosen as a forward.

All-State High School Basketball Tournament Squad:

Gordie Sundin, Minneapolis Washburn, forward.
Jack Whiting, Bemidji, forward.
Stuart Hanson, Minneapolis Washburn, forward.
Jerry Olson, Austin, forward.
Roger Smed, Fairmont, forward.
Ron Johnson, New Prague, center.
Darrell Erickson, Bemidji, guard.
Terry Meyer, Austin, guard.
Tom Mistrom, Fairmont, guard.
Pat Sweeney, Minneapolis Washburn, guard.

Washburn the Champs.

It's the consensus of the basketball fans that were in attendance at the state high school tournament, and there was quite a contingent of local fans present, that the Minneapolis Washburn team well earned the state championship they won on Saturday night when they defeated Austin, 67 to 58, in the finals.

But almost without exception these fans expressed the wish to have seen the Bemidji Lumberjacks, the Region Eight champions, in the finals against Washburn. That, they say, would have been a game. The Lumberjacks, with their all-court press, their superb drive and desire, and their remarkable reflexes and all-round alertness, would have been troublesome for the Minneapolis club.

Washburn, in their tournament games against Morris, New Prague, and Austin, were able to set the tempo of the games and control, to a large extent, the style of the play. Against Dan Fortier's ever-rushing Jacks, it's doubtful if Washburn could have held that game control.

During the three games that the Bemidji Lumberjacks played during the tournament, winning two and losing one, and that one loss being a 57 to 56 defeat by Austin in the semi-finals, coach Fortier's well conditioned club drew the praise of the fans and the experts.

The Lumberjacks, by their heads-up play and refusal to be awed by the tremendous height advantage held by their opponents, reflect much credit to the eighth region's brand of basketball; and it served to muzzle the snipers who have been making snide remarks about this region and its anemic basketball. A look at the record will reveal that the eighth region has won its share of the state championships, and its representative has usually been a "toughie."

We were fortunate enough to watch the championship finals on Saturday night on TV, and the reception was near-perfect. What impressed us most about Washburn's play was the rugged defensive rebounding of Gordie Sundin and Stu Hanson, and the remarkable free throw accuracy of the entire team. Washburn, making 23 of 30 attempts from the free throw line, won the game and the championship by that route. During the three tournament games that the Millers played, Washburn dropped in free throws at a 78% rate.

We noted, too, on Saturday night, that the Washburn players used the two-hand underhand method on their free throws, and that brought up memories of Swede Carlson. Swede, a member of the local American Legion team in the early 1920's, was the finest free throw shot we have ever seen. Back in those days, the rules permitted one player to shoot all of the team's free throws, and Swede was deadly from the gift shot line.

Signs of Spring.

A surer sign of spring than the appearance of the first robin or the first crow or the first puddle, is the weird motions and the foolish talk of the city's baseball players, golfers, and fisherman. The ball players are all Mickey Mantles; the golfers are all Ben Hogans; and the fishermen are all Ike Waltons.

The golfers, after several weeks spent in scuffing holes in the living room carpet in practicing chip shots and knocking over the light fixtures in developing a wide-sweeping back-swing, are now congregating on the street corners and discussing such vital affairs as handicaps, etc.

We hear that arrangements are being completed whereby the local club will have the full time services of a professional this season. The pro will have quite an experience when he, for the first time, watches southpaw Doug Tegtmeier tee-off; and he'll learn, too, that when Doug shouts "Fore!" that's warning not only to the golfers playing the fairway ahead of Doug, but also is warning to the fairways to the right and the left.

Phil LeGualt, a championship flight player, is taking knee-bend exercises, for Phil maintains that the only weak part of his game is in reaching down into the cup to pick up his ball after dropping those ten and twelve-foot putts. If Phil wants to learn some more weaknesses of his game, he should call on Plummer's Emil Larson. Emil is able to discover the chinks in Phil's golfing armor.

Frank Tunberg and Lloyd Sennes were able to enjoy vacations out west this winter and they used much of their vacation-time in playing golf and taking lessons. Frank and Lloyd have the notion that Ward and Stan and Doc and Phil and Justus and Jake and John will be paying for these winter-time lessons this summer. That's what they think! There's going to be plenty of haggling about handicaps and strokes when the boys get on the first tee and are trying to "line up" a game.

That was quite a dastardly trick that the state legislators pulled on Bud Schuster and Colton Langevin when they, the legislature, revoked the two-line angling law. Forcing Bud and Colton to fish with only one line will be quite a handicap, and it's probable that the two boys will be reduced to frying their live bait if they are to taste fish this season.

Sportsmen's Club Membership Drive Opens Wednesday

Dr. James Diass and Ole Ness Will Serve as Chairmen of Campaign

The Pennington County Sportsmens' club will get its 1955 membership campaign off to a fast start at the April meeting of the club next Wednesday evening, April 6, at 8 p. m. in the Chamber of Commerce room in the Auditorium.

The membership will be divided into two groups in the drive, one including names from A to L and the other from M to Z, with the losing side to furnish a smelt supper at the end of the campaign.

The A to L committee included Dr. James Diass, chairman; Clyde Johnson, Bob Larson, Milo Gulbranson, and Jerry Latta. On the M to Z committee are Ole Ness, chairman; Otto Rupprecht, E. J. Rustad, Gunsten Skomedal and Morris Roadfeld.

The program for Wednesday's meeting will include the showing of movies, followed by lunch.

Warroad Six Wins Playoffs from Roseau

Victors Defeat Roseau 11 to 1 Tuesday Night to Make it 3 out of 5

With Frank Eisenzoph scoring four goals, getting three of his tallies in the third period, and with Gordon "Ginny" Christian turning in a "hat trick" performance the Warroad Lakers won the Northwest Hockey League playoff title by trouncing the Roseau Cloverleafs, 11 to 1, before a capacity crowd at Roseau on Tuesday in the fifth and deciding game of the best-of-five finals series.

In spite of mild weather that had prevailed for the past several days, the ice conditions were fair, and the two teams played rugged and bruising hockey. The Lakers proved to be the better opportunists, and raced into a 3 to 1 first period lead.

Christian poked in a goal-mouth rebound to open the scoring at 7:37; and at 10:19 Art Stratton beat goalie Don Collins with a backhand shot from fifteen feet, with the Roseau netminder being screened on the play. Christian gave the Lakers a 3 to 0 lead by banging in Eisenzoph's rebound at 11:06. Roseau's "Monty" Markstrom shattered Warroad's Ron Gross hopes of marking up a shutout by scoring, on a rebound, at 18:54 of the period.

Goals by Art Stratton and Eisenzoph gave Warroad a 5 to 1 lead in the second period; and in the final stanza, as the Cloverleafs attempted to get back into the game, the Lakers secured numerous breaks, springing in on goalie Collins to get point-blank shots at the Leafs' net, scoring six goals.

In winning the league playoff title, the Warroad Lakers added the Eddie Holland Memorial trophy to their National Senior Intermediate hockey championship, and closed out a most successful season. Dan McKinnon and Gordy Christian, members of the United States team that participated in the *World's hockey tournament*, were in the Warroad Laker lineup.

The period summaries:

First period scoring—Christian (Campbell) 7:37; A. Stratton (J. Stratton, Cyr) 10:19; Christian (Eisenzoph) 11:06; Markstrom (Simpson) 18:54. Penalties—Colder.

Second period scoring—A. Stratton, unassisted, 2:05; Eisenzoph, unassisted, 7:38. Penalties—Colder, Warren, Cyr, Christian.

Third period scoring—Christian (Eisenzoph, [illegible]) 2:43; Cyr (Colder) 3:56; Eisenzoph (McKinnon) 4:46; Roberts (A. Stratton) 12:41; Eisenzoph (Roberts) 17:20; Eisenzoph (Guilbault) 17:43. Penalties—Eisenzoph, Hedlund.

Stops:

Gross, Warroad	8	8	7—23
Collins, Roseau	7	15	10—32

Officials—Lorne Landon; Gordy Hayes.

Deer Data Sought by Game Refuge at Holt

Residents of northwestern Minnesota are urged to be on the lookout this year for deer with bright colored plastic markers in their ears. Thirteen deer were ear-tagged this winter on the Mud Lake national wildlife refuge near Holt in order to study their movements, said Robley Hunt, refuge manager.

This project is a continuation of the tagging program conducted on the refuge since 1947, but this year a bright colored plastic markers were used which can be seen from a distance and identify the deer as an individual. For instance, a deer with a red tag in its right ear is known to be number one while a deer with a red tag in its left ear is number two. This system has been carried on through several different colors and combinations of colors.

In past years deer that have been tagged in Mud Lake Refuge have been shot as far south as Fertile, and as far north as near the Canadian border. East-west movement has varied between the Red Lake *Reservation and Warren.* To date 34 tagged deer have been recovered of which 17 were shot on the refuge and 17 have been shot outside.

It is hoped, said Hunt, that the new colored tags will provide more information than just the one recovery when the deer is killed. Persons seeing tagged deer are urged to carefully note the color of the tag and which ear it is in and then contact the refuge manager at Holt.

The aerial census during February revealed there were 660 deer and 85 moose wintering on the refuge. The number of deer is roughly the same as last year while the moose have shown an increase of 13 during the past year.

Part of the refuge was open to deer hunting last fall and over 200 deer were harvested. Luckily no moose were shot on the refuge whereas about 4 or 5 have been shot each previous year the refuge was open. It is hoped that this rare animal will continue to increase so that they may be seen more commonly by sight-seers in this vicinity.

WHERE STATE REVENUES GO

Of the $323,087,000 spent in 1954 on state governmental functions, by far the biggest portion went for education: $114,936,000; highways second at $78 million, public welfare third at $69 million; "miscellaneous" took a $34,000,000 slice, with conservation and development of natural resources next at $10 million; protection of persons and property cost $6 million, general administration almost exactly the same, health $4,000,000, airways $181,000. Direct state activities totaled $168 million, debt service $21 million payments to local governmental units $134 million.

Win State 4-H Speaking Honors

Dennis Barnaal, 19, Sacred Heart, (left), receives congratulations for winning state honors in the recent 4-H radio speaking contest from Tom Stephani, 19, Puposky, second-place winner.

Barnaal was awarded a $200 cash prize, Stephani $100 from the Minnesota Jewish Council, which was co-sponsor of the contest with the University of Minnesota Agricultural Extension Service. In addition to their cash awards, the champion and reserve champion received $50 and $25, respectively, from the council for the purchase of books for their public or school libraries.

It was the first time in the 13-year history of the 4-H radio speaking contest that the champion and reserve champion have both been young men. They spoke on "What Are My Opportunities and Responsibilities Under Freedom?"

More than 800 4-H club members throughout Minnesota took part in the 4-H radio speaking contest.

Bankers Promote Planting of Trees

Plan Demonstrations in Minnesota Counties

In an effort to maintain Minnesota's conservation and forestry leadership, the Minnesota Bankers association will undertake a state-wide program of tree planting and conservation education in April and May.

The comprehensive program will include demonstrations of tree planting methods, rodent control, timber cutting, woodlot management and tree thinning.

The carefully worked out program will be chairmaned by George M. Robertson, Winona, who heads the association agricultural and conservation committee. Directing the forestry phase of the conservation plan will be Kenneth Gay, Sturgeon Lake, chairman of the Forestry sub-committee of the association.

Plans being formulated now by the bankers call for county and tri county planting demonstrations "Instead of conducting the tree planting demonstration on the state level at one particular area, we intend to move the program right into the community where it will do some good," Gay said.

"Bankers of Minnesota have purchased 46 tree planting machines for use in the program, as well as for regular tree planting by farmers and conservation groups," Gay announced. "With an investment of around $500 in each machine we feel that Minnesota bankers certainly are going to push the Treeville this year."

Conservation Week has been proclaimed by the Governor for May 1 through 7, and Arbor Day will be observed on May 6. "We hope to have the interest and support of educators and students during the tree planting demonstrations," Robertson remarked.

Willmar Girl New President State Rural Youth Group

Diana Hebrink, Willmar, was elected president of the Minnesota Rural Youth Federation which concluded its annual three-day convention on the University of Minnesota's St. Paul campus last week. Miss Hebrink was an International Farm Youth Exchange delegate to Australia in 1954.

Vice president of the group is Rollie Riebel, LeSueur. Secretary is Eleanor Johnson, Redwood Falls and treasurer is Norman Varner, Buffalo.

Among those elected to committee posts were Phyllis Nelson, Thief River Falls, education; Mrs. Wilma Ness, Ada, auditing; and Carroll Lindstrom, Argyle, research.

At the closing banquet, Miss Hebrink presented a check of $400 to State 4-H Club Leader Leonard Harkness from the Minnesota Rural Youth Federation to be used for the International Farm Youth Exchange project.

TRUST FUND AMENDMENT

Minnesota voters probably will have an opportunity at the next general election to express themselves on an amendment that would make a substantial sum of tax dollars, now going into the permanent trust funds, available for immediate education needs. The amendment adopted in 1922, authorizing an occupation tax on iron ore, provided that one-half of the proceeds from such a tax should go into the trust funds. A bill, already approved by the House, would change this, and all of the revenue would be available for immediate spending.

Our trust funds were established as a means of preserving for future generations a share of the benefits we enjoy from our inheritance of natural resources. The idea had merit and still has.

Big argument against huge trust funds is the fact that they are discouragingly unproductive. They are of little value in our time and are not likely to be of much greater benefit to future generations. By our contribution toward the actual development of our natural resources we probably are making a more worth while contribution to the future than by laying up a pile of dollars in our bank vaults.

During the war years the occupation tax has produced abundantly and it will continue to be an important source of tax revenue for years to come. But as the business of mining becomes more and more a manufacturing process the revenue from this source will gradually decrease. The cream of this crop has already been harvested.

It would seem that we now could divert these tax dollars from the stagnant trust fund pools to current needs with a clear conscience.

FATHERS AND SONS

A group of Thief River Falls dairymen journeyed to Litchfield last week to visit with dairymen of that community to compare notes and see what progress is being made in that area in the quality milk program. It was an interesting outing and probably will be productive of good results. We were glad to have the opportunity to ride along.

As an observer there is one encouraging observation we are glad to come up with. While there probably was a spread of nearly fifty years in the ages of the members of the party, there wasn't an old man in the group. As dairymen they all had a youthful approach to the problems of their industry. They knew they had come to a fork in the road. They had selected their course and now were moving toward new operating methods. They were looking for the right answers to the new problems with which they knew they would be confronted.

The members of the group who were advanced in years were not thinking in terms of their own problems but of the problems of a son who was becoming a partner and, eventually, a successor. This father and son combination was very much in evidence not only among those who were visitors but also among those who were visited. Where father and son are working together the operation is being geared to future needs. And the future is in good hands.

FRENCH FINALLY AGREE

West German rearmament has now been ratified by the French and apparently the last obstacle to the acceptance of Germany as a free nation, and as an equal partner in the defense of Europe, has been removed. That is a long step forward in completing the union of free nations. Final action must be taken by several other governments, including our own, but now that the French have given their consent there seems to be little doubt about the final result. Under the provisions of the new alliance Germany will organize an army of half a million men, and that in itself is a good reason for the Russians to think twice before staging an attack on western Europe.

With agreement reached on the freeing and rearming of West Germany there now probably will be a renewal of talks with the Russians on some of the unsolved problems that still are a threat to peace. In these meetings the free nations will now be leading from strength and it seems likely that we will have less bluster and blow from behind the iron curtain to contend with. The situation is definitely improved.

WHEAT REFERENDUM AGAIN

Wheat growers will be called upon this spring to decide whether they want government acreage controls in the 1956 crop year. Controls are not popular and some fears are being expressed over the outcome of the referendum which requires two-thirds approval. The high cost of not having controls however should be the guiding consideration. If controls should be rejected then the adverse effects of a demoralized wheat market would undoubtedly extend to other commodities.

Production controls, in one form or another, are an inseparable part of any price control program. It is unfortunate that too many of our production controls are coming late. If they had been imposed earlier they could have been less drastic. It serves no good purpose now, however, to cry about that fact.

It is important that we recognize the difficulty of the problem with which we are confronted. We cannot continue to produce in excess of market requirements without completely wrecking the price structure. That would impose upon us a far greater hardship than the production controls.

Last week's mid-winter weather had us worried about our prediction that the river would be ice-free by April 10 (we hope). Now that summer has arrived we are full of confidence again however and gladly give assurance that the schedule as announced will be followed (we wonder).

The Legislature

BY W. E. DAHLQUIST

Equalization aid to schools will be distributed by a new formula next year according to a bill now before the legislature. As introduced the bill provides for a base of $200 per pupil unit. From this would be subtracted the amount paid in basic aid and also the amount that would be raised locally by a 35 mill levy "on the assessed valuation determined by the equalization aid review committee — etc." The state would pick up the tab for any balance, to be distributed as equalization aid.

Something new has been added, the "Aid Review Committee."

Equalization is a special aid distributed to school districts of low taxable valuation to equalize educational opportunities. Taxable valuation per pupil unit has been used as the basis for determining need and ability to pay. It has long been realized however that this standard, under our tax system, has notable shortcomings.

This system has placed a premium on poverty and encouraged some "professionally poor" districts to under-value their property and thus qualify for larger portions of state equalization aid.

The "Little Hoover" Commission, created by the 1949 legislature, called attention to the inequalities in the state's program of equalization. The commission, in its report to the 1951 session used strong language in referring to such things as "gross abuses" and "fraudulent valuations."

The seriousness of the problem being pointed up by this report, the '51 legislature directed the commissioner of taxation to spot check on assessments as a means of determining the extent of possible inequalities. His study covered the valuations in the various tax units of nine counties. It revealed an amazing lack of uniformity not only among the counties in their relationship to each other but also among the tax units and between classes of property within the counties.

With this information the '53 session adopted corrective legislation. It created the Equalization Aid Review Committee consisting of the commissioners of education, administration, and taxation. Ample funds were provided to complete the survey of assessments in all districts receiving equalization aid, and the committee was directed to report back to the '55 session. That has been done. The report has been approved. And so, for the school year 1955-56, equalization aid will be distributed on the basis of valuations, not as they have been established at the local level but as these values have been equalized by the Review Committee.

This survey which has been completed and which no doubt will be extended as a continuing study, is a long step forward in the effort to secure greater equality in valuations for tax purposes thruout the state. In this survey more than 50,000 individual properties were analyzed to determine the relationship between "full and true" value as determined by the assessors and the market value as determined by actual sales or appraisals.

Ratios of assessors' "full and true" to the acutal value ranged in various counties from a low of 17% to a high of 52%. Thruout the state farms are being assessed higher in relation to actual value than urban residential or commercial property.

And so to the Little Hoover Commission report should be credited another good result. This report estimated possible annual savings to the state, if its entire efficiency program were adopted, as $4,300,000. Of this total, the correction of abuses in the distribution of equalization aid was estimated at $2,500,000. Last year a total of $7,250,000 for this aid was distributed to 1,736 districts. It will be interesting to compare these with next year's figures and see to what extent the hoped-for results will have been accomplished.

St. Augustine, Florida, will celebrate its 400th birthday in the year 1965.

Report on Viking News of the Week

By Mrs. Orville Peters, Phone [illegible]

Miss Arlene Gustafson was honored at a Bridal shower Friday evening at the Mission Covenant church parlors which had been beautifully decorated in yellow and white streamers and yellow daffodils.

Ardelle Tangquist presented Arlene with a yellow rose corsage and also acted as master of ceremonies at the program which began with devotions by Mrs. Helen Johnson. Mrs. Paul Waterworth and Ruth Hanson sang a duet entitled "Jesus Will." A reading was given by Miss Amy Hjelle. Mrs. Sheldon Forland sang a solo "Together With Jesus." Mrs. Maynard Ranum read a poem written about Arlene. After the program a game was played with the winning prize going to Mrs. Elmer Fogerstrom.

The bride-to-be then opened her many lovely gifts which Kay Lynn Larson handed her from the gift table. After having opened her gifts words of appreciation were expressed. To remember the evening the bride had made an apron which she asked each one present to sign their name on and would later be painted. A delicious luncheon was served from a decorated table centered with white and yellow candles and daffodils, the colors were also carried out in the lunch. Ione Gustafson poured.

We are grateful to the Holy name society and the Foresters for the many service held, Fr. Patnode, Fr. Connelly and Fr. Webber, the choir and altar boys, and to all those who contributed floral offerings, memorials, and spiritual bouquets, or otherwise aided and comforted us. Mrs. Wm. Sheeds and family. 13p

In Memoriam

In loving memory of our husband and father, Paul Schenke, who died March 31, 1953.

The world may change from year to year,
Our lives from day to day;
The loving memory of you, dear,
Shall never fade away.
Our lips cannot tell how we miss you,
Our hearts cannot tell what to say
God alone knows how we miss you,
In a home that is lonesome today.

Sadly missed by his wife Gladys and daughters. 13p

Alderman Berg seconded the motion which was carried and the proposed Ordinance was read.

Alderman Hunt introduced an Ordinance adopting by reference certain portions of the 1953 edition of the United States Public Health Service Milk Ordinance to regulate the production, transportation, processing, handling, sampling, examination, grading, labeling, regrading and sale of milk and milk products, the inspection of dairy herds, dairies, and milk plants; the issuing and revocation of permits to milk producers, haulers and distributors and the fixing of penalties and moved that such Ordinance be given its first reading. Alderman Honebrink seconded the motion which was carried and the Ordinance was read.

A. G. Anderson, Licensed Auctioneer, now operating in the City appeared before the Council and requested that he be permitted to use the lots of the City directly south of the Post Office for conducting his auctions until he could secure other sites for such purpose. Alderman Hunt moved that he be permitted to utilize such location until May 1st. Alderman Honebrink seconded the motion which was duly carried.

Henry T. Nesbit, 102 North LaBree, also appeared with application for permission to use the site which he has formerly occupied as a pop corn and refreshment stand, now City property, directly South of the Post Office, on a rental basis of [illegible] for the season; also that he be permitted to utilize a 2 car space on LaBree Avenue opposite his stand, for a ten minute parking, from [illegible] P. M. as in the past. Alderman Honebrink moved granting of such permit. Alderman Berg seconded the motion and the same was carried.

There was presented a set of specifications to cover certain repairs required on the Trickling Filter of the Sewerage Treatment Plant and the same were examined. Alderman Honebrink moved that such specifications be approved and adopted and that the Council advertise for bids for such repairs, the same to be opened and considered on April 18, 1955 at eight o'clock P. M. at the Council Chambers. Alderman Berg seconded the motion which was duly carried.

There was presented and laid before the Council a petition for the construction of Sanitary Sewer and Watermains to serve Lots 10, 11, 12, 13, 14 and 15 of Fairfield Addition in the City of Thief River Falls, signed by Palmer N. Forsberg and Ethel J. Forsberg; Jennings Jensen and Verna L. Jensen; Olga H. Johnson; Olaf Halvorson and Mabel Halvorson and the same was read. Alderman Honebrink moved referral of the same to the Clerk for certificate as to sufficiency or insufficiency of signatures thereon. Alderman Hunt seconded the motion which was carried.

Alderman Honebrink introduced a resolution that the Council conduct a Hearing on petitions now on file for the construction of Sanitary Sewer and Watermains on State Avenue from 6th Street to Eighth Street and on Kneale Avenue from Hughes to Nora Street, in the Council Chambers at eight o'clock P. M. on April 4th and moved adoption of such resolution. Alderman Berg seconded the motion. The roll was called and all members voted in favor thereof and the resolution was declared passed and adopted.

Superintendent of Police Cummings advised the Council that Donald Myers, Patrolman, has completed 6 months of satisfactory service and recommended the increase in salary in accordance with duly adopted payroll classification plan now on file. RESOLUTION

At a regular meeting of the City Council held March 15, 1955, Alderman Honebrink seconded by Alderman Berg introduced the following resolution and moved its adoption:

WHEREAS, the Council has been advised that the following legislation has been introduced in the Legislature of Minnesota:

"A Bill for an Act Relating to Sewage Disposal Plant Funds in Cities of the Fourth Class Operating under Laws 1953, Chapter 8.

BE IT RESOLVED BY THE STATE OF MINNESOTA:

Section 1. When any city operating under Laws 1953, Chapter 8, establishes a public works reserve fund for the construction and improvement of a sewage disposal plant and sewer facilities pursuant to Minnesota Statutes, Section 471.57, the council may transfer to such fund surpluses in the general fund, the current expense fund, the permanent improvement fund and the permanent improvement revolving fund. Money in such reserve fund may be invested as authorized by law or may be used to pay the cost of any local improvement which is to be ultimately financed in whole or in part by special assessments payable over a period of not more than 7 years. Special assessments and the municipal share of the cost of improvements financed from such public works reserve fund shall be credited to that fund when collected."

WHEREAS, such legislation would be beneficial to all cities in the State of Minnesota of the Fourth Class operating under the laws of 1953, Chapter 8,

THEREFORE BE IT RESOLVED That the Council expresses itself in favor of such legislation, and the Clerk is hereby directed to forward certified copies of this resolution to our representatives in the State Legislature.

Conservation Dept. Cites Fishing Trends

Will the good fishing Minnesota has been enjoying the past three years continue?

Indications are that it will, according to Dr. John B. Moyle, supervisor of the fisheries research unit, Minnesota bureau of fisheries, in an article "Sport Fishing Harvest—1954," prepared for the March-April issue of The Conservation Volunteer, official publication, Minnesota department of conservation.

There will be some ups and downs, as we have had in the past, Dr. Moyle indicates, but "our fish populations can produce more fish for the fishermen than they are yielding now and more satisfactory fishing hours."

Chances are, however, that as fishing pressure and yield increases that a larger proportion of the state-wide catch will be made up of panfishes, Dr. Moyle says, pointing out that this trend is now evident in our more southern lakes with high fishing yields.

Also, it appears that in many lakes we are approaching the maximum yield of such fishing favorites as walleyes, northern pike and lake trout, according to the article. "Yield of these species can be maintained by careful management but it should be remembered that it is the humbler kinds of fish which now make up much of our fishing and supply a large part of our satisfactory angling hours," Dr. Moyle says.

A total of 30,000 fishermen were contacted on the 12 census lakes in 1954. The lakes have a total area of 15,136 acres and include bass-panfish-northern pike lakes; walleye-northern pike lakes and panfish-rough fish lakes. They are considered to be representative of Minnesota fishing waters. Based on results of this census, the following were among the facts uncovered:

From these 12 lakes in 1954—or more accurately during the fishing year December 1, 1953 to December 1, 1954—it was estimated by the census that fishermen took 465,000 fish weighing 276,000 pounds. Of the total weight of fish taken, 76.7 per cent was taken by summer anglers; 14.7 per cent by winter anglers and 8.6 per cent by dark-house spearing.

More fish were taken from the average acre of the census lakes in 1954 than 1953 and the catch rate—goodness of fishing—remained about the same.

Fishing has increased somewhat during the past three years. There were 30.1 fishing hours on the average acre in 1952; 35.5 in 1953 and 36.8 in 1954. Similarly, the total fishing harvest has increased from 27.2 fish per acre in 1952 and 27.8 fish in 1953 to 30.7 fish per acre in 1954.

Over the past three years winter fishing, both angling and spearing, has become increasingly popular. In 1952 winter anglers took 8.4 per cent of the total catch, by weight, from the census lakes. This increased to 31.1 per cent in 1953 and 14.7 in 1954. Similarly the proportion of the local catch, by weight, taken by dark-house spearing increased from 3.9 per cent in 1952 and 7.1 per cent in 1953 to 8.6 in 1954. Thus winter fishing, angling and spearing combined accounted for nearly a quarter of the total catch from the census lakes in 1954.

Safety Man Would Curb Bike Mishaps

Larimer Asks Cooperation of Parents and Teachers

With spring weather "just around the corner," state traffic officials are hoping that the usual accompanying rash of bicycle accidents can be prevented this year. According to Earl M. Larimer, state director of highway safety, reduction of this type of accident can be achieved with the three-way cooperation of young bicyclists, parents and teachers.

"Inasmuch as most bicycle accidents involve children," said Larimer," it is necessary to instill in their minds more than a mere fear of accidents. What is needed is a thorough knowledge of traffic rules which apply to the operation of bicycles and which motorists rightfully expect bicyclists to know and follow."

He suggested that teachers in every elementary and secondary school devote sufficient time during the next few weeks until the close of the school year to familiarize the youngsters with the rules of safe cycling and the need for their strict observance.

"Last year," Larimer stated, "there were a total of 360 accidents involving motor vehicles and bicycles, taking the lives of five youngsters, with three of the victims in the 10 to 14 age group. Investigations showed that the bicycle riders were at fault in 51% of these 360 accidents, and in every one of the fatal accidents, the cyclists violated a traffic law, acted unsafely or had defective equipment."

If everyone were taken at their own estimation, there wouldn't be enough halos in existence to go around.

COUNTY BOARD PROCEEDINGS

OFFICIAL PROCEEDINGS, BOARD OF COUNTY COMMISSIONERS, PENNINGTON COUNTY, MINN.

March 8, 1955

Pursuant to adjournment the Board of County Commissioners met in the Temporary Commissioners room in the V. F. W. Hall at 10:00 A. M., March 8, 1955.

Members present: Hanson, Olson, Anderson, Lindberg and Tasa. All present.

Minutes of meetings of February 8 and 15 were read and approved as read.

Moved by Hanson seconded by Tasa that change order be authorized on Furniture & Equipment Contract with Farnham Stationery School Supply in the amount of $410.55 covering Coat Hangers as outlined by Architect in original call for bids.

Carried.

Moved by Anderson seconded by Olson that Change Order be authorized on General Contract with Naswik Construction Co. for floating changes as indicated on Change order No. 5 in the amount of $190.50.

Carried.

At 1:30 the Board proceeded with Hearing for Dissolution of School District No. 89 as per Petition of a majority of freeholders of said District and presented to the County Board on February 8, 1955, and bearing approval of County Superintendent of Schools.

Two Petitioners were present along with one member of the School Board. No objectors appeared and the Board being fully advised, Commissioner Anderson introduced a motion that School District No. 89 be dissolved as of May 1, 1955 and the territory embraced therein attached to School District No. 102. The foregoing motion was duly seconded by Commissioner Hanson and when put to vote declared Carried.

At 1:45 the Board proceeded with Hearings for Dissolution of School District No. 106 as per Petition of a majority of freeholders of said District and presented to the County Board on February 8, 1955, and bearing approval of County Superintendent of Schools.

No objectors appearing and the Board being fully advised, Commissioner Anderson introduced a motion that School District No. 106 be dissolved as of May 1, 1955 and the territory embraced therein attached to School District No. 102. The foregoing motion was duly seconded by Commissioner Tasa and when put to vote declared Carried.

A Petition was presented by a majority of Landowners of School District No. 14 for dissolution of the school and annexation to School District No. 8. Moved by Hanson seconded by Olson, that Petition be filed and a hearing on said dissolution be heard at 2:00 P. M., May 3, 1955.

Carried.

Application for Homestead Classification of Albert Hanson of Kratka Township approved on NE¼SE¼, Lots 5 & 6, Sec. 17 and Lot 1, Sec. 20, 153-41.

Application for Homestead Classification by Ethel Hasby approved on North 75 ft. of Lot 1 in Block 3, Conley's Third Addition, City of Thief River Falls.

Application for Homestead Classification for year 1953 was presented by William Marinick on the N½ of Sec. 10, Sanders Township. Application bore approval of County Assessor and was approved subject to State Department of Taxation approval.

Application of Harrington Bros. for reduction of Personal Property Assessment denied upon recommendation of County Assessor.

At 2:30 P. M. the Board proceeded with the Preliminary Hearing on Petition and Engineer's Report for Improvement of County Ditch No. 35. Upon petition by Bondhus in the light that this date was the date set by Law for Town meetings and the Petitioners and other interested parties were unable to be present on motion by Hanson seconded by Tasa the meeting was adjourned to reconvene at 10:00 A. M., March 11, 1955.

Carried.

Commissioner Olson introduced the following Resolution and moved it's adoption:

BE IT RESOLVED, That pursuant to Section 161.03 Subdivision 20 through 29 Minnesota Statutes 1949, The Commissioner of Highways be appointed as the Agent of the County of Pennington to let as its agent a contract for the construction of that portion of State Aid Road No. 2 described as follows:

Beginning at the Northwest corner of Section 3, T153N, R43W; thence Southerly to the Southwest corner of Section 10, T153N, R43W, a distance of 2.0 Miles and there terminating.

The Chairman and the Auditor are hereby authorized and directed for and on behalf of the County of Pennington to execute and enter into a contract with the Commissioner of Highways prescribing the terms and conditions of such agency in the form as set forth and contained in "Minnesota Department of Highways" Agency Contract Form No. IV, a copy of which said form was before the board, assuming on behalf of the County all of the contractual obligations therein contained.

The foregoing Resolution was duly seconded by Commissioner Tasa and carried.

Commissioner Odin C. Hanson introduced the following resolution and moved its adoption:

BE IT RESOLVED by the Board of County Commissioners of Pennington County, Minnesota, as follows:

1. It is hereby determined that it is necessary to provide $80,000 for the expansion of facilities at the Pennington County Fairgrounds and the funds which the County Board is able to appropriate from its General fund will be insufficient for such purposes and it is necessary to issue and sell bonds of the County in the amount of $80,000 in order to provide such funds.

2. For the purpose of submitting the question of the issuance of such bonds to the qualified voters of the county a special election is hereby called and ordered to be held on Tuesday, the 19th day of April, 1955.

3. The election shall be held at the regular polling places in each precinct in the County and the polls shall be opened at 7:00 o'clock A. M. in Municipalities and 9:00 o'clock A. M. in Towns and shall close at 8:00 o'clock P. M.

4. The County Auditor shall cause notice of the election to be given as required by law by posting a notice in at least three public places in each precinct and by publication once in the official newspaper published at the County seat at least twelve days before the election.

PENNINGTON COUNTY BOARD.
Attest:
C. W. Roiekuhr, County Auditor & ex-officio Clerk of the Board.

March 11, 1955

The Engineer's Preliminary Report in the matter of the Improvement and Repair of County Ditch No. 35 of Pennington County, Minnesota came on for hearing by the County Board on Tuesday, March 8, 1955 at 2:30 P. M. This day being the day of the annual Town meetings, and thus conflicting with the Town Elections, the hearing was thereupon adjourned until Monday, March 14, 1955, at 10:00 o'clock in the forenoon. The matter of the Engineer's said Preliminary Report thereupon came on for a hearing on said day, and at said time, pursuant to notices duly given.

Members present: Hanson, Olson, Anderson, Lindberg and Tasa. All present.

The Board having thereupon duly considered the Petition, and the Petitioners Bond, and the Engineer's Preliminary Report and having heard the evidence adduced by the landowners affected, the Board now finds and determines as follows, viz:

(1) That the Petition is signed by the required number of land owners as provided by law, and is signed by owners of not less than 75 per cent of the area affected.

(2) That the Petitioners bond is sufficient.

(3) That the proposed repair and improvement of the said ditch is necessary, and that it will be of public benefit and utility, and will promote the public health.

(4) That the improvement and repair of said main ditch is practical and feasible, except as to branches one and two. That the improvement and repair of branches one and two of the petition are not practical and feasible.

(5) That the outlet for said ditch is and will be sufficient.

(6) That in place of Branches one and two the Engineer now recommends the construction of a new outlet ditch designated as Outlet Ditch "A".

(7) That the said outlet ditch "A" as recommended by the Engineer if properly located will help to drain the area affected by the petition instituting this repair and improvement proceeding.

(8) That the Board does not now have sufficient information in regard to the proper location of the said Outlet Ditch "A", and that there is at the present time a considerable conflict of opinion among the landowners as to the proper location of the said Outlet Ditch "A".

(9) That the Board now finds it is necessary and desirable that some further study should be given to Outlet Ditch A, and its proper location, so that more definite information may be available to the Board. That in order to provide such further and additional information the matter should be resubmitted to the engineer for further study and examination and report as to the necessity for and proper location of the said Outlet Ditch A.

NOW THEREFORE, IT IS HEREBY ORDERED, That the entire matter be re-submitted to the Engineer in charge for further study and examination, particularly as to the location of the said Outlet Ditch A, with instructions to prepare a new and amended Preliminary report as to the proper location of that part of this proceeding designated as Outlet Ditch A.

BE IT FURTHER ORDERED, That this Preliminary Hearing be now adjourned to some future date to be fixed and set by the County Auditor and the Board, when the Engineer shall have filed his new and amended report, to be then again taken up, and that the Board reserve jurisdiction to then proceed.

M. A. Lindberg, Chairman,
PENNINGTON COUNTY BOARD.
Attest:
C. W. Roiekuhr, County Auditor & ex-officio Clerk of the Board.

J. Wayne Green, eminent Trichologist, demonstrates causes of baldness and how it can be prevented.

How to Have Hair For A Lifetime To Be Demonstrated Here By Famous Trichologist

Offers Written Guarantee

An exclusive interview by Steven Bright

WICHITA (Special)—J. Wayne Green, Director of Rogers, Inc., Hair and Scalp Specialists, exploded the "myth of baldness" today in an exclusive interview. "Baldness is unnecessary, costly and a plague to mankind," says Green. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Rogers method of hair and scalp treatment can prevent baldness—can turn colorless fuzz into healthy, growing hair—can make you look youthful again."

Demonstration To Be Held in Thief River Falls, Minn.

This revolutionary method of home treatment for the hair and scalp will be demonstrated in Thief River Falls, Minnesota, Tuesday ONLY, April 12 at the Pennington Hotel. Trichologist L. R. Martin will conduct the private, individual interviews from 12 noon until 9:00 P. M. on Tuesday ONLY. There is no cost or obligation, and you need no appointment.

Reason for Baldness

"There is always a reason for baldness," continued this nationally known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness, or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair." Men, and yes, women too, walk the streets today, completely devoid of nature's greatest ornament—hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up. "The simple answer," emphasized this expert, "is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If this were the case, baldness would be a rarity today!"

Heredity Not Involved

Trichologist Green dodged no issues. He quickly took up the most widely spread theory of unrealistic belief that baldness—heredity. "Mankind's unrealistic belief that baldness is hereditary stems from a misinterpretation of the theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp." The purpose of the Rogers Hair and Scalp Clinic is to teach the methods of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. "A healthy scalp will grow if it is not already completely bald," assures Green.

Is There Hope for The Completely Bald

In his travels throughout the United States and Canada, Green has collected hundreds of testimonials of his ability to develop weak fuzz into healthy, mature hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Green is quick however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Green, "that no person who is completely bald hold any hope whatsoever of regrowing hair. If there is any fuzz at all, we can restore a healthy scalp condition and the hair will grow normally again as nature intended.

Offers A Guarantee

"Rogers, Inc., America's Foremost Hair and Scalp Specialists, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with results at the end of 30 days, the money invested will be graciously refunded," pledged Green. "We must have satisfied clients. We must grow hair. After all, it is our best Advertisement."

Is Your Hair Healthy?

If you have a scalp disorder, or if you are worried about your hair, call Trichologist L. R. Martin at the Pennington Hotel in Thief River Falls, Minnesota, Tuesday ONLY, from 12 noon to 9:00 P. M. The public is invited. The examinations are private and open to men and women. You do not need an appointment, and you will not be embarrassed or obligated in any way. (Adv.)

1954 Tax Topics

By District Director U. S. Internal Revenue

How To Sign Your 1954 Federal Income Tax Return

You have not filed a legal income tax return unless you sign it. If you and your wife are filing a joint return, both of you must sign. You do not need to have your return notarized, since your signature has the same legal effect as swearing to the truthfulness of your return.

If you have questions regarding your 1954 federal income tax, the local representatives of your district director will help you, or you may submit your questions to him by mail. Address your inquiries to him at 932 New Post Office Building, St. Paul 1, Minnesota.

A sign in the Everglades National Park in Florida warns would-be anglers, that "fishing within one mile of Royal Palm Ranger Station is for the birds." The sign illustrates the point by a picture of a bird holding a fish in its mouth.

MR. AND MRS. HAROLD R. SCHRODER

A Modern Plant Featuring America's Leading Bloodlines
Broadbreast Bronze Turkeys
MEKINOCK, NORTH DAKOTA

March 16, 1955

North Dakota Mill & Elevator
Grand Forks, North Dakota

Dear Mr. Ford:

You've probably noticed that we haven't been in your office for a while — pretty busy with our turkey breeders and hatchery.

Our Broadbreasted Bronze hens layed awfully good. The hatches have been excellent (the last one close to 80% of all eggs set). This, we feel, is very satisfactory for the large heavy type bird. Your turkey breeder feed is really giving me fine results.

We have 2,500 poults that are also doing remarkably well on Dakota Maid Pre-Starter. These poults are growing fast, well feathered, and have good sturdy bone development.

Sincerely,
HAROLD SCHRODER,
Mekinock, N. Dakota

by the Inquiring Reporter
"Is it fair to add more taxes on beer?"

GEORGE NORRIS
Farmer
Anoka
"Speaking as a farmer, I'm against adding more taxes on beer. I understand to make a barrel of beer, it takes close to a bushel of malting barley and 9 pounds of corn. Why pick on this one product to pay another two million dollars sales tax? I can't see it."

JOSEPH SCHWITALLA
Granite Worker
St. Cloud
"As I understand it on a six-pack of beer, I would be paying what amounts to more than a 20% sales tax, if this 40% boost in state taxes went through. They say we are not going to have a sales tax but that is what this is and a mighty high one too —on one product—the common man's drink—and now they want to make it even higher. If you ask me, that's class legislation."

V. A. HELSPER
Electrical Repairman
Willmar
"This proposed 40% hike in State beer taxes, I'm against. That money will come from the pockets of those who buy most of the beer sold in this state—laborers, farmers and small businessmen. I can't see anything fair about that."

Why is it unfair to load more taxes on beer? Because half the cost of a barrel of beer delivered to the retailer now is taxes. The Federal tax is $9 per barrel. The State tax is $1.10 on 3.2 beer and $2.20 on strong beer. The proposed tax would be a 40% increase in State taxes.

Who is affected by the beer tax? The thousands of Minnesota farmers who received over $27,000,000 for malting barley last year. The thousands employed in the industry. The consumer, who must pay this discriminatory sales tax.

Attention Farmers

Are you getting tired of paying windstrom domestic assessments for a district covering Wisconsin, Iowa, South Dakota and southern Minnesota and perhaps larger areas?

The Consumers Mutual Insurance Company with offices in St. Paul and Long Prairie writes a Farm Windstrom policy that covers only the northern one-half of Minnesota.

There has been only two bad windstroms in Pennington county in the last 15 years.

How many assessments have you paid? In most companies you also pay an annual premium.

The Consumers Mutual charges only the first premium of $2.50 per $1000. of the amount insured.

The only other payments during the five years will be assessments if there are any.

Please contact me before your renewals come up. Phone 508W or drop me a card.

IF YOU HAVE A FARM FOR SALE I SHALL BE GLAD TO LIST IT FOR YOU.

Civic Oration Contest Held

Margaret Benson, 7th grade student at Grygla East School, speaking on the subject "What Makes America Great?" was judged winner of the Civic Oration contest finalists March 24, 1955 at the Grygla school. Second place winner was Deanna Rude, 7th grade.

Mr. Orville Jenson, Mr. Haas and Mrs. John McMartin judged the efforts of the final contestants. From a possible 100 points, Margaret Benson was given 97 points by the judges and the runner-up scored 95 points. Gold and silver trophies, suitably engraved, were presented to the winners by Mrs. Gordon Anderson, representing Modern Woodmen of America.

A permanent trophy, presented to the school, will be inscribed with the name of this year's winner and may be used for similar contests for the next 2 years. Mrs. Gordon Anderson thanked Mrs. Walter Jelle for her cooperation and competent direction of the competition. Other competing students were also commended and invited to participate in next year's event.

ECHOES FROM A DISTANT PAST

July 13, 1907, M. F. Isherwood wrote receipt No. 4 for a year's subscription to his Sebeka Review in return for August Mattila's payment. Mr. Mattila still has the receipt—and still gets the Review every week.—A "charter subscriber" to the Eagle Bend News when it was launched in 1891, was Mrs. Mae Bodman, who still pays up and gets her copy regularly every week.—When he first went to Luverne as a jeweler, February 12, 1901, B. E. Leas commemorated the occasion by neatly engraving the date, his name and address, on a nickel coined that same year. March 1955 J. W. Kneeland wrote from Oakland, Cal., that he has the nickel and can still plainly read the inscription.

All the average man wants from life is a little peach and quiet.

THE MINNESOTA STORY

RIVER AND MILLS

Many Minnesota communities were founded upon two great natural elements. One consisted of the rivers which permitted transportation. The other was timber which gave men trees to cut and logs to saw. Scores of Minnesota towns, some of them gone, were founded upon the partnership of water and forest.

Anoka had its first sawmill in 1853. The next year Charles Peltier built a mill at Centerville. In 1857 Starkey and Petteys built a mill and founded a town at Columbus. The mill burned and the town died in its infancy. In 1851 Ard Godfrey and John G. Jameson built a dam and mill at Orono, now part of Elk River.

Activity was always moving up the river. William F. Dunham built a steam powered mill at Princeton in 1856 and Samuel Ross built another powered from water in 17856. Monticello had two sawmills in 1856. One burned. There were many hazards to pioneer lumber mills. One was from fire and the other high waters. Clearwater had three mills but one was washed away.

St. Cloud had its first sawmill in 1856. This was burned and rebuilt. In 1857 the first sash and door plant on the upper river was built at St. Cloud. It was carried away by floating ice in the spring of 1862 but was rebuilt.

HARD SLEEPING

Early travelers of Minnesota's harsh frontier faced many hardships. One was to find places where a team of oxen or horses might be given food and protection and the traveler could get warmth and rest.

The result of this need was the establishment of early stopping places. Some were found in the budding communities. Others might be where trails crossed. Others would be at strategic places on rivers and streams. The patrons were the land seekers, the lumberjack with his sack and the railroad workers, often with nothing. The accommodations were never commodious.

Many who traveled had money to pay their way. Others were penniless. There were rules and customs to cover this situation. A hundred years ago a man with a blanket and a little money could sleep on the floor. The fellow who had no blanket and no money could also sleep on the floor. He had some duties to perform. One of them was to keep the fires burning during the long cold nights. Another was to see that the dogs were quieted if they were contentious and noisy.

The man with the blanket on the floor was something of an aristocrat. He could sleep without being disturbed until the gong rang in the morning.

WHISKEY FED THE FLAMES

While whiskey flowed very freely on the Minnesota frontier there were also crusaders for the cause of temperance. That the prohibitionists had their following is indicated by the fact that a referendum vote in 1852 approved a territorial law which was to stop the sale of liquor.

Sometimes the crusaders against booze used stern methods. One of the early temperance leaders was the famed missionary, W. T. Boutwell.

In 1847 two Indians, Nodin and Ne-she-ke-o-ge-me, were arrested for the murder of one Henry Rust at a tavern located on the upper reaches of the St. Croix. The Indians were put in jail at Fort Snelling. When word of the murder reached the lumber-camps of the area, where Reverend Boutwell was preaching, a party of men was organized. They went to the tavern where Rust was killed, dragged out his body for burial at the Pokegama mission, staved in the heads of the remaining barrels and fed the whiskey to the flames which destroyed the structure. Two other trading stations wer also visited where liquor was destroyed and buildings burned.

At various places meetings were held to plot a plan for destruction of the whiskey trade. Missionary Boutwell encouraged such efforts but he also said that liquor always seemed to make its way back into the frontier.

The two Indians accused of murdering Rust were released on the basis that the killing was the result of a general drunken brawl and real guilt impossible of determination.

Give Them Time to Learn

"We're going to granma's yesterday!" three old Mary excitedly informs a visitor. Mary's mother, rather embarrassed, breaks in quickly, "Oh now, Mary, you are just fibbing. We're going to Mother's tomorrow and she's all excited about it."

Mary isn't lying. She just isn't old enough to grasp certain ideas about time. Words representing past and future are becoming a part of her vocabulary, but she still isn't quite sure where they belong. Her day is not governed by the clock but by the events in her schedule. After lunch comes nap, then get up, then have juice, then play, then Daddy comes home, then we have supper.

Six year old Jim is interested in where the hands on the clock point when his favorite TV program comes on. He isn't yet ready to understand, "You can play twenty minutes." His brother Dick, one year older, can tell time to the quarter hour or even by minutes on the clock.

Youngsters eight and nine can tell time well, but even if they own wrist watches, their time sense is rather fuzzy. They need reminding when bedtime is, and probably cannot be counted on to come home from a friend's house at five o'clock.

Perhaps then, the teenagers have more regard for time. Certainly they can tell time. Yet they seem to forget the clock or else defy time to exert independence. They may be late for dinner or miss dental appointments. Should parents "lay down the law" then?

Perhaps more subtle and effective means might be employed. If the youngster is late for supper, he might have to warm up his own meal. In the case of a missed appointment, let the youngster arrange himself for a new appointment. He may find the dentist has trouble fitting him into a busy schedule.

As the child grows, he will learn to use and have regard for time. But such growth does take time.

Parents are people who spend the first two years of a child's life teaching him to talk, then the next fifteen, to be quiet.

The best way to earn a rest is to complete your work.

Jon Metusalem Named to Head Rural Ground Observer Corps Here

The Minnesota department of civil defense, announced today that Pennington county farm personnel have been organized into the ground observer corps and will begin operation at once.

Lincoln high school agriculture instructor, Jon Metusalem, has been appointed by the U. S. Air Force as the county farm ground observer corps supervisor manned by members of the local chapter of the Future Farmers of America.

The farm homes selected by the state and the Air Force as observation posts are located in strategic areas that have heretofore provided no surveillance for air defense. The observers become part of the air defense team and will have the same mission as that of radar stations—to detect and report aircraft activity in their area.

"In today's atomic age," declared Metusalem, "America's front line of defense begins right here in Pennington county. Our towns and farms may never be the target of an enemy air attack but the job of defending America depends upon us as well as the Air Force and civil defense organizations in the big cities."

Under certain circumstances, Metusalem explained, it is possible for airplanes to slip under our radar screen. This is where the observer on the ground is important.

"The County Farm Observation posts are not designed to eliminate the regular community posts in this county," he said, "but rather they extend the coverage the community posts are now providing. It is necessary that every ground observer post report aircraft to prevent a sneak attack."

County in '54 Had Estimated 13,187 Population Count

Pennington county in 1954 had an estimated population of 13,187, compared to 12,898 in 1953 and 12,965 in 1950, according to the section of vital statistics of the Minnesota department of health.

Total population of the state in 1954 was estimated at 3,138,872, an increase of 156,389 over the 1950 census returns of 2,982,483.

Estimated population of Marshall county declined from 16,125 in 1950 to 15,570 in 1954, while Polk county increased from 35,900 in 1950 to 37,092 in 1954.

Concordia College Choir, St. Paul, to Sing Saturday

The 70-voice Concordia College choir of St. Paul will present a sacred concert Saturday evening, April 2, at 8 o'clock in the Lincoln high school auditorium under the sponsorship of the Walther League of St. John's Lutheran church.

Dean Martin and Jerry Lewis pile up the laughs in new VistaVision production "Three Ring Circus," which is due to open next Sunday for 4 days at the Falls Theater. Filmed in color by Technicolor, the rollicking comedy features a large supporting cast headed by Joanne Dru and Zsa Zsa Gabor.

State Legion to Hold 'Red' Seminar

To Map War on Subversion in St. Paul on Saturday

Two former Communist party leaders will be featured in a "counter-subversive" seminar sponsored by the Minnesota department of the American Legion in St. Paul Saturday, April 2.

The seminar, beginning at 9 a. m. in the St. Paul hotel, is designed to "alert our citizens to the inroads communism has made," according to Dr. William E. Watson fifth district commander of the legion.

The state department plans to make the seminar an annual event.

The two former Communists on the panel are Louis F. Budenz, editor of the Communist Daily Worker before he forsook the party in 1945, and Helen Wood Birnie, Long Beach, Calif., once a party organizer in the Rocky Mountains states.

Watson said the seminar will seek not only to alert the public, but also to provide citizens "with intelligent methods of combatting communism."

The sessions will close with a dinner at 6:30 p. m.

Happy people grow more attractive each year. They've had more years to form pleasant habits and to enjoy happy thoughts than younger people. Happy thoughts seem to be excellent companions.

Graduation Rites at N. W. School Are Conducted Friday

105 Seniors Receive Diplomas at Annual Commencement Rites

The 47th annual commencement exercises were held at the Northwest School of Agriculture, Crookston, on March 25, with 105 students from the Red River Valley counties of Minnesota and North Dakota receiving the regular four-year diplomas.

Dr. Joseph L. Knutson, president of Concordia College, Moorhead, gave the commencement address, and Superintendent T. M McCall made the presentations of honor awards to graduating seniors.

Medals for high scholarship were presented to Wendell Keim of Neche, N. Dak., valedictorian; and Paul Tollefson, Crookston, salutatorian. Wendell Keim gave the valedictory address at the exercises.

Citizenship awards were presented to Donna Miller of Crookston, senior girl, and David Mickelson, Menahga, senior boy. Receiving honorable mention were: Donald Wald, St. Hilaire; Wendell Keim; and Marilyn Balstad, Fosston.

Marlyss Love of Euclid was presented the Caleb Dorr music progress award in piano, a gold medal. The O. W. Peterson Memorial Fund award in voice was awarded Donald Wald, St. Hilaire. Donna Miller of Crookston received honorable mention in both piano and voice.

The speech and dramatics Award medal, as presented David Mickelson of Menahga, senior.

Caleb Dorr progress scholarships of $48.00 each were awarded to one boy and one girl from each of the three classes, Freshmen, Sophomore, and Junior. Scholarship winners from Caleb Dorr funds were: Freshmen, Nellie Bjornson, Arvilla, N. Dak., and Gordon Filipi, Warren; Sophomores, Jean McWilliam, Winger, and Allen Drageeth, Eldred; Juniors, Throne Larson, Twin Valley, and Donald Diedrich, Warren.

Receiving honorable mention in scholarship were Ray W. Anderson, East Grand Forks, and Cheryl Haugen, Gilby, N. Dak., freshmen; Walter Fehr, East Grand Forks, and Judy Ekker, Angus, sophomores; and Walter E. Anderson, Stephen, and Arlene Christianson, Goodridge, juniors.

Red Lake Indian to Recount Indian Lore at Itasca

To some the first robin sighted is the sign that spring has at last arrived but to the personnel of the division of state parks spring is not a song bird's appearance or a date on the calendar. It is when Benjamin Odawa Littlecreek, popularly and widely known as "Chief" Littlecreek pays his annual visit to the parks headquarters in the state office building in St. Paul.

"Chief" Littlecreek, colorful Red Lake Reservation Indian, called this week to make preparations for his eighth annual sojourn among the Norway pines at the headwaters of the Missippi in Itasca State Park. There, the "Chief" will pitch his wigwam the latter part of May and await children of all ages who will be entertained by his tales of Indian deeds and purchase post cards and other souvenirs of their visit to the park.

Garbed in full tribal regalia, the "Chief" will (for a small fee) allow you to take his picture. If you are lucky you will just happen along when the old warrior feels the urge to chant ancient war cries of his forefathers to the accompaniment of a tom-tom. The "Chief", a confirmed bachelor, has for many winters, 55 to be exact, shied clear of matrimony but unconfirmed rumors are circulating that there may be a Mrs. Littlecreek to help with the concession chores this summer. Yes! Spring is really here.

Dispelling the Shadow of "Doubt"

Like doubting Thomas, mankind largely remains incredulous that Jesus' healing work was the action of divine law, and doubts that prayer can heal today.

This doubt can now be honestly dispelled. To any sincere seeker there is proof, ample, abundant, and at hand, that the law of God is available for every need.

SCIENCE AND HEALTH with Key to the Scriptures by Mary Baker Eddy

Spring IS A MIRACLE

Spring is so much more than just a season. It is a miracle, enacted against a backdrop of perfect days. It is the time of rebirth . . . of reaffirmation.

Spring is Christ's story, beautifully illustrated by nature. It is all the teachings of the Church, brought to reality, spread out gloriously for you to see. Nature, in her sweet, new loveliness, touches the world, touches you with the Christ-like spirit. If your vision has been dulled, she gives you the chance to see again more brightly than ever.

Palm Sunday is here again. Never before have the doors of the church seemed to stand quite so open . . . so ready to receive you. Never has the lesson of everlasting life . . . Christ's lesson . . . been so poignant. There will be new richness in your life if you will trust in the Church. In your soul there can be eternal spring, and all the bleakness, questioning and doubt can be erased from your heart forever.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Doings of week at Rosewood

By Eloise Hellquist, Rosewood, Minn. Phone 107-J

Judy Anderson, sixth grader from Rosebank, participated in the County Spelling Contest at Warren Saturday. She was accompanied by her teacher, Mrs. Russell Nelson, her mother, Mrs. Lloyd Anderson and Joanne Sabo. Mr. Henry Rye rode down with them to attend to some business matters that day.

Mrs. Roy Hokkanen and Shirley Mae visited at the John Uggerud home from Thursday thru Sunday while Mr. Hokkanen, coach at the Oklee School took his basketball team to the tournaments in Minneapolis.

Mr. and Mrs. Edwin Quam and Gary spent Thursday in Fertile.

Mr. Alex Hellquist and David of Thief River Falls were afternoon and supper guests at Emil Hellquists.

Sunday afternoon Mr. and Mrs. Lloyd Anderson and family were visitors at the Walter Steinhauer home at Holt.

Mr. and Mrs. John Uggerud and Martha called at the Oscar Swanson home in River Valley Sunday.

Mr. and Mrs. Arthur Swenson visited at the Fred Borchert home in Thief River Falls Sunday afternoon. In the evening they called on Mr. and Mrs. Emil Blomberg.

Guests at the Selmer Haugen home Sunday were Mr. and Mrs. Dave Mosbeck of Crookston and Mr. and Mrs. Percy Hanson, Jaryl and Debra of Grand Forks who came to remind Mr. Haugen of his birthday.

Harold Lambert received the shocking and sad message on Thursday that his father, Archie Lambert of Lake Bronson had suffered a heart attack and passed away that same evening. Harold spent Saturday with his mother, funeral services were conducted on Monday. Phillip Lambert of Detroit, Mich. came up Saturday and was an overnight guest at the Lambert home.

The Harold Sabo's entertained for Sunday supper, their guests were Jeanne Nelson and Raymond Nelson. Other evening callers were Mr. and Mrs. Ralph Hove and children of Thief River Falls.

Mrs. Elmer Kron and Mrs. Emil Hellquist of Rosebank and Mrs. Virgil Lappegaard and Mrs. Marie Hoglo of Willowdale School were at the meeting at the Lincoln High School auditorium Friday evening to hear the report of the recent school survey.

Mr. and Mrs. Russell Nelson and Robert motored to Moorhead Sunday to be dinner guests with Mr. and Mrs. Lowell Rife. In the afternoon they attended the Home Builders Show at the North Dakota A. C. fieldhouse.

Supper guests Monday at the Lloyd Anderson home were Mr. and Mrs. Emil Mellem and Harlan.

There was no school at Rosebank Wednesday because of the storm. Easter vacation will start this Friday, April 1 until April 12.

The Mission Y.P.S. will meet at the church on Thursday, Mar. 31st at 8:00. Hostesses are Mrs. J. A. Hellquist and Mrs. Art Swenson.

PRINCESS' CHOICE? . . . London papers report Britain's Princess Margaret, 24, will be married this fall to RAF Capt. Peter Townsend, 40, despite his divorced status.

if you're using plywood...
if you like natural wood finishes...
you'll welcome these
WIZARDS WITH WOOD
FIRZITE—tames wild grain and checking on fir plywood and other soft woods.
For stained, natural effects, use Firzite to tame that wild grain.
For painted or enameled jobs, use Firzite to minimize face checking and grain raising.
For blond, pickled or tinted tones, use White Firzite for a real "woodsy" effect.
SATINLAC—emphasizes the natural beauty of wood wall panels, trim, rails, doors, furniture, etc.
To bring out and preserve the natural grain and beauty of any wood, use Satinlac. To avoid that heavy, "built-up" finish, use Satinlac. Newer than shellac or varnish; water-white; will not turn yellow.

Scientists Try to Stretch Life Span

Watch Your Waist Line, People Are Advised

"A long life and a happy one!" This is no longer merely a cheerful salutation, but the basis for serious study. A report from the Minnesota State Medical association says that scientists in many fields are working so that you can live longer and feel better.

The greatest progress to date has come in reducing death rates among infants and children. The "miracle drugs" have enabled many in the early and middle years to survive to later years. But in the advanced ages there has been little progress in adding years to life expectancy. To date, the best prescription for living long is to choose parents who have done the same.

Since it is impossible to be selective about our parentage, we look elsewhere for help. Authorities offer these suggestions:

Nutritionists urge moderation and balance in diet. In blunt words, "Ignore your life line and watch your waistline."

Mental hygienists add that it is important to use common sense in avoiding stresses, strains, tensions and fatigue.

Periodic medical checkups aid in minimizing the impact of ailments that speed body breakdown.

Successful experiments by endrocrinologists open up amazing possibilities that harmones may slow down the process of aging.

U. S. Bond Sales Hold up Well Here

County Citizens Invest $34,843 in 1st Two Months

Purchases of U. S. savings bonds in Minnesota during February amounted to $8 million bringing the total for the year up to $17.4 million or 17.1 per cent of its 1955 goal.

Purchases in Pennington county were $34,843 or 16.3 per cent of quota; in Marshall county $22,362 or 10.8 per cent; and in Red Lake county $9,260 or 7 per cent.

National sales for January and February set a 10-year record and the dollar volume of E and H savings bonds held by individuals continued to climb to a new peak of $38.7 billion.

Americans across the nation continued to buy substantially more E and H bonds than they redeemed. Cash sales exceeded redemptions of both matured and unmatured E and H bonds during January-February by $291 million.

Postoffice Dept. Making Drive on Obscene Matter

Postmaster R. J. Dryden this week called attention to a news release issued by Postmaster General Arthur E. Summerfield in which he writes: "A growing volume of unwanted lewd and obscene mail is being sent thru the mails to American homes, and the post office department is intensifying its "Clean-Up-the-*Malls" efforts to stop this offense.*

"Citizens who wish to help the post office department in the 'Clean-Up-the-Malls' campaign can do so by delivering any material received thru the mails which they consider obscene back to the post office.

QUESTIONS answered for VETERANS

Additional information or assistance on veterans benefits may be obtained by writing or visiting the VA Contact Representatives at the Minot VA Hospital, or the Bismarck or Grand Forks VA Offices.

Q—I have had to take a physical examination to reinstate my GI insurance policy, which had lapsed. Is there any time limit for submitting the examination report to VA?

A—The report, along with your reinstatement application, should be sent to VA as soon as possible. If you delay submitting them from five to 31 days after the examination, you must also include a statement, to the effect that you are in as good health as you were at the time of the examination. If you wait longer than 31 days, you will need a physical examination.

Q—I am going to school under the Korean GI Bill. As a member of the organized reserves, I am called to active training duty for brief periods of time. Will my GI allowance stop when I interrupt my schooling for training duty?

A—Your allowance will not be discontinued, so long as it is the practice of your school to grant exemptions for these periods without requiring formal interruption of your training.

Q—A friend of mine, paralyzed during Korean military service, is eligible for a "wheelchair housing" grant from VA. If he gets this grant, will he also be entitled to a GI home loan to finance the remainder of the cost?

A—Yes. His "wheelchair housing" grant will not deprive him of his right to apply for a GI loan to finance as much of the remainder of the cost can be financed in that manner.

Q—I understand a veteran needs at least 90 days of active service to qualify for a GI loan. I entered service January 3, 1955, and therefore I wasn't able to build up 90 days by the January 31, 1955 deadline date for building up entitlement to wartime benefits. Am I out of luck, so far as a loan is concerned?

A—Not necessarily. Generally you need at least 90 days total service to qualify for a GI loan, but not all 90 days need be before January 31, 1955. So long as at least part of your 90 days comes before January 31, you may be eligible, after your discharge.

OUR LAND

Prepared by the Minnesota Soil Conservation Service in cooperation with University Farm, St. Paul

Alfalfa Experiments

Spring and fall fertilizer had about the same effect on alfalfa yield in long-range experiments *at the University of Minnesota's* Northeast Experiment Station at Duluth. Also several years' experiments with eight different fertilizer treatments indicate that putting on fertilizer each year—potash, especially—gives a higher total yield over a period of years than putting it on in one large application, says Wallace W. Nelson, agronomist at the Duluth Station.

Essay Contest Offered

Twenty Minnesota boys and girls who write the best essays on "Our Land and Water—Basic Resources" will join the Conservation Caravan for an expense-paid week's stay at Douglas Lodge, Itasca State Park. The Minnesota Federation of Women's Clubs and the Minnesota Department of Conservation sponsor the contest. *Complete information* is available from high school principals or Essay Contest, 633 State Office Building, St. Paul 1, Minnesota.

Renovated Pasture

"I raise more feed for my cattle on those eight acres," says Herman Jepson, Owatonna, with a strong emphasis on the "more." He pointed to a hilly pasture he'd renovated not long ago. Then he pointed across the road to another hilly pasture, 22 acres of blue grass. He figures he gets more production out of the eight renovated acres than he would out of 80 unrenovated. He worked the eight-acre knoll with a field cultivator and disk in summer, 1952. He limed it that fall, worked in again in the spring of 1953 and seeded it to brome, alfalfa, birdsfoot trefoil and a bit of red clover. He treated it to 300 pounds of 10-20-20 per acre. Last summer, Mr. Jepson was turning 47 Holsteins into the hilly eight. It was July 6 and the second time that summer he'd turned 'em in there. "As soon as they go in here," he went on, "Their output will come up." He plans soon to improve the other 22 acres of hilly blue grass.

Plowville '55 at Rothsay

Plowville '55 will come to life near Fergus Falls September 16-17. The big two-day conservation event and plowing matches will be staged on the Troevik Brothers farms four miles north of Rothsay. Nick Weyrens, West Otter Tail County Agent, is secretary and publicity chairman. Rudy Gustafson is general manager and Theodore Hegseth general chairman. All are of Fergus Falls.

Project meeting for all 4-H boys enrolled in 4-H mechanics and others who may be interested will be held at the Rufus Olson home Saturday afternoon, April 2nd. Each boy should bring 6 feet of ⅜ or ½ inch rope for knot tying and splicing.

Mr. Gunder Olson accompanied Olaf Olson and Glenn Lendobeja to Oklee on Saturday. He plans to go with relatives to Fisher on Monday to attend the funeral of Ole Sorenson, a friend since childhood.

Wallace Tieman arrived in Seattle on Tuesday and says weather is mild and lawns nice and green. Oh, for greens to look out upon instead of this shining white. With this bright sun shining down, the brilliance of the snow just blinds you. I'm hoping the sun will make short work of this expanse of white.

Divine services will be held Palm Sunday at the Telemarken church at 11 a. m. Sunday school will be conducted at 10 o'clock.

Afternoon Holy communion services will be held Holy Thursday at the Telemarken Church. The Ladies Aid will serve lunch after services, both groups serving.

Mrs. Rufus Olson and Mrs. Ray Parnow held a bread project meeting on Saturday at the Palmer Johnson home. The girls learned how to make quick fancy rolls. The girls enrolled in bread are: Mary Ann Lendobeja, JoAnn Johnson, Mavis and Arlene Anenson.

MINNESOTA HISTORICAL SOCIETY

Over 400 Expected at Dinner for Athletes

Preparations are being made to accommodate more than 400 persons at the annual recognition dinner for Lincoln high school athletes to be held Wednesday evening, April 20, at 6:30 in St. Bernard's dining hall.

Roy J. Oen, chairman of the arrangements committee, stated that an advance sale of tickets got under way Tuesday, and that tickets also are available at the three local drug stores and at Bjorkman's.

Jack Quesnell, who was regional winner of the recent American Legion oratorical contest, will officiate as toastmaster at the banquet, at which the guest speaker will be George Mikan, general manager of the Minneapolis Lakers, and one of the most outstanding basketball players in the history of the sport.

John Moum, high school band instructor, will present musical numbers by several students.

Guests at the banquet will include approximately 100 Lincoln school athletes, as well as coaches at a dozen or more high schools in this area.

The affair is being sponsored by the Chamber of Commerce, Jaycees and Rotary and Lions clubs.

Ministerial Assn. Asks Release Time for Grades 7 and 8

Requests Opportunity to Give Religious Training to 2 Additional Grades

The Ministerial association of Thief River Falls is petitioning the local school board for an hour's release time for the pupils of the 7th and 8th grade at Lincoln high school, according to the special committee elected by the association to study the matter.

The committee consists of the following pastors: Robert Abbott of the Assemblies of God; E. L. Brenneise, First Baptist church; Otto Dale, Trinity Lutheran; and W. P. Clausen of St. John's Lutheran Church. Their recommendation, following their study was unanimously adopted at the regular association meeting.

Heretofore there has been release time dismissal at eleven o'clock Wdnesday for the pupils of grades four through six. This has been on a voluntary basis permitting youngsters to go to their respective churches if they so wished. The plan to have also the granting of the dismissal for the 7th and 8th grades is prompted by the fact that with the local rural-town situation children cannot be kept after school for instruction, inasmuch as the rural children have to leave for home on their school buses.

The ministerial group feel that Thief River Falls should follow the pattern of other areas in which there is release time also for the entire senior high school level. It is felt that in view of the growing temptations and the need of laying good foundations more religious instruction must be given than at present.

The plan, if approved by the school board, would go into effect next September, and preferably would be on a staggered time basis with the 4th through sixth grades.

7 Speakers at Good Friday Rites at St. Hilaire

A special Good Friday service will be held at the Covenant Church of St. Hilaire beginning at 1 p. m. The Seven Words from the Cross will be brought by visiting pastors including Eldon Pearson of St. Hilaire, E. J. Vick of Newfolden, E. L. Brenneise, Joseph Swan and L. W. Lindholm of Thief River Falls, and John Dalen of Minneapolis, instructor at The Northwestern Schools. Special music will feature each of the seven periods, which will be twenty minutes each. The public is invited to attend the service.

$2,927 Collected in Red Cross Drive

With four townships still unreported, receipts to date in the rural Pennington county Red Cross drive mounted this week to $527, Gunnef Gunstenson, rural chairman, announced. $2,400 was collected in the city of Thief River Falls, making a county total of $2,927, just short of the quota of $3,165.

Concordia Choir, St. Paul, Pleases Local Audience

The Concordia College Choral club of St. Paul, in the course of a four-state tour, presented a sacred concert Saturday evening before a large and responsive audience in Lincoln high school auditorium.

The 65-voice group, directed by Harold W. Otte, showed itself to be a well-disciplined unit, whose members possessed outstanding musical talent.

The concert closed with an effective rendition of "Beautiful Savior" by F. Melius Christiansen.

The group's appearance in this city was sponsored by St. John's Lutheran Church.

Stores to Close 12-3 for Jt. Good Friday Rites in Auditorium

Joint Lutheran Good Friday services will be held in the municipal Auditorium Friday, April 8, at 1:15 p. m., sponsored by Trinity, Zion and First Lutheran churches. Thief River Falls stores will remain closed from 12 noon to 3 p. m. in observance of the occasion.

The Rev. Otto Dale, pastor of Trinity church, will serve as leader of the services, which will have for their theme, "In the Shadow of the Cross." Various phases of the theme will be discussed by Mr. Dale, the Rev. Walter M. Pedersen, Zion Lutheran church; and Albert Ely representing the First Lutheran church.

Mrs. Arthur Hamilton will serve as pianist, and Mrs. Donald L. Olson will supply a vocal solo, in addition to which four hymns will be sung by the audience.

An offering will be received for the benefit of Lutheran World Action.

A Good Friday service will be held in the First Baptist church on Friday, April 8, during the hours of 12 noon until 3 p. m. centered around the "Seven Sayings of Our Lord from the Cross." Participating in the service will be Pastors Leonard W. Lindholm, Covenant church, Joseph Swan, Ev. Free Church; Robert Abbott, Tabernacle; Alfred Larson, Red River Valley home for the aged; Carl Seaquist, Roseau Baptist Church; and J. B. Tweter of the Fosston Baptist Church; with Pastor E. L. Brenneise in charge.

Special numbers in song will be interspersed throughout the service.

Farm Water Setup Topic at Series of County Meetings

U of M. Specialists to Discuss Farm Systems at Three Sessions Next Week

Planning the farm water system will be the topic for open meetings next week in Pennington county. The meetings are being held as part of the extension home program, County Agents Marge Olsen and Bill Penning announced today.

Conducting the meetings will be Donald Bates, engineer, and Elizabeth Burr, home improvement specialist. Both speakers are with the University of Minnesota agricultural extension service.

The farm outside water system and bathroom planning will be included in the discussion. Farmers and homemakers attending the meetings are invited to bring problems about the water systems to the specialists.

Meetings will be held at the Goodridge school gym on Tuesday, April 12, at 8 p. m.; at the St. Hilaire postoffice on Wednesday, April 13, at 1:30 p. m.; and at the Chamber of Commerce rooms in the Auditorium in Thief River Falls on Wednesday, April 13, at 8 p. m. The topic will be the same at each of the meetings.

Breeders of Brown Swiss Plan Canton Show in TRF June 4

Mahnomen Man Elected President at Annual Meeting Held in Ada

The Brown Swiss breeders of Canton 7 held their annual meeting in the Legion club rooms Ada, Monday, March 28.

Ilton Thorpe of Mahnomen was elected president; Neil Kruger of Warren, vice president; and Wilhelm Haugen of Argyle, secretary-treasurer.

Officers appointed include Mr. Quigly of St. Vincent, publicity director; and Mr. and Mrs. Arne Rantanen of Middle River, youth activity directors.

It was decided to hold the annual Canton show, Saturday, June 4 at Thief River Falls. H. R. Searles of the University of Minnesota will judge the event.

Appointed to the grounds committee were Will Haugen of Argyle; Neil Kruger of Warren; Ilton Thorpe of Mahnomen and Arne Rantanen of Middle River.

It was decided to organize a young breeders group at the canton show this year.

Marvin Kruse, western field man for the breeders association showed slides of the 1954 canton shows. Harold Rosendahl, county agent of Norman county, was present and spoke on Dairy Day.

Bernard Deplages of Devils Lake, North Dakota, a director of the Dakota Swiss Breeders was also present and gave a short talk.

School Expansion, Teacher Shortage PTA Topic May 3rd

Lincoln High School Unit Also Scheduled to Elect 1955-6 Officers

A first hand presentation of the challenge confronting the Thief River Falls community to think seriously on the matter of supplying additional classrooms and kindred facilities will be one of the highlights on the program of the Lincoln high school PTA meeting Tuesday, May 3, according to the Rev. W. P. Clausen, president.

There is need to give thought to this, he says, because we are now being faced with taking care of the constantly increasing number of children. Supt. W. G. Claffy is scheduled to make the presentation.

Closely related to this is the critical teacher shortage. Figures reveal the need to recruit teachers to fill the constantly growing need. T. Q. Hellie is expected to discuss the subject.

In the May 3rd meeting there will also be election of the 1955-1956 officers following presentation of a slate of candidates by the nominating committee, which consists of Mrs. Frank Clinton, Mrs. Melvin Simons, and Ted Humes. Mrs. Justus Larson will be in charge of refreshments, and Miss Mary McNellis of music.

Supt. W. G. Claffy is in Minneapolis in attendence at the annual Schoolmen's Week sessions at the University of Minnesota.

Auditorium Is Packed Friday at Style Revue

Models Representing Nearly a Dozen Stores Show Spring Apparel

The municipal Auditorium was packed to the limit of its capacity last Friday evening by an audience that enjoyed the presentation of a style revue and vaudeville acts sponsored by a dozen local apparel dealers to herald the advent of spring and the inception of Friday night store openings.

Earl Dunn, Minneapolis entertainer, served as master of ceremonies, with Miss Katherine Barzen as commentator to describe the various types of garments modeled. Mrs. Mae Larson was stage director, and Bob Sjulestad supplied incidental music.

The models paraded on a runway after emerging from a doorway in an attractive background of crepe paper streamers. Apparel presented included the latest styles in dress and casual clothes as well as sportswear for men, women and children.

Earl Dunn, emcee, billed as the man with 1,000 voices, gave clever imitations of leading radio and movie personalities, as well as a variety of other sound effects. Also providing entertainment were Dick Weston, comedy ventriloquist; and Betty Ann McCall, accomplished accordionist.

Stores represented by models in the style revue included Elaine's, Junior Shop, Hamilton's, Montgomery Ward's Lieberman's, S & L, Penney's, Fashion Shop, Bjorkman's and Lien's.

Crop Insurance Deadline April 15

Date for Farmers to Sign Extended from March 31

The Federal Crop Insurance Corporation has announced that the final date for accepting wheat and flax-crop insurance applications in Pennington county has been extended from March to April 15.

The extension of time for filing applications for insurance was granted because of the bad winter weather conditions which existed in February and for the greater part of March.

The Pennington county crop insurance office is located in the ASC office under the Union State bank in Thief River Falls. Farmers intending to grow wheat or flax can sign applications for insurance by calling at that office.

Social Security Man Here Apr. 12

A representative of the Grand Forks Social Security office will be at the city Auditorium in Thief River Falls on Tuesday, April 12, at 10:00 a. m. Individuals having any questions regarding the Social Security Act are urged to call on him at that time.

Report Due Tuesday on Vaccine for Polio

At a meeting of local physicians Monday evening, a decision was reached to adhere to the originally announced fee of 50 cents for each of the three shots of polio vaccine which it is proposed to administer to pupils in the first and second grades of the county schools in the event the vaccine is proved to be effective.

An announcement as to the efficacy of the Dr. Salk vaccine is scheduled to be made next Tuesday.

The doctors pointed out that they will not profit by the 50 cent charge, inasmuch as a separate disposable plastic syringe will be used on each child receiving treatment.

Dr. Dan Greene, city health officer, who is in charge of the program, said that cards on which parents may authorize the vaccination have been distributed thru the schools to parents of first and second graders, and that these will be collected immediately following the end of the Easter school recess next week.

Busy Session Held by County Board Tuesday

Joe Clementson & Son of Fosston Submit Low Bid on Graveling Work

The Pennington county board held a busy April session Tuesday, with considerable time being taken up hearing requests for road work from delegations representing Silverton, Smiley, Norden and Cloverleaf townships.

A letter from Elmer Bratsch, president of the Thief River Falls board of education, was read, requesting that the county board defer further action on dissolution or annexation of school districts in the county until the county school survey committee and the local WCTU and plans for district reorganization developed. The county board granted the request.

Joe Clementson & Son of Fosston, on their low bid of $15,-115.44, were awarded the contract for graveling or regraveling county roads this year, the figure being below the engineer's estimate. Four other bids

Fine Rendition of Oratorio Sunday

"The Redeemer" Rendered by Trinity Adult Choir

To mark the beginning of Holy Week, a Lenten oratorio "The Redeemer" was presented by the adult choir of Trinity Lutheran church last Sunday evening before a capacity audience.

The 45 voice choir did excellent work on the choral parts under the direction of Albert Ely, interne at Trinity church. Outstanding solo work was done by Mrs. Donald L. Olson, soprano, and Miss Marilyn Johnson, contralto, of this city.

The tenor soloist was James Preston, music supervisor at Grand Forks Central junior high school, while baritone solos were sung by Zane Gray, also of Grand Forks. Mrs. A. C. Purdy, choir accompanist, handled the difficult organ accompaniment very well.

A tape recording was made of the concert by Don Olson of Radio Station KTRF, and will be re-broadcast on Easter Sunday at 3 p. m.

Blaze Destroys Hatchery at Ulen

Fire early Monday destroyed the Ulen Hatchery at Ulen together with 1,000 chicks and 10,000 eggs. Damage was estimated between $8,000 and $10,000 by owner Clyde Baumhoffer.

The fire was brought under control in about an hour with the help of fire departments from Ada, Twin Valley and Moorhead.

on TV Saturday

The 26th annual Good Friday presentation in Crookston of the world famous oratorio "Seven Last Words of Christ" by Theodore Dubois, will be repeated in a television performance Saturday, April 9, at 9:30 p. m. from Fargo over KXJB-TV of Valley City, North Dakota.

Banks and Most Public Offices to Close Good Friday

Thief River Falls banks and public offices will remain closed Good Friday, April 8, in observance of the holiday. Stores also will be closed from 12 noon to 3 p. m. while Good Friday services are in progress. The postoffice, however, will remain open to give its usual services, and the local employment office will stay open until noon.

Three Local Drug Stores to Divide Sunday Openings

In order to provide better working hours for employes, Thief River Falls drug stores are cooperating on a plan where only one of the three stores will be open each Sunday in the future between the hours of 9 a. m. and 4 p. m. It was announced that the New J&B will remain open Sunday, April 10, Parkins Corner Drugs April 17, and the Pharmacy April 24, with the schedule for succeeding Sundays to be announced later.

C. of C. to Meet Thursday in Rex

The Chamber of Commerce will meet Thursday noon, April 7, in the Rex Cafe, Ralph A. Luhman, president, announced today, adding that several committee reports will be presented.

Mr. and Mrs. Allen Merril motored to Grand Forks Saturday afternoon and attended the Farm and Home show at the UND fieldhouse.

Pre-school Roundup Saturday, April 16th

Parents are reminded of the pre-school roundup which will be held Saturday, April 16, at the Lincoln high school gymnasium, from 9 a. m. to 4 p. m. As in the past years, the roundup will be sponsored by the Knox, Northrop, and Washing PTA groups under the supervision of Mrs. Andy Williamson.

All children who are five years old on or before January 1, 1956, and who will be entering kindergarten next fall are invited to attend. Invitations to the roundup were issued last week according to the census taken last year by Mrs. Margaret Race, school nurse.

In the event that new residents in this community or others have not received invitations and have children in that age bracket, an appointment to the roundup may be obtained by calling 815 or 690. All children who will begin school for the first time this fall must attend whether or not an invitation has been received.

If possible, the parent should bring a legal birth certificate for the child to the roundup or to the clinic which will be held April 23. This certificate can be obtained at the clerk of court's office in the county where the child was born. A hospital birth certificate is not considered a legal certificate.

Local optometrists will conduct examinations all day at the roundup. Further announcement will be made next week.

State Dentists Honor Dr. Booren

Convention Pays Tribute to 56 Veteran Dentists

Dentists who have served 50 years or more were honored by the Minnesota State Dental association at a Wednesday luncheon meeting at Radisson hotel in Minneapolis.

Certificates of service were presented to 56 Minnesota dentists, including Dr. G. W. Booren of Thief River Falls, who has practiced here for 52 years.

A special certificate was given to Dr. C. G. Gillan, Austin, who has attended 50 consecutive state conventions.

The three-day meeting of the association at Minneapolis auditorium ended Wednesday. About 4,600 dentists, dental assistants and dental hygienists attended lectures, clinics and demonstrations at the auditorium.

Convention delegates set the dates for next year's meeting for April 16, 17 and 18. It will be held in St. Paul.

Dr. and Mrs. Booren returned home from the Minneapolis convention last Thursday.

4-H Key Award to Be Offered Here Again This Year

Older Pennington Co. 4-H Club Members Are Eligible to Win Award

Older 4-H members in Pennington county will be eligible again this year to win the 4-H Key Award, announces Home Agent Marge Olsen.

The key award program gives recognition to 4-H club members who have provided significant leadership in their club and in their county. Its objective is to encourage project growth, a broad program of 4-H club activities over the years and the ultimate development of outstanding citizens.

The program is being sponsored for the third year by the University of Minnesota agricultural extension service and the Cities Service Oil Co. (Del.), Bartlesville, Oklahoma.

The 4-H key award is one of the prized possessions of 11 4-H'ers in Pennington county. In the two years the program has been in effect in Minnesota, 957 club members have received the award.

The key for the girls mounted on an attractive gold necklace, the key for the boys on a gold tie clasp.

To be eligible for consideration a 4-H member must meet these requirements:

Have passed his 16th birthday by January 1 of this year.

Have completed five years of 4-H club work, including this year.

Have completed three years of active junior leadership.

It will be necessary to earn at least 125 points, as outlined on the special score card, to be considered for the 4-H key award. Recognition will be given for doing good project work, demonstrating, holding office, attending county training meetings, entering exhibits and participating in many other 4-H activities.

Thorson-Larson Vows Exchanged Saturday Evening

Miss Marlene Marie Larson, daughter of Mr. and Mrs. Axel Larson of Warren and Miles Thorson, son of Mr. and Mrs. Henry Thorson of this city, were united in marriage at a double ring candlelight ceremony performed in the Evangelical Covenant church in Warren at 8 o'clock Saturday evening, April 2. Rev. Gottfred Anderson, pastor of the church, promoted the exchange of vows. Baskets of gladiolus, white candles and palms provided the setting for the wedding.

For her wedding, Miss Larson chose a floor length dress of white net over rayon faille, fashioned with a fitted bodice which buttoned down the back, long sleeves and a full three tiered skirt each tier being edged with lace matching that which edged the finger tip veil which fell from a beaded Juliet cap. Her bouquet was formed of red roses and stephenotis and her only jewelry was a pair of pearl earrings, a gift of the groom. Mr. Thorson gave his daughter in marriage.

Attending the bride was her sister, Miss Lavone Larson of Warren, as maid of honor, Mrs. Rodney Twistol, a cousin, and Miss Ardyce Anderson, both of this city, Mrs. Dennis Lindstrom of Minneapolis. All wore floor length dresses of net over rayon faille in pastel colors, fashioned with full skirts and matching lace jackets. Their harmonizing bouquets were of roses, feathered carnations and stephenotis. The earrings they wore were gifts of the bride. Cherryl Wages, Warren and Barbara Beich, of this city were the flower girls. They wore blue and yellow dresses, respectively, which were identical to those worn by the bridesmaids. They carried crocheted baskets from which they scattered red rose petals. Norris Carlson, Warren, carried the rings on a heart shaped satin pillow.

The groom was attended by Roland Barstad as bestman. Robert Walseth, Jack Hoppe and Erling Olson, all of this city, Charles Dicken, also of this city and Roger Eckstein of Red Lake Falls were ushers. All the men of the bridal party wore dark trousers and white dinner jackets and all wore red carnations boutonnieres.

Mrs. Larson, mother of the bride, wore a mauve wool suit and Mrs. Thorson, mother of the groom, wore a white linen suit. Both wore white accessories and corsages of pink roses and stephenotis.

Misses Carol and Annabelle Thorson, sisters of the groom, arranged the gift table and Mrs. Harriet Phillip, Miss Angelle Oswald, cousin of the bride, had charge of the guest book.

Following the ceremony, about 250 guests attended a reception in the church parlors. Mrs. Roger Eckstein, sister of the groom, cut and served the cake and Mrs. Duane Wages, Warren, poured. The four tiered wedding cake which centered the table was decorated by the groom's mother.

The bride was graduated from the Warren high school, class of 1952, and has since been employed as a switch board operator at the local telephone exchange. The groom graduated from Lincoln high school, class of 1950 and was a member of the National Guard for four years and is presently employed as a carpenter. After returning from a wedding trip to Minneapolis the couple will be at home in this city.

Officers of Eastern Star Are Formally Inducted at Ceremony in Auditorium

Winslow Chapter No. 182 OES held public installation of officers for the coming year at the city Auditorium on Wednesday, evening, March 30 at 8:30. The auditorium was very beautifully decorated with candelabra, potted palms and flowers. The officers in white formals wore beautiful corsages of their choice. The Star Points wore corsages appropriate to the color of their station. The program opened with the prelude being played by Mrs. Grace Looker.

The Jobs Daughters, dressed in their white robes and carrying lighted candles, entered two by two and lit all the candelabra and marched out. They were then joined by the rest of the Jobs Daughters and marched in carrying white glowing crosses, escorting Suzanne Humes, honor queen, who carried the Bible to the alter. They formed a cross inside the labeance and knelt and sang "Bless this Chapter."

Mrs. Gifford, acting worthy matron gave the welcome and introduced Grand Warder Jean Larson of East Grand Forks who served as installing marshal.

Mrs. Agnes Benson, served as installing officer, Loretta Lawrence served as installing chaplain.

The officers installed were: Worthy matron, Beatrice Ekstrand; worthy patron, Lucius Knight; associate matron, Marjorie Ihle; associate patron, Gaston Ward; secretary, Alyce Borry; treasurer, Violet Grant; conductress, Frances Stromberg; associate conductress, Eva Schilbred; chaplain, Emma Ward; marshal, Helen Mosleth; organist, Grace Looker; Adah, Pearl Thompson; Ruth, Betty Sampson; Esther, Ethel Monroe; Martha, Jean Hellquist; Electa, Melva Owens; Warder, Ella Hardisty; sentinel, Paul McCann.

Past Matrons, Rodella McKechnie, Thora Nelson, Esther Johnson, Loretta Lawrence, and Lois Prichard presented the star points with the emblems of their office. E. B. Benson presented the worthy matron's jewel. Beatrice Ekstrand, worthy matron, responded. Mrs. Ekstrand's daughter Karen and son Karl presented her with a bouquet of roses. Abbie Wassgren presented gifts to the installing officers.

Past honor queen of Jobs daughters, Ara Peterson sang "The Lord's Prayer," and Rev. E. C. Mead gave the benediction and prayer, after which the audience sang "God Bless America."

Approximately 175 people were guests at an informal reception in the Women's club rooms. Mrs. Alyce Borry poured and was assisted by the officers.

Morris Flattum Weds In North Dakota March 17

The marriage of Miss June Marie Wagner of Kenmare, North Dakota, to Morris J. Flattum of this city, took place Thursday evening, March 17, at the Nazareth Lutheran church in Kenmare.

The bride is a daughter of Mrs. Volberg Wagner of Kenmare and the groom is the son of Mrs. Selma Flattum of this city and Alfred Flattum of Minneapolis.

Rev. E. W. Petrusson performed the single ring ceremony at seven o'clock. Baskets of gladioli decorated the church. Mrs. G. R. Dolan accompanied the soloist, Mrs. Vernon Eklund, who sang "Because" and "The Lord's Prayer."

The bride wore a navy blue suit with white accessories. Her corsage was of red roses.

Miss Elaine Hennix, friend of the bride, was bridesmaid. She wore a navy blue ensemble. Her accessories were white and her corsage was of pink carnations. The earrings she wore were a gift of the bride.

James Wagner, brother of the bride, was best man. The bridegroom presented him with a tie clasp.

For her daughter's wedding Mrs. Wagner chose a navy blue suit. Her corsage was fashioned with pink carnations.

Following the ceremony a reception for fifty guests was given by the bride's mother at her home. The three tiered wedding cake was baked and decorated by Mrs. June Hoover. The cake iced in white, had a rosebud trim and was topped with a miniature bride and groom. Mrs. Richard Hansen cut and served the cake and Mrs. Lee Blake Sr. poured. Mrs. Glenn Ward and Miss Helen Bomstad arranged the gifts. Miss Delvina Johnson registered the guests. Mrs. Emma Hedlund received the guests and Mrs. Morris Polrier assisted in serving.

The bride attended Kenmare high school and for the past four years has been employed as nurses' aide at Kenmare Deaconess hospital. The groom is a graduate of Lincoln high school in this city, has served in the US Army for four years and is presently employed as brakeman for the Soo Line Railway Co. Mr. and Mrs. Flattum will make their home in the Hartz apartments in this city.

NEW FLOOR CARE ENDS WAXING

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo about twice a year. It maintains a high lustre, non-slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at KELLY HARDWARE CO.

President Minnie Krause announced a banquet will be held at the Rex Cafe, Monday evening, April 18 at 6:30 p. m. honoring state president Mabel Bravec of Austin, Minnesota, who will visit the auxiliary at that time. All members are invited to attend and are asked to call LaVaun Clinton for reservations.

Membership chairman, LaVaun Clinton was presented with a gold pin, and president Minnie Krause had previously received a gavel in recognition of their efforts in making it possible for the auxiliary to secure its yearly quota by December 31, 1954.

The door prize was awarded to Prunelle Tunheim and the attendance prize went to Ella Paetznick. Following the meeting entertainment was held in the lounge under the direction of Delores Johnson and Ella Ranum. Hostesses for the evening were Prunelle Tunheim, Beatrice Seulthorp, Gladys Mattson and Emma Torkelson.

American Legion Auxiliary Holds Meeting Tuesday

The American Legion auxiliary held their regular meeting Tuesday evening, April 5 in the club rooms. In the absence of the president, Mrs. J. Lang, the vice president, Mrs. Kenneth Halldin presided.

An excellent report on child welfare was given by Mrs. M. R. Levorson, chairman of that division.

An interesting paper on Panama was submitted by Pan American chairman, Mrs. W. G. Claffy. Each year a country of Latin America is studied by all units, thus promoting a better understanding of other peoples, their interests and problems.

Mrs. George Baken gave the report on the past president parley.

The nominating committee was appointed and election will be held at the May meeting.

The second recording of the history of the American Legion was heard.

The unit voted to send handkerchieves to the veterans at the veterans hospital for them to use as gifts to their mothers for Mothers Day, and also to make twelve pair of scuffs for the use of the veterans at the hospital.

The hostesses for the evening were Mmes. Dick Meyers, Elton Cummings, Virgil Cossette, Alvin Anderson, Martin Sletto and William Peltier.

A social hour was enjoyed with the American Legion after their respective business sessions.

Lyon Rebekahs Lodge Holds Banquet Thursday

Over one hundred members and friends of the Lyon Rebekah lodge attended the banquet held at the Odd Fellows hall, Thursday evening, March 31.

The tables were decorated in pink and green with lighted tapers. Following the banquet a program was presented with the address of welcome being given by Mayor Agnes Israelson.

A reading was given by Janice Larson, a clarinet solo by Marion Hogenson. Ara Peterson rendered a song, accompanied by Floydeen Lilstrom at the piano and Marilyn Langseth presented a piano solo. An address was given by Helmer Larson of Roseau. Mr. and Mrs. Oscar Knutson and daughter Louise formed an instrumental trio.

Thelma Terrian, noble grand thanked the committees for making the banquet a success.

Miss Gustafson Weds Wallace Hanson Saturday

Nuptial vows were exchanged between Arlene Lois Gustafson, daughter of Mr. and Mrs. Clarence L. Gustafson of Viking and Wallace Edward Hanson, son of Mr. and Mrs. Ed Hanson, also of Viking, Saturday at 3 o'clock in the afternoon. The double ring ceremony was performed by Rev. Justin Dokken at the bride's home in a setting of palms and yellow gladiolus.

Mrs. Dokken played the traditional nuptial music and accompanied Larry Gustafson, brother of the bride, as he sang "We Must Walk Together", before the ceremony and "O Perfect Love" as the couple were kneeling. "Lord Be Their Companion" was sung by Mrs. Paul Waterworth, and Violet and Ruth Hanson following the ceremony.

Miss Gustafson was escorted into the room and given in marriage by her father. She was attired in a slipper satin gown with imported Chantilly lace bodice and yoke and long fitted Mary Stuart sleeves coming to a point over the hand. Her fingertip veil of French illusion net was held by a crown of pearls. Her crescent cascade shaped bouquet was of yellow roses, white carnations and stephanotis. Her double strand pearl necklace was a gift of the groom.

Ione Gustafson was her sister's only attendant. She wore a gown of yellow net over taffeta and carried a crescent shaped bouquet of yellow roses and lavender and white carnations.

Attending the groom as best man was his brother Dennis Hanson.

The mothers of the bride and groom wore navy blue dresses with white accessories. Their identical corsages were of yellow roses and white carnations.

A buffet style wedding luncheon was served following the ceremony at the bride's home for the bridal party, the immediate families and friends.

Hilda Larson, aunt of the bride, cut the three tiered wedding cake which was topped with a wedding bell. The cake was baked by Mrs. Al Osborne, aunt of the bride. The waitresses were Ardelle Tangquist, cousin of the bride, and Mrs. Maynard Ranum. Mrs. Lloyd Ranum, cousin of the bride, poured.

For their wedding trip Mrs. Hanson chose a light gray dress with navy blue accessories.

Mrs. Hanson is a graduate of Newfolden high school and of the Teachers training department of Thief River Falls and at present she is teaching the fifth and sixth grades at Holt Community school. Mr. Hanson is employed at the Lundquist Implement Co., in Warren.

The out of town guests were Mr. and Mrs. Nels Burseth and *Violet Hanson of Minneapolis* and Mr. and Mrs. Paul Waterworth of Newfolden.

Lincoln Playlet Rated Excellent in State Contest

Top Ratings of Superior Given to St. Louis Park, Duluth and Red Wing

Superior ratings were awarded three Minnesota high schools in the 10th annual Minnesota state one-act play festival Saturday at the University of Minnesota.

Rating "superior" were plays presented by Duluth Central high school, Red Wing and St. Louis Park high schools.

They were "The Shrike," Duluth Central, directed by Mrs. Loyce Baum; "Antigone," Red Wing, directed by Rowe Million, and "The Purification," St. Louis Park, directed by Roger DeClercq.

Schools receiving ratings of "excellent" including Lincoln high school, Thief River Falls, in "Riders to the Sea," directed by Marshall Boyd. Others were Rushford, Fairmont, Glencoe, and Little Falls.

Dr. Keith M. Enger, a member of the theater department at the University of Utah, rated the plays.

The festival is sponsored by the Minnesota State High School league, the drama Advisory service and University theater.

Easter Lily Sale Nets $107.75 Total

Proceeds Go to State Crippled Children's Camp

The sale of Easter Lilies April 1 and 2 to raise funds for Camp Courage exceeded expectations, according to Mrs. Herbert Halverson, Pennington county chairman of the Minnesota Society for Crippled Children and Adults. $107.75 was raised from the sale of the lilies.

These Easter Lily funds will help complete Camp Courage and will provide treatment and special equipment at Minnesota's new camp for crippled children.

Camp Courage, located on the shores of Cedar Lake between Annandale and Maple Lake, is for youngsters with all types of physical handicaps: cerebral palsy, polio, muscular dystrophy, osteomyelitis, etc. It also is for children suffering from accident injury as well as for the blind and those with speech difficulties.

Mrs. Halverson thanked all those who helped make the sale a success, the Job's Daughters and other girls who sold the lilies, the Penates and other Woman's Club groups, the City Dairy and Frank Clinton of the Coca Cola company.

Water System on Farm to Be Topic of April Meetings

Water systems for the farm and home will be discussed at open meetings in the county in April, County Extension Agents Marge Olsen and Bill Penning announced today.

The meetings will be held in the county, on Tuesday and Wednesday April 12, and 13. Next week, the places will be announced.

Conducting the meetings will be Miss Elizabeth Burr, home improvement specialist, and Don Bates, extension engineer, both of the University of Minnesota extension service. They will present information and answer questions on planning and building the outside water system, and planning bathrooms, considering the water supply.

Husbands and wives are invited to attend the meeting held in their area. The meetings are part of the extension home program.

House Passes Withholding Tax Measure

Bill Passed by Margin of 71 to 56, Now Goes over to State Senate

The administration-backed state income tax withholding bill was passed Tuesday by the Minnesota House of Representatives by a vote of 71-56. The measure now goes to the Senate.

Rep. Edward J. Chilgren of Littlefork, chairman of the House tax committee and chief author of the bill, explained that the bill is patterned after the federal system of withholding income taxes, that it would become effective July 1 and would "help catch up with tax evaders."

He said the bill, if approved, would yield an additional 2 million dollars a year, exclusive of about another 25 million dollars that would be brought into the state treasury during the next biennium through the speedup of tax collections.

Chilgren denied that the proposal amounts to "double taxation" as claimed by opponents.

Meanwhile, signs of a break appeared in the apparent deadlock between the House and the Senate on division of highway funds.

A subcommittee of the Senate highway committee voted to recommend to the full committee at a meeting today acceptance of the House approved formula on the highway revenue split.

This proposes giving 62 per cent to the state, 29 per cent to the counties and 9 per cent to cities over 5,000.

Until the subcommittee acted Tuesday, there had been considerable Senate opposition to the formula and the feeling had been expressed that it was too complicated to win voter support.

If the formula is approved by the Senate highway committee and by the Senate, it will be submitted to the voters at the 1956 general election in the form of a constitutional amendment.

R. Lake Co. Farmer Accidentally Shot

Orren Cassavant, 44, of Dorothy Killed March 28

Orren Cassavant, 44, Red Lake county farmer who lived a mile west of Dorothy, was accidentally killed Monday morning, March 28, when he was taking his shotgun from its case, says the Red Lake Falls Gazette.

Cassavant was hunting rabbits on the ridge road about a mile north of Dorothy and had stopped his car. He stepped from the vehicle and was taking his double-barrel 12-gauge shotgun from its case when the gun fired—the blast struck him in the chest killing him instantly. Only one barrel of the shotgun was loaded, Sheriff Carl Kankel stated. The time of the accident was estimated between 9:30 and 10 o'clock.

A passerby, Herman Boutain of Dorothy, came upon the accident scene a short time later and found Cassavant's body several feet from the car. He notified Sheriff Kankel who went to the scene accompanied by the coroner, Dr. A. M. McKaig. The coroner ruled the death accidental and no inquest will be held.

The deceased is survived by his wife, the former Dora Doyea, two sons, Louis and James and two daughters, Susan and Carol. Cassavant was born January 22, 1911, and has been a county resident all his life.

Funeral services were held Thursday morning at 9:30 o,clock at St. Dorothy's Catholic Church at Dorothy with Rev. Warren Regnier officiating. Burial was in the church cemetery.

Death Claims Arne Barstad In California

Arne Barstad of San Leandro, California and formerly of Smiley, passed away April 1 at his home at the age of 56 years. Funeral services were held April 4 and burial was made in Hayward, California.

Mr. Barstad was born in Stavanger, Norway, April 20, 1898. He came to the United States with his parents and settled in Smiley in 1904. He left here in February 1939 and has since made his home in California. He was united in marriage to Nona Belle Lee August 1, 1943.

Surviving are a daughter Nona Lee; two sons Arne and Roger; four brothers, Einar Barstad of this city; Lars Barstad of Fresno, California; Martin of San Lorenzo, California; Severin of Seattle, Washington; three sisters, Miss Gertrude Barstad of Fergus Falls; Mrs. H. O. Grinde of this city and Mrs. Tom Dodge of Fresno, California. Also surviving are nine nieces and four nephews.

Taxpayers Group Backs Personal Property Tax Cut

Strong endorsement of the governor's proposal to reduce personal property taxes was voiced today by the Minnesota Taxpayers Association.

"The Governor's suggestion for a progressive reduction in the rate of taxation on manufacturer's personal property is a step in the right direction," said Norman A. Borgen, secretary of the Association.

If approved by the legislature, the administration's bill will progressively reduce over a two-year period, the personal property valuations from the current 33⅓ per cent of full and true value to 20 per cent on all tools, equipment and machinery, and to 10 per cent on inventories, work in process and finished goods.

"The Minnesota Taxpayers Association is in hearty accord with this idea. If Minnesota can bring about such legislation, it will mean more trade and more employment opportunities for our citizens," said Borgen.

Hoffmann Invites Bids on 21 Trunk Route Projects

State Highway Commissioner M. J. Hoffmann today announced a call for bids on 21 trunk road construction projects, to cost an estimated $2,375,000. Proposals on the improvements will be opened April 22. Work is slated in 21 counties and will include several major projects.

One of the biggest jobs calls for the resurfacing of the old lane of T. H. 12—Hudson road—for a distance of 11.1 miles easterly from St. Paul. With the completion of this segment, motorists on this much-traveled highway will have one of the best roads in the state at their disposal.

Another project which will make for safer travel in the congested Twin City area is the highway separation to be built to carry T. H. 36 traffic over Dale street.

Two improvements in the central portion of the state included in the call for bids will see construction of gravel bases and plant-mixed bituminous surfacing on 16.2 miles of T. H. 4 between Meire Grove and Jct. T. H. 55 and 16.3 miles of T. H. 52 from Waite Park to a point 1.8 miles east of Albany.

Political Roundup

By Arthur Naftalin

Proposed revisions in Civil Service and Veterans' Preference laws have been cut to ribbons. This was legislation which many Capitol observers and state employes believed to be of greatest importance to good administration of the state government.

It was aimed at revitalizing the entire personnel program of the State of Minnesota and at strengthening the merit system which has been gradually losing out to Veterans' Preference.

The principal recommendations of the Interim Commission on Civil Service pertaining to organization and administration of the Civil Service Department have been killed. Board administration will continue and we can look forward to another period of stress, strain, tension, and inflexibility in personnel administration in the state. A few relatively minor recommendations may pass.

Threats of Reprisal

Similarly, most of the recommendations of the same commission pertaining to Veterans' Preference laws have been defeated. Some remain in the Senate, but the prospect of their passage is not bright since the House has killed off the entire proposal.

The tactics of the opponents of change should be witnessed by every citizen of the state. The loyalty of those who favor changes is challenged, even if the person is a member of the Legislature. The rawest kind of pressure is brought to bear on Legislators with outright threats of political reprisal.

Selective Preference

The preference laws of this state — the most extreme in the entire country with respect to disabled veterans — is heavily discriminatory against non-disabled veterans. Because of their devotion of their devotion to the present preference laws, the paid lobbyists of the veterans organizations are failing to represent the mass of the veterans who are not disabled.

Minnesota as a matter of practical fact does not have veterans preference at all; rather it has disabled veterans preference. Promotions to higher echelon state positions are going more and more to disabled veterans. It becomes clearer day by day that Minnesota is losing its civil service merit system. Merit is being superseded to a growing extent by disabled veterans preference.

Certainly Minnesota has responsibility to every disabled veteran and to all other veterans. So long, however, as the public supports this extreme kind of assistance, we may as well stop talking about governmental economy and efficiency. The evidence is incontrovertible that a progressively less competent employe is getting to the top in the state service as a result of disabled veterans' preference.

Special Session?

There is considerable talk in the Capitol about the possibility *of a special session. This would* be particularly likely if an impasse develops on the tax program as it very well may.

If the legislature rejects Governor Freemans' program, it must come up with its own. This might consist of an increased income tax to pay for school aids in place of the Governor's withholding program. It might consist also of a general sales tax or sharply increased property taxes to pay for other state services.

Neither the Governor nor the legislature, however, wants a special session. The 90-day session is extremely arduous. The Senate Finance and House Appropriations committees, for example, maintain a rigorous seven-day a week, 16-hour a day schedule for much of the session. Farmers in the legislature are anxious to get home for spring plowing.

Legislative Procedures

The expense of an extra session would be substantial and would reflect upon the abilities of both the legislative and executive branches to carry out their functions in an orderly manner. The best guess is that there will not be a special session but that the clock may be covered in order to permit the work to be finished.

Center of action now shifts to the floors of the two houses. By the end of this week committee activity will be generally curtailed. Any bill passed out of committee at this late date stands no chance of passage, unless it is a major bill or a non-controversial one.

As bills are passed out of committees they are placed on General Orders for floor action in the order of their appearance on the list. Upon a two-thirds vote a bill can be placed on Special Orders for action at a specified time. But getting a special order requires a two-thirds vote of the entire membership.

Reorganization

Last week the Governor broke precedent by appearing personally before a House Committee. He suggested certain amendments in his reorganization proposal in an effort to achieve some of the major objectives of the bill. Committee action in both houses on this important legislation is expected this week, but it was not clear as the week opened what the fate of the Governor's proposal would be. The Governor attaches strong importance to the bill, especially in view of the tight fiscal problem that requires every possible economy in state administration.

Monday afternoon visitors at the Harold Stenvik home were Mr. and Mrs. Chester Solberg, David, Bruce and Brian and Mrs. Virgil Sunsdahl of Goodridge.

Eliminations in Play, Music Events Set for Next Week

Pennington County Is Divided into Four Areas for Annual 4-H Contests

The annual 4-H play and music contest will be held next week, County Extension Agents Bill Penning and Marge Olsen have announced. The good grooming contest, formerly held with these contests, will be held along with the talent contest in late May.

Four elimination contests will be held in the county next week. At each contest, one play and one music number will be selected to take part in the county final contest. The winners in the county contest will compete in the district contest held at Crookston in June.

Elimination contests are scheduled for the St. Hilaire school gymn on Thursday evening, April 14. St. Hilaire, Rocksbury, Wyanriver, Smiley and Happy Hearts club will compete. Another contest will be held at the Steiner community hall on Friday evening, April 15, with Steiner, Double N, Silverton and New Solum competing. Two contests will be held at the Goodridge school gymn. On Thursday evening, April 14, Reiner, Star, Kratka and Goodridge will compete. Highlanding, Hickory, Deer Park and Mavie will compete on Friday evening, April 15. Each contest will begin at 8 p. m.

The county final contest will be held in the Lincoln high school auditorium on Tuesday evening, April 19, at 8 p. m.

The public is invited to attend the contests. A small admission fee will be charged.

Pennington Board Conducts Busy Session Tuesday

(Continued from page 1)

submitted ranged as high as $19,354.

The Red Lake Electric Co-op board submitted an offer to settle delinquent personal property taxes for the years 1948-52 for $249.57, or 25 per cent of the total amount. The tax had been levied on equipment and supplies used in constructing power lines in the county. The board voted to accept the offer, subject to approval by the state tax commissioner.

A delegation from the Pennington County Social Action committee and his local WCTU was present to ask that laws relating to beer sales to minors be strictly enforced. The board agreed that this should be done.

Dr. M. D. Starekow tendered his resignation as county health officer, and due to lack of time the board deferred action on appointment of a successor to a later meeting.

The board appropriated $100 to the local American Legion post to cover expenses in connection with the observance of Memorial Day, and also voted $25 to the Goodridge school for the same purpose.

N. C. Airline Asks New Route from Mpls. to Denver

North Central Airlines has applied to the Civil Aeronautics board for a new route between the Twin Cities and Denver via more than a half dozen communities in Minnesota, South Dakota, North Dakota, Nebraska and Wyoming.

Six of the cities on the proposed route are now served by Western Air Lines.

North Central's route would include Cheyenne, Wyo.; Scotts Bluff and Alliance, Neb.; Hot Springs, Rapid City, Spearfish and Pierre, S. D., and Huron, S. D. Between Huron and the Twin Cities one branch of the route would touch Watertown, S. D., and the other would go by way of Mitchell and Sioux Falls, S. D., and Worthington and Mankato, Minn.

5 Drunken Drivers Are Fined in Court

$100 Fine Is Assessed Against Each of Drivers

Five motorists appeared in municipal court during the past week on charges of operating motor vehicles while under the influence of intoxicating liquor, and each was fined $100 and costs.

Delbert A. Sherry of Angus, brought in by the highway patrol, was fined $100 and $5 costs, and in addition was fined $10 and $1 costs for driving after suspension of his driver's license.

Palmer Thune, city, paid a fine of $100 and $5 costs. George Sunsdahl of Goodridge was fined $100 and $10.50 costs, and Lawrence Senum of Route 4, city, was fined $100 and $6.50 costs. Sunsdahl and Senum had been taken into custody by Sheriff Arthur Rambeck.

Following a pre-sentence investigation by Rambeck, Willard L. Johnson of Route 3, city, was fined $100 and $5 costs on a charge of driving while under the influence and being involved in an accident.

Richard O. Nelson of Aurora, Minn., was fined $10 and $4 costs on a charge of speeding at 70 mph at night, and $5 and $4 costs for having no valid driver's license. Clinton Mugaas of Gatzke was fined $10 on a charge of careless driving.

Week of Religious Emphasis Is Noted by Women's Clubs

The Minnesota Federation of Women's Clubs, in its desire to deepen the spiritual life of the state, the country and the world, is observing the week of April 3-10 as Religious Emphasis Week.

This week calls us from the usual rounds of special activities and business of everyday living to seek the presence of God and those things that make for life's enrichment and growth.

The clubwomen of Missouri have inviting all the States to join with them in a "Club Day of Prayer" on Wednesday, April 6, during Holy Week. Their prayers will be for peace and unity in the world and that the commandments, "Love for God" and "Love for Man," may become the motivating force of people everywhere.

Roche Is Speaker at Rotary Monday

Urges Support of $90,000 Fair Grounds Bond Issue

The election to be held in Pennington county Tuesday, April 19, on the question of issuing $90,000 in county bonds to finance construction of a new agricultural exhibit building, grandstand and comfort station on the county fair grounds, was discussed by J. M. Roche, secretary of the fair board, at the Rotary club luncheon meeting Monday noon in the Elks club rooms.

He explained that the Pennington County Agricultural society, owner of the fair grounds, has authorized the board to transfer title to the property to the county in the event the bond issue is approved.

Roche expressed the hope that the voters would support the bond issue in the coming election.

GROWING WITH YOUR CHILD

Institute of Child Welfare
University of Minnesota

It Takes "Know-How"

A long figure stands at the edge of the public skating rink. Eight-year-old Jimmy Brown watches the crowd of gay youngsters skimming across the ice and laughing in their game of tag. He turns dejectedly and heads for home.

Jimmy's parents have begun to worry over their young son's behavior. Each afternoon he arrives home alone and heads for his room. It has been a long time since he brought playmates home, even though the Browns have encouraged him to do so. They know Jimmy is at the age when he should be enjoying his gang of friends. Why doesn't the gang include him?

Perhaps the Browns would have received a hint had they just seen Jimmy at the rink. All his schoolmates can skate; Jimmy can't. He doesn't even own a pair of skates. Last Fall he was left out because he couldn't play baseball.

Why should sports be so important? The Browns don't care if Jimmy becomes an athlete, but they do want him to be popular and happy. They don't realize that social adjustment requires participation in the interests of the group. Unless a child has the skill to be active in group activities, he is forgotten.

Lois Jack, in a study at the University of Iowa, selected a group of youngsters who were least outgoing and successful in social activities. After training in some simple skills, these children were not only more competent in the skills themselves, but in their relations with other children.

Ability to participate in games is particularly important in the elementary school years. In adolescence, social dancing and other skills take on importance. The more outstanding athletes keep on playing while the others become spectators. But even the spectators must know the rules of the game to enjoy it with his companions.

The child doesn't have to be a jack-of-all trades. However, those whose parents encourage and aid their children in developing the interests of their companions are more likely to have a happy, successful social life.

I see by the papers the Pennington county fair board will be asking you voters an important question come April 19. The fair board proposes the construction of some new buildings at the fair grounds. I believe the fair board is being fair with the voters of Pennington County, now it's up to you voters to understand the project before making up your mind. I suggest that talk this project over with your representative on the county fair board. If you belong to a club or a group that is holding a meeting before the 19th of April the Pennington county fair board would like to send one of their representatives to meet with you and discuss this new project.

More Milk

The University of Minnesota is running experiments, conducted by Professor W. E. Pederson, to prove that cows must be handled gently during milking time. In these experiments Professor Pederson and his co-workers have found that improper milking or failure to provide the right milking time conditions cause the cow to give less milk. Pederson and his associates have found that any excitement at milking time interferes with the secretion of a hormone called oxytocin.

Normally, oxytocin is secreted by a small gland near the cows brain in response to a milking stimulus — that is, udder massage by a nursing calf or a milking machine or a human milker. Now they have found that excitement of any kind can block the secretion of oxytocin. For example, rough handling, kicking, loud noises completely blocks the secretion of oxytocin. A cow handled in this way gives only the milk already down in the teat cisterns — just a few squirts.

The workers in this experiment have found, if a cow is excited and won't let down her milk, an injection of oxytocin will compel the cow to let down the rest of her milk. Pederson reports that milder excitement may partially block the secretion of oxytocin, and result in a cow giving far less milk than normally. Handling the cow roughly, rushing her, not feeding her at a certain time when she has been led to expect feed, moving to a new stall or a new barn or anything exciting or over stimulating will cause the cow to hold back her milk. A key to proper milking is the fact that the cow must be relaxed and must want to be milked if you're going to get all the milk she's got in storage. That means, kind and gentle treatment. So long for now folks, see you next week.

H-Bomb Leaflet Is Distributed by Civil Defense

No longer can any American avoid the responsibility for learning everything possible about personal and community survival.

This is the key admonition in an illustrated leaflet just published by the Federal Civil Defense Administration, entitled "Facts About the H-bomb."

One million of the leaflets, designed to tell Americans how they can survive a superbomb attack and the accompanying peril of radioactive fall-out, are being distributed throughout the country through regional, state and local civil defense agencies schools, churches, industries, national organizations and other channels.

"The H-bomb," the leaflet points out, "is bigger than the A-bomb—but it is still a bomb. It has its limits, as does any other weapon. It makes the civil defense problem larger, but not different."

Here are more recipes using the Master Mix which I gave you last week.

Muffins: 2 cups Master Mix, 3 tablespoons sugar, 2/3 cup milk, 1 egg.

Combine master mix, and sugar well. Add beaten egg to milk and beat a short time. Add egg-milk mixture to sugar mix combination and stir with a fork only until flour is moistened. Place in greased tins. Bake in pre-heated oven at 425 degrees for 15-20 minutes.

Baking Powder Biscuits: 2 cups Master Mix, ½ cup milk, 4 teaspoons sugar.

Combine sugar and master mix well. Add milk all at once and stir until flour is moistened. Place on lightly floured surface and knead lightly about 10 times. Roll out until about ½ inch thick. Cut with a floured cutter and bake on ungreased cooky tin. Bake in pre-heated oven 400 degrees for 15 minutes or until nicely browned.

Pancakes: 1½ cups Master Mix, 1 tablespoon sugar, 1½ cups milk, 2 eggs, beaten slightly.

Blend mix and sugar. Stir in milk and egg into mix. Best results are obtained by using a wire whisk and stirring the mixture lightly until the flour is moistened. Do not beat out all the lumps, they will come out in the baking. Pour batter onto hot griddle, about ¼ cups makes an average sized pancake. Turn when the edges look cooked and the top is covered with tiny bubbles.

Waffles: 1½ cups Master Mix, 1 tablespoon and 1 teaspoon sugar, 1 egg yolk, 1 egg white, 1 cup milk.

Blend mix and sugar. Gradually add beaten egg yolk mixed with milk. Mix thoroughly. Fold in stiffly beaten egg white. Pour about ⅓ cup of batter onto hot waffle iron and bake.

PUBLIC OPINION

Editor, Times:

Yes I am the owner of one share in the Fairgrounds Property. Bought in July 1915 for $25.00. The present set up can not raise the big money needed to give the people the right kind of County Fair. But our county can if necessary bond the county for say, $90,000 and name their own terms, say 10 years at about 2% interest.

This must be the first and only time that the people of Pennington county have been offered Deed to 30 acres and with some improvement on for nothing. It is not for me to tell you what to think, or what to say or how to vote. However I expect the majority of the right thinking and acting voters will go the County Election Tuesday, April 19 and vote yes.

Let us not forget what our outstanding leaders have accomplished. Rasmus Oen donated $1000 to Dr. Theo. Bratrud of Warren if he would come here and build a hospital and practice; and Banker W. W. Prichard Sr. donated $1000 of his own money to cause the construction of the bridge across Thief River at 8 St. He also donated $100 to St. Hilaire Creamery.

Editor, Times—

It's about time we wake up to the realization that dance halls are no place for children at the age of 14. Now we've seen what can happen—Would n't it be better to see to it that children of that age get to bed by 10 o'clock, and Sunday morning go to church for the morning services.

Again 2 girls have been committed to Sauk Centre. Are we being kind to our children by letting them run to all kinds of filthy places? Let's be a little more particular about where they go and what kind of company they keep. Let's all, as parents, get out of bed on Sunday morning, take our children along and find our places in church.

Lets make Thief River Falls a better place to live, a place we can be proud of. Let's try to bring up our children the right way. Let's begin by getting them interested in the church. What do you say? Remember the church never hurts anyone.

OUR LAND

Prepared by the Minnesota Soil Conservation Service in cooperation with University Farm, St. Paul

Plan Affects Runoff

How his farm is affected by nearby farms is told by Arthur Fitschen, Wells Creek. He has often noticed the difference in the amount of water two similar 70-acre watersheds give off. The south one comes from Art Schilling's farm—a farm protected with a stock pond and contour strips in a four-year rotation. The water comes slow enough so a grassed waterway can carry it to the creek without its tearing away soil. The other water shed comes from the north and drains a farm that has no conservation practices. It carries small stones that have dug a 10-foot deep gully as it runs off the steep slope. Says Fitschen: "If all small watersheds were protected with conservation plans, there would be no silt or water damage in Wells Creek."

Pine Planting In A Big Way

Down near Stewartville, an 83-year-old farmer, George Hale, started planting pines on his farm 35 years ago. He's planted 5,000 pines over the years. Nearly 2,000 pines form a 30-foot high shelterbelt around his home. About the time he started the windbreak, he began a quarter-acre reserve plot for replacing the few trees that die. From this plot also comes Christmas trees to give friends, neighbors and civic and church groups. Hale sells no trees—refuses to, even when asked—but has given hundreds away, says Parker Anderson, Extension forester at the University of Minnesota.

Rotations

Sometimes it might seem that with all the emphasis on huge corn yields from heavy fertilizing, the value of good rotations "takes a back seat." But, not so. One Dodge County farmer, a steady follower of rotations, says "When we drained out our permanent pasture years ago, it was mellow and easy to work and, since it was flat, we thought it could be worked forever. It yielded well, but after it was in a row crop several years, yields began to drop and the land got harder to work. Since we've begun a farm plan, however, yields are rising and the land is easier to work. These fellows who go overboard with fertilizers thinking they can keep up their yields year after year—and save their soil, too—are in for a big surprise, especially if they hit a dry year. Only humus will take in and store water and make ground work easier and only good rotations add humus."

* * *

Letters of Recommendation

"I like a soil conservation district program because it helps you develop a long range blueprint of your farming operation—and that will show your needs." That's one Carver County farmer's endorsement of his district.

You're getting to be an old-timer if you can remember when telephones were cranked.

National Guard Units Plan Practice Alert

"This is a drill!"

These are the words which will precede the announcement of a practice alert of Minnesota Army and Air National Guard units to be held sometime this month.

The alert is known as "Operation Minuteman", in which all Minnesota units will be coordinated with simultaneous alerts in the other states and in the District of Columbia, Alaska, Hawaii and Puerto Rico.

Major General Joseph E. Nelson, Minnesota adjutant general, cautioned citizens of Minnesota that "Operation Minuteman" is a training session to test the mobilization plans of all Army and Air National Guard units throughout the state.

"For that reason," he said, "we ask the people of Minnesota not to be alarmed when this test alert is sounded and our National Guard units are temporarily mobilized."

General Nelson emphasized that the exact date and time of "Operation Minuteman" will be kept secret. The coordination order will come directly from Major General Edgar C. Erickson, chief of the National Guard Bureau, Washington, D. C., to the state adjutant general. It will then be passed down to all Army and Air National Guard units in this state.

The mobilization test will involve approximately 8,900 officers and enlisted men who are members of the 144 Army and Air National Guard units located in 64 communities of Minnesota.

Each of these units has a "rapid assembly plan" now in effect which is designed to place Minnesota National Guard in position to take a necessary part in possible civil or natural disasters in the state. These "plans" go into operation upon the call of the governor, who is the head of Minnesota National Guard, through his chief of staff, Major General Joseph E. Nelson.

Units in the state, including Company F of Thief River Falls, will assemble at local armories or headquarters prepared to move out to simulated disaster missions.

Commanding officers of the various Minnesota units are welcoming this test alert because it will give them the opportunity to test the speed and efficiency which their units can be mobilized in event of an emergency.

A secondary purpose is to give the people of Minnesota an opportunity to see how the National Guard trains and the potential value of this training to the state in emergencies.

Taxeraas Co. Has Packard Agency

Local Firm Now Ready to Handle Sales and Service

Carl T. Taxeraas, local automobile dealer, has been appointed the Packard dealer in Thief River Falls for service and sales, Dan O'Hadigan, general sales manager, Studebaker-Packard corporation, announced today.

Now being shown at Taxeraas Implement Co. in the showrooms on W. 3rd St. are the new Packards and 1955 Clippers which have V-8 engines and the new torsion bar suspension which eliminates conventional coil and leaf springs.

Taxeraas will begin to provide service for Packard cars immediately. His service facilities have been completely equipped with Packard parts and accessories. Intensive training courses for his service staff have been carried out during the past two months with emphasis on the new type of suspension and transmission being installed for the first time in American production cars.

RLF STUDENTS GRADUATE FROM "U" FARM SCHOOL

John and Margaret Erickson, son and daughter of Mrs. Minnie Erickson, Red Lake Falls, were graduated from the University of Minnesota school of agriculture at St. Paul on Wednesday, March 16, according to announcement received from Dr. J. O. Christianson, superintendent of the school.

Keeping Score with "Huck" Olson

A New High

Ambrose Wysocki, bowling with the Northern Woodwork team in the Thursday night Commercial league, shuffled up to the foul-line last Thursday night, exploded his right-hand delivery through a cloud of cigar smoke, and massaged Irv Wilson's Pla-Mor alley pins for a 682 three-game total—a new season's record.

Am, who carries a 177 season in the Commercial League, bowled games of 236, 231, and 215 in setting his new mark and breaking Wally DuChamp's previous record of 672. Wally does not intend to "stand idly by" and let Am's new record remain unmolested, but the probabilities are that Wally will run out the schedule before he can jar Am off the top rung. Wally set that 672 mark early in the season, and since that time he's been "coasting" and spending his time "coaching" his Northern Chevrolet teammates—Jesse, Phil, Emil, Ray, and Berdeen.

Juzde Stars, as Usual

The Brandon Wheat Kings evened their best-of-five series Western Canada Intermediate semi-finals on Monday night when, at Brandon, they defeated the Kenora Thistles, 3 to 0. Kenora won the opener on Saturday night, and Brandon's win on Monday night gave each team a victory with the third game scheduled for Wednesday night.

Playing a stellar role for the Wheat Kings on Monday night was bashing Bill Juzde, who was shaking the rafters and the Kenora players by his crunching body checks. Hec Bourgeous, who played with the Crookston Pirates in the Northwest Hockey league season, has joined the Brandon club for the playoffs, being a draftee from the Killarney Shamrocks.

Justice

School authorities at Esko have been informed by the Minnesota State High School League that Ran Korby, a member of the Esko team that won the consolation title in the recent state high school basketball tournament, should have been named to the All-State tournament squad.

According to the reports, Korby had been tied with another player in the voting by the All-State committee, and in the hustle and bustle of the tournament wind-up, Korby's name was omitted when the All-State team was announced.

The Esko team, winners of the Region 7 championship, and consolation titlists, deserved the recognition of placing a player on the All-State squad, especially since Fairmont, the team that Esko defeated in the consolation finals, placed two players on the squad.

We can well imagine that there has been a deluge of letters from the Region 7 basketball enthusiasts to the State High School League headquarters regarding the selection of the All-State squad. This week's announcement should correct matters somewhat.

A Respite

It appears that considerable pressure is being brought to bear on the State Legislature with regard to the two lines-for-panfish angling. Bud and Cotton will be happy to learn that, in all probability, they will be able to use two lines when panfishing. If such proves to be the case, the two boys will continue to feed the grub worms they have been raising this winter; for as Elmer Satre says, "Cotton and Bud are the city's best panfishermen, but of course they have to use a small pan."

Baseball Chatter

Preliminary plans had been completed for the formation of a new six-team league which was to have begun operation this season, and which was to have had the following teams on its roster—Warroad, Baudette, Roseau, Thief River Falls, Red Lake Falls, and Crookston. Such a circuit would have produced an attractive schedule; but it's not to be.

At a meeting held at Roseau last week, and which was to have solidified the preliminary plans objections to the league were voiced by the representatives of several teams. The gist of their arguments was that the Warroad Lakers were too powerful for the other teams in the northern half of the proposed league, and that their fans wouldn't care to attend the top-sided games that would result. And so end the league plans.

Ralph Skjod, coach of the 31st district champion Prowlers, is anxious to get his charges outdoors, and he expressed concern as to the condition of the Fair Grounds diamond. The Prowlers, with such classy veterans as Joey Poole, Sid Vraa, Jack Poole, Rod Collins, Freddie Dablow, Glenn Carlson, Dave Berg, and others, available for this season should be rated as a district favorite. Of course the Red Lake Falls Eagles will have Ronnie LaChance and Bozo Enard on hand, and that will make the club tough. Alvarado's Charley Pickens expects to have an all-veteran club for this season's schedule, with strong-armed Wayne Ekman as the 'Indians' headliner.

21 Lives 'Saved' in 1st Three Months

No Traffic Fatalities in Pennington, Marshall

Through sensible driving, Minnesota motorists "saved" 21 lives during the first quarter of this year, as compared with the first three months of 1954, according to Earl M. Larimer, state director of highway safety. He cited preliminary figures which revealed that 115 deaths resulting from traffic accidents on Minnesota's streets and highways were recorded through March 31, as compared with 136 a year ago.

Pennington county came up with no deaths so far this year, the same as in the first three months of last year. Marshall county reported five deaths to April 1, 1954, and none this year.

Minnesota's reduction in traffic deaths, according to Larimer, is slightly ahead of the nationwide downward trend. Latest available national figures show that Minnesota deaths are down 9%, as compared with 7% for the nation.

Garden Valley Co. Opposes Tax Hike

Says Increase in Gross Earnings Tax Would Hurt

Rural telephone company representatives met with the tax committee of the state legislature last Tuesday and pleaded with them to remove from Governor Freeman's tax bill that part which calls for a 75% increase in the gross earnings tax now paid by telephone companies in the state.

Mr. Ostby, manager of the Garden Valley Telephone company, was called on to appear before the committee and reported to them that a 75% increase in the gross earnings tax would be a terrific load for rural telephone companies to carry. He stated too that rural telephone business with its long and difficult-to-maintain rural lines is far from being highly profitable and that every added expense must be guarded against.

It is estimated that the amount of the added tax would take out of the Garden Valley net earnings enough to finance a quarter of a million dollars of the Company's loan with the REA. Mr. Ostby stated that it would be possible for the company to bear the added tax burden only by increasing the telephone rates and he as well as all others concerned felt that the rates should not be increased at this time.

Mr. Ostby states that, after he had appeared at the house hearing, and had met a number of the state's legislators, he came to the conclusion that it would be highly important for telephone users to write their representatives and senators asking them to vote against the increase of the gross earnings tax on telephone service.

Lions Plan Ladies Night Party Apr. 30

Support of April 19 Bond Election Asked

At the Lions club luncheon meeting last Wednesday noon in the Rex Cafe, Dr. O. D. Beich, committee chairman, announced that Saturday evening, April 30, had been selected as the date of the annual Lions ladies night party.

James Parkins and L. A. Ihle, members of the county fair board, reported on the action of shareholders of the Pennington County Agricultural society in authorizing the board to turn the fair property over to the county.

The two men and Dr. M. D. Starekow, club president, urged the membership to support the election April 19 on the question of issuing $90,000 in county bonds to finance construction of a new agricultural exhibit building, grandstand and comfort station.

Local Shooters in Red River Valley Rifle Tournament

Carol Bishop and Susan Mills Share Runner-up Honors at Crookston

The first annual Junior Red River Valley League rifle tournament was held at the Crookston Armory on Saturday, Mar. 26th under the sponsorship of the Crookston Rifle Club. In the Sharpshooters division, Grand Forks' Dennis Coulter, with 97-99 for a 196 aggregate, won the first place medal.

Carol Bishop, with a 97-97, and Susan Mills, with 99-95 both of whom are members of the local club shared runner-up honors with 194's. Other local junior riflemen competing in the Sharpshooters division, and their scores, are as follows: Dick Toomey, 189; Sally Snyder, 189; Louise Knutson, 187; Dale Nelson, 187; Dalen Green, 186; Jeanne Dahlen, 184; Dan Sandum, 182; Shirley Kulseth, 182; Elady Kulseth, 181; and Peter Larson, 163.

Crookston monopolized the honors in the Marksman division, with R. Hitchcock winning the first place medal with 95-95, for an aggregate of 190. Jack Pratt and R. Greenhalgh, also of Crookston, tied for second place with 189's. Crookston riflemen also finished in the fourth, fifth, and sixth places in the standings. The only local club shooter participating in the Marksman division was Steve Embury, who had an 83-77 for a 160.

Polio Foundation to Supply Free Vaccine

Professor Willis E. Dugan, Minnesota March of Dimes Chairman, today issued the following statement to clarify the role of the National Foundation for Infantile Paralysis in this spring's anti polio vaccination program:

"The National Foundation for Infantile Paralysis will make polio vaccine available to state health officers throughout the country for use this spring, if it is licensed. This vaccine is being provided without charge, and was purchased by the National Foundation solely with March of Dimes funds.

"Arrangements for the actual giving of the vaccine to the children who will participate in the program are the responsibility of state and local health authorities, and not of the National Foundation. Plans for the vaccinations in Minnesota have been drawn up by health officials in consultation with members of the medical profession.

"In many areas of the state arrangements have been made for physicians to charge a fee for their services in giving the vaccine injections, or for a service charge to be made to purchase needles and syringes. Since the vaccine has been provided by the National Foundation without charge, this fee is solely for physicians' services in administering inoculations or for purchasing medical supplies and is in no sense a charge for the vaccine itself.

"The National Foundation for Infantile Paralysis will under no circumstances accept any part of moneys raised through service charges or administrative fees made in connection with the vaccine program. Nor are National Foundation chapters authorized to assist in any way in collecting these fees or service charges.

"The vaccine purchased by the National Foundation will be offered, after licensing, to children in all communities in Minnesota who are enrolled in the first and second grades of public, private and parochial schools."

Ask for 2d Bridge at E. Grand Forks

Officials Ask Action by State Legislature

Grand Forks and East Grand Forks have joined forces to ask the Minnesota Legislature to make it possible to build a second bridge across the Red River between the two cities.

State Sen. J. B. Bridson, Grand Forks, and Henry G. Tweten, East Grand Forks attorney, laid the matter before Senate and House highway committees Wednesday.

Tweten said it will be necessary for Minnesota to designate a 1,500 foot stretch to be used as an approach to the proposed bridge as a state highway before further steps can be taken. A bill has been presented for that purpose.

Tweten said the second bridge is essential to handle the increasing traffic between the two cities. He said that during certain seasons the bridge is jammed with trucks hauling sugar beets and potatoes from North Dakota to processing and washing plants in East Grand Forks.

He added that opening of a jet air base near Grand Forks will add to the traffic problem.

The committee deferred action on the bill. It is sponsored in the Senate by Louis Murray, East Grand Forks, and in the House by Reps. Reuben Tweten and L. A. Affeldt, both of Fosston.

Itasca Park Lists 31,839 Visitors

Registrations Made from All Parts of the World

Vacationists from every state in the Union and 35 foreign countries visited the headquarters of the Mississippi, Itasca State Park, in 1954.

A check of the guest register at the headwaters, made by the division of state parks, showed a total registration of 31,839 visitors in 1954, compared to 30,703 in 1953. Of this total, 441 were from foreign soil. The 31,839 does not represent actual attendance, Director of State Parks U. W. Hella points out. "Undoubtedly more persons than that failed to sign the register," he said.

Greatest number of registered guests, from a single state, 13,739, were, of course, from Minnesota. Other leading states were Iowa, 4,663; Illinois, 2,845; Missouri, 1,543; North Dakota, 1,533; Nebraska, 1,068; Kansas, 921; Indiana, 781; South Dakota, 713; Wisconsin, 509; Ohio, 403; California, 368; Oklahoma, 347; Texas, 327; Michigan, 268; Washington, 116; and New York, 104.

Of the foreign registrants, most, of course, hailed from Canada—276. Others were Sweden, 21; England, Germany and Norway, 16 each; Hawaii, 15; France 10; Alaska, 9; India, 7; South America, 6; Japan, 4; Denmark, 4. Also represented were Pakistan, Australia, Switzerland, Yugoslavia, West Africa, South Africa, Phillipine Islands, Hungary, Finland, Korea, Latvia, Ireland, Mexico, Scotland, Russia, Israel, Greenland, Egypt, Canal Zone, Belgium, Burma, and Panama.

THE PENNINGTON COUNTY AGRICULTURAL SOCIETY PROPOSES A PROGRAM OF FAIR GROUNDS IMPROVEMENTS

The Board of Directors of the Pennington County Agricultural Society have come to what they term "The Fork in the Road." The windstorm of June 7th, 1954 brought this to an abrupt disclosure. One section of the grandstand was blown down, and realizing that we did not have enough time nor money to rebuild this portion before the fair, temporary bleachers were constructed for the 1954 fair.

The Directors have come to the conclusion that the problem with which they are now confronted is too great to be financed by private contributions and borrowing. The Agricultural Society now has about $10,000 in cash that is available for an improvement program. The property of the Society is unencumbered. It is now proposed by the Directors that all of the property be turned over to Pennington County in return for which the county should assume the responsibility for the financing that will be necessary to develop the property for general community purposes.

The Board of Directors met with the Board of County Commissioners for the purpose of discussing their problem. The Commissioners agreed that if enabling legislation could be secured to permit the County to finance the project that they would cooperate. Necessary legislation has been passed and the Commissioners have agreed to proceed with the election, submitting the question to the voters of the county.

The Plan of the Agricultural Society, if the issue is approved, is to:

- BUILD A GRANDSTAND AND LIVESTOCK EXHIBITION BUILDING,
- MAKE IMPROVEMENTS TO 4-H BUILDING,
- CONSTRUCT MODERN REST ROOMS,
- REPAIR AND REMODEL WOMEN'S BUILDING,
- COMPLETE THE INSTALLATION OF WATER AND SEWER SERVICE AND IMPROVE GROUNDS FOR PARK AND PICNIC AREA.

The benefits of this proposal would be for the development of our main industry—**AGRICULTURE.** For future development of this industry, we must have facilities for Dairy Days, Purebred Livestock Shows & Sales, Northwest Crop Show, Northwest Poultry Show, and many other agricultural developments for the benefit of all. The estimated cost of these improvements to be financed by a $90,000 bond issue.

KOREAN BONUS

One measure that probably will be passed by the legislature with little opposition is the Korean bonus bill. It will have little opposition mainly because little can be said against it. And a big argument in favor of the bill is the fact that we have *paid a bonus to the veterans of World Wars* I and II.

We have established a precedent that is in itself an effective argument. Fortunately we will be able to pay a bonus to the veterans of the Korean war without imposing new taxes. A one-year extension of the special taxes we now are paying to complete our obligation for the World War II bonus probably will be sufficient to meet the additional cost.

LAND VALUES UP

University Farm economists report that land values in Minnesota went up $8 an acre last year in spite of the lower prices received for farm products. The men with sharp pencils who came up with this conclusion do not know for sure why this was so. Among possible reasons they suggested returning confidence in the future of agriculture and the trend to larger farms.

Much of the present demand for land comes from farmers seeking to expand their present holdings, the report states. While the average increase in market value in the state was estimated at 7%, for the Red River Valley the estimate was 11%. Hereabouts we know for sure that farms not only are getting larger but, by clearing and surface drainage, the percentage of productive area per farm is also substantially up.

HARMONY AT HOME

President Eisenhower and a group of leaders of both parties spent a friendly session together one afternoon last week in a "long review of the world situation." The meeting was called, apparently, for the purpose of putting an end to the "war talk" of which there has been too much lately.

Such meetings have a wholesome effect not only here at home but thruout the war-jittery world. There are firebrands who always are willing to be quoted about the ever-present tense situations. There are too many sensationalists in the ranks of those who report for press and radio. It is good for us occasionally to hear a calm voice rising above the calamity chorus, giving assurance that the prospect is not completely hopeless.

And such bipartisan meetings as the one held in Washington last week, where the leaders of opposing parties meet and discuss the problems of world peace, and emerge confident and harmonious, strengthen immeasurably our prestige among the nations of the world.

GERMANY IN THE AIR AGAIN

Germany, a great air power until the war ended ten years ago, is back in the air again. On the first of April a limited schedule of domestic service was started. This will be rapidly expended and in a few months Lufthansa will be back in international service. For the time being American made ships will be used and American pilots, loaned to the Germans by American airline companies, will be used in training the inexperienced crews.

So ends another important cycle of world history. Ten years ago the war against Adolph Hitler was drawing to an end and we were closing in on the remnants of the military power of Japan. Now both nations have been restored to full freedom. We have dealt generously with our former foes in assisting them in their recovery of both economic and political independence.

Much as we would like to, we cannot say that our brotherly conduct has been prompted entirely by the spirit of brotherly love. We will have to admit that we have had a selfish interest in the survival of these great nations. Making them strong has also served our own best interest.

Whether what we have done proves to be right or wrong will depend on how they use their strength. If the power they have regained will now be used in the interests of world peace, and we can go forward together, shoulder to shoulder, in the building of a better world, then our costs will prove to have been well worth while.

WRONG BOTH WAYS

The Eisenhower administration has been criticised by the opposition because, about a year ago, a special tax measure, adopted during the war as an emergency revenue producer, was permitted to expire at the date set for its termination. When it was adopted it was approved as an extra tax imposed temporarily on business. When it was permitted to die business was benefited, so this was wrong.

Last week the president signed a bill that extended by a year the life of another such a special war measure that otherwise would have ended on the first of April. Said the president, we can't give this tax relief now because we can't spare the revenue. So in this instance business did not get relief. There were eight votes against the extension the president requested. One of these eight was cast by Congressman Blatnik. That proves that Eisenhower has "done wrong" again.

The Legislature

BY W. E. DAHLQUIST

Many important offices in our state government are filled by appointment, the appointing power being vested in the governor. There are curbs on this appointing power. While the legislature has given to the governor the responsibility of appointment, it has reserved for itself the right to scrutinize these appointments, providing that they must be approved by the senate.

Another limitation on the appointing power is the specific time period for which appointments are made. The governor cannot fire and hire willy-nilly. And in establishing supervisory boards the legislature has favored the staggering of terms of office for which its members are appointed. This is a wise precaution, giving greater stability to such boards and removing them to some extent at least from partisan pressure.

The state department of education serves well as an example of what is being done to protect an important service from such pressure. This is one service we do not want influenced either in its policy or practice by "politics."

Our commissioner of education is appointed by a seven-member board of education. The terms of office of these seven members are now being staggered over a period of seven years. No governor, therefore, in one term of office, could greatly influence by appointments the character of the board. In the normal course of events changes would come gradually.

Governor Orville Freeman would circumvent this barrier to his appointing power by seizing the appointing rights of his predecessor. Two vacancies on this board occurred during Governor Anderson's term of office after the 1953 legislature had adjourned. Instead of submitting the Anderson appointments to the senate for consideration Governor Freeman has substituted appointments of his own.

If the senate now gives approval to Freeman's procedure and appointments he will have accomplished what the legislature tried to guard against—in one term of office he will have appointed four of the seven members of the board of education.

For proper precedent in a situation of this kind we have the record of Harold Stassen when he succeeded Elmer Benson as governor. The journal of the senate for the 1939 session reports a message from Governor Stassen in which he submitted a long list of Governor Benson appointees. In that message Stassen said,

"I submit to you herewith the following nominations made by my predecessor during the interim from the adjournment of your last session up to my inauguration."

Following the list of names he made this concluding statement,

"There are some interim appointments of my predecessor for terms that either have expired or which are about to expire, or the legal status of which I am inquiring into, that I am not transmitting at this time, but which will be the subject of a future communication to you."

Stassen recognized an obligation to at least make known to the senate the status of vacancies and the recommendations of his predecessor. It was for the senate to decide what should be done about such recommendations.

The problem confronting legislative leaders now is to find a way of getting the Governor Anderson appointments before the proper committees. Several methods for accomplishing this have been given consideration. One thing for certain, the situation has not been conducive to harmony on the hill.

CLEANS CARPETS RUGS, FURNITURE; LEAVES LIKE NEW

Blue Lustre, a gentle foam cleaner, works equally well on wall-to-wall carpeting, fine Oriental rugs or upholstery.

That's because Blue Lustre brushes into the fabric without sogging or matting it, and removes the dirt without harsh action. What's more, it doesn't leave behind any oily or gummy substance. The foam disappears like soap bubbles blown into the air.

You can clean your furnishings simply, easily and cheaply with Blue Lustre. A half-gallon of concentrate costs only $2.50 and will clean three 9 x 12 rugs, available at KELLY HARDWARE CO.

Report on Viking News of the Week

By Mrs. Orville Peters, Phone [illegible]

Installation services for the Rev. T. J. Weltzin were held Sunday morning at the Zion Lutheran Church. The services were conducted by Dr. A. E. Hanson, President of Northern Minnesota District E.L.C.

There were members from the Bethesda Church, the Bethlehem Church and the Oak Ridge Church present at this service.

The Weltzin family came to Viking from Bottineau, No. Dak. where they have served for seven years. Mr. and Mrs. Weltzin have a family of five children. We extend a hearty welcome to them, to our community.

Many from Viking attended the 4-H plays at Newfolden Saturday evening. The local 4-H club presented the play, "A Bit of Gossip." Connie Olson was chosen the outstanding girl actress.

4-H Club News

A 4-H meeting was held at the John Peters home on March 29, 1955. The meeting was opened with the Flag Pledge and the 4-H pledge. Roll call was taken by saying your favorite song. Basket weaving was discussed. It was decided to weave baskets at one of the meetings.

The meeting was then turned over to the program committee. The program was as follows: song by the whole group; project talk was given by Connie Olson; two accordion solos were played by Maynard Samuelson; Bonnie Peters gave a reading; a demonstration by Virginia Samuelson. A closing song by the group. Games were then played and lunch was served by Mrs. John Peters and Mrs. Alvin Grandstrand.

Munyer-Torgrimson Vows Spoken

The St. Petri Lutheran church near Grygla was the scene of a beautiful wedding on Saturday afternoon, April 2, at 2:30, when Beverly Anne Torgrimson, daughter of Mr. and Mrs. Gust Torgrimson of Goodridge became the bride of George J. Munyer, son of Mr. and Mrs. Joseph Munyer of Williston, N. Dak.

The double ring ceremony was performed by Rev. J. M. Erickson, before an altar graced with candelabra and bouquets of gladiolus and jonquils and ferns.

The traditional wedding music was played by Mrs. Fay Rude of Grygla, who presided at the organ and accompanied Miss Daphne Hesse of Grygla, a friend of the bride, who sang "Because" before the ceremony and "The Lord's Prayer" as the bride and groom knelt at the altar.

Miss Torgrimson, escorted to the altar and given in marriage by her father, was attired in a white floor length strapless gown of embroidered net over satin, with a fitted jacket with sleeves coming to a point over the hand. Her fingertip veil was held in place with a pearl studded crown. The pearl necklace and earrings she wore were a gift of the groom and she carried a colonial boquet of pink and white carnations and stephanotis.

Miss Ordella Dahle of Goodridge, a friend of the bride, was maid of honor and wore a lavendar dress fashioned with an embroidered net bodice and jacket and a skirt of net over satin. Phyllis Alby, of Thief River Falls, a cousin of the bride, was the other bridesmaid and was attired in a gown of white net over nile green satin with a matching jacket. Their colonial bouquets were of lavendar and white carnations with ribbons to match their gowns. They wore pearl earrings, a gift of the bride.

Attending the groom as best man was Tom Larson of Williston, N. Dak., a friend of the groom. His other attendant was Bill Munyer of Jamestown, N. Dak., brother of the groom. The ushers were Ronald Alby of Newfolden and Robert Alby of Thief River Falls, cousins of the bride.

Mrs. Torgrimson, mother of the bride, wore an aqua linen suit with beige and white accessories. The groom's mother was unable to attend.

A reception was given by the bride's parents and served by the St. Petri Ladies Aid in the church dining parlor following th ceremony. The background of the bridal table was decorated with blue and white streamers and a large three tiered wedding cake topped with a miniature bride and groom and decorated with pink roses centered the bridal table. Mrs. Gladys Becker, aunt of the bride, cut the cake, and Mrs. Lewis Alby and Mrs. Albert Alby, aunts of the bride, poured. Mrs. Clifford Eggen and Mrs. Adrian Johnson served as waitresses at the bridal table. Thelma Nystul, friend of the bride, registered the guests.

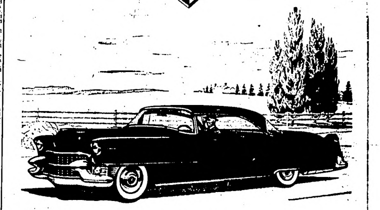
Cadillac



Finest Hour of the Twenty-Four!

He's traveling his favorite highway behind the wheel of his favorite car—and he's about an hour out from his destination.

What a happy prospect for a happy hour!

Imagine, for instance, the marvelous rest and relaxation it will bring him.

He'll just sit there with his hands resting gently on the wheel . . . cradled by those deep, soft cushions . . . and with the soft sound of the wind for a lullaby.

And insofar as his driving is concerned—well, what could be more restful! The car's every movement will be regulated by the merest touch of toe and hand. Steering, for instance, will be little more than a gesture . . . and braking will require only the gentlest pressure on the pedal.

And what a wonderful time it will be to think and plan! For his mind will clear and his spirits will rise with each passing mile.

Yes, he's about to enjoy one of the *finest* hours of the whole twenty-four—and it may even be one of the most *profitable!*

In fact, many of America's foremost executives will tell you that some of their wisest business decisions have been made at the wheel of a Cadillac.

• • •

As you might have gathered, you've been missing out on something wonderful if you haven't treated yourself to an hour in a 1955 Cadillac.

That's why we say—come in soon and take a "sixty-minute vacation" in the "car of cars."

The keys are waiting for you—and you'll be welcome at any time.

J. Wayne Green, eminent Trichologist, demonstrates causes of baldness and how it can be prevented.

How to Have Hair For A Lifetime To Be Demonstrated Here By Famous Trichologist

Offers Written Guarantee

An exclusive interview by Steven Bright

WICHITA (Special)—J. Wayne Green, Director of Rogers, Inc., Hair and Scalp Specialists, exploded the "myth of baldness" today in an exclusive interview. "Baldness is unnecessary, costly and a plague to mankind," says Green. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Rogers method of hair and scalp treatment can prevent baldness—can turn colorless fuzz into healthy, growing hair—can make you look youthful again."

Demonstration To Be Held In Thief River Falls, Minn.

This revolutionary method of home treatment for the hair and scalp will be demonstrated in Thief River Falls, Minnesota, Tuesday ONLY, April 12 at the Pennington Hotel. Trichologist L. E. Martin will conduct the private, individual interviews from 12 noon until 9:00 P. M. on Tuesday ONLY. There is no cost or obligation, and you need no appointment.

Reason for Baldness

"There is always a reason for baldness," continued this nationally known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness, or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair." Men, and yes, women too, walk the streets today, completely devoid of nature's greatest ornament—hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up. "The simple answer," emphasized this expert, "is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If this were the case, baldness would be a rarity today!"

Heredity Not Involved

Trichologist Green dodged no issues. He quickly took up the most widely spread theory of unrealistic belief that baldness is heredity... "Mankind's unrealistic belief that baldness is hereditary stems from a misinterpretation of the theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp." The purpose of the Rogers Hair and Scalp Clinic is to teach the methods of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. "A healthy scalp will grow if it is not already completely bald," assures Green.

Is There Hope for The Completely Bald

In his travels throughout the United States and Canada, Green has collected hundreds of testimonials of his ability to develop weak fuzz into healthy, mature hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Green is quick however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Green, "that no person who is completely bald hold any hope whatsoever of regrowing hair. If there is any fuzz at all, we can restore a healthy scalp condition and the hair will grow normally again, as nature intended.

Offers A Guarantee

"Rogers, Inc., America's Foremost Hair and Scalp Specialists, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with results at the end of 30 days, the money invested will be graciously refunded," pledged Green. "We must have satisfied clients. We must grow hair. After all, it is our best advertisement."

Is Your Hair Healthy?

If you have a scalp disorder, or if you are worried about your hair, call Trichologist L. E. Martin at the Pennington Hotel in Thief River Falls, Minnesota, Tuesday ONLY, from 12 noon to 9:00 P. M. The public is invited. The examinations are private and open to men and women. You do not need an appointment, and you will not be embarrassed or obligated in any way. (Adv.)

Every Minnesota Taxpayer should know the

TRUE FACTS ABOUT THE PROPOSED IRON ORE TAX BILL

The supporters of this short-sighted measure, which would increase the taxes of iron ore mining companies by $16,000,000 for the next two years, have published the following claims:

THEY CLAIM THAT *"combined federal income and Minnesota occupation and royalty taxes on iron ore companies are only 43.5% of net profit as compared with 53.5% in the case of other Minnesota corporations."*

THEY CLAIM THAT *"40% of the profits of U. S. Steel in 1953 came from Minnesota iron ore."*

THEY CLAIM THAT *"Iron ore net profits have increased to $1.86 per ton, and amount to 24% to 34% of sales.*

THESE COSTS ARE IGNORED
in the claims made by those who would increase iron ore taxes

1 Money invested in the iron ore in the ground (depletion).
2 General property, or ad valorem, taxes on iron ore reserves.
3 General research and experimentation on low-grade ores and taconite.
4 Losses on non-profit mines.
5 Unsuccessful drilling and exploration expenses.
6 Many administrative expenses.

EACH OF THESE CLAIMS IS BASED ON FALSE ASSUMPTIONS

Each of them wrongly assumes that the Minnesota occupation tax returns of the mining companies show net profits of these companies. That is incorrect.

Each of them completely ignores many costs (see box) that would be deductible under the income tax law which applies to other Minnesota corporations.

THEY IGNORE the large costs of the ore which is mined, as well as the taxes and other charges paid out to carry these reserves before they yield *any* income—in some cases for as long as 40 years.

THEY IGNORE the millions of dollars paid each year by the mining companies in general property taxes upon the ore in their properties.

THEY IGNORE the tremendous sums spent by the companies each year in general research and experimentation on low-grade ores and taconite. (Over the past ten years more than $75,000,000 has been spent for research on taconite alone.)

THEY IGNORE the losses incurred on the operation of many mines—losses which particularly penalize the small operator who, to produce his tonnage, must work several small mines.

THEY IGNORE the large sums which mining companies lose through unsuccessful exploration in their constant effort to discover new ore-bearing areas.

THEY IGNORE many ordinary business expenses, such as those for advertising, legal services and charitable contributions, which must be deducted in computing net profits.

Minnesota's mining industry is now at the most difficult competitive stage in its history. The next few years will require the investment of millions more in plants for the processing of low-grade ores and taconite.

▶ By discouraging such investment this unfair tax bill, which would increase the already-high occupation and royalty taxes by 33⅓%, could do incalculable damage to every family in the State for generations to come.

Save $12 on feed per 100 birds with Land O'Lakes Chick Starter "20"

In nine-week tests, with thousands of chicks, Land O'Lakes poultrymen found: chicks fed Land O'Lakes Chick Starter "20" gained one pound for every 2¼ pounds of feed. To gain one pound, birds on ordinary chick starter needed 3½ pounds of feed. Three quarters of a pound more starter per pound of gain! Twelve dollars per 100 birds more in feeding costs.

All chicks tested were the same type. No difference in cost between Land O'Lakes Chick Starter "20" and ordinary starters used in the tests. Yet birds on Land O'Lakes Chick Starter "20" cost 12 cents a bird less to feed! That's because it's built with every ingredient known to speed growth—plus antibiotics and sulfaquinoxaline to fight disease.

MORE PEOPLE BOUGHT CHEVROLETS THAN ANY OTHER CAR

No other low-priced car even comes close
to matching these important Chevrolet advantages . . .

If you're planning to buy a new car, the one you just can't afford to miss seeing is Chevrolet—for 19 straight years America's best-selling car. The Motoramic Chevrolet offers you so much more than the other low-priced cars that it's hardly fair to compare them. And even the high-priced cars don't have all the advantages that today's Chevrolet offers you.

The beauty's built in—not bolted on!
Chevrolet's beauty is inherent in the basic contours of metal and glass. There's no excessive bolted-on ornamentation to go out of style overnight.

The Body's by Fisher!
You see Body by Fisher on lots of the *high-priced* cars—and only Chevrolet has it in the *low-price* field!

Today's most modern engines!
That goes for Chevrolet's new V8 and two new sixes as well. All bring you a modern 12-volt electrical system—*double* the voltage of other low-priced cars. Then Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry!

A drive to suit your driving!
There's silky, peppery Powerglide (even better this year!), new Overdrive (both extra-cost options), and a new Synchro-Mesh transmission that's as smooth as they come.

Late Events in Middle River

By Gertrude Hanson

A rural life Conference was held March 27-30 in First Lutheran Church of Middle River. C. O. Hanson, pastor. Guest speaker was Dr. E. W. Mueller, rural life commissioner of the National Lutheran Council. He spoke on the following topics: "Rural People Need to Hear a Message from God," "Rural People Need to Grow," "Let us Look at Our Community," "Our Rural Youth", "People Are Our Business," "The Rural Church Has Many Friends," and "Let Us Build a Christian Community."

Nine laymen and eight pastors of this area participated during the four day conference. The laymen were Supt. John Halvorson of Newfolden, Mr. O. K. Ose of Thief River Falls, Mr. Reinhold Johnson of Karlstad, Mr. Alton O. Anderson of Thief River Falls, Mr. Obert Wammer of Badger, Mr. Oscar Rokke of Newfolden, Mr. A. O. Gudim of Newfolden, Mr. Earl Carlson of Holt and Supt. Robert Prickett of Middle River. The pastors participating were V. G. Mostrom of Badger, Reinhold Pederson of Greenbush, Gordon Berntson of Newfolden, Eldon Person of St. Hilaire and Leslie Wassberg of Lake Bronson.

Among the things emphasized were that God has no minor assignments in any work. We are co-workers with God in whatever work we are in. Our message as pastors is always the same — To "Preach Jesus Christ, the same yesterday, today, and forever; but the methods, and experiences and circumstances change. Today in America the Lutheran Church is an American Church. At one time it was a foreign church; a German Swedish or Norwegian Church. It was also stressed that a church does not exist to save itself but to contribute to the *people and the community* in which it lives. The church needs to build people to do this, the community needs the church, school, roads, an economic base, health, government and recreation. A church also needs to continue a strong program for its youth and that a church is only as strong as the resources of her people. There is a need to maintain our young people for our farms and small communities and to retain our resources for our people.

Dr. E. W. Mueller was a house guest of Rev. C. O. Hanson during the days of this conference.

Crookston Attorney Upheld in Texas Case

District Judge J. H. Sylvestre ruled Thursday that his court does not have authority to order a person in Minnesota to appear at grand jury investigations in *another state, possibly a precedent-setting decision*, says the Crookston Times.

The ruling came in connection with Texas request that John W. Padden, Crookston attorney, be directed by the state to appear as witness at a Bexar county, Texas, grand jury investigation, April 7-9. That investigation is in the affairs of Bascom Giles, former Texas land commissioner who is allegedly involved in Texas land sale scandals. Giles has large land holdings in the Crookston area; Padden was his attorney in his business affairs here.

Thursday's hearing centered on interpretation of Minnesota law and its provisions requiring witnesses to appear in court actions in other states if requested.

The fact that the Texas request for Padden's appearance is for a grand jury investigation was the key to Judge Sylvestre's decision.

The Minnesota law involved allows subpenas to be issued directing witness to appear in criminal actions in other states. But it says nothing specific concerning grand jury actions.

Present at the hearing was Perry Voldness, special assistant from the Minnesota attorney general's office. In his arguments before the court he stated that the law does cover grand jury actions.

Voldness stated that so far as he knew Judge Sylvestre's decision was the first to be made in the state concerning the grand jury question. Voldness said he did not know if the attorney general's office would appeal the ruling or not.

Padden, in his statements before the court, interpreted the law to require a witness' presence at criminal trials, but not grand jury proceedings. As a sidelight, he stated that the trip to Texas would be great expense and inconvenience.

In opening the court, Judge Sylvestre criticized press and radio for giving the impression, in his opinion, that their accounts seemed to involve Padden in the Texas scandals.

He said he knew of nothing that Padden had done—or was alleged to have done—that was not honorable or ethical.

At Austin, Texas, Thursday, Giles refused for the second time to testify about veteran land sales in Texas under a program which he headed, invoking the fifth amendment.

He has been scheduled to make an oral statement under oath in connection with the state's suit against him.

The state sought to question Giles in court on whether he profited illegally from the program under which the state bought land and resold it to war veterans.

Texas Atty. Gen. John B. Sheppard has said that Minnesota land and Minnesota bank records will play a major role in every land fraud trial in the state.

Giles owns 10,073 acres of land in Polk county alone—7,559 acres of it in Tilden township just east of Crookston. He also has holdings in Marshall, Red Lake and Pennington counties.

Giles started buying the land about two years ago, and at that time engaged Padden as his attorney for his business affairs in the area.

Those who knew Giles said he intended to raise livestock in this area. He is also reported to have 200 head of stock, including 22 registered Hereford cows, seven registered Hereford bulls said to be valued at $1,000 each, and a number of Brahma cattle, and in addition, a herd of sheep.

Local Students Do Well at N. W. School

Several from This Area Are Named on Honor Roll

A large number of students won honor roll ratings and High Scholarship ratings for the last six weeks of the winter term at the Northwest School of Agriculture, Crookston.

The ten students who made a straight grade "A" average were: Gordon Filipi, Warren, freshman; Bruce Chapman, Baudette; Allan Dragseth, Eldred; Walter Fehr, East Grand Forks; Delmar Johnson, Middle River; and Roger Tollefson, Crookston, sophomores; Arlene Christianson, Goodridge; Donald Diedrich, Warren; and Throne Larson, Twin Valley, juniors; and Wendall Kelm, Neche, N. Dak., senior.

A number of students on the honor roll had one "B" and all the rest of their grades were "A"; these included: Ronald Filipi, Warren; Lyle Johnson, Middle River, freshmen; Duane Kuzel, Angus; Jean McWilliam, Winger; Allen Steinhauer, Thief River Falls, sophomores; Leon Driscoll, East Grand Forks; Cathryn Hovland, Perley, juniors; and Wayne Erickson, McIntosh, and Paul Tollefson, Crookston, seniors.

Honor Roll students (2.50 or above) include: Freshmen: Gordon Filipi, Warren; Ronald Filipy, Warren; Lyle Johnson, Middle River. Sophomores, Robert Hance, Red Lake Falls; Delmar Johnson, Middle River; Larry Kreal, Angus; Duane Kuzel, Angus; Judy Piker, Angus; Allen Steinhauer, Thief River Falls; Joel Stromberg, Thief River Falls; Michael Vanek, Angus. Juniors, Arlene Christianson, Goodridge; Donald Diedrich, Warren; Barbara Hylland, Grygla; Ruth Iverson, Goodridge; Seniors, Marilyn Balstad, Fosston; Wayne Erickson, McIntosh; Donald Wald, St. Hilaire.

M&O Paper Co. to Sell By-Product for Road Building

W. H. Schlafge, manager of the Minnesota and Ontario Paper Company's paper and Insulite mill at International Falls, today announced a paper mill by-product will be made available early in May for road building and other related uses.

An informal meeting was held Monday at the company's staff house in International Falls. Company engineers discussed with municipal officials mutual problems relating to the distribution and application of the road binder material.

The announcement follows a sulphite road binder demonstration held by Mando at International Falls last September. More than 50 highway, forestry, conservation and municipal officials were on hand for the day-long demonstration when a specially equipped truck sprayed 21,000 gallons of the amber-colored by-product on a one-mile stretch of graveled road.

A strong demand for the material resulted, and Mando decided to build the necessary facilities to make the material available.

A good listener is popular anywhere, and, eventually, may learn something.

Minnesota House Adopts Formula for Highway Aid

Amendment to State Constitution Needed to Make It Effective

The Minnesota House of Representatives last Wednesday approved, without a dissenting vote a new formula for dividing highway revenues amounting to about 71 million dollars a year.

The formula—prepared for submission to the voters as a constitutional amendment—would give the state trunk highway fund 62 per cent of the total, the counties 29 per cent, and municipalities over 5,000 population 9 per cent.

Now, all motor vehicle license fees, amounting to more than 28 million dollars a year, go to the trunk highway fund. Of the more than 42 million dollars collected annually in gasoline taxes, two-thirds go to the trunk highway fund and one-third to the counties. The net result is that the trunk highway fund gets about 80 per cent of the total and the counties 20 per cent. There is no specific allocation to cities.

A short time earlier, Sen. Archie Miller, Hopkins, Senate majority leader, told the Senate highway committee he was sure the House committee would not be approved by the voters.

"I don't think the voters will ever accept a four page amendment as long as and as complicated as this one," he said. "I think it is the duty of the Senate to work out a short, simple amendment that the people can understand."

High Court Upsets Roseau Verdict

New Trial Is Granted in Suit for Damages

A Roseau mother whose child was injured by a car driven by a former police chief Friday was awarded a new trial by the Minnesota supreme court.

A Roseau county district court jury had ruled in favor of Carl Erickson, former Roseau police chief, in a $15,000 injury suit brought by Mrs. Agnes Watts.

Mrs. Watts contended the accident on Dec. 15, 1952, had left her 4-year-old son with permanent injuries. The jury ruled that both the boy and Erickson were negligent.

The boy was injured while crossing a street. Erickson said he was driving at about 15 miles an hour and applied the brakes. But the car skidded on ice and struck the boy, he said.

"Trial Judge Paul Lundgren was in error, the high court said, in "not showing the qualifications of this particular child, such as experience in crossing streets and the amount of traffic instructions he had received in his home."

Governor Speaks at Annual Session of Group Health

Delegates attending the annual meetings of Group Health Mutual and Group Health Association will hear Dr. Franz Goldmann, associate professor of medical care at Harvard University, and Murray Lincoln, president of the Cooperative League and of CARE.

The meetings will be held on Saturday, April 16, at the Hotel Nicollet, Minneapolis. About 1,000 delegates, mostly from Minnesota and Wisconsin, are expected to attend.

Mr. Lincoln, who is also president of the Ohio Farm Bureau Insurance Companies, will speak at the banquet, when Minnesota's Governor Orville Freeman will also speak.

Dr. Goldmann will address the gathering at luncheon.

Two new scholarships will be awarded at the meeting under the association's program of aiding students of medicine, nursing and related fields.

Strandquist . .

By Mrs. Ed. Stennes, Strandquist

Mr. and Mrs. Rasmi Nelson and Mr. and Mrs. Alvin Nelson of Newfolden visited with Mrs. Ella Thun on Sunday.

Mrs. Victor Lefrooth, Laurel Lefrooth and Mrs. Gordon Lefrooth were "coffee" guests of Miss Christine Tell on Sunday.

Mrs. Helmer Carlson called on Mrs. Annie Bjorkman Wednesday afternoon.

Miss Ottina Rokke accompanied Oscar Rokke to Karlstad on Saturday on business.

Mrs. Christine Rokke and Helmer Rokke of Stephen visited with Miss Ottina Rokke Wednesday evening.

Mrs. Willard Stromberg visited with Mrs. Chwialkowski at the central office Tuesday.

Mr. and Mrs. Conrad Wigen and Delaine and Mr. and Mrs. Virgil Erickson visited at the home of Ralph Hamnes of Strathcona Sunday.

Mr. and Mrs. Virgil Erickson of Kenosha, Wis. arrived at the home of Conrad Wigen last week. They have now sold their home at Thief River Falls and also their household goods. They expect to leave for their home on Tuesday.

Virgean, Marie and Kerry were visiting with their grandparents, the Ed Carlsons Monday.

There will be Sunrise Service at the Mission Church on Easter Sunday, April 10 at 6:30 a. m. Breakfast will be served after the service. Welcome.

The Strandquist Co-op. Shipping Ass'n. had a successful year and a good meeting.

The association handled more livestock than in 1953 by an increase of five carloads. Carl Spong from Fargo was there and gave the farmers some good points on marketing of livestock. A big crowd of farmers attended the meeting. Bob Morl, the sheep man from Central was also there and gave the farmers pointers on marketing their sheep. The association is handling the cattle at cost, what overrun comes up goes in the sinking fund which is used for operation and losses that might happen in transit. Swan Lindstrom who has served as president for twelve years resigned and Joe Adlis was elected to take his place. Nels Sundberg is secretary-treasurer and Melvin Brekke and Art Anderson and Frank Kleinvachter are also on the board. Andrew Boen who has been manager for years and has done satisfactory work for the patrons is still keeping the same job. Prizes of flour, groceries, cases of beer, welding, etc., were given to people who had registered and held lucky numbers. Lunch was served after the meeting.

(Too late for last week)

A group of ladies gathered at the Willard Renstrom home last Friday honoring Darlene Renstrom. A short program was given and Darlene was presented with two lovely group gifts. Lunch was served by the self-invited guests.

Mr. and Mrs. Wm. Hanson accompanied by Mrs. Ella Thun, Mrs. Ted Kimbrough and Mrs. Ed Stennes visited with relatives at the Rest Home in Warren on Friday evening. On the way home they visited at the Geo. Monroe home near Radium.

A group of ladies helped Mrs. H. Hougard celebrate her birthday Wednesday evening. She served a delicious lunch and we all wish her many happy returns of the day.

Mr. and Mrs. H. Hougard drove to Minneapolis Friday to get Ruby, who will accompany them on a trip to visit with Earl and family during Easter vacation.

Mr. and Mrs. Bertil Onger and children of Stephen called at the home of Sylvester Kasprowicz Saturday.

Mr. and Mrs. Ed Carlson visited at the home of Vincent Kuznia Jr. Tuesday evening.

Visitors at the Carlson Cafe during the week were Mr. and Mrs. Robert Lindgren and Keith and Mrs. Annie Lindgren Wednesday afternoon. Johnnie Lindgren spent Monday evening with them.

Mr. and Mrs. Algon Lindgren of Roseau visited at the Ed Carlsons Thursday afternoon. Algon stayed until Friday afternoon.

Mr. and Mrs. Reinhold Carlson and family of Kennedy and Mr. and Mrs. Virgil Froemke and family spent Thursday evening with the Ed. Carlson's. Karen and Sandra Carlson are spending a few days with Grandma and Grandpa at the cafe.

Mr. John Larson suffered with a heart condition this week as the effort of wading in deep snow caued him to collapse in front of his door. Mr. Peter Stromberg saw him fall and summoned Wm. Hanson who took him to the hospital at Karlstad where he is improving. Mr. Larson is soon 90 years old and does his own cooking which certainly agrees with him. He gets the mail for his neighbors in the winter and in the summer assists them in mowing their lawns. Although wearing a hearing aid it is pretty hard to speak with him as he is very deaf.

Mrs. Andrew Anderson, Mrs. Ray Hendrickson, Mrs. Willard Sundberg and Mrs. Jeannette Carlson were very busy women Thursday afternoon preparing hundreds of potato dumplings for the supper the seniors served. They also served bacon or potato sausage with this scandinavian dish. The net gain was $20 for the class.

In the spring a young man's fancy turns to love so the wedding bells will soon be pealing.

Due to a misunderstanding of the dates the farmers union and Massey-Harris dealer had a joint meeting at the hall Tuesday evening to a good audience. The speaker of the evening was C. Johnson of Greenbush and the block man, Mr. Freye of the Massey-Harris district of Roseau brought two films of tractors and parts and a film on the raising of food crops and processing. Mrs. Harry Brekke, Mrs. Herman Nelson, Mrs. Walter Hoskins and Mrs. Ed Stennes were joint hostesses. However, I'm afraid due to the late hour some of them missed their lunch as they had school children with them.

The most outstanding event which occurred the past week was the Marshall County Spelling Contest held in the court room at Warren on Saturday, March 21st at 10:00 a. m. In spite of the stormy weather, Mrs. Peterson and three outstanding spelling pupils, namely, Joyce Adlis, Harriet Hanson and Marie Kleinvachter motored to Warren. Joyce Adlis represented the Strandquist school in this contest. We are proud to report that Joyce was placed second in Marshall County and is an alternate from our county to the Minneapolis-Tribune Spelling Bee on April 16. Needless to say we are very proud of Joyce, for bringing this honor to our school. Congratulations to Joyce.

RONALD MELHOUSE, USN, SPENDS LEAVE AT HOME

WHAT THE PRESS SAYS
. . . about higher beer taxes

Farmers Find "Malt" Barley Profitable

More Than Half of Brewers' Price For Beer Would Be Taxes

It's The Public Who Pays
Minnesota Devotes 1,100,000 Acres Of Barley in 1954
Increased Beer Tax Would Aid Badger Brewers
MINNESOTA NEEDS ITS INDUSTRIES

The Press is the sounding board for public opinion. It is therefore enlightening to consider the following excerpts from the Minnesota Press, commenting on the proposal to increase the beer tax:

St. Paul Dispatch March 3, 1955
"PENALTY OF SUCCESS"
". . . Sale of Minnesota beer in other states brings large sums of money here which go into Minnesota payrolls and into the pockets of Minnesota farmers. . . . If taxes rise beyond a certain point, the industry will meet increasing difficulties in maintaining its competitive position . . ."

East Grand Forks Record March 10, 1955
". . . Arthur L. Gluek, of the prominent brewing family, pointed out that malting barley brought a premium of 42 cents a bushel over good feed barley in January of this year. Since an estimated 19,635,000 bushels were sold, that put nearly eight million dollars extra into farmers' pockets . . ."

The Jordan Independent March 3, 1955
". . . It would be well to proceed with caution in levying additional taxes on beverages such as soda pop and beer. The former is the drink of kids, while the latter continues to be the popular beverage of the working man . . ."

Duluth Publicity March 4, 1955
"MINNESOTA NEEDS ITS INDUSTRIES"
". . . Wisconsin's liberal beer excise tax policy has been of big help to the brewing industry of that state in its search for business in adjoining states and throughout the nation.
"Minnesota's smaller brewing industry, in its fight for similar markets, has found the going pretty rough. But it will be rougher still should a proposed excise tax on beer 2½ times that paid in Wisconsin be adopted . . ."

Granite Falls Tribune February 3, 1955
". . . The proposed tax would increase the present tax on beer by 40 per cent. It would have Minnesota breweries pay the second highest beer tax among the 10 leading beer producing states . . ."

New Ulm Daily Journal
"DON'T BEHEAD OUR BEER"
". . . Our beer competes with products of other states — for example, Wisconsin, Missouri and California — which have lower taxes than Minnesota. Why, then turn to beer for $2,000,000 more in taxes? It would probably turn out to be a hidden sales tax passed on to the consumer . . ."

Winthrop News March 3, 1955
". . . Beer, the drink of temperance, is a big industry in Minnesota. Gosh knows we need industry here to provide jobs . . ."

Cloquet Pine Knot February 22, 1955
"IT'S THE PUBLIC WHO PAYS"
". . . This beverage of the common man has taken some uncommonly heavy tax boosts in recent years in both federal and state levies. . . . bringing the present state-federal taxes to $10.10 per barrel of Minnesota 3.2 beer . . ."

Twin City Observer March 17, 1955
". . . You have to reach pretty far to find any reasonable justification for the proposal to increase the tax, already high, on beer, which is part of the governor's over-all program to increase state revenues. . . . Now for centuries Beer has been regarded as the poor man's beverage . . . But if more tax money is needed it shouldn't be taken from those least able to pay . . ."

Big news about
Buick's 4-Door Riviera

This brand-new kind of automobile—the sensation of all the Auto Shows this year—is now rolling off the Buick assembly lines in volume numbers. That's the first news.

And the second is just as wonderful—this dramatic new model is very definitely everything that eager buyers hoped it would be.

For the 4-Door Riviera is the first "hardtop" ever available with separate doors for rear-seat passengers – plus rear-compartment room big as a Buick-size family sedan.

It comes breezing in with all the low-lined sweep and wide open visibility of Buick's original 2-Door Riviera—*and* with luxurious new spaciousness in its sizeable and full-length 4-door body.

With windows down, no posts appear for the rear doors, and you get a completely unobstructed view at both sides.

You find rear doors are hinged at their *front* edges to swing wide and free, and assure easy entrance and exit.

And you'll find legroom, headroom and hiproom extra-generous both front and rear – with interiors tailored in fabrics and patterns specially reserved for the 4-Door Riviera.

Best of all, this new Buick beauty comes off the line in both the low-price SPECIAL Series and the high-powered CENTURY Series.

So you can pick *your* 4-Door Riviera with the potent performance of a 188-hp or 236-hp Buick V8 engine – the swift getaway and gas saving of Variable Pitch Dynaflow* – the velvet stride of the Million Dollar Ride – the long list of Buick bonus features at no extra cost – *and all at "great buy" prices that have helped move Buick into America's "Big Three" of best sellers.*

But—better come see us about the 4-Door Riviera now.

With all-out production—and a *prompt* order – this newest excitement in cars will be yours that much sooner.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

SENATOR PROPOSES MILK BOWL FOOTBALL

"We have all kinds of football bowl games," writes Senator Hubert H. Humphrey. "Now comes along the idea of a Milk Bowl for Small-Fry Elevens. This makes good sense and I think is something that should be done in Minnesota." The Senator sends a news clipping stating that more youngsters representing orphanages, churches, neighborhood clubs, civic groups, and private schools, are playing football than among high schools. This has led to the establishment of a Milk Bowl game in Texas, where youngsters from just about all over the world meet on a Saturday early in each December to test their Prowess—and provide some extra gate receipts for worthy charities. Where, as Senator Humphrey implies, is a more logical place for a Milk Bowl game than in Minnesota?

SMILEY . . .

By Mrs. Jim McCrum, Rt. 2, City

Several members of the Smiley Community Club attended the Steiner Community Club a week ago Friday evening and presented the guest program for the Steiner club. This was a return program as the Steiner group presented an excellent program for the Smiley club a year ago.

Mrs. Mark Olson and Robert Arneson played an accordion duet of four numbers. Mrs. J. W. Lendobeja provided two humorous readings; Nancy Newton played a piano solo; The Smiley quartet of Mrs. Arnold Hammer, Mrs. J. W. Lendobeja, Mrs. Rudolph Hanson and Miss Marlos Hanson sang several selections. A vocal duet was sung by Carl Stenseth and Nancy Newton. A solo skit "Friday Night In Town" was given by Mrs. Jim McCrum.

Mrs. Rudolph Hanson announced the program numbers in behalf of the Smiley Club.

Mr. and Mrs. Walter Lendobeja motored to Grand Forks a week ago Sunday where they spent the day at the Donald Hoffs to assist their grandson, Steven David, with his first birthday anniversary. Also present at the Hoff home for the occasion were little Steven's paternal grand parents, Mr. and Mrs. William Hoff of Fargo and Stevens great aunts, Minnie Hoff and Lillie Kittlesrud of Fargo.

Sunday evening visitors at the Mark Olson home were Mr. and Mrs. John M. Halvorson and Lynn, Miss Beverly Gustafson all of Thief River Falls, Bob Halvorson of Lancaster, Mr. and Mrs. Herman Rude and family.

THE MINNESOTA STORY

Prepared by the

Minnesota Historical Society

STONE FOR PIPES

One of Minnesota's counties and its seat of government bears the name of one of the state's most interesting minerals, pipestone.

Pipestone is a hard, compressed clay, found in association with layers of quartzite in western Minnesota. The compressed clay is a soft rock, as rocks go, and it could be carved into the pipes and articles that the Indians used.

This product was known to the very earliest white men in the Northwest. Reports of a great deposit reached the ears of George Catlin, a man famed for his understanding of the Indians and his lasting portrayals of their way of life.

Catlin left New York early in 1836. Eight months of hard travel were required to get to Fort Snelling. Accompanied by one white man, an Englishman, and an Indian guide, he made his way on horseback westward along the Minnesota river and onto the great prairie. Finally he reached the pipestone quarries, a rocky cliff about 25 feet high and some two miles long. As he approached his find a large body of Sioux met him and told him to stay away from grounds sacred to their nation. But Catlin pressed on and made a careful study of the minerals noting the evidences of the labors of generations of Indians who had mined the soft stone.

Returning with heavy bags of samples he made his way back to New York and to a famed geologist who assayed the rock. To it was assigned it present scientific name, "catlinite."

THE NAME MINNESOTA

Most authorities agree that the name Minnesota was first given to the river and then to the territory and state.

When the territorial bill was considered by Congress in 1846, the following names were proposed for the new territory: Itasca, Algonquin, Chippewa, Washington, Jackson, and Minnesota. The word Minnesota was chosen as the name of the territory because "of its geographic fitness and the beauty of the name."

At the Stillwater Convention in August, 1948, the delegate chosen to represent the convention in Washington was instructed that "the name of the Territory should be written Min-ne-so-ta, and not Mi-ne-so-ta," as it was written and pronounced by many at that time.

It is generally agreed that Minnesota is a Dakotah Indian name, composed of two words minne, meaning water, and sota, about which there is some disagreement. Edward Duffield Neill maintained that the latter term means "the peculiar appearance of the sky on certain days." Gideon Pond's interpretation of it as meaning sky-tinted water has become the most widely known version. Other meanings given to sota have been clouded, turbid, and clear; the idea implied in all of these interpretations seems to be water that reflects the sky.

Mrs. Moses Adams, the widow of a missionary to the Dakotans, told Warren Upham the following story to illustrate the meaning of the word. At various times the Dakotah women explained it to her by dropping a little milk into water and calling it "min-ne-sota."

CHANGING POPULATION

When the first census of Minnesota was taken, in 1850, all of the people of the territory were classified as "rural" residents. That is, they lived on farms or in communities of less than 2500 people. At the time of the first Minnesota census there was no center of population with 2500 people. In 1860 there were but three such places, by 1900 there were 37 and today Minnesoat has 91 communities of more than 2500 population.

In 1860 the urban population was 16,223. In 1900 there were nearly 600 thousand people in urban centers and today that number would approach 1,700,000.

The entire population was classified as rural in 1850 and Minnesota was 90 per cent rural in 1860. By the year 1900 the rural population made up 66 per cent of the total number of people in the state. That proportion continued its decline each year and today the state counts 45 per cent of people as living on farms and in the many communities of less than 2500 population.

Percentagewise, the growth of Minnesota was greatest in the census period from 1850 to 1860. In those ten years of small settlement the population increased by 2700 per cent. In the next decade the increase was 156 per cent and in the next ten years 78 per cent. In the census period ending in 1950 the population increase of the state was 6.8 per cent.

BOATS FOR FUN

For a long time Lake Minnetonka was the home of the Red Man. Both the Sioux and the Chippewas resided on its shores and sometimes fought their battles in the wooded country thereabouts.

Early soldiers at Fort Snelling used to visit this lake. The trip from fort to lake was considered an adventure in pioneer hardship.

In 1852 the first lands on the lake were taken up. At the outlet of the lake a flour and a saw mill were built in the days when every swiftly moving stream was put at work.

Within a few years Minnetonka became one of the 1st centers of lake development for recreational purposes in Minnesota. Upon its water rode, for their day, two notable ships for both business and pleasure.

The City of St. Louis was put into service on the lake by W. D. Washburn in 1881. This craft was 160 feet long with a beam of 40 feet. It could accomodate eight hundred pleasure seeking passengers. It was the first inland boat in the Northwest to possess electric lights. It operated until 1898.

The Belle of Minnetonka was larger and more ambitious than the City of St. Louis. It was three hundred feet long and was taken to the lake from the Mississippi with great exertion. It was considered a splendid craft and could be boarded by two thousand people at a time. This ship was beached at St. Albans in 1892 and left to rot most ignominiously.

"A Star Is Born" promises drama as Judy Garland, James Mason and Charles Bickford face the press in a scene from the multi-million dollar production in CinemaScope and Technicolor. Showing Sunday for three days at the Falls Theatre.

Women's Clubs of Nation Plan to Build Giant Cross

More than 5,000,000 members of the General Federation of Women's Clubs are participating in a drive to raise $3,000,000 with which will be built a 500-foot cross, the world's largest, atop Bald Knob mountain in southern Illinois.

The Cross, which will be visible over a 7,500 square-mile area, is a project of the Bald Knob Christian Foundation, Inc., a non-denominational, non-profit, state-chartered group that has held Easter sunrise services on the mountain annually for the past two decades. The aim of the Foundation is to provide a place of worship for all denominations, with the purpose of achieve greater unity of religious thinking and effort.

Further information is available through Mrs. Robert Roharge, president of Thief River Falls Woman's Club.

Juneve Anderson Winner of Marshall Co. Contest

Juneve Diane Anderson, grade 8, Middle River school district 126, won first place in the Marshall County Tribune spelling contest held March 26 in the court room of the Marshall county court house in Warren. Mrs. Lillian Knutson is the teacher of the school.

Joyce Adlis, Strandquist school district 65 and Rose Mugaas, Gatzke school district 3 received second and third place honors respectively, after being forced to break a tie, which resulted earlier in the contest. Teachers in these schools were Mrs. Christine Peterson and Mrs. Edna Nygaard.

The contest was conducted by Miss Ebba Adelsman, Warren, elementary school principal; John O. Pearson, county superintendent of schools; and Miss Hattie E. Anderson, assistant. Written words were corrected by teachers present. Judges of the oral contest were Mrs. Ellen Smith, high school principal of Alvarado; Howard Wergeland, high school principal of Newfolden, and J. J. Boomgaarden, teacher on the student faculty.

Juneve Anderson will represent Marshall county in the Minneapolis Tribune Spelling Bee finals to be held April 16, in Minneapolis.

Indestructible Man

Within us all there dwells a deep conviction, often unexplained, that life must have a meaning and be safe from final harm.

For many this feeling has found a resting-place more secure than "hope" alone. In heartfelt gratitude they have discovered and built on rock that cannot be shaken — the rock of *proof*.

Thoughtful study of the Bible in the new light of the Christian Science textbook

SCIENCE AND HEALTH *with Key to the Scriptures* by Mary Baker Eddy

reveals *and proves* there is an answer to honest prayer.

Every statement in this book can be put to the test.

Science and Health will be sent postpaid, on receipt of $3 by HORACE J. CARVER, Publishers' Agent, One Norway Street, Boston 15, U.S.A.

You are invited to attend CHRISTIAN SCIENCE SERVICES at the CHURCH EDIFICE
Corner of 1st St. & LaBree Ave
Thief River Falls, Minn.
Sunday at 11 A. M.
Wednesday at 8 P. M.

THE GOLDEN DAY

The bell rings, and its message is a clarion call across the countryside. Beneath it, white lillies touched by the sunlight look upward toward a cloudless sky.

This is Easter . . . the golden day . . . the day of promise and joy. This is the time when God proffers the great gift of eternal life . . . when he shows, in the lesson of the Tomb . . . that there is no death.

There is no more joyous occasion in the Church than Easter. Against the setting of Spring, it touches the land with beauty, bringing a new upsurgence of hope, thrilling the young, comforting the old. Easter is the time to rededicate your faith . . . to listen again to a wonderful promise . . . to receive again a glorious gift. Start attending Church regularly by beginning at Easter.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

if you like natural wood finishes . . .
you'll welcome these
WIZARDS WITH WOOD

FIRZITE—tames wild grain and checking on fir plywood and other soft woods.

For stained, natural effects, use Firzite to tame that wild grain.

For painted or enameled jobs, use Firzite to minimize face checking and grain raising.

For blond, pickled or tinted tones, use White Firzite for a real "woodsy" effect.

SATINLAC—emphasizes the natural beauty of wood wall panels, trim, rails, doors, furniture, etc.

To bring out and preserve the natural grain and beauty of any wood, use Satinlac. To avoid that heavy, "built-up" finish, use Satinlac. Newer than shellac or varnish; water-white; will not turn yellow.

New Annuals

Two new variety selections of annuals are making their premiere this year in American gardens. Prima Donna Petunia, a rosy pink dwarf fringed hybrid, will be available to grace your bedding area or your window box. Another new annual, an All-American selection for 1955, is Toreador Celosia, a fighting red cockscomb which grows about 20 inches in height and has bright red-crested heads.

• • •

The Blaze zinnia, a 1954 All-American winner, is still a favorite from last year. Also available this year is a new variety called Glamour Girls. The flowers are large, informal and fluffy, and instead of being a complete color mixture, Glamour Girls is a harmonious blend of light and gay colors—various apricot and orange shades, salmon pink, soft rose, creamy yellow, cerise, white, chamois and many other colors.

• • •

New early flowering snapdragons are available in mixed colors for 1955. These new varieties will come into flower about one week earlier than other varieties.

• • •

Gardeners will also be interested in a new strain of sweet pea of the floribunda type now on the market. This new strain, with its many flowered stems, presents intriguing possibilities for even greater use of sweet peas in bouquet arrangements. It coomes in five colors: white, mid-blue, light lavender, mauve and deep salmon pink.

QUESTIONS answered for VETERANS

Additional information or assistance on veterans benefits may be obtained by writing or visiting the VA Contact Representatives at the Minot VA Hospital, or the Bismarck or Grand Forks VA Offices.

Q—I understand I have 120 days from discharge to obtain Korean GI term insurance. During that period, I am covered by the free indemnity I had while in service. If I apply early, will I lose out on my 120 day free coverage?

A—You will not lose out on your 120-day free coverage if you apply for GI term insurance before the time runs out. At your request, VA will apply your initial payment to the first premium due after the 120-day period expires.

Q—I am attending a three-year trade school course under the Korean GI Bill. I am allowed up to 30 days absences a year. If I'm not absent at all the first year, can I carry over the 30 days to my second year?

A—No. Unused absences may not be carried over from one year to the next.

Q—I entered the armed forces after January 31, 1955, the end of the period for building up wartime benefits. Will I, as a peacetime veteran, be entitled to GI insurance, even though I didn't serve during the wartime benefits period?

A—You may be entitled to GI insurance after separation from service. This benefit was not affected by the proclamation establishing January 31 as the cut-off for wartime benefits.

Q—I am a disabled World War II veteran. I could have entered Public Law 16 training earlier than this, but I never got around to it. If I apply now, would I be able to get four years of training?

A—No. Under the law, you would be permitted to take a course that you could complete by July 25, 1956, the end of the Public Law 16 program as the law now stands.

Polio Vaccin[illegible] OK; to Be Given to 1[illegible] and 2d Graders Here [illegible]pril 20

Nearly 600 Children to Be Given Salk Vaccine in Municipal Auditorium

Following the anouncement Tuesday at Ann Arbor, Michigan, that the Dr. Salk polio vaccine has been proved to be safe, effective and powerful in preventing paralytic polio, plans moved forward quickly for administering the vaccine to first and second grade pupils in Pennington county schools.

These two grades have been selected to start the project because incidence of polio is highest in this age group.

Dr. Dan Greene, city health officer, stated today that approximately 600 first and second graders will receive their first shots in the Thief River Falls municipal Auditorium next Wednesday morning and afternoon, April 20. Three doctors will be on hand to administer the vaccine in the morning, and three others in the afternoon.

It is planned to administer the second shot the following Wednesday, April 27, while the date of the third and final shot remains to be established.

Dr. Greene emphasized the importance of having parents of first and second graders return cads to the teachers either giving or denying consent for their children to receive the shots.

Details in connection with transporting children from the outlying areas of the county to the Auditorium for treatment are in the hands of Roy J. Oen, chairman of the Pennington county chapter of the National Foundation for Infantile Paralysis, which is supplying vaccine for the current treatments. Mr. Oen could not be reached this morning, as he was out of the city.

First and second graders receiving the shots next Wednesday will be from the public schools and St. Bernard's school of this city, the St. Hilaire and Goodridge schools and 21 rural schools in Pennington county. Mrs. Margaret Race, public school nurse in this city, is cooperating in the campaign.

Norman Peterson and Vern Evenson Form Partnership

Two Men Arrange Joint Operation of Northern TV and Appliance Firm

Norman Peterson has become a partner of Vern Evenson in the operation of Northern TV and Appliance at 316 LaBree av. N., formerly operated by Evenson as Northern Radio and TV, it is announced in an advertisement appearing in this issue of the Times.

Peterson is thoroly familiar with this field of activity, having been associated with C. Gustafson & Son for the past 15 years with the exception of his World War II service.

The new firm will handle an expanded line of products, including Admiral and Sylvania radio and TV, International Harvester freezers and refrigerators and Hotpoint household appliances.

Oakland Park Rest Home Host to RRV Medical Auxiliary

Members of the Red River Valley Medical Society auxiliary from Pennington, Marshall, Red Lake and Roseau counties will meet at Oakland Park rest home on Tuesday April 26th at 1:30 to hear a program on geriatrics.

Donald C. Brandvold, superintendent at Oakland Park Home will talk on the local geriatric program and Mrs. C. W. Moberg of Detroit Lakes, a member of the board of state medical auxiliary, will talk on that group's interest in geriatrics and homes for aged and handicapped.

Mrs. George VanRooy of Thief River Falls is president of the Red River Valley Medical auxiliary. The four groups being entertained are from the counties jointly interested in operating Oakland Park rest home.

Trade Show in Arena Is Set for April 22-23

Sponsored by the Chamber of Commerce in cooperation with local automobile, appliance and farm implement dealers, a Thief River Falls Trade Show will be staged in the sports arena Friday and Saturday, April 22 and 23, from 10 a. m. to 10 p. m. Admission will be free.

On display will be 20 or more 1955 models of automobiles representing a dozen different makes of cars, as well as scores of the latest models of household appliances. Farm implements in wide variety will be displayed on Second st. north of the arena and Auditorium.

For the further entertainment of visitors, a variety of numbers featuring out-of-town talent will be presented Friday afternoon and evening. As a further attraction, each exhibitor will supply a valuable prize, which will be distributed in a drawing Saturday evening, April 23, at 8 o'clock.

Lions Club Host to District Chief Last Wednesday

Guest speakers at the Lions club luncheon meeting last Wednesday noon in the Rex Cafe were Fred Nickle of Winnipeg, governor of Lions district 5 MON-W; and Ben Jansen of Hallock, deputy district governor.

Mr. Nickle complimented the local club for the scope of its activities, and said it is a unit of the largest service club organization in the world, adding that the district of which the local club is a part comprises 34 clubs in Minnesota, Manitoba and western Ontario.

Mr. Jansen also spoke briefly, urging the membership to support all worthwhile causes.

Forty Applicants for School Supt. Reduced to Dozen

With more than 40 applications received to date for the position of superintendent of schools in Thief River Falls, succeeding W. G. Claffy, whose resignation takes effect in August, Elmer Bratsch, president of the local board of education, stated this week that the field has now been narrowed down to a dozen candidates.

He added that a conference is being arranged with the state department of education for the purpose of reducing the field to five aspirants, each of whom will be invited to this city for a personal interview before a final selection is made.

North Central to Start Two Extra Flights May 1st

Plane Will Leave Thief River Falls at 6:39 a. m., and Return at 11:03 p. m.

Effective May 1, local patrons of North Central Airlines will note a marked improvement in service as the result of the addition to the schedule of a new early morning flight from Thief River Falls to Minneapolis and a return flight to this city late in the evening.

The new flight will give patrons an opportunity to make the round trip in one day, and at the same time allows a full day's stay in the Twin Cities.

Under the new schedule, a plane will leave Thief River Falls every morning except Sunday at 6:39 a. m., arriving in Minneapolis at 8:30. On its return flight the plane will leave Minneapolis every evening except Saturday and Sunday at 9 o'clock, arriving here at 11:03.

Also to be continued are the present scheduled flights leaving Minneapolis daily at 2:45 p. m., arriving here at 4:45; and leaving Thief River Falls at 5:54 p. m. and arriving in Minneapolis at 7:51.

Chet Matthews, local agent for North Central Airlines, announced that the excursion rates now in effect would continue until June 1.

Clarence Dicken to Head VFW Post

Named Post Commander in Election Monday Evening

In the annual election of officers conducted Monday evening by the local post of the Veterans of Foreign Wars, Clarence Dicken was named commander, succeeding Harlan Huseth, who was in turn elected judge advocate.

Other officers named include Arnold Kelly, senior vice commander; Rodney Jensen, junior vice commander; Matt Guttu, quartermaster; Dr. George Van Rooy, surgeon; Roy A. Jorgenson and Einar Myhrer, trustees; and Benhart Johnson, chaplain.

Joseph Moen of Crookston, Ninth district VFW commander, will install the new officers Monday evening, April 25, in joint exercises with the VFW auxiliary unit.

1ST GRASS FIRE BRINGS OUT FIRE DEPARTMENT

The first grass fire of the spring season summoned the fire department late Monday morning to the Richard Hornseth home south of the city limits. No damage resulted from the blaze.

'55 Pre-school Roundup Is Set for Saturday

Three Local PTA Groups to Sponsor Annual Event in Lincoln Gymnasium

The annual pre-school roundup will be held on Saturday from 9 a. m. to 4 p. m. at the Lincoln high school gymnasium. The roundup will be sponsored by the Knox, Northrop and Washington PTA groups under the supervision of Mrs. Andy Williamson, who has served in this capacity for the past 20 years.

At the roundup, the child will be registered, a complete history will be taken, he will be measured and weighed, his eyes will be checked by the school nurse and local optometrists, and he will meet his kindergarten teacher, after which lunch will be served to the child and parent. Local optometrists will conduct examinations all day.

Assisting at the roundup will be volunteer workers from the local PTA groups and also local nurses. Food will be donated and served by volunteers from the PTA groups.

All children who are 5 years old on or before January 1, 1956 and who will be entering kindergarten next fall are invited to attend. Rural children who did not attend kindergarten and who will be entering first grade in the fall, must register and have their examinations. Invitations have been distributed, but everyone concerned must attend even if an invitation has not been received. An appointment to the roundup may be obtained by calling 815 or 690, if no invitation was received.

If possible, the parent should bring a legal birth certificate for the child. This can be obtained at the clerk of court's office in the county where the child was born. A hospital birth certificate is not considered a legal certificate. Parents are again reminded that the child's birth certificate must be presented before he can enter school in the fall.

The pre-school clinic will be held on Saturday, April 23, at the Northrop School. At this time local doctors will conduct physical examinations of the children.

Local Girls Sing with "U" Chorus

June Barstad, alto, and Karen King, soprano, members of the University of Minnesota chorus sang with the chorus in the presentation of the Passion According to St. Matthew by Bach on Good Friday evening in Northrop Memorial auditorium on the University campus. The Minneapolis symphony orchestra accompanied the chorus with Antal Dorati conducting. James Aliferis is director of the University chorus.

Council Asks Bids on 1,900 h. p. Unit for Power Plant

Following action taken at a special meeting April 2, the city council today issued a call for bids on a new Diesel unit for the municipal power plant to replace the old McIntosh & Seymour unit installed about 25 years. The bids will be opened Tuesday, May 3. Specifications for the new engine, prepared by Douglas Stewart, consulting engineer, call for a unit with a minimum of 1,900 brake horsepower.

14 Members of School Faculty Not to Return

Number Below Last Year; School Dist. 18 Election Scheduled for May 17th

A total of 14 members of the public school faculty have not signed contracts to return next fall, the Thief River Falls board of education was informed at its April session Monday evening. The number of those not returning is considerably below last year's total of 22.

Arrangements were made at the meeting for the annual school district election which will be conducted in the municipal Auditorium Tuesday evening, May 17. Expiring this year are the terms of Elmer Bratsch, president of the board, and Arnold Pearson. The filing period will open Monday, April 18, and end Thursday, May 5.

A request from the local ministerial association that release time be granted pupils in the seventh and eighth grades for religious instructions was discussed, and taken under advisement, with action to be taken later.

Two of the 14 resignations of faculty members had been accepted previously. Of the remaining 12, four are high school teachers, including Joan Vay, home economics; Mrs. Sylvia Hedlund, commercial; Marvel K. Williamson, commercial; and Ruth Thron, music.

Grade school teachers who do not plan to return include Ruth M. Mattson, Angeline Vraa, Doris E. Peterson and Rose L. Lund, all of the Knox school; Marlys K. Thom, Barbara P. Nornes and Leah B. Balk, Northrop school; and Marian E. Dahl, Washington school.

AMERICAN LEGION PLANS DINNER DANCE SATURDAY

Ecklund Holmstrom post of the American Legion and its auxiliary will have a dinner dance at the Legion clubrooms on Saturday evening, April 12, with serving to begin at 7:30 p. m. There will be music by Al Maynard and his band.

County Residents Vote Tuesday on $90,000 County Fair Bond Issue

Proposal Provides for County to Take Title to Fair Grounds Property

Pennington county voters will go to the polls next Tuesday, April 19, to make known their wishes concerning the proposed issuance of $90,000 in county bonds to finance needed improvements on the county fair grounds, including the construction of an agricultural exhibit building measuring approximately 140 by 200 feet, together with a grandstand seating 2,000 persons and a modern comfort station.

The Pennington County Agricultural society, owner of the fair grounds, has authorized the board of directors to transfer title to the 39-acre property to the county in the event the bond issue is approved.

Members of the fair board, who have attended numerous meetings to familiarize citizens with the question to be voted on, report having encountered no organized resistance to the proposal. Albert Koop has met with a dozen rural groups, and Jim Parkins with nearly 20 organizations in Thief River Falls.

The fair board has pointed out that the profits of the annual fair are inadequate to finance the needed improvements. It states that the grandstand was badly damaged in a windstorm last summer and must be replaced, and that the state board of health is demanding the installation of modern toilet facilities.

The board also calls attention to the fact that a large exhibit building of the type proposed could serve a most useful purpose at many other times of the year than during fair week alone. They say that it could be used in connection with Northwest Dairy Day, 4-H Achievement Day and cattle and sheep breeders' shows.

As in the past, voters in all four wards in Thief River Falls will cast their ballots in the municipal Auditorium between the hours of 7 a. m. and 8 p. m., while in the rural precincts they will be open from 9 a. m. to 8 p. m.

Lincoln Athletes to Be Guests Apr. 20 at Recognition Dinner

Getting under way Tuesday was an advance ticket for the recognition banquet to be given for approximately 100 members of Lincoln high school athletic teams next Wednesday evening, April 20, at 6:30 in St. Bernard's dining hall.

Roy J. Oen, chairman of the committee on general arrangements, stated that women and children, as well as men, are invited to attend the banquet, which is expected to attract upwards of 400 guests. Tickets are available at three local drug stores as well as at Bjorkman's clothing store.

Jack Quesnell, who was regional winner of the recent American Legion oratorical contest, will officiate as toastmaster at the banquet, at which the guest speaker will be George Mikan, general manager of the Minneapolis Lakers, and one of the most outstanding basketball players in the history of the sport.

John Moum, high school band instructor, will present musical numbers by several students.

Guests at the banquet also will include coaches at a dozen or more high schools in this area.

The affair is being sponsored by the Chamber of Commerce, Jaycees, and Rotary and Lions clubs.

Heads RRV Group

DR. E. L. GILBERT
Of Thief River Falls was elected president of the Red River Valley Optometric association at a meeting in Crookston Monday evening. He succeeds Dr. G. W. McAllen of Hallock. Also attending the meeting from this city were Dr. O. D. Belch and Dr. J. O. Diase.

Local Senior Girl Scouts to Be Hosts to Eight Counties

To Entertain Girls from Eight Counties Saturday

The Thief River Falls Senior Girl Scouts will be hosts to the Senior Troops from the eight counties in this area on Saturday, April 16, from 1 to 8 o'clock in the city Auditorium.

The highlight will be an illustrated talk by Miss Georgia Mitchell of Roseau, now attending Hamline University in St. Paul. Miss Mitchell was the representative to the All-States Girl Scout encampment at Cody, Wyoming last summer.

Discussions, community singing and games will provide the entertainment for the girls during the conference.

A light supper will be served for those attending. Mothers of the local scouts and their leaders will assist with the arrangements.

Community Chest Annual Meeting Is Scheduled May 10

Nominations Made for Four Directors' Posts to Be Filled at Session

Tentative date of the annual meeting of the Pennington County Community Chest has been set for Tuesday, May 10th, in the council chamber in the city Auditorium.

The nominating committee has presented the following candidates for places on the board: Rev. Eldon Person and Rev. J. H. Bowman, St. Hilaire; Harry Solberg and David Brown, Goodridge; Phil Hess, Clarence Mattson, Charles Emanuel, Stan Larson, Harry Oen and Russ Embury, all of Thief River Falls.

Four members will be elected for a term of three years and one for two years to fill the unexpired term of Les Campbell.

President R. J. Dryden said, "The public is urged to attend this meeting, as co-operation of the entire community is necessary to make the Community Chest a success.

Dry Forces Seek Liquor Election in Pennington Co.

WCTU and Committee for Social Action Are Now Circulating Petitions

Pennington county dry forces are circulating petitions seeking an election in the county on the question of permitting the continued sale of liquor.

Leaders in the movement are members of the local WCTU unit headed by Mrs. Tarkel Ose and the Pennington County Social Action committee.

The sale of liquor here has been permitted since an election June 9, 1947, when the question was submitted to the voters, "Shall the sale of liquor be prohibited?", the vote being 2,784 "No" and 2,143 "Yes".

In order to bring the matter before the voters, it will be necessary to secure 1,253 signers on the petitions, or one-fourth of the number of votes cast for governor in the 1954 election, County Auditor C. W. Rodekuhr stated.

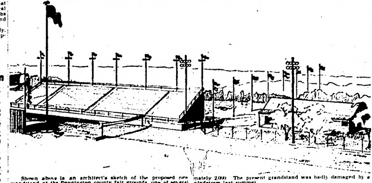
2,578 Employed in City March 15

Employment in Thief River Falls, as of March 15, totaled 2,578, compared to 2,769 in December 1954, it was announced late last week by R. S. Eldevik, manager of the local employment office. He estimated current number of unemployed in the city at 470, but added that this peak will recede rapidly as soon as outdoor work is resumed.

MINNEAPOLIS YOUTH LEADER TO SPEAK HERE

Pastor George H. Schermer, Minneapolis, Northwest Covenant Youth leader, will speak Wednesday, April 20, in an 8 p. m. service at the Mission Covenant church, stated L. W. Lindholm, pastor.

One of Fair Grounds Projects If Bond Issue Is Approved April 19



Shown above is an architect's sketch of the proposed new grandstand at the Pennington county fair grounds, one of several major projects which will be carried out if the $90,000 county bond issue is approved at a special election next Tuesday, April 19.

The grandstand would be built of cement blocks with a pre-cast concrete deck, and would have a seating capacity of approximately 2,000. The present grandstand was badly damaged by a windstorm last summer.

Other projects scheduled in the event the bond issue is approved are a spacious agricultural exhibit building and a modern comfort station.

Miss Torgrimson Weds George J. Munyer April 2

St. Petri Lutheran church near Grygla was the scene of a pretty wedding ceremony Saturday, April 2, when Beverly Ann Torgrimson became the bride of George J. Munyer of Williston, N. D., at a double ring ceremony performed by Rev. J. M. Erickson at 2:30 in the afternoon before an altar graced with gladiolus, jonquils, pink and white snapdragons and ferns.

The wedding march and traditional nuptial music was played by Mrs. Faye Rude of Grygla, friend of the bride. She also accompanied Daphne Hesse of Grygla, another friend, as she sang "Because" when the couple met at the altar and "The Lord's Prayer" as they were kneeling.

The bride, escorted to the altar and given in marriage by her father, wore a strapless gown of embroidered net over satin. Her fitted jacket, styled with tiny covered buttons extending down the front, featured a peplum. The sleeves of her dress formed a point over the hand. The groom's gift to his bride was a pearl necklace and earring set. Her colonial bouquet was formed with pink and white carnations and stephanotis.

Attending the bride were Ordella Dahle of Goodridge, friend of the bride and Phyllis Alby of this city, cousin of the bride. Miss Dahle was attired in a floor length gown of lavender with an embroidered net jacket and bodice. Net over satin formed her skirt. Miss Alby wore a floor length gown of white net over nile green satin with a nile green satin jacket. Their bouquets of lavender and white carnations with streamers to match their gowns were colonial style. Their pearl drop earrings were gifts of the bide.

Tom Larson of Williston, friend of the groom was the best man and Bill Munyer, brother of the groom was the other gentleman attendant. Robert Alby of this city and Ronald Alby of Newfolden, cousins of the bride, were the ushers. They were all presented with matching cuff links and tie clasps, gifts of the groom.

Mrs. Torgrimson chose an aqua linen suit with white and beige accessories for her daughter's wedding. Her corsage was of white carnations and yellow roses. The bride's grandmother wore a corsage of pink roses and white carnations. Mrs. Munyer, mother of the groom, was unable to attend.

A reception was held in the church parlors for 125 guests following the ceremony. Blue and white streamers formed the background for the bridal table which was centered with a three tier wedding cake decorated with pink and white and topped by a miniature bride and groom underneath a pink rose arch.

Gladys Becker, aunt of the bride, cut and served the wedding cake. Mrs. Lewis Alby and Mrs. Albert Alby, aunts of the bride, poured. Mrs. Adrian Johnson and Mrs. Clifford Eggen, friends of the bride, were the waitresses for the bridal table. The St. Petri Ladies' Aid served.

Miss Thelma Nystul, friend of the bride, registered the guests and Mrs. Robert Alby and Mrs. Art Thompson, cousin and aunt of the bride, respectively, arranged the gifts.

For their wedding trip to Illinois and Wisconsin, Mrs. Munyer chose a charcoal gray suit with light blue accessories. Her corsage was of white carnations and stephanotis. Following their return April 11, they will make their home at 301 2nd avenue East, Williston.

Miss Torgrimson, a 1953 graduate of Goodridge high school and the college of medical technology, Minneapolis, is the daughter of Mr. and Mrs. Gust Torgrimson of Goodridge. She is now employed as a labratory and x-ray technician at the Good Samaritan hospital in Williston. The groom, a 1949 graduate of Williston high school and a veteran of the Korean war, is the son of Mr. and Mrs. Joseph Munyer of Williston, North Dakota. He is at present employed as a salesman.

The out of town friends and relatives in attendance at the wedding were Joseph Munyer, Mr. and Mrs. Don Munyer, Linda and Donna of Williston, N. Dak.; Ruth Munyer, Bill Munyer and Delores Bogar of Jamestown, N. Dak.; Fred Whisenand Jr., Elsworth Vennes, Don Stockman and Wesley Engel of Grand Forks, North Dakota; Mr. and Mrs. Lewis Alby and Phyllis, Mrs. A. O. Thompson, Mr. and Mrs. Robert Alby, Mrs. Gladys Becker, Mr. and Mrs. Art Thompson, Mr. and Mrs. Jorgen Austed and Mr. and Mrs. Ralph Simenson all of this city; Mr. and Mrs. Albert Alby and Ronald of Newfolden, Ronald Haugen of Middle River, Ordella, Palma and Lillian Dahle of Goodridge.

GROWING WITH YOUR CHILD

Institute of Child Welfare
University of Minnesota

Mary, Mary—Why Contrary?

"I won't. I won't. I won't," four year old Mary shrieks. "Go 'way. Leave me alone!" Mary has these anger outbursts occasionally, and it is hard to figure out what prompts them. Sometimes they occur with such routine matters as washing her hands before lunch, or putting her toys away at nap time. But the outburst often seems much more intense than the situation calls for. Is Mary unusual in this?

A study conducted at the Institute of Child Welfare at the University of Minnesota has thrown some light on this question. To help seek an explanation many parents kept records of the anger outbursts shown by their children over a one month period. Study of these records showed much in common from one family to another. Anger outbursts were most frequent at certain times of the day. Just before meals there were many anger outbursts. Just after meals there were few. The longer the time since the last meal, the more anger outbursts there were. Bed time was another sore spot. A tired child seems to be more likely to get angry than one who is well rested. Children with temporary health caused by such things as colds, constipation, diarrhea, etc. had many more anger incidents.

Frequently routine demands, fatigue, and lowered physical vitality seem to operate to increase the irritability of the child. He becomes disturbed over matters that he would ordinarily take in stride. Often then, these explosions are signals to the adults to ask, "Why is he angry now?" The attempt to understand a child's contrariness will often help in handling it appropriately.

Concordia Choir to Give Concert Sunday in Lincoln Auditorium

The Concordia Choir of Moorhead will appear in concert in Thief River Falls on Sunday, April 17, at 3 p. m., it was announced today. Director of the choir is Professor Paul J. Christiansen, head of the department of music at Concordia College, Moorhead, and son of the renowned F. Melius Christiansen. Arrangements for the local concert, which will be presented in Lincoln high school auditorium, are under the supervision of the Trinity adult choir.

The group of 65 singers, who won wide acclaim on a tour of Norway during the summer of 1949 and throughout the nation in recent tours, are appearing in several western cities and a string of west coast cities this season. The tour for 1955 takes the group through North Dakota, Montana, Washington, Canada Oregon, California, Utah, Colorado, South Dakota, and Minnesota.

Singing a cappella, the choir will present a program ranging from 16th century classics down through the Bach era to the contemporary masters. Several favorite works by the Director's son will be heard. There will also be a group of numbers with piano accompaniment.

In its years of concertizing, the Concordia Choir has been landed from coast to coast as one of the foremost American choral groups. Critics have remarked concerning the "subtle perfection", the "sheer beauty", and the "incredibly fine tone quality" of the choir.

In Norway in 1949 the tour was no less than triumphal. The critics and press of that country were unanimous in their praise of these musicians. This enthusiasm has been substantiated by critics from New York to San Francisco in the years since.

Concordia College Head to Speak at St. John's Sunday

Dr. W. A. Poehler, president of Concordia College, St. Paul, will conduct the service at St. John's church next Sunday at 10:30 a. m. in the absence of the Rev. W. P. Clausen, pastor.

Before assuming the presidency of Concordia, Dr. Poehler was pastor of the 1,400-member Trinity Lutheran church, Minneapolis. In his sermon, he will speak on Christian education and its important role in the life of our young people and nation.

Concordia College, St. Paul, is one of the 14 junior colleges maintained by the Lutheran Church—Missouri Synod to train young men and women for full time work in the church by way of the ministry, Christian Day school teaching, deaconesses, and parish workers.

Lunch will be served by the kindergarten mothers and a door prize will be given.

This will be the last meeting of the current school term. All parents are urged to attend, including those parents who have children starting Washington kindergarten next fall.

Five Penalized in Municipal Court During Past Week

Five persons were penalized during the past week in municipal court on a variety of charges.

Robert W. Ball of Detroit Lakes failed to appear in court on a charge of speeding at 60 mph in a 30-mile zone, and he forfeited $25 bail. Glen J. Kiland, city, was fined $10 and $4 costs on a charge of speeding at 75 mph at night. Wallace Lamb of Warren paid a $5 fine and $4 costs on a charge of speeding at 62 mph at night.

Charles Keena, city, paid a $25 fine on a charge of having no drivers license, and was given a suspended $5 fine for failure to heed a stop sign. Leonard Bottem of Minneapolis failed to appear in court on a drunk and disorderly charge, and he forfeited $15 bail.

Mercury Soars to 77 Here Sunday; Ice out of Pool

After having registered 20 below zero only two weeks previously, the mercury soared Sunday to a summery 77, followed by 76 Monday afternoon. As a result of the unseasonable warmth, the ice went out of the river pool in the vicinity of the local bridges on April 10, the average date for this occurrence in past years. If no rain falls in the meantime, field work is expected to become general in this area next week.

St. John's Church to Secure Plans for New Edifice

Committee Report; to Congregation Accepts Start Drive for Funds

The members of St. John's Lutheran church in their quarterly business meeting last week adopted the findings committee recommendations to proceed as quickly as possible to prepare plans for the building of a new church edifice. This also includes the matter of instituting a building fund drive to raise the necessary funds which will form the basis of construction operations.

The findings committee consists of Geo. Busse, chairman; Christ Anton, Bruno Belsweger, Elmer Andersen and Fred Koop. Elected to serve as the finance committee to spearhead the fund drive were Lyle Thieling, Walter Monroe, Kenneth Onken, Clifford Becker, and Lloyd Spray. The pastor, the Rev. W. P. Clausen is a member of both committees.

When questioned as to the possible date of construction the chairman, Mr. Busse, stated that it was impossible to state this at the present time since this was contingent upon the speed which necessary preliminaries, such as the fund drive, engaging of an architect, and the acceptance of a preliminary drawing by the congregation.

St. John's church has been undergoing a constant growth which has been straining its facilities.

The present pastor, the Rev. W. P. Clausen, has served the congregation since Feb. 1, 1954, coming from Sioux City, Iowa, at that time. He is also heard every Sunday at 9:30 a. m. on the Good Shepherd Hour broadcast over KTRF.

Northrop PTA to Hear Talk Monday by Quentin Jones

The Northrop PTA will meet next Monday evening, April 18, at 8 o'clock. An invitation is extended to all members as well as parents of pre-kindergarten children. Quentin Jones will speak on a subject that should be of interest to everyone, "The Summer Recreation Program."

Miss Emma Tandberg will be in charge of the installation of the officers for 1955-1956. The program will include several musical numbers.

Lunch will be served by the first grade parents.

Charles Richards Given Honor by Fraternal Group

Charles I. Richards, Thief River Falls, district manager for Modern Woodmen of America, has been awarded the fraternal insurance counsellor designation by the National Fraternal Field Managers association, according to an announcement received today.

The citation shows that Richards has successfully completed the basic and advanced educational courses necessary to obtain the F. I. C. designation.

In addition to receiving the counsellor's diploma, Mr. Richards received an award from the Modern Woodmen home office for his achievement.

Temperance Leader Speaks Here April 20

DR. HARRY B. ANSTED

Dr. Harry B. Ansted, newly elected director of the United Temperance movement will be the featured speaker at a temperance rally to be held in Trinity Lutheran church Wednesday, April 20, at 8:00 p. m.

The rally is sponsored by the Pennington County Association for Social Action and will be preceded by a united prayer for temperance at 7:15, also at Trinity church. The public is invited to both the rally and prayer sessions.

Dr. Ansted was born in the town of Temperance, Mich., which is built entirely upon property so deeded that no alcoholic beverages can ever be sold on its premises.

He is a graduate of Spring Arbor Seminary, Greenville College and the University of Southern California. During World War II he served as a chaplain for the army serving in the Philippines and in Korea. While in Korea he was chosen as the first president of Seoul National University.

He is also a former president and member of directors of the Washington Temperance association, and has been much in demand as a temperance speaker throughout the country.

If you don't say anything, you won't be called on to repeat it. Calvin Coolidge.

OFFICE-RESIDENCE BUILT AT LAKE BRONSON PARK

The winter program of construction, repair, and overhaul of state park facilities and equipment is nearing completion, "just in time," says U. W. Hella, director of the Division of State Parks, "for the early picnic crowds on the first warm days of spring." A new office and residence will be completed soon at the Lake Bronson State Park in Kittson county.

County Fair Bond Issue Election Is Topic at C. of C.

President Ralph Luhman Announces an Expanded Schedule for Airline

Several speakers addressed the Chamber of Commerce at its luncheon meeting last Thursday noon in the Rex Cafe.

Stuart McLeod, member of the county fair board, discussed the issues involved in the special county election next Tuesday, April 19, at which voters will be asked to express their views on the issuance of $90,000 in county bonds to finance the construction of a large new agricultural exhibit building, grandstand and comfort station on the fair grounds.

McLeod stated that members of the Pennington County Agricultural society had authorized the board of directors to transfer title to the 39-acre fair grounds property to the county, and he urged that local citizens vote in favor of the bond issue.

Robert Tarnowski, local representative of the Standard Oil Co., pointed out objections to federal control of natural gas prices, stating that it would tend to raise the price of the product by discouraging the drilling of new wells.

President Ralph A. Luhman announced that, effective May 1, North Central Airlines would augment its present schedule by providing a second flight leaving Thief River Falls at 6:30 a. m. for Minneapolis and returning at 11:03 p. m. Chairman Bob Wurst of the airport committee was instructed to send North Central a message expressing the community's appreciation of the added service.

Luhman also called attention to the annual Jaycee Bosses Night meeting, which will be held Thursday evening, April 21, jointly with the Chamber of Commerce.

Andy Williamson, committee chairman, reported briefly on the spring style revue and show successfully presented April 1 in the Auditorium.

While driving out of the alley west of LaBree av. onto Second st., a car driven by Glen Carlson, 16, collided last Wednesday morning with one driven by Mrs. M. C. Gulbranson. The Carlson car sustained an estimated $200 damage, with $25 damage to the other.

Final Rites To Be Conducted For John Miller

John S. Miller of Goodridge was claimed by death Tuesday. Final rites will be conducted Saturday at the Reiner Lutheran church in Goodridge with Rev. Jonas Helland officiating and interment will be made in the church cemetery.

Mr. Miller was born September 24, 1879 in Norway. He came to Swift Co., Minnesota in 1894 and was employed as a farm hand. He was united in marriage to Miss Alma Lee at Benson, November 30, 1904.

In 1905 they homesteaded in Reiner township, later moving to this city where he was employed as a carpenter. Since 1914 he has made his home on the homestead. He served for a number of years on the school and township boards and was a member of the Reiner congregation.

Surviving are his wife, one daughter and two sons, Mrs. Arnold (Julia) Hovett and Morris of Goodridge and Leonard of Anacortes, Wash. Twelve grandchildren and two great grandchildren also survive. He was preceded in death by one son.

Company F Prepared for Nationwide Test of U. S. Guard Units

Officers and men of Co. F, 136th Infantry Regiment of the Minnesota National Guard are ready for "Operation Minuteman," the nationwide simultaneous one-day test alert of Army and Air National Guard units that will be staged any day now.

Capt. John L. Oven, commanding Co. F in Thief River Falls, said that all unit personnel were looking forward with enthusiasm to their part in "Operation Minuteman," which will find nearly 400,000 guardsmen in over 2,200 communities throughout the United States, the District of Columbia, Alaska and Puerto Rico, springing to arms at short notice.

"We welcome this test alert," Capt. Oven said, "because it will give us a splendid opportunity to test the speed and efficiency with which our unit can be mobilized in event of an emergency."

A secondary purpose, he added, is to give the people of Thief River Falls an opportunity to see how the unit trains, and the potential value of this training to community, state or nation in an emergency.

The exact time and date of the test alert will be kept secret. Company F and other units of the National Guard will be alerted by Jos. E. Nelson, the state adjutant general.

General Nelson will put "Operation Minuteman" in motion in Minnesota as soon as he receives an alert message from Major General Edgar C. Erickson, chief of the National Guard Bureau at the Pentagon in Washington, D. C. General Erickson is acting as national coordinator of "Operation Minuteman."

T. R. Falls Youth Is Convicted of Carnal Knowledge

A jury in Red Lake county district court Tuesday evening, after six hours of deliberation, found Ronald T. Erickson, 17, of Thief River Falls guilty of a charge of carnal knowledge, involving a 13-year-old local girl, the offense having been committed in Red Lake county. Judge Paul A. Lundgren, before whom the case was tried, sentenced Erickson to an indeterminate term and placed him in the custody of the youth conservation commission. L. W. Rullen, Pennington county attorney, shared in prosecuting the case with Charles E. Boughton, Red Lake county attorney.

Soil Conservation District Meeting Ends Here Tuesday

State Leaders from St. Paul Office Confer 2 Days with Local Staff

A two-day conference of Area I Soil Conservation Service personnel was held in Thief River Falls Monday and Tuesday in the new Area I quarters above the Ace Hardware.

Area I provides technical assistance to eleven soil conservation districts in Northern Minnesota. Local district offices are located at Virginia, International Falls, Baudette, Kelliher, Hallock, Grygla, Red Lake Falls, McIntosh, Bagley, Twin Valley and Thief River Falls. Most of the technicians serving Area I are located at these district offices.

Roy Bennett, soil conservationist from the state office at St. Paul attended the conference along with Morris A. Bolline and William Russell, assistant state conservationists, also of the state office. Pat Culkins, administrative officer for Pennington County ACP attended Tuesday and discussed SCS and ACP relationships.

Herbert G. Halvorson, area conservationist, says "We have such an area conference three times a year to acquaint our personnel with latest service policy and developments in the field of soil and water conservation."

Proper Watering Held Essential for Easter Plants

Proper watering, plenty of sunlight and cool night temperatures will extend the life of potted Easter Plants.

Proper watering of Easter pot plants is the main problem in making them last longer, C. G. Hard, extension horticulturist at the University of Minnesota, said today. The soil should be kept moderately moist at all times so wilting will not occur. The plants need to be checked carefully so they are watered as soon as the soil becomes dry to the touch.

Another simple test for finding out when to water is to tap the clay pot with a metal object. If the pot rings, the soil needs watering, but if there is a light thud, there is ample water in the soil.

Since plants like sunlight, place them from a window where they can receive as much as possible without being exposed to a high temperature.

Cool night temperatures also help to extend the life of Easter blooming plants. The flowers will last longer if the plant can be placed in a cool room at night.

After Easter lilies have finished blooming, they may be planted in the garden, according to the University horticulturist.

Federal Income Tax Return, Form 1040A

This is the simplest return of the three types provided in an effort to fit the federal income tax returns to the differing needs of the more than 55 million persons who must file them.

If you file this form, which is a simple punch card, you do not need to figure your own tax. From your answers to the questions, the district director of internal revenue will figure your tax for you, and send you a bill or a refund.

You may use the punch card individual income tax return (Form 1040A) if your total income was less than $5,000 and consisted entirely of wages reported on withholding statements (Form W-2) of such wages and not more than $100 total of other wages, dividends, and interest, all of which must be entered on the tax return.

You may not use Form 1040A but must file your return on Form 1040 if (1) you had any income from other sources, such as annuities, rents, royalties, a business or profession, farming, transactions in securities or other property, partnerships, estates, and trusts, or (2) you claim the status of unmarried head of a household, or (3) you wish to deduct travel or reimbursed expenses from your wages, or (4) you wish to claim credit for dividends received or retirement income.

Soil Testing

Looks as if spring is just around the corner. And the coming of spring reminds me of a farm practice that is very often over-looked. By this I mean soil testing. I believe it's best to take the soil samples in the fall, however sampling soil early in the spring is also a good practice.

The fertilizer recommendations you get from the soil test are only as good as the soil sample. In other words if you don't take pains to get a representative soil sample of the field you're testing then the fertilizer recommendation may not apply. If this is true then you might well ask how can I take a good soil sample.

To take a good soil sample requires only a little time and planning. First you must divide your farm into fields that are about the same soil type. Preferably these fields should have the same cropping history if there is a different cropping history then two samples should be taken. The second step, after you have determined which fields you will sample, is to take a representative sample. To take a representative sample of any field I would suggest taking soil from 15 or 20 places within the field.

Everyone owns the tools required to make a soil sample. All you need to sample soil on your farm are a soil sample box, and information sheet which you get from the county extension office, a spade and a bushel basket. As I said before in sampling soil of a given field take soil from 15 or 20 different places within the field. To do this cut a V-shaped hole in the soil with the spade. Throw the dirt from this V-shaped hole away.

Place the spade about 1 inch from the edge of the hole and take about a 6-inch slice of that soil. Place this soil in the bushel basket and repeat this operation 15 or 20 times within the field. Then mix this soil well together. Fill the soil sample box from this soil and send it to Soil Testing Laboratory, University of Minnesota, St. Paul 1, Minnesota. Don't forget to send the information sheet along with the soil sample box.

If the field you are testing is exceptionally wet, it would be a good idea to try drying the soil in a flat pan before sending it in. When you dry soil for a soil test don't put it in the oven. That's all there is to it. It just takes a little time and planning to take a good soil sample. Remember the fertilizer recommendation you get from the soil test is only as good as the soil sample that you took. That's all the ink I have for this week folks, see you next week.

Houseclean the Easy Way

Do those terrific spring and fall housecleaning upheavals still occur at your house? The tear-it-all-apart type of cleaning that makes the family shudder and leaves you completely exhausted?

You can eliminate that semi-annual upheaval and make your housecleaning easier by making it a gradual process. Scatter the various cleaning jobs throughout the year, suggests Lucile Holady, extension home management specialist at the University of Minnesota.

Make a schedule for yourself. Do a certain amount of cleaning daily. On your schedule jot down the day or week when you will do extra chores, such as waxing floors, vacuuming draperies and Venetian blinds, cleaning the closets. Remember that a well organized plan of cleaning will make your work easier. And if you learn to make use of all your mechnical aids at specified times, the work will not be drudgery.

• • •

Save Time in Cleaning Woodwork

A recent survey among some 300 rural homemakers showed that walls and woodwork that were cleaned most often needed refinishing most often. Many of the cleaners homemakers used in washing walls and woodwork were so strongly alkaline that they damaged finishes.

A good way to eliminate drudgery when woodwork needs a thorough cleaning is to use one of the cream kitchen waxes on the market. The cream wax will remove the soil and leave a clean, waxed surface that will not soil as readily as one that has been washed. The same cream wax can be used to remove spots and finger marks and smudges from the walls, thus reducing the need for washing walls as often.

• • •

Wash Walls Upward, Too

Washing walls is hard work. But it's less discouraging if you start with an easy place and then get help with difficult hard-to-reach areas like the ceiling.

Here's a solution you can make at home for washable walls that are grimy. Add ¼ cup washing soda or sal soda, 1 cup household ammonia and ½ cup vinegar to 6 quarts of warm water. Apply lightly and quickly with sponge. Follow quickly with another cloth or sponge wrung out of clear water. Dry thoroughly. It's a good idea to start at the bottom and wash upward.

• • •

Sparkle For Your Windows

Here's a solution that will cut greasy film and make your windows sparkle. Take 6 quarts of warm water, add ½ cup household ammonia and ½ cup white vinegar. Apply with a sponge, rinse, and polish with a chamois or pieces of an old sheet. The vinegar and ammonia will cut the dust and film on the windows.

If you missed the list of recommended vegetable varieties for freezing in this column last month, you may obtain a copy at the Extension Office. It is very important to know these varieties when you are buying your garden seeds.

CORRECTION

In the report in last week's Times listing members of the honor roll at Northwest School for the last six weeks, the name of Juel Stenberg of Thief River Falls was misspelled.

PUBLIC OPINION

Turlock, Calif.

Editor, the Times:

Sitting here, idly ruminating and reminiscing about a long gone, past segment of my life, it occurred to me that it might prove amusing and of interest to many of your readers to receive a surprise reminder of a family who once figured quite prominently in the affairs of that area between 1904 and late 1918.

That was when the ambitious young city of Thief River Falls was in the throes of growth and expansion subsequent to the opening of the reservation to the eastward of Squaw Point. Mark Cutter was then the owner and publisher of the "Times." My husband was engaged in various pursuits such as the production and use of cement blocks, sidewalk building, the operating of a tow mill, which gave farmers an added and unexpected income from their flax straw, etc.

He and John Kringlen built the cement-block home of the Melgaards, the McGinn corner block and many others far and near—also the Grygla Bank building.

Later, he figured in the establishing of Pennington county, and was appointed its first county auditor. It fell to him to shoulder the rather formidable task of transcribing the new county's records and to help supervise the transformation of an old building into a serviceable court house—it probably still serves as such!

At one time he was City Clerk. He was one of the charter member of the (then) embryo Elks Lodge and served as one of its early exalted rulers.

We lived in the home now owned by Alf and Olga Berry on LaBree Avenue. That home was built by Fasel and Kringlen, for O. J. Schel, who was then one of Thief River Fall's principal merchants. Mr. Schel later moved to Oregon. About that time my father in Fillmore Co. passed away and left me a legacy which enabled us to buy this home from Mr. Schel.

Time marches on—Mr. Fasel is now crowding 81 years of age, and I am 78. My childhood reaches back so far that I still remember a G. A. R. convention when my father donned his blue uniform and funny little soldiers cap to go to this encampment of the "Boys in Blue" in 1885. I still have that cap!

Mr. Fasel was retired as postmaster of Estacada, Oregon in 1946 and in Aug. we were on our way to Turlock by car and trailer, when, just past Redding, Cal. we met a shrieking, tooting calvacade of cars throwing streamers of tissue papers and confetti—which mystified us until one car halted and yelled "The Japanese surrendered—the war is over."

Thus, we entered California—a move which has brought us much happiness since we now have our daughter Florence, five grandchildren and six great grands living near. Our son Willis, lives at Medford, Ore., and he has 3 daughters and one son, all married but one.

Thank you Mr. Editor, if you have read this far. Greetings! to the old home town from

A. H. and Inga D. Fasel.

Editor, Times:

Who is to blame when youth breaks faith with us? Professor John B. Ellingson, Law School of the University of Minnesota says, "The control of juvenile delinquency is a problem and responsibility of the whole of society." I will just mention one factor that has undermined our youth, and will continue to do so unless we adults stop long enough to notice what is on some of the news stands today. I feel that objectionable literature affects the minds of our young people. Several organizations have gone on record to curtail this sale of objectionable literature. No restriction has been made that any child with a dime in his or her pocket can buy this indecent literature.

A hearing was held on objectionable literature before the Senate General Legislation Committee this last month in St. Paul. I would like to mention one of the many testimonials given by experts at that time.

J. Edgar Hoover, Director of the Federal Bureau of Investigation, was quoted as follows: "The publication and distribution of salacious material is a peculiarly vicious evil; the destruction of moral character caused by it among our young people cannot be over estimated. The circulation of periodicals containing such materials plays an important part in the development of crime among youth of our country. In the past decade the growth of salacious literature has been the most rapid in history. During this period sex crimes have more than doubled and one out of every four of our youths who were committed are under twenty years of age."

14 Lettermen in 1955 Lincoln Track Squad

Fourteen lettermen — Jack Quesnell, Jim Krohn, Dean Christensen, Dave Kollitz, Jerry Mercil, Jim Sauve, Harold Hjelle, Pete Froehle, Sid. Vraa, Joe Poole, Ronnie Reese, Evan Jones, Dick Odegaard, and Harold Placek—have been included in the group of more than thirty Prowler track candidates that have reported to coach Quentin Jones.

The ideal weather conditions of the past several days has permitted the Prowler track mentor to send his squad thru intensive drills in preparations for the indoor meet at the fieldhouse at Grand Forks on Saturday, April 16th.

Track candidates, in addition to the lettermen, are George Gifford, Ronnie and Ricky Severson, Larry Jorgenson, Ross Sloan, Bill Swick, Harry Armstrong, Manny Noto, Dave Reese, Dick Miller, Del Sanders, Keith Johnson, Jimmy Hall, Jan Hunt, Eddie Fillatrault, Darryl Williamson, and Cliff Swanson.

Following the indoor meet at Grand Forks on Saturday, coach Quentin Jones plans on having the Prowlers engage in a dual meet against the Grand Forks Central squad on April 23rd. On April 30th the Prowler will be entered in the Sioux Relays at North Dakota University, and following the Sioux Relays will come the Beaver Relays at Bemidji, the Bison and Dragon Relays at Fargo and Moorhead, and then the 31st district track meet at Grand Forks and the regional at Bemidji. According to coach Jones, it is probable that a dual meet will be arranged with the Crookston Central squad, giving the locals a well-filled track schedule.

Local Young Man Joins Air Force

Thirteen young men from the Bemidji recruiting area were enlisted in the United States Air Force during April, it was announced by T/Sgts. Ray Dunn and Lloyd Norquist of the USAF Recruiting Station located in the Post Office Building in Bemidji. The Bemidji recruiting area includes almost all of northwestern Minnesota and maintains sub-stations visited weekly in Fosston, Thief River Falls, Roseau, Baudette, Deer River and Walker.

Among those enlisting in the USAF were Walter A. Lund, son of Mr. and Mrs. Alrik J. Lund of Thief River Falls, and Sheldon D. Payment of Route 1, Red Lake Falls, Minnesota.

Banquet Speaker

The legendary George Mikan will give the feature address at the annual high school athletic banquet to be held in the St. Bernard's church parlors on Wednesday night, April 20th.

Mikan, an All-American basketball selection in 1943-44-45-46 while attending DePaul University, and later an All-League choice while performing for the Minneapolis Lakers in the National Basketball Association, will be making his second appearance before a local audience for in April of 1951, Mikan, with the Minneapolis Lakers, played an exhibition game before a jam-packed crowd in the high school gymnasium against the N. B. A. All-Stars.

Mikan retired from active competition this season, moving into a "front office" position with the Lakers, but in the eight years that the six-foot ten-inch center played with the "pro's" he wrote a number of scoring records into the book.

Northern Minnie Forms 8-team Loop

Albert Johnson, Fosston, Named League President

The Northern Minnesota baseball league, which held its organizational meeting at Plummer last week, will be an eight-team circuit this season, with Oklee being the new member that was admitted to the league. Officers elected at last week's meeting were Albert Johnson of Fosston, president; Oscar Ness of Erskine re-elected vice president; and Reaume Ste. Marie of Plummer re-elected secretary.

The league schedule, which is being drawn up by the officials, will be ratified at a meeting to be held in the near future, and, according to present plans, the league will begin play on Sunday, May 15th.

Teams that will participate in the Northern Minny this season are Plummer, Brooks, Oklee, Erskine, Fosston, St. Hilaire, Gonvick, and Clearbrook.

Rotarians Enjoy Movie on Fishing

Members of the Rotary club, at their luncheon meeting Monday noon in the Elks club rooms, witnessed the presentation by Kalmer Ostby, program chairman, of a motion picture descriptive of the sport of fishing in Ontario, Canada, waters.

Keeping Score with "Huck" Olson

The Half-Century's Best

At the turn of the half-century a poll was taken to determine the outstanding athletes of the past fifty years, and George Mikan was just about a unanimous choice for the basketball player of the half-century. And for good cause. The chances are that when the year 2000 comes around, and a poll of the athletes of the century is made, Mikan will be selected the basketball player of the 1900's. Mikan's basketball feats can rightly be termed fabulous.

When big George acknowledges his introduction by Jack Quesnell at next Wednesday night's athletic banquet at the St. Bernard's church parlors, it will mark the second time in four years, lacking one day, that he has faced a local crowd. It was back in April of 1951, on the night of the 21st, that Mikan, with the Minneapolis Lakers, played an exhibition game against the N. B. A. All-Stars on the high school court. That game found the Lakers scoring a 72 to 61 win over the All-Stars.

Tickets for next Wednesday night's gala affair, which has become an annual event honoring Prowler athletes, are available at the Pharmacy, the J & B Drugs, Parkins Drugs, and at Bjorkman's. In the previous banquets that have been held, Minnesota's former football coach, Wes Fesler; Joe Hendrickson, Minneapolis newspaperman; and Minnesota hockey coach, John Mariucci, have been the featured speakers; and we're sure that George Mikan, who is a practicing attorney, will follow this fine tradition.

In the Western Finals

The Brandon Wheat Kings, defeating the Kenora Thistles, 5 to 1, in the fifth and final game of their best-of-five series at Brandon on Saturday night, have moved into the Western Canada Intermediate Hockey finals.

This week the Brandon club will travel to Ponoka, Alberta, for the first two games of their best-of-seven Western Canada finals; and the odds-makers have established the Wheat Kings as the favorites to capture the Western title.

In the Goal-crease

A Northwest Hockey league meeting was held last week for the purpose of acting upon the protest of the Roseau Cloverleafs. The Cloverleafs had filed a protest against the Warroad Lakers, contending that the Lakers, in the fifth and deciding game of the Northwest Hockey league Holland Cup playoffs, had used an ineligible player in defenseman Colder.

In that final game, which found the Warroad Lakers scoring a lop-sided 11 to 1 win over the Leafs, Colder played a sturdy game at the blue-line for the winners. Warroad's argument for using Colder in that game was that he was a replacement for Dick Dougherty, who was ill. Dougherty was a spectator at the game, but he did have instructions from his doctor, stating that he, Dick, should not participate in the game. Dougherty, from International Falls, was listed as a Warroad "import," and Colder, another "import," played as Dick's substitute.

The league representatives denied the Roseau protest, claiming that the Lakers did not violate the rules when they replaced a sick and ailing "import" with another "import." There are plenty of loop-holes in the Northwest Hockey league players rules.

And to add to Roseau's discomfort, we've heard that the player that was entered in the Warroad lineup as "Colder" was in reality a fellow named Sonny Krasnowski. The report is that Krasnowski, a bosom friend of Warroad's Frank Eisenzoph, had played with the Hershey Bears this past season, and that he had been a member of the Boston Bruins a couple of years ago. We saw this fellow "Colder" in action in that finals game at Roseau, and while we will agree that he was a "solid" defenseman, we doubt if his presence had too much of an effect on that 11 to 1 score. The Lakers were really "up" for that fifth game.

Getting Organized

The Thieves baseball executive committee, at a meeting held this past week, named Berdeen Nornes manager of the club for this season. Nornes will be assisted by Dick Edlund as coach, and Swede Lund will be the team captain.

The post of team manager will not be a new job for Nornes. Berdeen, the old McIntosh all-round athlete, handled the local club as manager several seasons ago, and he proved a success.

Prospects for the approaching season are fair to bright, even though such valuable players as Al Williamson, who will be in the Army, and Darrel Wegner, who has returned to International Falls, will be missing. Returning for another year of competition, in addition to Lund and Edlund, will be Gene Leslie, Shorty Perkins, Joey Poole, Sid Vraa, Jerry Stevens, Jack Hoppe, and Ralph Skjod.

It is hoped and expected that such youngsters as Jack Poole, Larry Jorgenson, Duane Glass, Rod Collins, and Bob Helgeland will become squad members. Manager Nornes stated that LeRoy Lefty Aasland will be on the local pitching staff, and the Thieves' manager claims that all Lefty needs to be a successful hurler is bit more control. Nornes, who umpired in the Northern Minnesota league last season, and who saw Aasland in a number of games, was impressed by Lefty's "stuff".

The American Heart Association estimates that 152,100,000 mandays are lost yearly because of diseases of the circulation.

House Passes Korean Bonus Bill 110 to 3

The Korean bonus bill sailed through the Minnesota house last Wednesday, 110 to 3.

A flood of "yes" votes came after backers beat off an attempt to restrict payment of the bonus to veterans who served in Korea or near it.

This was the same attempt that proved successful in senate finance committee last Monday. The senate version of the bill now is waiting floor debate.

Fate of the bonus in the senate remains uncertain. There has been talk of setting up an interim committee to study the matter.

The three house objectors were Alf Bergerud, Edina; Oscar Peterson, Clarkfield, and Carl Wegner, Minneapolis. Bergerud noted that he was one of two house members who opposed the World War II bonus.

Rep. Edmund C. Tiemann, Sauk Centre, chairman of the house veterans committee, put the case for the bonus yesterday.

"Minnesota," he declared, "has paid a bounty or bonus to its veterans of the Indian wars, the Civil war and both world wars.

"Opponents argue that Korean servicemen got higher pay. Civilian pay was higher, too. And some of the fringe benefits of the World War II period were no longer available.

"They say a Korean veteran knew he was going in. This was not true for an inactive reservist.

"In World War II a man could work up to the day he left for service. During the Korean war he couldn't even get a job."

Tiemann explained that the bonus would be paid at the rate of $10 a month for stateside duty and $15 a month for overseas duty, the same as World War II.

Period covered would be June 27, 1950, to July 27, 1953. About 111,000 veterans are involved. Payment would be in 1959.

Total cost is estimated at from 24 to 27 million dollars.

Present surplus in the bonus bonus fund is about 15 million dollars. It is expected to reach 27 million dollars by 1959. But the bill extends the special bonus taxes one year in case the surplus does not come up to expectations.

House Passes Bill Providing for 2d E. G. Forks Bridge

The Minnesota House of Representatives Wednesday passed two bills that pave the way for construction of a new interstate bridge across the Red River between Grand Forks and East Grand Forks.

The measures permit the state highway department to designate a short strip of land, about 1,650 feet, as a trunk highway approach to the bridge.

The North Dakota highway department, which does not require legislative action, has notified the Minnesota department it is read to go ahead on plans when the Minnesota legislature approves the plan.

Shortly before the House action was taken, the Senate highway committee had approved companion measures sponsored by Sen. Louis A. Murray, East Grand Forks. Murray said all other details have been ironed out between officials of the two states.

Author of the house bills is Rep. L. A. Affeldt, Fosston.

Opera Is Coming to Minneapolis

Four Performances Set at Northrop Auditorium

The greatest singing stars of the day and four popular operas will make up the annual spring season the Metropolitan Opera of New York will present at Northrop Auditorium Minneapolis, May 13 through 15, James S. Lombard and Boris Sokoloff, local managers, have announced.

The company will arrive in all of its opulence with 18 carloads of scenery and stage effects and its personnel of close to 400 people, including stars, orchestra members, ballet dancers, choral members, electricians and stage hands, wardrobe workers and wig makers and management personnel, in two complete trains.

The season again will be under the auspices of the University of Minnesota, the Orchestral Association of Minneapolis and a state-wide committee of sponsors and guarantors.

Operas to be presented are: Friday, May 13 at 8 p. m.: Andrea Chenier with music by Giordano. Saturday, May 14, at 2 p. m.: Carmen with music by Bizet. Saturday, 8 p. m.: The Barber of Seville with music by Rossini. Sunday, May 15, at 2 p. m.: Tosca, with music by Puccini.

The advance subscription sale for the season is by mail order only until May 2 when the counter sale will open. Mail orders should be sent to the Opera Ticket Office, 106 Northrop Auditorium, University of Minnesota, Minneapolis 14.

Much Interest Is Shown in Malting Barley Contest

Reports from county agents point to a large acreage increase for malting barley in 1955. Many new contestants will try out for the $3,600 in cash prizes.

Minnesota farmers are finding that it pays to plant malting barley. Costs of producing an acceptable malting barley are no greater than just feed barley, excepting a small amount extra for certified seed. Acceptable varieties of malting barley certified seed recommended are Kindred "L" and Montcalm.

While the contest closes May 15, 1955, there is still time for growers to enter the event. Entry blanks and detailed information regarding eligibility and procedure can be obtained from local county agents.

This 9th annual malting barley contest is sponsored by the Minnesota Brewers Assn., University of Minnesota Institute of Agriculture, the Minnesota Crop Improvement Assn., the Northwest Crop Improvement Assn., and the Minnesota department of agriculture, dairy and food.

4-H Club Week Set at N. W. School

Annual Event Scheduled for Week of June 20-24

The annual 4-H Club Week at the Northwest School of Agriculture at Crookston will be held during the week of June 20-24.

Superintendent T. M. McCall of the Northwest School announces that counties in the south half of the Red River Valley will meet June 20-22, and the northern counties will meet June 22-24. Counties scheduled for the two sessions include: June 20-22—Becker, Clay, Mahnomen, Norman, East Otter Tail, West Otter Tail, Clearwater, and Lake of the Woods; June 22-24—Kittson, Marshall, Pennington, East Polk, West Polk, Red Lake and Roseau.

In the absence of Harold K. Anderson, district 4-H club supervisor, Osgood Magnusson, St. Paul, assistant state leader of 4-H club work, will be director of the 4-H Club Week program. Members of staff of the Northwest School, county agents, county home and 4-H club agents, and members of the state agricultural extension staff will serve as instructors for the 4-H Club Week classes.

A new feature of the service rendered 4-H club members attending the camp this year will be liability insurance coverage, the cost of which to be included in the fee for the course.

CHURCHILL'S ONE FAILURE?

Winston Churchill, one of the world's all-time greats, and distinguished for his leadership in both war and peace, has never been what might be called a "promising" politician. He was called to service in times of crisis. In the desperation of a war that *appeared to be hopeless he looked forward only* to "blood, sweat, and tears." His appeal to his people inspired the world:

> "Let us therefore brace ourselves to our duties, and so bear ourselves that, if the British Empire and its Commonwealth last for a thousand years, men will say, 'This was their finest hour.'"

With the victory won the more promising politicians took over. In a few years however Churchill was again called on to give direction to the ship of state, this time mired in the sea of economic distress. He inherited a government that had been controlled by a socialistic bureaucracy in which there was "everything to delight the hearts of the advocates of a centrally managed economy." His answer was "austerity" and more sacrifice.

With courage and skill, and a commendable moderation, he has maneuvered the ship out of the mud and into the open waters of economic freedom.

There is one failure that might be charged against his long record of success, measured in terms of his own earlier objectives. He had stated that it was not his intention to be a party to the liquidation of the empire. But the empire, as such, has been liquidated. Churchill has been a party to that liquidation.

It may be, however, that his part in this liquidation may come to be looked upon as one of his greatest contributions to world peace.

The empire, so closely related to a colonialism that has been repudiated, has no proper place in the world of today and could not survive. By its peaceful liquidation it may be possible to preserve a commonwealth of nations that is a true cross-section of the peoples of the world and that may establish the pattern for a lasting world peace.

Churchill's courage will never be questioned. In some instances it probably required greater courage to yield than to be unyielding. He was great because he came up with the right answers at the right time.

WE ARE NOT THAT WEALTHY

The city council insists on buying another diesel engine for the power plant and, as we see it, this will be one expenditure of public funds that will be looked upon in a very few years as one of our most costly mistakes. Missouri River power will soon be available to us. Other cities operating municipal plants are now building stations to connect with the lines over which this power will be transmitted. In our case this power will come over REA lines and the Minnkota Power Cooperative has made the city a very attractive offer to provide standby power to take care of our immediate needs.

There has been considerable misunderstanding up and down the street about the service that Minnkota would make available. A group of businessmen have made an independent *investigation of the possibilities to satisfy* themselves as to what are the facts. They are convinced we should not buy more engines and that the council should delay the purchase until the facts can be made more generally known. That makes sense. We are a wealthy community but we are not so wealthy we can afford to waste money in hundred-thousand dollar lots.

FAIR GROUNDS IMPROVEMENT

At a special election to be held Tuesday, voters of Pennington County will be called upon to express themselves on a proposal to bond in the amount of $90,000 for improvements at the Fair Grounds. Stockholders of the Agricultural Society have authorized their directors to deed the fair grounds property to the county if the bond issue is approved. The forty-acre area would thus become public property, to be developed for general community purposes.

The fair management is to be commended for the position it is taking in this matter. The county fair is a community activity. If it is to be continued it must have a new and adequate grandstand and sanitary facilities. Other proposed improvements, while not essential, are desirable. These improvements cannot be provided out of earnings or private contributions. It therefore is properly referred to the voters of the county to decide what shall be done. If the bond issue is authorized then the responsibility for the improvement program will be shifted to the county board. That sums up the facts as we understand them.

And beyond presenting the facts there isn't much to be said on the subject. Whether or not we should have a county fair is a question good citizens might properly disagree on. We will go along with those who say we should have a good fair or none at all. The bond election puts the question squarely before us.

STRANGE SOLUTION

Our Canadian neighbors are confronted with a deficit this year, their revenue being $148 million less than their expenditures. This is the first time the Canadian government has been forced to use red ink since the end of World War II, and it came now as the result of an unexpected decline in receipts. The Canadians have a strange way of meeting situations of this kind. The government has announced that it will cut expenditures and that no tax increase will be necessary. What an odd approach to such a problem.

The Legislature

BY W. E. DAHLQUIST

In commenting on city versus country arguments, and agreeing that little good comes of them, Val Bjornson cites the legislature's record on reapportionment as a justifiable cause for complaint in the metropolitan area. Most members of the legislature would agree with him.

The constitution is clear in its directive on this point. The legislature has not redistricted as the constitution directs. People living in the metropolitan area do not have equal representation in the legislature.

There is a reason, of course, why the legislature, in session, has ignored this constitutional directive. We all know what the reason is. Rural Minnesota, counting everything as rural that is not metropolitan, will not consent to any reapportionment that will give control of state government to the massed population of a small area.

Here is another city-versus-country argument that will not be settled by indignation meetings, convention resolutions or scolding editorials. It is a question that will be settled only by a compromise, and a satisfactory solution probably will be found only in a constitutional amendment that will permit reapportionment on a more realistic basis.

We will not get reapportionment until we recognize area as well as population as a basis for representation. There is ample precedent for this. Our national congress is elected in this way, the House on the basis of population and the Senate by area.

The most resolute champion of the principle of representation by population here in Minnesota would, I am sure, be opposed to giving representation in both houses of congress to New York state on that basis. And in that state the good citizens of upper New York would never consent to giving control over their state government to the people of the metropolitan area of New York City.

Here in Minnesota it is generally agreed that the Twin Cities area should have more representation in the legislature.

There is a difference of opinion as to how much more it should have and how it should be increased. But rural Minnesota will never give up control of the legislature. The metropolitan area will never get the whole loaf it has been seeking. A half loaf it probably could have for the asking.

Another city versus country argument seems to be in the making. It is a new problem, resulting from the proposal to give to manufacturers a little special tax consideration which probably could be justified. There has been little opposition to the proposal because it has been recognized largely as a local problem. Now the fact has been discovered in the large cities where most of the adjustment would have to be made. By relieving one class of property they would merely shift the burden to other classes of property, and largely within that tax district. Now they are proposing that the state as a whole should absorb this loss of revenue.

Well, rural Minnesota is not going to take kindly to that proposal. A recent survey, under the direction of the state tax commissioner, revealed that of all classes of property in the state, our farms have been assessed the highest, much higher in proportion to actual value than urban property, residential or commercial. And farmers are not going to be kindly disposed to the idea of contributing to the relief of industry. All the tables indicate that agriculture is the segment of our economy that needs special consideration now.

While the right to talk may be the beginning of freedom, the necessity of listening is what makes the right important.—Walter Lippmann.

7 COUPLES TOTAL 390 WEDDED YEARS

The Messenger, weekly newspaper published in Morgan, Minnesota, not long ago carried a picture which couldn't be duplicated in very many communities of anywhere near that size. Six married couples, all residents of Morgan, all married more than 50 years, and another couple unable to attend a special dinner celebration in honor of the group, have a total of 390 years of married life to their honor. Longest period is 59 years, shortest 52. Adding to this impressive record was another couple from Montana, married 51 years, visiting there at the time. All attend the same church.

Want to feel like a pilot feels?

HOTTEST BUICK IN HISTORY

No wonder you see so many '55 Buicks on the highways—they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" of America's best sellers.

Today's the day to "Join The Test Pilot Club" and see what a thrill you get when you try Variable Pitch Dynaflow*

We're not kidding.

When you try a '55 Buick with Variable Pitch Dynaflow, you'll feel like a pilot does when he heads his plane down a runway for take-off.

For you, in the driver's seat, are doing what that pilot does—you're changing the pitch of your propellers—one way for instant response on getaway—another way for better gas mileage in cruising.

Your propellers are whirling in oil, deep inside the Dynaflow unit. When you press the pedal in the normal way, you hold those propellers in their economy angle—and you enjoy plenty more miles from your gasoline.

But when you want instant acceleration—for quick getaway, or for a sudden safety-surge of emergency power—you just press the pedal way down, and—with absolute smoothness—you get the action you want, and split-second quick.

It's the thrill that's the talk of the industry—performance unlike anything you have ever known before on the ground.

And so many folks have been asking to try it that we Buick dealers across America have set up April as "Test Pilot Club" Month. All it takes to join the "Club" is a test drive at the wheel of a new Buick. *That's all.*

So we cordially invite *you* to win your "wings"—to try the spectacular performance of Variable Pitch Dynaflow—and to feel the mighty V8 power that puts the whip to these gorgeous new Buick beauties. Drop in this week.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Local delivered price of the 1955 Buick SPECIAL

2-Door, 6-Passenger Sedan, Model 48 (illustrated) is

$2,376.88

Said a sleuth: Ah! The mystery's unravelin'—
About cars that "take off like a javelin,"
But with Dynaflow's switch
Of its Variable Pitch—
You were here. Now you're there.
Boy, that's travelin'!

(Why don't you try a Buick?)

Thrill of the year is Buick

ADVERTISEMENT FOR PROPOSALS

The City Council of the City of Thief River Falls, Minnesota, will receive sealed proposals for the furnishing and installing of a Diesel Engine, Generation Unit and Auxiliary Equipment, Project 5023, until 8:00 p. m., May 3rd, 1955, at the office of the City Clerk, Thief River Falls, Minnesota, at which time all bids will be publicly opened and read aloud.

Forms of the Contract Documents, including Plans and Specifications pursuant to which the work shall be done, are on file at the office of the City Clerk, P. G. Pederson, Thief River Falls, Minnesota, and at the office of Douglas H. Stewart, Consulting Engineer, Municipal Building, Thief River Falls, Minnesota. Copies of said documents may be obtained by depositing $10.00 with the Engineer. The amount of the deposit will be returned to those submitting a bonafide bid and who return the documents in good condition within 5 days after the date set for opening the bids.

The work to be done shall consist of the furnishing and installing, on a foundation to be furnished by the Owner, of a Diesel Engine-Generation Unit complete with Auxiliary Equipment. The Specifications provide for limitations of a minimum of 1900 brake horsepower, not more than 131 pounds per square inch brake mean effective pressure, and a maximum piston speed of 1200 feet per minute.

Each bid must be accompanied by a certified check or cashier's check acceptable to the City in an amount equal to at least five percent (5%) of the total amount of the bid, payable without condition to the City Clerk of the City of Thief River Falls, Minnesota. In case the successful bidder fails to enter into a contract or to provide a performance bond as required by law within the specified number of days after the award of the contract, such check shall be forfeited to the City as liquidated damages.

The City Council reserves the right to hold all bids for a period of 30 calendar days after the date set for opening bids, and to waive any irregularities, and to reject any or all bids as they deem to be in the best interest of the City.

Dated this 2nd day of April, 1955.

STATE'S FISCAL AFFAIRS IN REVIEW

Minnesota revenue receipts in 1954 hit a new high of $309,758,000, according to Institute of Governmental Research. This was the second successive year of increase in the sum of $10,000,000. Expenditures, however, exceeded receipts by $13,329,000, reducing surpluses previously accumulated. Increased revenue came from iron ore in the sum of about $9½ million, gasoline $2,694,000, car licenses $1,751,000, income tax almost $2 million, property tax $1 million. Federal aid slid off $3 million. Governmental costs, $323,087,000, were up $8,653,000 over 1953, due primarily to increased state aid to local units, particularly schools. State debt of nearly $85 million was $17,380,000 below the previous year. Education is the most costly item, followed by highways, public welfare, conservation, general administration, protection.

NEW FLOOR CARE ENDS WAXING

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo about twice a year. It maintains a high lustre, non-slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at KELLY HARDWARE CO.

500 Persons Attend Annual REA Meeting in R. L. Falls April 6

Nearly 500 people attended the 17th annual meeting of Red Lake Electric Co-operative, Inc., at the Community hall in Red Lake Falls Wednesday afternoon. It was a most harmonious affair and a success in every way, says the Gazette of that city.

The meeting was called to order by President Manvel Moe and in the absence of Secretary-treasurer Jos. F. Skala, who was unable to attend, the call of the meeting and the annual report of the secretary-treasurer was read by Manager O. J. Overmoen.

In his annual report President Moe read a brief financial statement showing that the corporation had assets consisting of $185,512.62 cash in the bank, $7,112.98 worth of accounts receivable for current, $78,105.24 notes receivable for appliances and equipment, $78,556.97 worth of materials and supplies, $4,207.12 in advance insurance payments, $1,067.78 of investments in associated companies, $185,000 of investments in bonds and other securities and other assets of $980.52.

The total cost of the system was $2,782,995.54 less depreciation of $509,744.96 leaving the net value of the system, $2,273,250.38, making the total assets of the corporation $2,811,787.81.

Of the $2,949,109.33 borrowed from the R. E. A. including interest there has been paid back $231,094.06 leaving a debt of $2,718,015.27 still owing. For interest and taxes, there is owed $43,150.43 and other liabilities totaling $31,209.99.

The statement showed receipts of $343,661.52. The cost of electric power was $142,468.46; expenses for operating and maintaining the system were $34,619.49, depreciation was figured at $85,570.68; taxes were $4,221.52; interest due the R. E. A. was $50,228.51 making total expenses of $337,106.75 leaving a net gain of $6,554.77 for the year.

President Moe urged his hearers to oppose the bill now in congress which would make it necessary for the R. E. A. to seek private instead of government capital.

He stated that compromises are being attempted between the state tax commissioner and the various rural electric co-operatives in Minnesota relative to personal property taxes, and he was hopeful that they would be mutually satisfactory.

In his annual report Manager Overmoen told of the progress the corporation had made during the past year and of the plans for year 1955. Among other things he said there would be built 12½ miles of new line, 25 new transformers would be installed, that 200 miles of right of way would be brush-sprayed and 10 miles trimmed, that clearances would be increased on some 50 crossings, and hardware would be tightened on 150 miles of line and 200 meters would be re-conditioned. The co-operative now has 2,119 miles of line.

Next came the business of electing three directors. Manvel Moe had been nominated by members of District No. 2, J. L. Radniecki from District No. 7 and Raymond Parnow from District No. 8. President Moe asked for further nominations from the floor but there was none so a motion was carried unanimously directing the secretary to cast the ballot for the three directors nominated.

The principal speaker at the meeting was David Steinley of Alexandria, editor of the R. E. A. News which has a statewide circulation.

Coffee and doughnuts were served by the ladies of Bethany Lutheran church.

The board of directors held an organization meeting following the stockholders' meeting and re-elected Manvel Moe president; Leonard Melin vice president; and Jos. F. Skala secretary-treasurer.

Plummer Juniors Offer Class Play Friday Evening

The junior class of Plummer high school will present the play "Rest Assured" a three-act comedy by Donald Payton, on Friday evening, April 15, at 8 o'clock.

Mr. Morlock is a fidgety, grouchy old goat who doesn't like anything but money, won't let his family do anything, always gripes about his pains and aches, feuds with everyone and he won't let daughter Mary become engaged to Joe Lanconi because Joe's papa is poor. So when Joe's papa, Luigi, comes over to plead his son's case, he's practically booted out of the house. Right here the two old fellows start a feud that puts the Hatfield-McCoy fracas to shame.

Lutheran Welfare Society Seeks to Admit Refugees

Society Now Is Taking over Lutheran Refugee Program in Minnesota

Lutheran Welfare Society of Minnesota has just been appointed to take over the Lutheran refugee program in this state, the Rev. Luthard O. Gjerde, executive secretary of the Lutheran Welfare Society announced today. This work was previously handled through an intersynodical committee of representatives from National Lutheran Council Churches and the Lutheran Church Missouri Synod.

The Lutheran Welfare Society will work closely with all Lutheran synods to resettle Lutheran refugees. Former members of the Lutheran refugee committee of Minnesota will continue to assist in resettlement work. Approximately 1800 Lutheran Welfare volunteer workers in all parts of Minnesota will be mobilized to help in this resettlement effort.

Under the present refugee act 145 assurance have been received to date. These assurance cover 340 people. Mr. Gjerde also points that there are 10 million refugees in Western Germany today and that 7 million of these are Lutherans. Because of this pressure, Mr. Gjerde urges all Lutheran congregations to sponsor at least one refugee family apiece.

Extension Council Plans for Annual Achievement Day

The extension home council met on April 5 for its regular bi-monthly meeting. Hostesses were Mrs. Joe Johnson and Mrs. Edwin Helgeland.

Mrs. Lloyd Johnson, president, conducted the business meeting. Main topic discussed was Achievement Day, to be held on Friday, May 6. Reports were heard from chairmen of committees planning the event.

Two special items will feature Achievement Day this year. A hobby display featuring the different hobbies of the homemakers groups will be exhibited. In addition, each group is donating a door prize to be drawn for during the afternoon program.

At the conclusion of the business meeting, Home Agent Marge Olsen presented an illustrated talk on buymanship.

Hearing May 20 in Soo Line Case

Involves Schedule on Kenmare-Fordville Run

The North Dakota Public Service Commission has been ordered to appear in Ward county district court May 20 in an action involving mixed train service between Kenmare and Fordville.

The commission last December had granted the Soo Line Railroad authority to cut its daily mixed train service between the two points to thrice weekly.

A decision was later issued on petition of the Brotherhoods of Railway Trainmen, Firemen and Engineers, to rehear the matter for purposes of oral argument and the Soo Line, which had issued notice of curtailment of service, was ordered to continue the daily service pending the outcome of the rehearing.

The railroad refused to accept the order and took the matter to the district court.

Judge A. J. Gronna, according to Commission Counsel R. W. Wheeler, issued an order compelling the commission to refrain from further proceedings in the matter or from attempting to enforce its order until the case is heard in the court.

Gronna set May 20 as the date for a hearing at which the commission will be asked to show cause why it should not be permanently restrained from further action.

Many of the 80 million new automobile and truck tires needed to keep America rolling next year will be made from oil-derived synthetic rubber.

From where I sit ... by Joe Marsh

Learn How to Pull Together

Saw a kid go by the *Clarion* office on a brand-new coaster wagon yesterday—and it reminded me of when my brother and I were about forty years younger.

Our folks weren't poor, but there wasn't enough to buy two wagons for Christmas. We got one between us. Dad made a rule that we each could have it for a week—but the boy with the wagon was responsible for keeping the kitchen wood-box filled.

Seemed a bargain to Bud and me—at first. But soon we discovered it was no more fun playing alone than working alone. It wasn't long before we were sharing the wagon in return for sharing the chores.

From where I sit, you can't enjoy a privilege yourself if you're going to deny it to others. There are some folks who want the right to enjoy *their* favorite beverage—but would deny me my right to an occasional glass of beer. I doubt if such people get their full "share" of happiness, though.

$17,500.00 FOR MY MALTING BARLEY

Says Veral Gibbons of Crookston, Minnesota

Mr. Gibbons of Polk County can speak with authority when it comes to growing malting barley. He was Grand Champion in 1953 and Third Prize Winner in 1950, 1951 and 1954.

Veral Gibbons should realize about $17,500 for his 1954 malting barley crop. He had 350 acres in malting barley averaging a yield of about 40 bushels per acre and received an average of $1.25 per bushel at Crookston. Although his entire crop has not been sold he figures his 14,000 bushels are worth $17,500 or more.

Gibbons says: *"I recommend good crop production practices — approved varieties — seed treatment—fertilization—good soil management and careful harvesting."*

Last year Minnesota farmers sold nearly 20 million bushels of malting barley at the Minneapolis Terminal at an approximate average price of $1.40 per bushel or $27,489,000.

OVEN COMES CLEAN WITHOUT SCRAPING

You don't have to scrub or scrape your oven clean when you use "ITS."

The magic of chemistry made up this jelly-like formula. Applied with a brush that comes with the jar, you merely let "ITS" stand for two hours, then wipe it off with a damp rag.

Every bit of dried foodstuff and burnt-on grease comes away, leaving your oven like new. Non-inflammable. "ITS" also works well on chrome. Available at KELLY HARDWARE for $1.

THE MINNESOTA STORY

Prepared by the
Minnesota Historical Society

A FRONTIER CAT

The people of the Minnesota frontier suffered all manner of things. The Indians gave them bother, and later much death. The grasshoppers ate fields clean for several years in the 1870ies. Deep snows and very severe winters would discourage whole communities. Along the rivers, where settlement first began, the floods of spring would take away homes and whole settlements. Fires on the prairies and in the woods were more dangerous than the Indians.

In its virgin state there were no rats in what is now Minnesota. When people came, these pests also came. They destroyed the seed grain store of the Selkirk colony on the Red River of the North.

The enemy of the rat is the cat. In the early days of Stillwater, in the 1849ies, the rats appeared. It became necessary to send for cats. The first one came up river in a box. Evidently his spirit had been crushed for Tom appeared as dead on arrival. The pioneers gathered around and John McKusick, the founder of the town, said that the cat was not dead. Since bleeding was still a method of treating illness, the cat was bled, revived, recovered ambition and appetite and did his duty of rat destruction for several years.

THE CAPITOL BURNS

The Minnesota legislature must have had a particularly hot session in the evening of March 1, 1881. That was the night that the capitol burned.

The lawmakers were at work in their chambers. The state offices were filled with visitors for the legislative session was within two days of adjournment. At about nine it was observed that the dome of the building was afire. The flames spread. It was clear that the building was doomed.

Immediately the crowd went to work moving records from the building. Many were saved.

The library of the Minnesota Historical Society was in the capitol building. It was saved.

The city of St. Paul had just completed a market house. It was not occupied. This was offered to the state for temporary use and the records as they were salvaged from the burning structure were moved into the new building. The next morning business was as usual in the state offices.

The original state capitol was completed in 1853. Its cost was $40,000. With the legislature still in session an appropriation was immediately made for $75,000 to rebuild the structure. Later it was determined that the walls of the old building should not be included in the new. At a special session later in the year additional funds were voted and a new capital built at a cost of about $300,000. This served the state until the construction of the present capitol and as an auxiliary office building for many years thereafter.

MILLS ON RIVERS

Long before the day of the big flour mills at the Falls of St. Anthony and elsewhere in Minnesota there were many small mills throughout the state.

These pioneer mills, scores of them, were encouraged by three elements. The virgin lands produced good wheat. There was a growing market for flour at hand or in nearby states. There was waterpower along many smaller streams which could be devedoped at moderate cost.

Take, for example, the years of the 1870s. Choose a single county, Fillmore, in Southeastern Minnesota. Take a single river, the Root, with its carious forks and branches in Fillmore county.

Where the river enters the county, at Chatfield, there were three flour mills, one of a hundred barrel daily capacity. On Bear Creek, with a most moderate flow of water, there were the Hamilton, Lime City, Tunnel, Stone, Greiner, Yearling, Washington and Thompson mills. On Deer Creek, another small tributary of the Root, could be found Wiesbeck's, Old's and the Fritz mill.

On the south branch, the south fork and on the main river there were flour mills at Carrolton, Preston, Carimona, Fina, Fillmore, Forestville, Bloomfield, Rushford, Peterson, Whalan, Granger and Lanesboro. Some of these communities had two and three mills in the 1870ies.

The flour mills not only served settlements but they attracted people to communities on the river. Some of the pioneer centers of population no longer exist. Mute remains of the old mills and dams still give evidence of days long passed.

Litterbugs Cause Heavy Increase in State Park Costs

Preparation of the budget in the division of state parks poses the perennial question as to the amount of money to be allocated for cleaning up after litterbugs.

Some park visitors who have no regard for others insist each summer on throwing beer cans, newspapers, uneaten food, and general debris in all directions.

U. W. Hella, Director Division of State Parks put it this way: "If those who are so thoughtless would only realize that they are cheating themselves with their careless, untidy behavior, perhaps they would act differently. Every dollar expended for cleaning up after them means just that much less that can be spent for really necessary repairs and improvements."

Julius A. Schmahl, 87, Succumbs in St. Paul Hospital

Julius A. Schmahl, 87, self educated former cattle puncher who served Minnesota 36 years as secretary of state and state treasurer, died at 12:40 p. m. Sunday in Miller hospital, St. Paul.

The veteran official, who lived at 537 Portland avenue, St. Paul had been hospitalized since Dec. 18, 1954.

Mr. Schmahl was Minnesota's secretary of state from 1907 to 1921, and state treasurer from 1926 to 1950, with the exception of one two-year term.

He filed for election as treasurer again in 1950, at the age of 83, but withdrew after one campaign speech.

Tractor Mishaps Kill 36 Last Year

Total Compares with 46 Killed in Previous Year

Only 36 rural men and children were killed in farm tractor accidents last year—a drop of 10 from 1953, when the toll was 46. This report came today from Glenn Prickett, extension farm safety specialist at the University of Minnesota.

But, with this heartening news, Prickett had some sobering facts. One is that the 36 farmers and rural children who died in tractor accidents in Minnesota's rural areas is over twice the number of persons of all ages who died from polio in the state last year.

State health department figures show 640 polio cases and 15 deaths in 1954. There were also nearly three times as many non fatal tractor accidents as polio cases—1,800.

Of the 36 who died under an overturned tractor, 10 "got it" in a highway accident—that is, being struck by a speeding car or truck in the early morning, dusk or evening hours while driving the tractor on the highway to or from a field job. This, too, is a heartening reduction, says Prickett. There were 17 such highway tractor accident deaths in 1953. Although there were almost as many accidents—130—in 1953 as in 1954, deaths were fewer.

Prickett said that May is usually the "heaviest casualty month" for tractor accidents.

Another defect of our democratic system is that the only party that knows how to run the country is the one that is out of power.

C of C room Scene of Water System Meeting Tonight

Open meetings on farm and home water systems are being conducted in the county this week, County Extension Agents Marge Olson and Bill Penning announced.

The topic includes planning the outside water system, including sewage, and the inside system, including bathroom and utility rooms. Husbands and wives are invited to come together to the meetings.

Conducting the meetings will be Elizabeth Burr and Donald Bates of the University of Minnesota. Miss Burr is home improvement specialist and Mr. Bates is extension engineer.

Three meetings are being held this week. One was held at the Goodridge gym on Tuesday evening, the second at the St. Hilaire post office this afternoon, and the third in the Chamber of Commerce room in the city Auditorium in Thief River Falls tonight at 8 p. m.

Traffic Safety Meeting Set Here

Earl M. Larimer Calls Session for May 5th

Full scale participation by every Minnesota motorist in a summer-long "Slow Down and Live" safety campaign will be presented in a series of 12 statewide meetings by Earl M. Larimer, state director of highway safety. The first session will be held at Mankato Thursday, April 14. The series will conclude with a meeting in the Thief River Falls municipal Auditorium on Thursday evening, May 5.

In a letter directed to safety leaders throughout the state, Larimore announced the meetings at which the experiences of the eastern and southern states in their "Slow Down and Live" campaigns will be presented.

"On the basis of the results obtained by them during the past two years," said Larimer, "I am sure that every Minnesota motorist will be anxious to learn how easily a similar campaign can be put into operation within our state. And, in cooperation with the other 47 states of the union, we will present a united, nation wide front against one of the leading causes of traffic accidents—excessive, uncontrolled speed."

Rev. Lindholm to Make Chicago Trip

Pastor L. W. Lindholm of the local Mission Covenant church will leave Sunday night for Chicago to attend the annual meeting of the National Association of Evangelicals convening at Hotel Sherman in that city, April 18-22. On April 24, Mr. Lindholm will speak at the Bethel Mission Covenant church, Wallace, Mich. He expects also to visit briefly with relatives in Woodstock, Ill., and Menominee, Mich., returning here in time for services May 1.

Naturally, they're pleased about it—it's their first bankbook. This is something they've managed together. They've saved for the things they want, and also for that "rainy day."

It's wise to save for a rainy day. But it's also wise to remember that drought can be just as devastating as rain . . . particularly spiritual drought.

Faith is the balance you'll find in your spiritual bankbook. It is something that you can renew, something that you can add to, and something that will pay you immeasurable dividends. Where else can such faith be renewed and developed than in the House of the Lord—your Church?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Week's Events in Newfolden

By [illegible] M. Lindbeck, Newfolden

Mr. and Mrs. Carl Hjelle of Stephen were Good Friday visitors at the Ole Hjelle home.

Visitors at the home of Mr. and Mrs. John Doran during the week were Marlys Hal, Hans Bjornstad, Mrs. Johnnie Ness and Janelle all of New Solum, Mr. and Mrs. Melvin Bottem and Corrine of Aurora, DeEtta Hoberg, Mr. and Mrs. Andy Bakke and Lloyd and Cary Aune.

Mr. and Mrs. Zak Hamburg had as their Saturday supper guests Mr. and Mrs. Romaine Nelson and family, Mr. and Mrs. Wallace Nelson and family and Mr. and Mrs. Maynard Nelson and family. Maynard and family spent the week end, as did the Wallace Nelson family, who arrived Friday night.

Emma Hjelle was a Saturday evening visitor at the home of Mr. and Mrs. Zak Hamburg.

Easter visitors at the home of Mr. and Mrs. Sam Lee were Mr. and Mrs. John Pearson and boys of Warren, Mrs. Olger Olson and Myrna of Karlstad, Mrs. Inge Huglen and Erling, Peter Tvedt and Anna Knutson.

Mrs. Theresa Saugen who spent the winter months at the home of Mr. and Mrs. Sam Lee left to resume residence at her farm home on Monday.

Visitors at the home of Mr. and Mrs. Sam Lee during the week were Mrs. Hjalmer Stokke of Viking, Gina Tvedt, Mr. and Mrs. A. O. Gudim, Mrs. Jennie Anderson, Mrs. Martin Smeby and Mrs. Albert Hodik.

Mr. and Mrs. Louis Farstad motored to Minneapolis Thursday to visit at the home of Harry Lokken during the Easter week end. They also visited at the homes of Mr. and Mrs. Walton Anderson and Mr. and Mrs. Jimmie Anderson. On Saturday night they were guests at the home of Mr. and Mrs. W. W. Trushenski. The Trushenskis have had rather hard luck for the past month or so, Mr. Trushenski injured his back and is a patient at the Veterans hospital at present. He may be able to get home this week sometime. While he was there, three of the youngsters came down with the mumps, so they really had a time of it. Here is hoping they have had all the illness they are going to have for a good long time. Oh, yes, and on top of all the rest, Jill had an appendicitis attack.

Joyce Tvedt of Fargo spent the week end at the parental Peter Tvedt home.

Mr. and Mrs. Irv Tvedt and Wayne were Wednesday evening visitors at the home of Mr. and Mrs. Chuck Tangberg of Karlstad.

Mrs. Evonne Olson and Terry and Mrs. Irv Tvedt were Thursday visitors at the home of Mr. and Mrs. Chuck Tandberg in Karlstad, and at the farmhome of Mr. and Mrs. Vernon Swan. The Swans moved there the first part of the week.

Mr. and Mrs. William Finnestad of Aurora spent the week end at their farm home.

Mr. Ola Islandsrud of Warren visited with Halbert Amundson on Sunday afternoon.

Mrs. Ruth A. Hanson, instructor at Moorhead state teachers college spent Easter at the home of Mr. and Mrs. Carl Olson.

Mrs. Betsy Hjelle and Orlette spent the Easter vacation at the home of Mr. and Mrs. Einar Rokke of Minneapolis.

Stevie Sorenson of Thief River Falls spent the Easter week end with his grandparents Mr. and Mrs. Elmer Holmos.

Audrey Holmos, Elwood Sollom and Odell Christianson all of Fargo, spent the Easter week end with their prospective families.

Mr. and Mrs. Marvin Smeby and Jerry of Grand Forks were Good Friday dinner guests at the home of Mr. and Mrs. Martin Smeby

Mr. and Mrs. Henry Lien, and Mrs. Fred Peterson of Argyle were Friday overnight guests at the home of Mr. and Mrs. George Lindbeck.

Porgie Lindbeck was a Wednesday and Thursday overnight visitor at the home of Mr. and Mrs. Ray Sourdif. Gordon Sourdif returned home with him on Friday to spend the night.

Airmen 3/c Alton Johnson and Roger Langlie of Newfolden and A3/c Glen Larson of Holt came home from Pleasanton, Calif. on Sunday to spend a week with their folks. Marion Larson met the boys in Fargo, so they got a ride home in time for Easter dinner.

A3/c Melvin Packard and A/2c Wendell Melo of Chanute AFB near Chicago are spending a week at the home of Mr. and Mrs. Conrad Melo.

Mr. and Mrs. Virgil Melo and family of Fargo spent Easter Sunday at the home of Mr. and Mrs. Emil Shern of Viking and Mr. and Mrs. Conrad Melo.

Olaf Tunheim and boys of Kennedy were Friday evening visitors at the home of Mr. and Mrs. John Doran.

Mr. and Mrs. Virgil Merrill and family spent Easter at the home of Mrs. Merrills mother, Mrs. LaFriniere of Mahnomen.

Mr. and Mrs. John Dyrud spent the Easter week end visiting their children in Minneapolis.

Mr. and Mrs. Ted Eide of Langdon, N. Dak. and Mr. and Mrs. Henning Peterson were Easter Sunday dinner guests at the home of Mr. and Mrs. Gordon Elseth.

Mr. and Mrs. Verne Green and family, Mr. and Mrs. Hans Olson and Mr. and Mrs. Harveydale Maruska of Viking were Sunday visitors at the home of Mr. and Mrs. Willis Jolten of Fargo.

Mr. and Mrs. Harry Knitter of Stephen were Sunday dinner guests at the home of Mrs. Inga Green.

Mr. and Mrs. Lester Sorenson and daughter of Thief River Falls and Mr. and Mrs. Orville Harstad and family were Sunday dinner guests at the home of Mrs. Clara Sorenson.

Red Cross Workers Collect $111.50

Mrs. Louis Farstad, chairman for the Red Cross drive which got underway the first part of March, reports a total in contributions of $111.50. She wishes to thank the workers who helped her, Gordon Elseth, C. H. Cook, Howard Wergeland, Shirley Bakke, Mrs. Lowell Anderson, Mrs. Gunnar Lindquist, Mrs. Ben Nelson and Ray Tunheim, for their assistance. Also a hearty thank-you to all those who contributed. A list of names will be published at a later date.

Mr. and Mrs. Clarence Amlot and Vernice Bakke of Thief River Falls and Mr. and Mrs. Douglas Weber were Easter Sunday supper guests at the home of Mr. and Mrs. Bertil Bakke.

Beverly Bjornrud left Thursday to spend a couple of days at the home of Mr. and Mrs. Luther Kleven of Minneapolis. She returned home with Orlan Bjornrud on Saturday. Orlan went back to Minneapolis Sunday evening.

If you're using plywood... If you like natural wood finishes... you'll welcome these WIZARDS WITH WOOD

FIRZITE
SATINLAC

FIRZITE—tames wild grain and checking on fir plywood and other soft woods.

For stained, natural effects, use Firzite to tame that wild grain.

For painted or enameled jobs, use Firzite to minimize face checking and grain raising.

For blond, pickled or tinted tones, use White Firzite for a real "woodsy" effect.

SATINLAC—emphasizes the natural beauty of wood wall panels, trim, rails, doors, furniture, etc.

To bring out and preserve the natural grain and beauty of any wood, use Satinlac. To avoid that heavy, "built-up" finish, use Satinlac. Newer than shellac or varnish; water-white; will not turn yellow.

QUESTIONS answered for VETERANS

Additional information or assistance on veterans benefits may be obtained by writing or visiting the VA Contact Representatives at the Minot VA Hospital, or the Bismarck or Grand Forks VA Offices.

Q—I am a World War II veteran in school under the GI Bill. When I get my AB degree, would it be possible for me to go on and obtain my Master's degree in the same field? I have plenty of GI entitlement.

A—Yes, it will be possible for you to go ahead and study for your MA degree, so long as it will help you reach your educational or vocational objective.

Q—I had an appointment for VA outpatient treatment that I failed to keep because I forgot all about it. Will breaking this one appointment deprive me of future outpatient care?

A—No. Breaking one appointment, without notice, will not deprive you of further outpatient treatment. But breaking two without notice, and without a reasonable excuse, could result in bringing your outpatient care to an end. Always give at least 24 hours' notice if you must break medical appointments.

Q—If I get a GI loan to buy a farm, is it necessary for me to live on that farm?

A—It is not necessary that you actually live on the farm. But you must at least supervise the farming operations.

Q—I am a disabled Korea veteran. May I take vocational training under Public Law 894 on a part-time basis, and get a job for the rest of the time?

A—No. Under the law, vocational training for disabled veterans must be on a full-time basis, unless the veteran's physical condition would not allow for full-time training.

The fastest train run in the United States was recorded in 1905, when the train now known as the Broadway Limited covered three miles in 85 seconds, traveling at a rate of 127 miles an hour.

Food Retailers to Meet Apr. 17-18 in Rochester, Minn.

Otis L. Wold of Thief River Falls, director of the Minnesota Food Retailers association, is expected to be among the grocers of this area attending the *annual convention of the association* to be held in Rochester April 17 and 18. Over 1200 grocers from throughout the state will gather Sunday for the opening of the two-day event.

Panel discussions will review the current trends in the handling and selling of foods, highlighting such important aspects as new operation financing, select store location, display and lighting techniques, accounting and records; personnel qualifications and training, store engineering, and other related topics.

The voice of the shopper will be heard when a special panel of five typical food customers tell what they would do if they were the grocers.

Baptist Church Plans to Complete Building in 1956

To Build Superstructure on Basement Quarters; Officers Are Elected

Members of First Baptist church, at a business meeting April 13, adopted the recommendation submitted, designating the spring of 1956 for beginning construction of a superstructure on its present basement.

Tentative plans have already been drawn subject to revision and the slogan, "We'll lay the bricks in '56," will serve to encourage enthusiastic support for the project.

Further business included the election of officers. John Vielguth was reelected vice-chairman, Mrs. Selmer Bornholdt as clerk, and Art Langelett was reelected a member of the Deacon board. Jerry Wirt and Kenneth Hanson were elected trustees.

The increased attendance of the Sunday School which last Sunday set a new record high for the third time in the past year and which has been growing steadily makes it imperative that the building be completed as soon as possible to provide more adequate Bible school space, said the Rev. E. L. Brenneise, pastor.

The radio program under the direction of Pastor Brenneise which has been heard Wednesdays at 2 p. m. over KTRF will be heard from 12:30 to 1:00 each Sunday beginning May 1.

Sale of Lilies and Easter Seals Nets $1,025.50 in County

The substantial total of $1,025.50 was received from the sale of Easter seals and lilies in Pennington county, it was announced this week by Mrs. Paul A. Lundgren, treasurer of the county chapter of the Minnesota Society for Crippled Children and Adults. Mrs. Herbert G. Halverson, in charge of the local campaign, expressed appreciation to the public for its contributions, and to the Northern State bank for its services in the drive.

Furniture s Settled by board

County Board Appoints Assistant Custodian

The Pennington county board at a special meeting Thursday evening approved final details of new furniture recently purchased for the court house now nearing completion.

A. M. Sorvig was engaged as second man on the custodial staff of the court house, and will take over his duties following completion and occupancy of the building this summer.

A motion was adopted requesting State Senator Roy E. Wiseth of Goodridge to work for construction of a new bridge over Thief River on Highway 1 at Eighth st. to replace the present narrow span.

Governor Orville L. Freeman has accepted the honorary chairmanship of the U. S. Savings Bonds division for Minnesota at the request of Secretary of the Treasury George M. Humphrey.

Oscar Houske Named Supervisor of Soil Conservation Dist.

Oscar Houske of Wyandotte recently was elected to succeed Malcolm Stucy of Deer Park township, who retired, as a member of the board of the Pennington county soil conservation district. Houske qualified for office and was sworn in at a meeting of the board Monday.

Following the official canvass, County Auditor C. W. Rodekuhr reported the vote as follows: Houske, 334; Albert Kotrba, 84; and Orlando Chervestad, 84. Four ballots were blank.

At the meeting Monday evening, Alfred Longren of North township was reelected chairman of the board of Supervisors. Other officers named are: vice chairman, Oscar Houske; secretary, Maynard Mehrkens; treasurer, Clarence Peterson; and fifth member, Andrew Skaar.

Don Lawrence, S. C. S. technician, reported that 55 farmers have signed agreements requesting conservation farm plans. These are the result of holding discussion meeting in seven communities in the district.

Completed farm plans prepared by S. C. S. technicians were approved by the board for Stanley Radniecki, Richard Radniecki, Harry Hanson, Lyle Mandt, Verner Arveson, Eddie Arveson, Olaf Stolaas, Milan Rustan, Roger Eckstein, Andy Skaar, Virgil Eckstein, Erving Evenson, Rodney Wetterland and Norman Peterson.

Bill Penning, county agent and Don Lawrence presented plans for the 1955 tree planting program.

Services Sunday

Special services will be conducted at the Salvation Army hall Sunday, April 24, at 8 p. m. Guest speakers Capt. Nancy Hulett and Capt. Marie Brown, both from divisional headquarters in Mpls. Also present will be Lieut. Frances Anderson, who has come from Mpls. to assist Capt. Arlene Finley.

H. S. Musicians to Go to Crookston Festival Friday

The District 31 high school music festival will be held at Crookston Friday and Saturday, April 22 and 23, and the state area contest is again scheduled for Lincoln high school in this city May 6 and 7, Kalmer Ostby, principal, announced today. He added that participants in the Crookston festival will include the Lincoln high school band and girls' glee club, each comprising about 70 members, and the 60-voice mixed chorus, in addition to numerous small ensembles and soloists.

Jaycee Bosses Night Banquet Set Thursday

St. Cloud Man to Speak in Legion Club Rooms; Senior C of C to Attend

The Thief River Falls Junior Chamber of Commerce will stage its anual Bosses-employes night dinner Thursday evening, April 21, at 6:30 in the Legion club rooms, meeting jointly with members of the senior Chamber of Commerce.

Arthur Schrom, candidate for regional vice president of the Minnesota Junior Chamber, will serve as toastmaster and will introduce the guest speaker, Richard Quinlivan of St. Cloud.

Quinlivan is vice president of the St. Cloud Jaycee chapter and treasurer of the state organization, as well as being agriculture chairman of the national Junior Chamber.

The program will include the presentation of an award to the outstanding young farmer of the Thief River Falls community.

To be announced at the meeting are results of the election of a new slate of officers of the local Jaycee chapter, conducted by mail during the past week.

Administration of Salk Polio Vaccine Put Off until May

Shots Scheduled Today Are Postponed Because Vaccine Is Delayed Here

Dr. Dan Greene, city health officer, announced today that the administration of the Dr. Salk polio vaccine to nearly 600 first and second grade pupils in the Pennington county schools, originally scheduled for today in the municipal Auditorium, has been postponed until early in May.

Dr. Greene made the announcement after being advised Monday by the state department of health, in charge of the distribution of the vaccine in Minnesota, that there would be a delay in delivering it in the state owing to the fact that first supplies are being rushed to the southern states, where polio makes an earlier appearance.

A definite date for giving the first shots will be set shortly, Dr. Greene stated.

Stanton R. Dahlen Named by Savings and Loan League

Stanton R. Dahlen, president of the First Federal Savings and Loan association of Thief River Falls has been appointed a member of the committee on federal savings and loan law and regulations of the United States Savings and Loan League. The appointment was announced today by J. Howard Edgerton, Los Angeles, California, president of the League.

Two Young Trios Confess to Six Recent Breakins

Local police and Sheriff Arthur Rambeck this week reported the solution of six recent burglaries in the city. Three boys, ages 13, 14 and 15, confessed to breaking into the arena March 3 and again March 18 and stealing money and cigarets.

Three younger boys, ages 11 and 12, admitted breaking into the Tip Top shoe repair shop April 4 and 5, and into the Falls Shoe Shop April 6 and 9, obtaining a small amount of change in both places.

The six boys are scheduled to be brought into juvenile court. Two of the older boys have been in trouble before, police reported.

400 Expected at Lincoln Athletic Banquet Tonight

Following a successful advance ticket sale, it was indicated that approximately 400 persons will attend the recognition banquet for Lincoln high school athletes this evening at 6:30 in St. Bernard's dining hall. Approximately 100 team members will be honored. Jack Quesnell, Lincoln senior, will serve as toastmaster, and will introduce the guest speaker, George Mikan, general manager of the Minneapolis Lakers basketball team and former outstanding star on that quintet.

Four Candidates Are Interviewed for School Post

Board Reduces Field in Conference with State Education Department

The list of candidates for the post of superintendent of schools in Thief River Falls was reduced from a dozen to four at a conference last Thursday in St. Paul between members of the local board of education and officials of the state department of education.

Elmer Bratsch, board president, stated that the four remaining aspirants appeared here for personal interviews ending this afternoon, and that a selection may be announced shortly to succeed Supt. W. G. Claffy, who is leaving this city in August for California.

President Bratsch and R. S. Eldevik, Wm. Thompson and Arnold Pearson, board members, conferred in St. Paul with T. C. Engum, F. E. Heinemann and F. R. Adams of the department of education.

The four applications being interviewed were identified as being superintendents of schools in communities in the Red River Valley, Western and North Central Minnesota and north of Minneapolis.

Lions Plan Broom Sale for Crippled Children's Camp

House-to-house Canvass Scheduled in City for Wednesday, April 27th

Timing the project to come appropriately before Cleanup Week, the Thief River Falls Lions club will conduct a house-to-house sale of brooms in the city next Wednesday evening, April 27, Dr. M. D. Starekow, club president, announced today.

Ted Kusmak, chairman of the sales committee, which also includes Bill LaFave and Jack Forkenbrock, said that the brooms, to be sold for $2 each, are of top quality and are made by blind persons employed by the Minneapolis Society for the Blind.

Dr. Starekow explained that the entire profit for this sale will be used to aid in financing the dining hall being built this year at Camp Courage near Annandale under the auspices of the Minnesota Society for Crippled Children and Adults.

New Buildings OKd by Council Total $165,000

Big Grist of Business Disposed of at Lengthy Meeting Tuesday Night

At a lengthy session Tuesday evening that continued until well after midnight, the city council disposed of a variety of accumulated business, and approved building permit applications with a stated value of nearly $165,000.

Mrs. Cora Lein was given a permit to erect a commercial building at a cost of $20,000 on Fourth st. east of Main av., the site now being occupied by a three-stall garage. The Continental Oil Co. was authorized to build a service station at a cost of $12,000 at the corner of Third st. and Horace av., across the street from the Pennington Hotel.

Permits ranging from $7,000 to $10,000 for nine new dwellings, including Robertson Lumber Co., three on Maple av. S.; Gaynard Warnecke, St. Paul av. S.; Gerald S. O'Hara, 213 Tindolph av. N.; Ivar Nelson & Sons, Tindolph av. S.; Harold Langseth, 221 Kendall av. N.; Dr. M. D. Starekow, Merriam av. at Taft st.; and Prichard Bros. Co., Kneale av. S.

Harold Elofson's application for a permit to move a dwelling from 210 Maple av. N. to 227 Kneale av. N. was rejected by the council following an adverse report by building inspector Roy Langevin, who stated that neighbors objected to the building being placed there on the ground that it is not equal to adjoining structures, as required by ordinance.

Stuart McLeod, manager of the local Land O'Lakes plant, asked permission to cut out 50 feet of curb in front of its building on Atlantic av. to permit access to the plant for cars unloading eggs at the loading dock to be built there. The request was granted.

Bill LaFave appeared in behalf of Northwestern Hospital and Oakland Park rest home to register a protest over the increased light and power rates which recently were put into effect at the two institutions. A conference is being arranged with members of the council light committee to try to work out an agreement.

At the request of Alvin Anderson, director of the Legion municipal band, authority was given to have the band uniforms renovated, and other smaller items of expense also were approved.

A second reading was given the proposed ordinance designed to encourage the use of Grade A milk, and also to the ordinance requiring that dogs be confined to their owners' premises during the spring and summer months, or otherwise be kept on leash.

The council, at the request of the local board of education, voted to proceed to acquire the property on Arnold av. occupied by the state highway department garage. It is planned to exchange the property for the old Central school grounds owned by the school board, which in turn would use the Arnold av. property as a site for proposed area vocational school building.

A petition was submitted re-

Twenty or more gleaming 1955 models of automobiles will be on exhibit Friday and Saturday, April 22 and 23, at the Thief River Falls Spring Trade Show in the arena, together with the latest models of household appliances shown by nearly a dozen dealers.

Tractors and other farm implements also will be shown on Second st. in front of the arena. Sponsoring the show is the Chamber of Commerce in cooperation with local business firms.

The arena will be open each day from 10 a. m. to 10 p. m. and each exhibitor will supply a valuable prize, which will be distributed in a drawing Saturday evening at 8 o'clock.

For the further entertainment of visitors, arrangements have been made with Radio Station WDAY of Fargo to supply some of its most popular entertainers for programs to be presented Friday only at 4 o'clock and 9 p. m.

Included in the talent appearing here will be Pat Kelly, pianist; Hank and Thelma, mandolin and vocalist; and Lee Stewart and Ginny Gordon, singers.

There will be no admission charge, it was announced, and the public is invited to attend.

189 Children Attend Pre-school Roundup; Clinic Next Saturday

A successful roundup of preschool children was held last Saturday at the Lincoln high school gymnasium. A record number of 189 children attended as compared to last years total of 156. The roundup is sponsored annually by the PTA groups of Knox, Northrop, and Washington grade schools.

Parents are requested to bring the children who were registered at the roundup to the preschool clinic which will be held at the Northrop school on Saturday, April 23, between the hours of 1 and 4 p. m. Doctors from all the local clinics will donate their services in conducting physical examinations of the children.

Immunization shots for diptheria, tetanus, and whooping cough together with vaccinations for small pox will also be given at this time. If any children were not registered at the roundup, the parents are urged to bring them to the clinic. If a legal birth certificate for the child was not brought to the roundup, parents are reminded to bring it this Saturday.

All children who will be 5 years old before January 1, 1956, must register. Rural children who have not attended kindergarten and who will begin first grade in the fall must register and have a physical examination. New residents must register their pre-school children also.

Nurses assisting at the roundup were Mrs. Margaret Rue, school nurse; Mesdames Andy Williamson, Otis Wold, Palmer Lorenson, Clarence Stromberg, John Wold, Randal Soper, Maurice Eckstrand, H. C. Halverson, and Kenneth Halldin.

Kindergarten teachers present were the Misses Ella Fiskerbeck, Ruth Mickelson, and Helen Hanson.

Local optometrists conducting examinations all day were Doctors J. O. Dine, O. D. Beich, F. L. Gilbert, and E. S. Amesbury.

Also cooperating were the PTA presidents including Morris Howick, Mrs. Robert Quale, and Rev. Robert Abbott.

PTA members who assisted at the roundup were the Misses Idella Medchill, Shirley Simpson, Olga Bloomaness, Edna Larson, and the Mesdames Alfred J. Johnson, Donald L. Olson, Ray Borgeson, Wilbert Mayes, F. Rux, Edward DeLap, Floyd Danielson, Robert Abbott, Albert Lafrenz, Sig Quam, William Peltier, Herman Hanson, Victor Kvikstad, Bryce Gordon, Harry Ranum, Walter Netteberg, Lloyd Spray and Merle Lindberg.

Lunch served to the parents and children was contributed by members of the various PTA groups.

Dedication Rites for Evangelical Church Edifice Set

Dist. Supt. Sodergren to Speak at Dedication Service Sunday at 2:30

Special dedication services will be held at the Evangelical Free church this week-end, beginning with a Scandinavian service on Friday, April 22, at 8:00 p. m., with Rev. J. O. Jacobsen, former pastor, preaching.

He will speak in English at the 10:45 a. m. worship service on Sunday, April 24th, at which time the pews and pulpit furniture will be dedicated.

At 2:30 p. m. the main dedication service will be held, with Rev. H. E. Sodergren, district superintendent, as the guest speaker. The evening service will begin at 7:45 p. m., and will be a praise service with many participating.

"Now that the building is completed," said the Rev. Joseph Swan, pastor, "the church acknowledges with real appreciation the courtesies extended, services rendered and work done by the many firms and individuals from whom building materials and equipment and services were purchased. Their helpful cooperation has been a real encouragement to the church during the time of building.

"The church also acknowledges the many hours of free labor given to the church not only by its members, but by others as well. The interest shown and help given has been greatly appreciated."

Brainerd Firm Low Bidder on SAR 2

$23,863 Is Best Offer on Bituminous Project

C. L. Nelson & Co., Inc., of Brainerd was the low bidder Tuesday at $23,863.05 on the job of bituminous surfacing six miles on state Aid Road No. 2 extending south from the city limits past the municipal airport to the junction with State Aid Road 2 east of St. Hilaire.

The Pennington county board, after considering the five bids received, recommended to the state highway department that the Nelson bid be accepted, it being only a few hundred dollars higher than the engineer's estimate. Other bids ranged as high as $29,407.25.

The long awaited improvement of the heavily traveled road will be financed largely out of state and federal aid funds.

Representatives of the Grand Forks social security office will be at the city Auditorium in Thief River Falls on Tuesday, April 26, at 10:00 a. m. Individuals having any questions regarding the Social Security Act are urged to call on them at that time.

600 Persons Pay Tribute to Rev. and Mrs. T. Myhrer at Their Golden Wedding

Approximately 600 friends and relatives gathered at the Newfolden high school auditorium to honor Rev. and Mrs. Thorvald Myhrer on their golden wedding anniversary Sunday afternoon, April 17.

Rev. and Mrs. Myhrer were married in December 1904, in Horton, Norway. Their attendents were a brother and sister of Mrs. Myhrer, still living in Norway.

They are the parents of three sons and three daughters: Kore and Marshall Myhrer of Newfolden; Helmer Myhrer and Mrs. Lue (Helen) Hetland, Thief River Falls; Mrs. Robert (Verna) Ehrle of St. Paul and Mrs. David (Elfie) Sunde of Mandham, New Jersey. The couple has 8 grandchildren.

A short program was held in the auditorium with Rev. and Mrs. Ernest Vick in charge. Visiting pastors taking part in the program were Rev. Ole Sande, Rev. Edward Folden, Rev. Rivenes and Rev. Gordon Berntson.

Vocal selections were sung by Mr. and Mrs. Engebretson of Karlstad, Rev. and Mrs. Ole Sande, and the trio from the Evangelical church of Newfolden.

Congratulatory telegrams were read, among them one from Mrs. Helene Jeugen, Horton, Norway, sister of Mrs. Myhrer. A bouquet of Anthuriums flown in from Hawaii was presented to the honored couple, a gift from Mr. and Mrs. Noel Hanson of Honolulu. A money tree was also presented them, a gift from their children, and the ladies of the Evangelical Free church of Newfolden.

Out of town guests, too numerous to mention, came from all parts of Minnesota, North Dakota, Washington and Canada.

Rev. Myhrer served as a pastor in the Evangelical Free churches of Newfolden, Holt, & Numedal from 1919 until his retirement in 1947.

Women's Society Stages Mothers, Daughters' Dinner

Approximately 155 guests attended the mothers and daughters banquet Thursday evening, April 14, sponsored by group 4 of the Womens Society of Christian Service. The banquet was held in the dining room of Community church with eight men from the Men's club serving.

Mrs. E. C. Mead gave the invocation and Mrs. Wm. Thompson, president of the Womens Society and toastmistress, gave the welcome address. A girls trio, Carol Nohre, Gayle Dahl and Margaret Mosleth sang two selections, accompanied by Kathy Mosleth.

"Toast as a Mother" was presented by Mrs. Margaret Race and "Response by a Daughter" by Carol Bugge. A humorous reading "What is a Girl" by Mrs. Thompson, a solo by Floydeen Litstrom, accompanied by Miss Judith Halvorson, benediction by Carol Forsberg, the presentation of a film completed the evenings entertainment.

Trinity Ladies Aids Presents Book Review

A large number of members turned out for the program presented in the Trinity church parlors last Thursday evening, April 14, when the Trinity Ladies' Aid held its regular monthly meeting. Pastor Otto Dale gave a short Bible study based on the Book of Galatians.

Mrs. Marshall Kays, of the program committee, introduced the program numbers. Featured was Mrs. Jack Edmiston who presented an interesting review of three current books: "Peace With God" by Evangelist Billy Graham; "Power of Positive Thinking" by Dr. Norman Vincent Peale; and "Living God's Way", by Rev. Reuben Youngdahl, pastor of a Minneapolis church.

Special music was furnished by Mrs. Don Olson who sang a solo and Miss Judith Halvorson who gave a violin selection. Mrs. Olson was accompanied at the piano by Mrs. Al Purdy and Miss Halvorson by Miss Floydeen Litstrom.

The business meeting was presided over by Mrs. C. L. Williams. The members voted to give $250 towards the fund which the Luther Leaguers are saving for their trip to the International Luther League convention to be held in San Francisco in June. Members of the aid were also reminded to bring in clothing for the Lutheran World Relief clothing drive to be held from May 21 until June 1.

Mrs. A. C. Matheson spent the weekend in the Twin Cities on business.

Concordia College Choir Concert Called Excellent

By Albert Ely

The Concordia choir of Moorhead, under the direction of Paul J. Christianson gave an excellent concert last Sunday afternoon in Lincoln high school auditorium. Throughout the concert the choir showed superior blend especially in the smooth "Tenebrae Factae Sunt" of Ingengneri, and remarkable clarity in the Bach motet for double chorus, "Sing Ye to the Lord," and a selection by Martin Shaw.

However, at times the listener caught himself, sat back and noticed that the singing was not always natural, especially in the soprano section. When a director subordinates everything to blend, this sterility of tone, almost a harshness, seems to result. Fortunately this was not often noticeable, and detracted little from the general excellence of the group.

The "Ceremony of Carols" by Benjamin Britten, contemporary English composer, was the high spot of the concert for the audience. These delightful, often exciting carols are written in a fresh, modern style, and appeal to the listeners on first hearing. The pianist did an outstanding job of accompanying. The choir should be congratulated for including this accompanied number on their program.

The last group, from the folk heritage of Scandinavia, England, and America proved what an exquisite light touch this fine choir and director could produce, and what exciting vibrant fortes. It is too bad that the people of Thief River Falls have become so used to being entertained that they will not attend a program at which they might have to work, to be sure, but which will richly reward them for a slight investment of mental effort.

Carol Ulshafer, David Martin Exchange Vows

A background of white and lavender gladiolus, lavender carnations and palms formed the setting for the wedding of Carol Ulshafer, daughter of Mr. and Mrs. Albert Ulshafer of this city and David Martin, son of Ben Martin, also of this city, last Wednesday evening at the Evangelical Free church. The vows were spoken after Rev. Joseph Swan in the presence of 170 relatives and friends at 8 o'clock in the evening.

A trumpet solo "The Lord's Prayer" was presented by Ray Martin, "Today O'Lord" and "Tenderly He Watches" was sung by Mrs. Ray Martin, accompanied by Mrs. Kenneth Thyren at the organ.

Mr. Ulshafer escorted his daughter to the altar and gave her in marriage. She was attired in a floor length gown of cameo embroidered crystalette. Her dress was fashioned with a full bouffant skirt and fitted bodice with a scoop neckline, tulle yoke and sleeves which came to a point at the hand. A bugle bead and rhinestone tiara held her fingertip veil of matching cameo French illusion. She carried a bouquet of white feathered carnations centered with an orchid. Her pearls were a gift of the groom.

Miss Nona Gene Davies, friend of the bride, was maid of honor and Yvonne Rodahl was the bridesmaid. They wore floor length gowns of lavender and purple taffeta with lavender net. Their crescent bouquets were cascade style with lavender glamelias tied with a purple ribbon. Their pearls were gifts from the bride.

Joanne Martin, niece of the groom was the miniature bride and Gloria Martin, another niece was the flower girl. They were dressed identical to the bride.

Ray Martin was his brother's best man. The other attendants were David Ulshafer, brother of the bride and Benjamin Martin, nephew of the groom. They all wore white dinner jackets. The ushers were Charles Erickson of this city and Robert Hansen of St. Cloud. They also wore white dinner jackets. Their carnation boutonnieres were lavender.

Mrs. Ulshafer and Mrs. Martin both chose navy blue dresses for the wedding and wore corsages of pink roses with feathered carnations.

A reception was given in the church parlors for 170 guests. Ray Martin was the toastmaster introducing Arlette and Marilyn Moe and Nona Gene Davies who sang "Together With Jesus" and "To The Bride." Mrs. Wallace Christenson sang "The Wedding Prayer."

Mrs. Wallace Christenson served as the dining room hostess. The three tier wedding cake was cut by Mrs. Clyde Davies, Mrs. Lester Gustafson and Mrs. Merle Gustafson poured. Mrs. Jesse Vedum was in charge of the kitchen and the waitresses were Ivadell Christenson, Joyce Smith, Naomi Nygaard, Ruth Poppenhagen and Nora Rita Davies.

Mrs. James Erickson and Marlene Torkelson arranged the gifts and Mrs. Lawrence Fjeld, sister of the bride, was in charge of the guest book.

For their wedding trip to Chicago, Illinois, the bride wore a tan wool suit with avocado accessories. Upon their return April 23, they will make their home at 101½ Arnold avenue North.

Mrs. Martin is a graduate of Lincoln high school, class of 1954 and has been employed as a secretary for the Trumpet-sound Gospel-Sign Institute. Her husband attended Macalester college in St. Paul and served with the second marine division. He is now secretary of Trumpet-sound Institute.

The out of town guests for the wedding and reception were Mrs. Orvid Frederickson and Tim of Windom, Minn., Robert Hansen of St. Cloud, Douglas Larson of Sturgeon Bay, Wisconsin and Lloyd Carlson of McIntosh, Rev. G. J. Hansen of Glenwood.

Ray Offerdahl Weds Moorhead Girl Last Friday

Miss Katheryn Hornbacher, daughter of Mr. and Mrs. P. J. Hornbacher of Moorhead, became the bride of Raymond Offerdahl, son of Mrs. Olaf Offerdahl of this city, Friday evening, at 7:30 in St. Bernard's church. Father K. Patnode officiated at the double ring ceremony.

Miss Hornbacher, given in marriage by her father, was attired in a white crystalette ballerina length gown. Her veil was shoulder length and she carried a white orchid on a white Missal.

Marion Lynes of Fessenden, North Dakota, friend of the bride, and Norma Hornbacher, sister of the bride, maid of honor and bridesmaid respectively, wore pale-green gowns styled identically to the brides. Their bouquets were of white carnations and ivy.

Attending the groom were Bill Nelson and Stan Gibson of this city, friends of the groom. Ushers were John Gullingsrud and Dean Hedlund of this city.

The mother of the bride wore a navy blue dress, while the mother of the groom chose a pink suit. They both wore identical corsages of pink tea roses and stephanotis.

A reception was given in the Terrace Room of the Rex Cafe following the wedding. Mrs. Hedlund cut the three tier wedding cake, topped with fresh cut flowers, which centered the bridal table. Mrs. John Gullingsrud poured and Mrs. Al Williamson registered the guests.

For their wedding trip to Detroit Lakes and Minneapolis, Mrs. Offerdahl wore a navy blue suit trimmed with white. Her accessories were also white.

The bride is a graduate of Central high school in Grand Forks and a 1952 graduate of the University of North Dakota. She is at present a teacher in the Stephen public school system. Her husband graduated from Lincoln high school and attended the University of North Dakota. He is a salesman for Quaker Oats Co. The couple are now making their home at 231½ N. Markley.

The out of town relatives and friends in attendance at the wedding were Mr. and Mrs. P. J. Hornbacher and Norma of Moorhead; Marion Lynes of Fessenden, North Dakota; Mr. and Mrs. Clarence Offerdahl of Fosston; Mr. and Mrs. M. Offerdahl of Bagley; Mr. and Mrs. Don Anderson and Dick Moe of Grand Forks, North Dakota.

Eagles Auxiliary State President Is Guest Monday

The Eagles Auxiliary was honored by the presence of the madam State president, Mrs. Mabel Brabec of Albert Lea at *their meeting on Monday, April 18th.* She was accompanied by Mrs. Francis Kline of Faribault and together they will also visit the auxiliary in Crookston and East Grand Forks.

A banquet was held at 6:30 in the Rex Cafe Terrace Room for the honored guests and members. Madam President Mrs. Minnie Krause of the local unit, presented Mrs. Brabec with a corsage and a jeweled brooch in behalf of the auxiliary.

Mrs. Brabec gave an enlightening talk on the necessity of raising funds for the muscular dystrophy research program, and giving aid to the Eagles series in the Damon Runyan Cancer Fund and the Eagles Memorial Foundation, which provides dental, medical, optical and hospital care and lends a helping hand with education, when needed, for children of deceased members killed in World War II and the Korean crisis. She also stated that the auxiliaries should always stand ready to help in all local, civic, welfare and youth programs.

The entertainment which followed the meeting was arranged by Mrs. Alice Vraa and Mrs. Romona Groven. The winner of the door prize was Mrs. Ida Haugen and the Attendance Prize winner was Mrs. Louise Rullen. Lunch was served by Mmes: Kay Oen, Faythe Nelson, Olga Ryan and Elsie Langevin.

Total of $201,901 Is Paid in on Hospital Pledges up to Date

A recent study of pledge payments for the building of the new addition and remodeling of Northwestern Hospital has been completed by Harold W. Peterson, administrator.

A total of 1,765 pledges were made in the amount of almost $340,000 to help in paying for the project. In addition the city of Thief River Falls contributed the sum of $200,000 through bond issue, and the federal government, under the Hill-Burton act, will contribute about $458,000.

To date 793 of the pledges have been paid in full and payment of these pledges amount to $90,183.46. 972 pledges remain for which payment has not been completely received. On these $111,717 have already been collected. The amount yet to be collected on pledges is $138,097. The total sum collected on all pledges as of this date is $201,901.

It is pointed out by the members of the board of trustees that according to terms agreed upon by pledges at the time of making their pledges, payments overdue equal $70,641.

It now becomes extremely important said Peterson, that all who have made pledges to the hospital construction bring their pledge payments up-to-date. Final settlement with all contractors must shortly be made, and any failure on the part of pledges to make their payments will create a heavy financial burden for the hospital.

He pointed out that, since the very beginning, the success of this important community project has been based upon the sincere intentions of those who have made their pledges to pay them in full. The board of trustees has expressed its faith that the pledges will be paid within a very small percentage of 100%. The board makes an urgent request that all contributors now, bring their payments up-to-date and thus fulfill this promise of such extreme importance to the area served by Northwestern Hospital.

3 Concerts to Be Given by Plummer Immanuel Church

The public is invited to attend.

First Golf Club Stag Scheduled Next Wednesday

The first stag night of the current season will be staged at the Thief River Golf club next Wednesday evening, *April 27,* starting at 6 o'clock, Justus Larson, president, stated today, adding that prospective members are invited to attend. A potluck supper will be served at 7 o'clock. L. A. Betcher, new club pro, is expected to arrive from Albuquerque, New Mexico, in time to be present at the stag.

Chas. Brandvold Rated Superior in Regional Contest

Charles Brandvold, Lincoln high school senior, was given a rating of superior in the original oratory division of the Region 8 declamatory contest at Fosston last Friday, and he was named an alternate to the Minnesota state speech festival to be held Friday, April 22, at Hamline University, St. Paul. Peter Froehle, also of Lincoln high, competed in the discussion division at Fosston, and was given a rating of very good.

Paul Rismoen New Head of Knox PTA

Other Officers Elected at Session Monday Night

Election of officers was held at the Knox PTA meeting Monday night, with Paul Rismoen being named president for the ensuing year.

Other officers elected were Neal Fox, vice-president; Mrs. Everett Amundgaard, secretary; and Mrs. Arnold Becker, treasurer.

The program consisted of community singing led by Mrs. Walter Netteberg, accompanied by Miss Ruth Mattson; piano selection by Mark Chommie and a film entitled "Federal Aid to Education."

Lunch was served by the fifth grade mothers. The room attendance prize was awarded to Miss Idella Medchill's second grade.

Man Is Fined $100

Appearing in municipal court during the past week, Henry Bye of Goodridge was found guilty of driving an automobile while under the influence of intoxicating liquor, and he was fined $100 and $5.75 costs. Harlan A. Olson of Newfolden was fined $10 and $4 costs on a highway patrol charge of speeding 70 mph at night. John A. Frisk of McIntosh forfeited a $5 bond for failure to appear in court on a charge of not heeding a stop sign.

City Council OK's $165,000 Total in Building Permits

(Continued from page 1)

questing the installation of sewer and water mains on Main and LaBree avs. from Thirteenth to Fourteenth sts. The project was referred to Engineer Douglas Stewart for study as to its feasibility.

Stewart also was asked to prepare plans and specifications, preliminary to a call for bids on sewer and water main installations on State av. from Sixth to Eighth sts. and on Kneale av. from Hughes to Nora sts.

A hearing on assessment rolls for bituminous street work done in 1954 was set for Tuesday evening, May 17.

After considering two closely matched bids on a project calling for the application of aluminum sheathing to the exterior of the municipal sewage disposal plant building, the council voted to accept the low bid of $4,016.25, submitted by Solheim & Ness, local contractors.

Dr. Dan Greene, city health officer, was requested to investigate a complaint filed by the Pennington County Sportsmen's club, stating that waste oil is being dumped into the river pool here.

The Union Gospel Tent Mission was granted the use of a portion of the Central school grounds for tent meetings scheduled July 17 to August 7. As in recent past years, the use of loudspeakers at the services is banned.

Leslie Snetting and Daniel Helle conferred with the council concerning their request for permission to connect up with the city water supply to serve the trailer court they plan to establish on Highway 32 west of the sewage treatment plant. Arrangements were made for a conference with Harold M. Johnson, water department head, and City Attorney Robert Wurst, at which an agreement will be worked out for submission to the council.

Miss Katherine Barzen, who lives on Oakland Park road east of the proposed site, said she was not in favor of setting up a trailer court in that vicinity. Members of the council stated that the location is outside the city limits and therefore does not come under council jurisdiction.

Following receipt of the resignation from the library board of Clifford Buoen, who has left the city, Mayor Agnes Israelson appointed Oreal Halland to succeed him, and the council concurred in the action.

Pastor H. E. Sodergren, Minneapolis, Free church district superintendent in the North Central conference, will speak at the 11 o'clock forenoon service next Sunday at the Mission Covenant church stated L. W. Lindholm, pastor.

Northrop PTA to Stage Fun Night

Plans Announced at April Meeting Monday Evening

The Northrop PTA met last evening with Mrs. Melville Simon presiding. Dr. Gilbert gave a report on the hospitality committee and introduced the preschool parents.

Mrs. DeLap, hostess chairman; Mrs. Saustad, procedure chairman and Mrs. Noper, summer round-up chairman, all gave reports on their various committees.

Randall Noper reported that the budget and finance committee have planned a combination Fun Night, white elephant auction and bake sale to be held on the regular PTA night in May. A telephone committee of 28 volunteered to call all parents informing them of the event. Included as part of Fun Night will be a skit by the teachers and a barber shop quartet. The affair will be open to the public.

Geraldine Swick played a baritone solo accompanied by Janice Bakke. Quentin Jones urged the parents to encourage their children to participate in various activities offered in the summer recreation program. A cornet trio 'Mexican Folk Song' was presented by Carol Carlson, Evonne Drotts and Carol Grendahl, accompanied by Tucky Litstrom. Mrs. Korluem's second grade room won the attendance prize. Lunch was served by the first grade parents.

15 Applications Filed Saturday for Navy Service

The local Navy recruiting office here announces that out of 15 applications for enlistment in the navy handled by this office on last Saturday alone, 11 were under the high school graduate program. Nine of these applications were for enlistment in June.

Washington PTA Hears Jones, Moum

Final Session of School Year Held Monday Night

The Washington PTA held its final meeting of the current school year on Monday night. It being "Dad's Night," each child had drawn a picture of his or her dad, leaving it on their desk for display.

Pastor Robert Abbott, president, expressed his thanks to the teachers and retiring officers. A farewell remembrance was presented to Miss Marion Dahl, who will not be returning to teach next fall.

Mrs. Quentin Jones conducted the installation of the new officers bringing to their attention the objectives of PTA.

Parents learned of various ways to keep their children occupied during the summer. John Moum, local high school band director, discussed instrument training for children in the fifth grade and up, with lessons given through June and July.

Quentin Jones spoke on the summer recreation program, stressing the importance of teaching a child to swim, besides the usual swimming and baseball program.

Mr. Jones outlined a plan for a variety of activity enabling each child to find something of particular interest to him.

Both speakers were in agreement that "a busy child stays out of trouble."

The procedure book was displayed by Mrs. R. Mehlhoff.

The room attendance prize was awarded to the morning kindergarten class.

A "human scavenger hunt" was led by Mrs. Arthur Bredeson, hospitality chairman. Lunch was served by the kindergarten mothers.

Intermediate Girl Scouts Plan Rally in City Saturday

On Saturday, April 23rd, from ten-thirty a. m. to three p. m., Northwest Area Intermediate scouts will hold their rally at the municipal Auditorium in Thief River Falls. The girls are asked to bring their lunch and come in uniform. A troop from Winnipeg will be here, as well as groups from other towns in the Northwest Area. Entertainment will include games, singing and dancing, and special treats will be provided.

O. P. Electric Low on Karlstad Job

The O. P. Electric Co. of Thief River Falls submitted the low bid of $17,775 for the electrical work on the projected addition to the Karlstad school. Johnson-Gillanders of Grand Forks, with its bid of $143,815, was low on the general contract, and Earl W. Bucklen of Bemidji, bidding $36,775, was low bidder on the plumbing and heating contract.

Loren Engelstad Wins Spell-down

Loren Engelstad of Thief River Falls placed among the top five in a spell-down held recently for students at the Minneapolis Business College in Minneapolis.

Engelstad who is taking a senior executive course at the college competed with 150 other men students in a contest that took almost a full day. The participants were narrowed down to six finalists who then competed for the top five places and Countess Mara necktie prizes.

Elks Lodge to Hold Youth Night Apr. 29

Honorary City Officials Slated for Induction

The local Elks lodge will be host to young people of this community at its annual Youth Night party Friday evening, Apr. 29, in the Elks club rooms. R. J. Dryden, lodge youth activities chairman, announced today.

He stated that the Lincoln high school senior class is electing a slate of honorary city officials, who will be inducted at the Youth Night program. Included are a mayor, police chief, fire chief and municipal judge.

Another feature of the evening will be the recognition of winners in the Elks scholarship and youth leadership contests. The program also will include dancing, games and refreshments.

3 Optometrists to Go to St. Paul

More than 250 optometrists and their wives are expected to attend the 55th annual meeting of the Minnesota Optometric Association when sessions open next Sunday at Hotel Lowry in St. Paul. Dates for the affair are April 24, 25 and 26 according to Dr. G. W. McKee, Excelsior, convention program chairman.

Two nationally prominent visual specialists will headline educational sessions of the meeting according to Dr. McKee. They include Dr. Don Frantz, practicing optometrist of DeKalb, Illinois, who is a fellow of the American Academy of Optometry, and Dr. Eric Fanti, Chicago, one of the country's outstanding speakers on ophthalmological subjects.

Local optometrists who plan to attend the convention include Dr. E. S. Amesbury, Dr. E. L. Gilbert, and Dr. O. D. Beich.

Mrs. Ida Torbiaa Honored by S & L for Long Service

Mrs. Ida Torbiaa of the S & L store ready-to-wear department was guest of honor at a dinner given by the company in the Rex Cafe Tuesday evening of last week. Other guests included the store personnel.

The affair commemorated the 25th anniversary of Mrs. Torbiaa's association with the S&L Co. in its store at Grafton, N. D. and later in Thief River Falls.

In behalf of the company, C. W. Waldera, manager of the local store, presented Mrs. Torbiaa with a handsome wrist watch. She is continuing her employment with the firm.

TRAFFIC UP IN MARCH ON TRUNK HIGHWAYS

March traffic on Minnesota trunk highways increased slightly over the same month last year, as compared with a marked slump in February. Twenty seven automatic traffic recorders on rural trunk highways averaged a 1.7 per cent increase of traffic in March over March, 1954. In February, when roads were icy, the count dropped 13.7 per cent below February, 1954.

Local Firemen to Attend State Fire School at "U" M.

The fourth annual Minnesota State Fire School will be held on *the University of Minnesota's St. Paul campus*, Monday through Friday, April 25-29.

Announcement comes from J. O. Christianson, director of short courses. The University conducts the school in cooperation with the state fire marshal's office and several other state fire prevention organizations.

Fire Chief Roy Langevin stated that the Thief River Falls fire department will be represented by Albert Lafrenz and Olaf Dahlen.

The school is open to all Minnesota industrial and institutional fire department members in cities, small towns and rural areas. Complete information is available from the Short Course Office, Institute of Agriculture, University of Minnesota, St. Paul 1.

Senior Girl Scout Conference Held Here on Saturday

Fifty-five Senior girl scouts from the Northwest Area were in attendance at the senior conference held last Saturday at the municipal Auditorium.

Miss Georgia Mitchell from Roseau showed her slides taken at the All-State Encampment at Cody, Wyoming, last summer.

Miss Stella Tostenson from Fergus Falls discussed requirements for attendance at primitive camp at Lake Bronson between August 13th and 19th of this year.

There was also a discussion of the national girl scout roundup to be held in Michigan for ten days in the summer of 1956. Eleven girls from this area will be eligible to attend the roundup.

Games and singing and several buzz sessions concluded the program.

Marilon Hafdahl Wins Essay Event

Marilon Hafdahl, daughter of Mr. and Mrs. Orlie Hafdahl, of rural Thief River Falls, was the district winner in the United Nations International Children's Emergency Fund essay contest, sponsored by Rebekah lodges in Minnesota. By virtue of her victory, Marilon received a $10 award, and the Thief River Falls lodge sponsored her trip to Mankato, where the state contest was held Saturday.

Eagles Hosts to District Meeting

Banquet and Initiation Set for Tuesday, April 26

The Thief River Falls Aerie of the Fraternal Order of Eagles will be host at a district meeting on Tuesday, April 26. A banquet for the members and their ladies will commence at 6:30, which will be followed by the district meeting. District No. 2, comprises Thief River Falls, Crookston, East Grand Forks, Hallock, Detroit Lakes and Park Rapids.

The state president, George Raymond of East Grand Forks, has been invited to give the address of the evening; while Chas. Scott, district director, will preside over the meeting.

A large class of new members will be initiated, with the ritualistic team of East Grand Forks exemplifying the work. This class of new members will be known as the "George Raymond" class, in honor of the state president. The ladies will be entertained in the lounge during the business session, after which a social evening will be enjoyed with dancing.

QuietPower

Newest in outboards is big-power quiet, introduced by Johnson Motors in 10 and 25-horsepower models. The firm's engineers report that big motors of the type shown here have been silenced "even more effectively" than was Johnson's 5½, winner of last year's Citation of Merit of the National Noise Abatement Council. Suspension-drive, visible at front of tilted motor, absorbs boat vibration which caused the noise.

FIRZITE
SATINLAC

FIRZITE—tames wild grain and checking on fir plywood and other soft woods.

For stained, natural effects, use Firzite to tame that wild grain.

For painted or enameled jobs, use Firzite to minimize face checking and grain raising.

For blond, pickled or tinted tones, use White Firzite for a real "woodsy" effect.

SATINLAC—emphasizes the natural beauty of wood wall panels, trim, rails, doors, furniture, etc.

To bring out and preserve the natural grain and beauty of any wood, use *Satinlac.* To avoid that heavy, "built-up" finish, use *Satinlac.* Never thee shellac or varnish; water-white; will not turn yellow.

Lincoln Students at St. Paul Parley

3 Share in Diversified Education Conference

Three members of the Lincoln high school Distributive Education club attended a two-day state convention at the Hotel Lowry, St. Paul on April 13-14. The club members making the trip were Phyllis Habedank, local club president, Roberta Pederson and Janet Solem. They were accompanied by Miss Mary McNellis, coordinator.

This was the second annual convention of the Minnesota Diversified Vocations club which is a state association of school clubs for students training in distributive, office or trades occupations. Approximately 300 high school students attended the convention.

Phyllis Habedank and Janet Solem participated in a job application event. They were interviewed by representatives of two St. Paul firms.

The girls were conducted on guided tours of The Emporium, Great Northern Railway Co. and the Northern Mutual Life Insurance Co.

On Wednesday evening, the group attended a banquet in the ballroom of the Hotel Lowry, and they heard an address by Governor Orville L. Freeman.

A business meeting at 2:00 p. m. on April 14 concluded the convention. Janet Solem and Roberta Pederson and three students from the Bemidji high school served on the resolutions committee.

Otis Wold Named 2d Vice President of Food Dealers

Minnesota Retail Food Dealers association at its convention in Rochester Monday elected Walter J. Franz, Mountain Lake, president; Clarence Schiller, St. Paul, first vice president; Otis Wold, Thief River Falls, second vice president, and Cy Brozek, St. Paul, treasurer.

Elected directors were Walter Miesen, Lamberton; Dwight Holmquist, Buffalo; Sidney Peterson, Fergus Falls, and Walter Bedeem, International Falls.

Area Girl Scout Council to Meet in Warren Friday

The Northwest Area Girl Scout Council will hold its spring conclave at Warren on Friday afternoon, April 22nd. A silver tea will be held at 3 o'clock at Our Saviour's Lutheran Church, to which the public is invited.

At this time Mrs. L. F. Brynestad of Winona, Minnesota, exchange counselor to the Girl Scouts in Finland during the summer of 1954, will speak and show slides taken there. She has been guest speaker and shown these slides on similar occasions in Indiana, Wisconsin, Iowa and southern Minnesota.

Friday evening at 6:30 a buffet supper and business meeting will be held, to which council members and leaders are invited. Association members and leaders from Thief River Falls are urged to attend both the afternoon and evening meetings. At 7:30 the talk and slides will be presented to the public again. Girl Scouts from the entire area, including Thief River Falls, are invited to attend the evening session.

Announcing — America's newest, lowest smartest 4-door Sedan

Newest model in Mercury's Montclair Series lets you enjoy "hardtop" beauty with 4-door convenience

It's the newest Mercury of them all—the Montclair *4-door* Sedan, and the photograph shows you that not one bit of the original Montclair hardtop beauty has been lost. It has the same dramatic lowness—only 58⅜ inches from road to roof.

And see how convenient it is to get in and out. Everyone who admires hardtop styling, but wants the roominess and convenience of a 4-door model, can now eat his cake, and have it too!

198-hp Super-Torque V-8 with dual exhausts

Seldom has an engine caused as much enthusiastic comment from auto editors. And once you drive a Montclair, you'll see why. It gives you instant, on-the-spot pickup at every speed—from zero to super-highway limits. A four-barrel carburetor, unique new high-compression spark plugs, and dual exhausts are yours at no extra cost. Features like these are usually extra on medium-priced cars.

Exclusive new power lubrication gives Mercury widest choice of power features

The Mercury Montclair offers a new optional power feature—power lubrication. And it's exclusive with Mercury in the medium-price field. You push a button on the dashboard and vital parts of your car are automatically lubricated. You can also choose optional power steering, power windows, power brakes, 4-way power seat and Merc-O-Matic Drive.

Why not come in and see this newest Mercury? It costs a lot less than you think. And right now your present car is worth a lot more than you might think on a trade-in at your Mercury dealer's.

Prowler Track Team 2d in Indoor Tourney at G. Forks Saturday

Coach Quentin Jones' track Prowlers, scoring points in eight of the ten events on the program, totaled 17 1/6 points to gain second place in the team totals in the high school division of the second annual indoor track and field tournament held at the University of North Dakota fieldhouse at Grand Forks on Saturday. The Grand Forks Central squad, sparked by three first place finishes by Cliff Cushman, won the team aggregate total with 29 points.

The Prowlers' Jack Quenell set a new 880-yard run record when he ran the half-mile in 2:12.8. Other Prowler point-getters were Dean Christensen with a 4th in the 440-yard run; Evan Jones with a 3rd in the mile run; Dave Kollitz with a 2nd in the 60-yard low hurdles; Harold Placek with a 4th in the 60-yard high hurdles; Rick Severson with a tie for 4th in the pole vault; Pete Froehle with a 2nd in the shot put; and a 4th in the pole vault; Pete Froehle with a 2nd in the shot put; and a 4th for George Gifford in the shot put event; and a tie for third by Del Sanders in the high jump.

The Prowler track squad will return to Grand Forks this Saturday when they will participate in the 10th annual Sioux Relays, which will be held in the Memorial Stadium on the North Dakota University campus.

The team point totals: Grand Forks Central, 29; Thief River Falls, 17 1/6; Detroit Lakes, 14 1/6; Oak Grove, Fargo, 10 1/6; Valley City, 9; Shanley, Fargo, 8 1/6; Cavalier, 7; Crookston, 3 1/6; Devils Lake, 3; Warren, 3; Mahnomen, 3; Fisher, 2; Hillsboro, 1; and Fort Totten, 1/6.

Red River Valley League Organizes

Thief River Falls Again Member of Loop This Year

The six teams that were members of the Red River Valley Baseball league last season—Thief River Falls, Argyle, Alvarado, Red Lake Falls, Viking, and Crookston—had representatives at the league meeting that was held at Argyle last week.

All of last season's officers were re-elected, with Henry Hanson of Viking as president; Howard Johnston of Red Lake Falls as vice president; Gayle LaFond of Argyle as secretary-treasurer; and Doug Tegtmeier of Thief River Falls as publicity director.

The Red River Valley league, which is entered as a Class B circuit in the Minnesota Baseball Association, made tentative plans to open the 1955 season on Sunday, May 8th. A league meeting is slated to be held at Thief River Falls this evening at which time a league schedule will be adopted, and player rules will be clarified.

Keeping Score with "Huck" Olson

Tonight's the Night

Tonight, Wednesday, April 20th, at 6:30 p. m., in the St. Bernard's church parlors, the annual Prowler athletic banquet will be held. And judging by the comments and the preliminary plans, it will be a record-breaker.

While the Prowler athletic teams this season haven't produced as "golden" a year, on a won-and-lost basis, as last season, the boys have turned in a record that merits the compliments of all the fans.

The gathering tonight will be, in a sense, a farewell to the senior lettermen, and included in that group are a number of boys who have been great. Prowler hockey fans won't see the likes of Joey Poole; the football fans are certain to miss such performers as Sid Vraa, Pete Froehle, Mark Bjorkman and Jimmy Sauve; and the basketball enthusiasts will wait quite a while before they see a better jump shot artist than Bill Frahm.

Make it a point to be in attendance tonight. The Minneapolis Lakers' fabulous George Mikan will be the featured speaker.

Odyssey

After a winter of loud talk and much discontent, Don Johnson and Dr. Jim Diase are making earnest motions about fulfilling their boast about a duck-boat float-trip down from the upper reaches of the Clearwater river. Don and Jim have put the finishing touches on one of the two duck boats that they are to use on the expedition, and they expect to have the second boat completed within a week or ten days.

According to their plans, which are subject to change on short notice, the boys will put their boats into the Clearwater river near Pinewood, and then drift downstream to Clearwater lake. It's possible, if they continue to be in an adventurous mood, that they will continue down the Clearwater river to Plummer.

The boys contend that they are motivated in making this float trip by the spirit of Davy Crockett, and a desire for the "wild frontier." That's a pretty hollow claim.

Knowing those two boys, and knowing that they will be making the trip on or after May 1st, the date on which the trout fishing season opens, we'll wager that the primary purpose for the "voyage" will be to explore the upper Clearwater river, and to earmark the trout holes.

Along that line we have a lurking suspicion that the Johnson-Diase expedition is being subsidized by Martin "trout-in-the-pan" Gulbranson. Those three anglers, Don and Jim and Martin, operate on a "filter center" basis when it comes to brook trout fishing, so minutely do they sift the truth from the rumors as to where the brookies are biting the best. And when asked for information regarding trout fishing, the truth is not in them.

Recognition

What's this we hear about certain cards, letters, and parcels being sent to Plummer and being simply addressed to the "Plummer Golf Champion." And what's more remarkable is that these communications addressed to the "Plummer Golf Champion," are being promptly delivered to Wally DuChamp. We have an idea that Emil Larson, who can defeat golfers that can beat Wally, can claim some interest in these "Plummer Golf Champion" missives.

It appears that Wally is paying a fee for this indirect advertising, for it is only a couple of years ago since he was accepting mail addressed to "Plummer's Leading Hamerun Hitter."

Pre-season Favorites

If there is truth to the rumor that the Viking Oilers have signed righthander Dickie Palmer and outfielder Gordy Olson to player-contracts, then it's not too soon to establish the Oilers as league title contenders, and perhaps league favorites. Palmer, a strong-armed righthanded, with all kinds of stuff, will bulwark the Viking pitching staff; and Olson, one of the league's stand-out performers in centerfield, will give the Oilers outfield strength.

Palmer, a former Warren high school all-round athlete, as was Gordy Olson, was in the Army last season. It will be remembered that Palmer, while home on leave late last season, was instrumental in beating the Thieves in the league playoffs, with Palmer performing for Argyle. Olson last year, and the year previous, played with the Argyle Maroons. If it's true that Palmer and Olson have left the Argyle club, the Maroons will be hard-pressed in making a defense of their league playoff title.

Trap Shooting to Commence Apr. 28

League Will Consist of Eight Teams This Year

Thief River Falls trapshooters will open the 1955 season Thursday, April 28, with the first match of league competition, Erling Torgerson, secretary, announced yesterday. At a meeting of the directors held Monday night at the home of Tony Dorn it was decided to increase the league to eight teams. This will increase the number of matches during the season to 14.

Thursday night was adopted again as trap night and the schedule will start as it did last year, with shooting every other week. It will be necessary to shoot every week during the last month to complete the schedule.

Torgerson has called a meeting of team sponsors and captains to be held at the traps this Thursday evening when plans for the league organization will be completed. The traps will be open for practice shooting at this time and also Sunday morning and Wednesday night for next week.

Members of last year's team will start the season with last year's closing handicaps. Starting shooters will be required to establish a handicap before official participation.

Mavis Stenvik and Leona Madison of Grygla spent the week end at the Harold Stenvik home.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non-slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work. Protects all floor.

Remodeling of First Portion of Hospital Now Nearly Complete

Remodeling of the older part of Northwestern Hospital will be almost finished by the end of this week, according to Harold W. Peterson, administrator.

The top three floors are now being equipped with patient room furniture held in storage until this time. The two top floors already have had new draperies placed by ladies of the hospital auxiliary, and the first floor will receive drapes this week. Several patients have been moved into the third floor of the old building during the past week. By the end of the week there will be no more patient beds in halls as has been necessary because of heavy patient load and inadequate number of rooms.

The new deep X-ray equipment will be installed early this week. This Westinghouse equipment is being furnished and installed by the Pengelly X-Ray Company of Minneapolis.

The parking area behind the hospital for doctors and employees is now cleared of construction shacks and stored materials, and will soon be in full use. This will relieve the traffic congestion in front of the hospital considerably.

It is felt by those who have seen the remodeled part of the hospital that it just as attractive as the new part of the building, said Mr. Peterson. The decoration work follows the designs of the new part of the building throughout.

Tribute is again due, he said, to the hard working members of the women's auxiliary who have prepared the many new drapes for the whole hospital and who have managed to get the work done on time.

The dial telephone system has been installed in the hospital by the Northwestern Bell Telephone Co. It is now possible for personnel within the hospital to dial any other number in the hospital. Calls to outside are done directly by dialing the city operators. Only incoming hospital calls go through the hospital switchboard. This has resulted in a tremendous saving of time for office personnel.

The hospital is also equipped with a vocal call system so that doctors and personnel throughout the large building can be rapidly located when needed. Two floors of the hospital are also equipped with a nurse-to-patient audio system so that patients can talk back and forth with the nurse at the nurses' station.

The ground floor of the old building will contain the physical therapy rooms, rest rooms and lockers for female personnel, the drug room, public toilets, maintenance workshop, and morgue or autopsy room.

Work remains to be done in the final regulation of the air conditioning and ventilation system before all is complete. It is not expected that this will take long.

The old hospital area has also recently received a new roofing job which has been badly needed for a long time.

Final inspection by the Minnesota department of health and the United States public health service will probably be arranged within a month or six weeks. All parts of the hospital, new and old, will be in full use long before that time.

'56 License Plates to Be Silver with Green Numerals

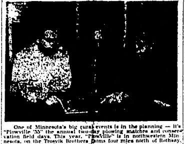
Minnesota is joining the automobile color parade in 1956 with license plates of silver bearing green numerals.

Joseph Donovan, secretary of state, said the plates will be treated with reflecting paint in line with a law just enacted by the legislature. The numbering system also will be changed.

Donovan said plates sold at the capitol will continue to have the present two letters and four numerals. But those sold elsewhere will bear a numeral matching the congressional district where the plates are bought, followed by a single letter and four more numbers.

The plates will go on sale next October.

Planning for Plowville '55



One of Minnesota's big rural events is in the planning — it's "Plowville '55" the annual two-day plowing matches and conservation field days. This year, "Plowville" is in northwestern Minnesota, on the Trosvik Brothers farms four miles north of Rothsay, on September 16-17.

Looking over the "Plowville '55" site is its "steering committee." Left to right: Rudy Gustafson, general manager; Theodore Hegseth, general chairman; and Nicholas Weyrens, West Otter Tail county agent, secretary, all of Fergus Falls.

Hegseth was 1954 president of the Minnesota Association of Soil Conservation Districts, which sponsors "Plowville" each year in cooperation with WCCO Radio. The U. S. Soil Conservation Service and the University of Minnesota Agricultural Extension Service also cooperate in the event.

"Save the Nest" Drive Launched

State Agency Advises Use of Flushing Bars

Minnesota's pheasant population may receive a much-needed transfusion from a drive launched by the division of game and fish with the approval of Minnesota's new commissioner of conservation, George A. Selke.

Governor Orville L. Freeman headed the campaign by officially proclaiming the month of June "Save the Nest Month" and appealing to farmers, sportsmen and other conservation-minded citizens to "take an active part in preventing the destruction of bird nests whether song or game bird, and to do all in their power to insure the continuation and abundance of the many game bird species invaluable to the welfare of our state."

The answer, supplied by biologists Gerald T. Bue and Donald H. Ledin of the bureau of game was the elimination of just two mortality factors which become limiting at different times of the year, neither of which was hunting pressure.

One of these factors was elimination of mortality from the effects of winter blizzards by developing good cover. The second, and the one which has been developed into this current campaign, involves cutting down the loss of hen pheasants to the power mower during "haying." In other words, use of a flushing bar to flush birds from the nest ahead of the tractor which deals out destruction to future populations, then marking the nests with sticks to protect them later from the rake.

Division of game and fish biologists proved, in 1953, that proper use of the flushing bar, which included marking the nesting sites so that they may be avoided later by the rake, can reduce the loss of hen pheasants by as much as 60 per cent. This figure was arrived at after a dozen flushing bars were distributed to farmers in six study townships in the Martin and Lyon county area.

State Druggists To Convene May 1 in Minneapolis

The nation's largest regional exhibition of products sold in drug stores, "The Upper Midwest Drug Show," will be held in Minneapolis for three days, beginning on Sunday, May 1, it was announced today.

Henry M. Moen, executive secretary of the Minnesota State Pharmaceutical Ass'n., sponsor of the show, said that the druggist group's four-day 71st annual convention will open also on that date. Both events will be held in Nicollet Hotel, Minneapolis, with more than 900 Minnesota druggists and their wives expected to attend.

L. M. B. Atkinson, Minneapolis druggist, is general arrangements chairman of the convention, while S. S. Grais of St. Paul is chairman of the Upper Midwest Drug Show.

New Law Provides for Reflecting License Plates

Authors of the legislation which will provide reflectorized license plates for Minnesota automobiles and Secretary of State Joseph L. Donovan saw Governor Orville L. Freeman sign the bill into law.

Present were Senators Elmer L. Andersen of St. Paul, Val Imm of Mankato, Norman Larson of Ada, and Representatives E. J. Chilgren of Littlefork, A. W. Dirlam, Redwood Falls; William L. Shovell St. Paul; and Vladimir Shipka, Grand Rapids.

The bill calls for reflective plates which will be visible at night at a distance of 1500 feet. The plates will be issued for a two-year period with validating stickers, also reflective, issued for the second year. Motorists will pay an additional fee of 25c. per year.

The bill passed both the house and the senate unanimously. It had the support of numerous law enforcement and safety agencies. The governor signed the bill on April 8th.

ONE YEAR CLOSER TO RECOVERY

It was a year ago on the first of April that the lower price supports for dairy products went into effect and we now have a year of experience behind us with the present schedules. We know that income has been lowered for producers, prices have been lower for consumers, and costs have been higher for the taxpayers. But we also know that the troublesome surplus has been substantially reduced. To the extent that it has been reduced it probably is fair to say that we are one year closer to a healthy market and a normal relationship between supply and demand.

During the first twelve months of the lowered support price the government has reduced its stock of surplus butter by 35%; cheese by 30%, and milk powder by 85%. Some of this surplus reduction was due to increased consumer demand. Some was the result of a stepped-up give-away program. But the surplus is down and to that extent the prospect for the industry is up.

It is encouraging to know that in this area dairying has more than held its own during this period of adjustment. We are moving in the direction of fewer but larger herds, a trend that is general in the industry. Like so many other branches of agriculture and business—dairying is becoming a specialized field. Right or wrong, and whether we like it or not, dairying as a side-line operation is rapidly becoming a thing of the past.

The dairy industry has been the most dependable payroll in this region. It is encouraging to know that it is surviving the period of adjustment, and that it will continue to be a dependable source of income in the future.

THE MODERATE APPROACH

The Supreme Court dealt several southern states a hard blow last year when it decreed that segregation in the public schools is unconstitutional. It looked for a while like we might have another civil war on our hands.

It is encouraging to note therefore that the administration is not taking the position that there must be immediate and rigid enforcement of this decision. In a hearing before the Supreme Court last week a solicitor general, speaking for the administration, suggested that particular cases before the High Court should be returned to the Federal District Courts "with instructions to require local school boards and community leaders to formulate plans for ending segregation, and that the district judges should be allowed some discretion in setting the time necessary to comply with the court's decision in orderly fashion."

This approach will not please the hotheads who never understand why wrongs should not be righted immediately, but the moderate approach no doubt will accomplish a great deal more over a period of time. That, after all, is the important thing.

CHECKING ON CHARITIES

The New York Times reports a revolt in the making thruout the country on the many independent solicitations for charities of various kinds. A National Conference on Solicitations, held recently in Cleveland, stressed the need for better control of fund drives not only in the interests of efficiency and fairness but also as a protection against fraud.

It is significant that the Red Cross has switched its policy on fund raising and has announced that from now on local chapters may join in Community Chest and other consolidated drives. That is a long step in the right direction.

This endless duplication of solicitations in a community such as ours could easily be corrected by just a little cooperation among harassed solicitors and contributors. We should have the right to give our dollars in a manner that is of our own choosing, and we should have the right to demand that our donations be channelled through organizations that will report back to us how much of the dollar we give is used for the purpose for which it is given.

SKILLED WORKERS

Secretary of Labor James Mitchell points out that of America's 64 million workers only nine million have definite skills. That estimate seems to be very low but we will take Mr. Mitchell's word for its correctness. His statement does point up the need for skilled workers and that is the important thing.

The need for vocational education is just beginning to get recognition by our public school authorities. It is a recognition that has been given grudgingly. We have made high school attendance compulsory but we have done little to make four years of high school attendance the means of learning a useful trade.

Commenting on Mr. Mitchell's statement, Business Week observes:

> "Increasing our skilled labor pool is essential if we are to take the fullest advantage of scientific and technological developments. The more complex our industry becomes, the more we need skilled workers to keep our standard of living on the rise.
>
> "But, as Secy. Mitchell emphasized, it is not only a matter of economic well being but of national security. We are in a life or death race with the Communist world for technological supremacy. They outnumber us in terms of population. We have to make up in skills what we lack in numbers."

The Legislature

BY W. E. DAHLQUIST

The only thing certain about the closing days of the legislative session is that it will have ended by this April 21, but just which day of the week April 21 will fall on is a legislative uncertainty. The calendar says Thursday but Thursday does not start until Wednesday ends. Wednesday is the last day bills can be passed and this "last" day has been known to last a long time.

Governor Freeman has stated that he will stand for no clock covering. That may mean adjournment on schedule with an immediate extra session to complete necessary business. Extra sessions have no constitutional time limit and can drag on endlessly. Far better a little clock covering if it appears that with a few extra hours the job can be completed. Far less expensive too.

The governor has not gotten all of what has come to be referred to as "his program" but he has done as well as did his predecessors, Governors Youngdahl and Anderson. The "program" has remained practically the same thruout the three administrations. It is a very persistent bundle of ideas in which are combined the programs of several program-minded groups. Some have considerable merit.

Reorganization was added this year as a front-office "must," the governor's proposals following substantially the recommendations of the Little Hoover Commission report of several sessions ago. Some progress was made in reorganization in 1953 and it was expected that several more of the proposals would be approved in the session now drawing to a close.

In recent statements Governor Freeman has placed heavy emphasis on his request for a stronger department of administration. This depatment is looked upon as his personal agency through which he can exercise broad control over administration in all departments of state government. This is as it should be. As the governor has responsibility he should also have authority.

But there has been strong opposition to some of the additional authority he has requested. His suggestion that Civil Service be transferred to this department was rejected several weeks ago. And it certainly would be a last-minute upset if the legislature gives approval to his proposal to transfer to this department the preaudit duties of the State Auditor.

Pre auditing is the most important function of the state auditor, a constitutional officer responsible directly to the people. He must audit and approve as proper all bills against the state before they can be paid. The Public Examiner, appointed by the governor, provides a post-audit service, checking the records after the money has been spent. The govenor's proposal that his agency be given the pre-audit responsibility and that the post-audit job be given to the state auditor, has not met with enthusiastic support.

Reorganization for the purpose of efficicency and economy can be justified only to the extent that by increased efficiency there will be payroll economies. Cutting payroll personnel however is not a popular pastime among politicians and Governor Freeman has not indicated that he is different in this respect. Reorganization that merely shifts services from one department to another, or that gives a new title to an old job, accomplishes nothing except to give to the governor more immediate appointive power. Such reorganization does not save tax dollars.

ADVERTISEMENT FOR PROPOSALS

The City Council of the City of Thief River Falls, Minnesota, will receive sealed proposals for the furnishing and installing of a Diesel Engine, Generation Unit and Auxiliary Equipment, Project 5422, until 8:00 p. m., May 3rd, 1955, at the office of the City Clerk, Thief River Falls, Minnesota, at which time all bids will be publicly opened and read aloud.

Forms of the Contract Documents, including Plans and Specifications pursuant to which the work shall be done, are on file at the office of the City Clerk, P. G. Pederson, Thief River Falls, Minnesota, and at the office of Douglas H. Stewart, Consulting Engineer, Municipal Building, Thief River Falls, Minnesota. Copies of said documents may be obtained by depositing $10.00 with the Engineer. The amount of the deposit will be returned to those submitting a bonafide bid and who return the documents in good condition within 5 days after the date set for opening the bids.

The work to be done shall consist of the furnishing and installing, on a foundation to be furnished by the Owner, of a Diesel Engine-Generation Unit complete with Auxiliary Equipment. The Specifications provide for limitations of a minimum of 1000 brake horsepower, not more than 131 pounds per square inch brake mean effective pressure, and a maximum piston speed of 1200 feet per minute.

Each bid must be accompanied by a certified check or cashier's check acceptable to the City in an amount equal to at least five percent (5%) of the total amount of the bid, payable without condition to the City Clerk of the City of Thief River Falls, Minnesota, in case the successful bidder fails to enter into a contract or to provide a performance bond as required by law within the specified number of days after the award of the contract, such check shall be forfeited to the City as liquidated damages.

The City Council reserves the right to hold all bids for a period of 30 calendar days after the date set for opening bids, and to waive any irregularities, and to reject any or all bids as they deem to be in the best interest of the City.

CHANCE MEETING

It helps Minnesota's safety record when our folks travel 1,300 miles to have their accidents. On a central Florida highway recently a St. Louis Park automobile stopped rather suddenly. A Windom car right behind stopped just short of a collision. But the third car, also from Windom, didn't do so well, and there was a bang-up Minnesota reunion right there.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

Pursuant to due call and notice thereof, the Council of the City of Thief River Falls, met at three o'clock P. M. in the Council Chambers in the Auditorium Building.

The meeting was called by the President for the purpose of examining and considering for approval, plans and specifications, prepared by D. H. Stewart, registered professional engineer, for installation of an additional generating unit at the City's Power Plant.

Aldermen Berg, Hunt, Honebrink, Carlson and Gjernes were present and the following were absent: None.

Plans and specifications were presented by the consulting engineer and were examined.

Alderman Hunt then introduced a resolution approving such plans and specifications, directing that the Clerk shall prepare and cause to be published an advertisement for bids under such plans and specifications and that bids shall be opened and considered at eight o'clock P. M. on May 3, 1955 in the Council Chambers in the Municipal Auditorium of said City and moved adoption of such resolution. Alderman Honebrink seconded such motion. The roll was called and all members voted in favor thereof. The resolution was then by the President declared passed and adopted.

The meeting was then declared adjourned.

COUNTY BOARD PROCEEDINGS

OFFICIAL PROCEEDINGS, BOARD OF COUNTY COMMISSIONERS, PENNINGTON COUNTY, MINN.
April 5, 1955

Pursuant to adjournment the Board of County Commissioners met in the temporary Commissioners room in the V. F. W. Hall at 10:00 A. M., April 5, 1955.

Members present, Hanson, Olson, Anderson, Lindberg and Tase. All present.

Minutes of meetings of March 8 and 16 were read and approved as read.

Delegation from Silverton Township appeared regarding construction of 2 miles of road as an extension of C.A.R. 47 between Sections 28 and 21 and Sections 29 and 20-Silverton. Moved by Hanson seconded by Tase that Silverton Township call for bids, project to be designated as project TP 55-61 and the County participate in cost of construction on a 50-50 basis.

Carried.

A delegation from the Pennington County Social Action Committee and the W. C. T. U. appeared relative to alleged liquor and beer sales to minors in the County. No action.

A letter was read which had been received from the School Board of School District No. [illegible] petitioning the County Board to defer instigation of any further dissolution proceedings and to maintain the present status quo of the schools until [illegible] can be completed. The County Board agreed to cooperate and not accept new petitions until some future time.

[illegible]

Moved by Tase seconded by Anderson that meeting adjourn to convene at 10:00 A. M., May 3, 1955.

M. A. LINDBERG, Chairman
Pennington County Board

Attest:
C. W. Rodekuhr, County Auditor & Ex-Officio Clerk of the Board.

Commissioner Tase introduced the following resolution and moved its adoption:

WHEREAS, Minnesota Statutes provide for the annual restriction to 4 tons per axle on County roads during the spring breakup between March 20 and May 15 of each year in order to prevent damage during the time the frost is leaving the ground, and

WHEREAS, In some cases and under unfavorable weather conditions certain Pennington County roads are not able to carry even the restricted load limit of 4 tons per axle without unduly damaging the roads,

NOW, THEREFORE BE IT RESOLVED, that the County Engineer be and he is hereby authorized and instructed to pay close attention to the condition of each Pennington County road and if further load restrictions are in his judgment needed on any County road, to restrict such road to not less than 2½ ton axles per vehicle, and

BE IT FURTHER RESOLVED, That the County Engineer is authorized to use the Statutory provisions to enforce such additional load restrictions as may from time to time be necessary. The foregoing resolution was duly seconded by Commissioner Anderson and Carried.

Resignation of County Health Officer, Dr. M. B. [illegible] read and reluctantly accepted. Board to appoint successor at earliest opportunity.

Moved by Hanson seconded by Tase that the sum of $[illegible] be appropriated to the American Legion Post 117 and the sum of $25.00 be appropriated to the School Board of School Dist. 8 of Goodridge, Dan Payne Treasurer, to defray part of the costs of proper Memorial Day observance as authorized by statute and the County Auditor is hereby authorized and directed to issue his Warrants in payment of these appropriations.

Carried.

HOW MANY TREE FARMS, HOW BIG?

Of 6,094 tree farms in 36 states, Texas leads in both number and acreage—3½ million acres in 632 farms; Mississippi is second in number, 520, 10th in average at 1,208,388; Alabama is third in number, 6th in acreage, Arkansas 4th and 4th, Minnesota fifth in number of tree farms, 370, but near the bottom in acreage with only 421,871. Arizona with three tree farms has the least acreage, 875, though Nevada and Wyoming each have only large farm. Twelve states, including Iowa, are not listed as having any tree farms at all. Average number per state among the 36 tree farm states is 170, average acreage is 940,000, making the average tree farm 5,573 acres.
